CIV.OPS/67/63

Le 13 février 1963

Monsieur le Ministre,

J'ai l'honneur de me référer à votre lettre No CAB/221.00.49.GNU du 22 janvier 1963 ayant trait à l'établissement d'une école d'officiers de police à Léopoldville et de vous informer que M. Belo, l'Officier Commandant de la Police nigérienne, a visité sur notre demande les bâtiments de l'école d'officiers de police à Mateto, Léopoldville. M. Belo signale que le bâtiment offre d'amples locaux pour entreprendre l'entraînement du nombre d'officiers de police que vous envisagez. Toutefois, le bâtiment a besoin de réparations et les meubles et agencements nécessaires doivent être fournis.

Je vous serais donc reconnaissant de bien vouloir inviter le Ministère des Travaux publics à mettre un de leurs agents en contact avec mon bureau afin que puisse être établi, en consultation avec lui, le programme du travail à effectuer dans le bâtiment, et que les dispositions nécessaires soient prises pour commencer ces travaux.

Veuillez agréer, Monsieur le Ministre, l'assurance de ma haute considération.

S. Habib Ahmed  
Chef des Opérations civiles

Son Excellence  
Monsieur C. Kamitatu

Ref. No. CG/3/3/65.

11th February, 1963.

To Mr. S.Habib Ahmed, Chief of Civilian Operations.  
From Mr. O.Belo, D.C., O/C. The Nigeria Police Contingent.  
Subject: Visit to the Police Training School Leo.

I have to report that I paid a visit to the Congolese Police Training School at Matete, Leopoldville, on 9/2/63. During the visit, I was accompanied by two of my officers and two Congolese Police officers from Premier Bourg-Mestre's office.

2. I was conducted round by the Commandant of the school and the school has been out of use for a considerable long time but it was reopened during this month. There are 88 students in the school and these are divided into two squads of (a) 44 sub-officers and (b) 44 non-commissioned officers. The students are drawn from serving members of Leopoldville Police.

3. There are plenty rooms in this school where the training of officers could be undertaken. As a matter of facts, it is an ideal place in all respects, for the proposed National Training School for officers. What is needed there is, to build house for the commandant and a block of flats for nine instructors (both lecturing and drilling instructors).

4. If this building is adopted, then, no action should be taken on my letter No. CG/3/3/63 of 6/2/63 on the same subject.

5. Thought should now be given to the question of redecorating the whole buildings in the school, to reconnect/wire the electrical means in the premises. Provision of adequate furniture for the dormitory, dining hall, recreation room, etc., should be considered now.

6. I reckon that provision of two buses ( to take students to places of outside lectures, i.e. courts, forensic science laboratory, etc.) and two staff cars will be necessary. I will recommend that the Congolese Government should send an officer of the Public Works Department to visit this school, if possible with myself or one of my officers to indicate what are required to be done in the school

before the officers' course commences.

Le 11 février 1963

Monsieur le Directeur,

J'ai l'honneur de me référer à la demande récemment formulée par le Ministre de l'Intérieur du Gouvernement congolais du recrutement par les Nations Unies de 60 officiers de police, dont 3 pour chaque province et 12 pour les enquêtes criminelles. Cette demande est à l'étude à notre siège de New York mais entretemps, il serait souhaitable que le Gouvernement indique les pays dont il est désireux que les 60 officiers de police soient recrutés, ceci au cas où la décision était prise de le faire en tant que partie du Programme d'assistance technique des Nations Unies au Congo.

Veuillez agréer, Monsieur le Directeur, l'assurance de ma considération distinguée.

Le 31 janvier 1963

Monsieur le Directeur,

.....

Je vous remets ci-joint copie de lettre No CAB/221.00.49.ONU en provenance du Ministère de l'Intérieur ayant trait au projet des Nations Unies pour l'entraînement de police.

Pour ce qui est des experts requis pour l'organisation et l'opération d'une Ecole d'Officiers de Police, je puis vous informer que nous donnons la suite voulue à cette question. Nous espérons pouvoir le faire dans la limite des postes actuellement prévus par le Programme d'Assistance technique pour 1963 dans le domaine de l'entraînement de police.

La question du recrutement de soixante-douze experts de police doit tout d'abord être étudiée par le siège de New York et j'ai donc soumis l'affaire à M. Amachree. Au cas où vous désireriez faire, à ce sujet, quelques commentaires qui avanceraient l'étude de la demande, je vous prie de me les faire savoir.

Veuillez agréer, Monsieur le Directeur, l'expression de mes sentiments distingués.

S. Habib Ahmed  
Chef des Opérations civiles

Monsieur le Directeur du Bureau  
de Coordination économique  
Cabinet du Premier Ministre  
LEOPOLDVILLE II

CUNCO-606

31 January 1963

To : Mr. G. Amachree, Under-Secretary in charge of Civilian  
Affairs in the Congo

From : S. Habib Ahmed, Chief of Civilian Operations

Subject : Police Training Project

1. With reference to my memo N° 774 dated 31 December concerning the above project, I enclose a copy of letter N°. CAB/221.UD.49.ONU dated 22 January, received from the Minister of the Interior of the Government of Congo. You will note that the Government has now given its agreement to the reorganization of our police training project so as to provide for the utilization of the existing technical assistance posts in the organization and operations of an Officers Police Training School. I have consulted with Mr. Belo, Officer Commanding of the Nigerian Police on the subject and he has offered to assist in the preparation of the terms of reference of the experts required to be recruited for the purpose.

2. As you are aware, we have a provision for nine posts under the project in our Programme for 1963. Three of them are filled at present and the services of all of the three experts are being utilized in South Katanga on the integration of immigration and security functions. It is not yet certain when the services of these experts can be withdrawn from Katanga. However, for the time being, it seems that we shall not need more than six posts for the establishment and operation of the Police Officers Training Schools.

3. As regards the question of recruitment, on behalf of the Congolese Government, of sixty police officers, it is one which in my view should be considered as a separate project. It goes without saying that this is a vital area of assistance in the Congo, the success of which will have a direct impact upon the resources which may have to be placed at the disposal of the Central Government by the United Nations for the maintenance of day to day law and order in the country. I suggest that this assistance be treated in the same category as that of Magistrates and the same terms and conditions should apply insofar as contractual arrangements are concerned.

4. The twelve Belgium experts requested for crime investigation in Leopoldville are, I understand, actually needed for the National Security Service. This is, in fact, a repetition of the request which was made by the Minister of the Interior during the period of the state of emergency in Leopoldville. The Belgian Government have not yet acted upon it and it is doubtful that they would do so until the technical assistance convention between the Governments of Belgium and Congo is concluded. There is however no doubt as to the need for police officers trained in criminology and I suggest that a minimum number of officers in this field be included within our programme of assistance, even though they may be recruited from Belgium. To start with, I suggest that provision be made in the Programme for the recruitment of five experts instead of twelve as requested by the Government.

5. With respect to the financing of the expenditures involved on the provision of the services of police officers, it is clear that the cost would be too large to be financed from the Congo Fund. Some savings would of course be available in our Programme for reasons of delays in recruitment and cancellations of projects but it is difficult to say at the moment as to what extent the cost of this Programme could be financed from such savings. In any case, since it is assumed that all the posts will not be filled until about the middle of the year and that contracts would be given for a period of one year, half of the cost of this Programme would fall in 1964. Should you consider that financing cannot be arranged under the Congo Fund, the possibilities of using the ONUC funds for this purpose might then be explored in view of the fact that the assistance would fall directly within the responsibility placed upon the United Nations for assisting the Central Government in the maintenance of law and order. I have consulted Mr. Gardiner on the subject and he has advised that this proposal should be put up to Headquarters for consideration.

6. I should be grateful if you would kindly cable me your views and comments upon the above proposals. Job descriptions for the posts covering the police training college as well as for police officers are being prepared and will be forwarded to you shortly.

cc: Mr. D. Belo, DC, Nigerian Police  
 Mr. S. Duvallegue, Senior Adviser, Police Training  
 Mr. W. Fulcheri, Office of Personnel

80-01  
30 January 1963

To : Mr. D. Belo, OC of the Nigerian Police  
From : S. Habib Ahmed, Chief of Civilian Operations  
Subject : Police Training project

1. I have already personally handed over to you a copy of Mr. Kamitatu's letter N° CAB/221.00.49.0NU dated 22 January concerning the police training project.

2. I should be most grateful if you would kindly assist me in the preparation of the terms of reference for each of the posts required for the Training College indicating therein the details of the duties to be performed by each expert and the qualifications required. It may be useful to also provide an outline of the organization of the Training College to facilitate the recruitment of the proper kind of experts.

3. I should also be grateful if you would kindly help me in the preparation of the terms of reference of the three police officers required for each of the twenty provinces. An outline of their duties is contained under para 3 of Mr. Kamitatu's letter. However, for purposes of recruitment, we need a somewhat more detailed description of the duties of the posts.

4. With regard to the twelve Belgian experts for criminology investigations, I propose to recommend that up to five experts might be recruited. However, here again, we need a detailed description of the experts and I very much hope that you would kindly also provide me with the job descriptions for these posts.

5. A proforma of the job description has already been given to you.

The I.G.P.,  
S.S.P. 'B' Dept.,  
Force Headquarters,  
Lagos.

Supply of Equipment - Congolese Police.

Presently very few of the Congolese Police wear their identification numerals. The disadvantages of this are obvious.

As a start a division has been persuaded to adopt the practice, but there is no source of supply in the Congo for these numerals. I should be grateful if consideration could be given to supplying the following from the Nigeria Police Stores free of charge as technical assistance to the Congolese Police.

<u>Figures.</u>				<u>Quantity.</u>
1	-	-	-	28
2	-	-	-	14
3	-	-	-	10
4	-	-	-	14
5	-	-	-	10
6	-	-	-	8
7	-	-	-	4
8	-	-	-	8
9	-	-	-	4
0	-	-	-	8

In addition the Congolese Police are considering adopting the Nigeria Police type of baton. This is highly desirable as at the moment a rubber truncheon is used, and in many instances in the wrong fashion.

20 short batons are required, and I should be grateful if due consideration be given to this request.

à LEOPOLDVILLE

Monsieur le Chef des Opérations,

J'ai l'honneur de vous accuser réception de votre lettre N°  
CIV.DPS/18/63 du 12 janvier 1963.

Je me plais, au nom du Gouvernement, à vous exprimer ma satisfaction et à vous remercier pour les deux propositions que vous avez bien voulu introduire auprès de nous pour l'organisation de notre police.

1) Pour ce qui est des 6 experts encore à recruter, je marque accord à vos propositions.

2) Je marque également accord à la création d'une école nationale d'officiers de police. La durée des cours à cette école ne devrait pas être inférieure à une année en ce qui concerne la première promotion, à deux et peut-être 3 années pour ce qui concerne les promotions à venir.

Il est également utile de faire remarquer que si pour la première année, nous ferons appel à des officiers de police déjà en place, je me propose, dès le début de l'année prochaine, d'organiser des cours complets destinés à des jeunes gens ayant terminé au moins le cycle moyen.

La première promotion pourra facilement compter 65 étudiants, soit 3 étudiants par nouvelle province et 5 pour la Ville de Léopoldville.

Je vous signale également qu'il sera possible de trouver des locaux pour l'école, soit à Matete, soit ailleurs. Mes services s'occuperont de cette partie pratique.

3) En attendant l'organisation de ces cours, j'estime à 60, le nombre d'experts nécessaires pour la Police des Provinces, soit 3 par Province.

Ces experts devront, de préférence, se classer comme suit:

- 1 expert en administration générale de la police (comptabilité, personnel, matériel, secrétariat, etc.
- 1 expert en recherches, enquêtes criminelles, brigades spéciales, police de route, etc...
- 1 expert en entraînement, tir, etc...

Je profite également de cette occasion pour vous demander de bien vouloir marquer accord au recrutement de 12 experts belges à la police criminelle dont la nécessité se fait urgente pour encadrer notre police de Léopoldville.

Enfin, je me tiens à votre disposition pour discuter les détails de ce programme que je souhaiterais voir réalisé dès les premiers mois de cette année encore.

Avec mes remerciements, veuillez agréer, Monsieur le Chef des Opérations, l'assurance de ma considération distinguée.

A MONSIEUR LE CHEF DES OPERATIONS  
CIVILES DE L'ONU AU CONGO  
LEOPOLDVILLEObjet : Offre du Gouvernement nigérien;  
formation de police congolaise.

Monsieur le Chef des Opérations civiles,

Nous tenons à vous remercier de votre lettre en date du 3 janvier 1963, no. Civ.Ops.03/63, concernant l'aide que le Gouvernement nigérien se proposerait d'offrir au Gouvernement congolais en matière de formation du personnel policier.

Nous avons le plaisir de vous informer que votre lettre a été transmise au Ministre de l'Intérieur et que nous ne manquerons pas de vous tenir au courant des résultats éventuels.

Nous vous prions d'agréer, Monsieur le Chef des Opérations civiles, l'assurance de notre considération distinguée.

Le 12 Janvier 1963

N° CAB 221.0/47

Monsieur le Ministre,

J'ai l'honneur de me référer à ma lettre de Civ. 004/0374/62 du 23 octobre 1962 vous transmettant en annexe le programme d'assistance technique des Nations Unies au Congo pour 1963. Ce programme prévoit les services de 2 experts fournis au cours de cette année. Il s'en trouve actuellement 3 au Congo qui ont été affectés comme suit:

1. Gadi - services de la Santé à Leopoldville (provisoirement affecté à Elisabethville sur requête du Gouvernement congolais);
2. Agah - services de l'Éducation à Kinshasa;
3. N'kai - services de la Santé à Lubumbashi (à se prochainement affecté au Siva à la demande du Gouvernement.)

Pour faire sur l'expérience acquise en assistance technique dans le domaine de l'administration de police au Congo et sur les conseils d'experts, nous soumettons à votre considération les propositions suivantes touchant la mise à exécution du programme au cours de cette année:

a) Conformément à des dispositions antérieures, des cours à courte échéance ont été donnés par les experts de police des Nations Unies au personnel de police de Leopoldville, Lubumbashi, Kinshasa et Albertville. Ces cours d'entraînement, bien que précieux en eux-mêmes, ne pouvaient être d'une valeur durable avant qu'un corps d'officiers adéquats n'ait été formé conformément aux études réalisées d'administration de police, sous le contrôle et la direction de quel le personnel de police local pourrait poursuivre sa tâche effectivement. Il est en conséquence proposé, suivant les dispositions du programme d'assistance technique des Nations Unies au Congo pour 1963, les cours

Vos Excellences  
Monsieur le Ministre de l'Intérieur  
LEOPOLDVILLE

la formation d'officiers de police est organisée par des experts recrutés par les Nations Unies et un personnel de police choisi dans les diverses provinces suivant un cours de formation qui comprendrait des études d'entraînement modernes. Le Commandant du Contingent de Police nigérienne au Corps qui détient une expérience considérable dans l'entraînement d'officiers de Police au Nigeria, collaborera avec les experts des Nations Unies à l'organisation de l'école et à la préparation et la direction du programme. Des cours de droit et d'administration à l'intention d'officiers de police pourront être donnés par les experts des Nations Unies et de la Ford Foundation enseignant à l'Ecole Nationale de Droit et d'Administration.

b) En attendant l'accomplissement du premier cours de formation des officiers, les Nations Unies seraient disposées à examiner le Gouvernement nigérien dans le recrutement d'un certain nombre d'officiers de police expérimentés qui seraient affectés, en qualité d'agents de gouvernement avec attributions opérationnelles, aux organisations de police provinciales. Les officiers expérimentés recrutés par l'école de formation serviront les remplaçant sur place que possible.

Je vous prie de bien vouloir étudier ces propositions et de m'adresser vos observations afin que les dispositions du programme 1961 dans le domaine de l'administration de police puissent être mises à exécution. En fait, nous devons à presser car les postes prévus et qui sont actuellement encore vacants, les postes sont envahis de la façon suivante:

1) Un directeur de l'école de formation

2) Deux instructeurs.

En ce qui concerne les trois autres postes, nous espérons que les fonds qui leur étaient destinés soient utilisés comme aide financière permettant au Gouvernement nigérien de prêter les services d'officiers de police en qualité d'agents de gouvernement aux diverses provinces qui en ont besoin. La réception de votre accord avec ces propositions, nous permettra les dispositions à prendre en détail avec le Ministre de la Fonction Publique.

Veuillez agréer, Monsieur le Ministre, l'assurance de ma haute considération.

CIV.OPS/03/63

Le 3 janvier 1962

Monsieur le Directeur,

Je tiens à vous informer qu'au cours de la visite de l'Inspecteur général de la Police nigérienne à Léopoldville en août 1962, des suggestions et recommandations orales avaient été faites au Premier Ministre de la part du Gouvernement nigérien sur la formation de personnel de police congolais. Celles-ci sont précisément les suivantes:

- a) que le Gouvernement congolais envoie un groupe de six à douze jeunes officiers ou sous-officiers intelligents au Nigéria pour formation générale. Ces hommes seraient affectés à divers domaines du travail de police et recevraient un cours d'entraînement et d'observation sous la surveillance d'officiers compétents du Service de Police nigérienne;
- b) qu'un petit groupe d'officiers de police congolais visitent le Nigéria pour une courte période d'observation des formations de police à Lagos et dans la Région Occidentale.

Les Opérations civiles étudieront volontiers l'établissement du programme en question en collaboration avec le Gouvernement du Nigéria et nous vous serions reconnaissants de bien vouloir nous indiquer si ces offres ont reçu l'agrément du Gouvernement congolais. Dans le cas affirmatif, le financement du programme sera étudié à la lumière de l'importance des groupes d'officiers choisis pour prendre part au cours de formation et au tour d'observation et des facilités que le Gouvernement du Nigéria serait disposé à fournir dans ce but.

Veuillez agréer, Monsieur le Directeur, l'expression de ma considération distinguée.

S. Habib Ahmed  
Chef des Opérations civiles

Minutes of a meeting held in the D.C.'s:  
Office at Le Royal between the Nigeria:  
Police and Congolese Police at 1600 hrs:  
on 24/8/62.

Present:- Mr. T. Bare - D.C. Nigeria Police.  
Mr. J.R. Bradney - S.S.P. The Nigeria Police.  
Mr. Baki - Inspector - Leopoldville Province.  
Mr. Shindani -  
J. Webly - Interpreter.

Mr. Baki expressed his gratitude to the D.C. for convening the meeting and stated that the main object was to discuss the proposals made during the I.G.'s recent visit to the Congo concerning future co-operation and liaison between the Congolese and Nigeria Police Forces. It was suggested that Mr. Baki should visit Nigeria in the near future with a view to observing Police work in that country, and the methods used by, and the organisation of, the Nigeria Police. He also requested that facilities be made available, if possible, for Congolese Police Officers from Leopoldville Province to attend courses in Nigeria. His own visit to Nigeria would be arranged, if agreed upon, to take place at the earliest possible date. The D.C. enquired of Mr. Baki's exact position in the Congolese Police. This was stated as roughly equivalent to an H.M.I. in the U.K., but with more executive power, in particular, over the police in Leopoldville Province. He is directly responsible to the Chief Burgomaster in Leopoldville ( possible equivalent President L.T.C.?? ) and has authority over the Commissaire en Chef.

wa / The D.C. suggested that application for the visit to Nigeria should be made through the Provincial and Central Governments' to Nigeria, and he, the D.C. would also make approaches through the I.G. and Nigerian Embassy to the Nigeria Government. This would be done immediately, and at any rate before the end of August, to which Mr. Baki agreed. The question of the number of persons accompanying Mr. Baki to Nigeria would be considered when the visit had been approved in principle.

The D.C. suggested that Mr. Baki will decide for himself after his visit to Nigeria, on the aspects of police work and types of training courses which would be best suited for Congolese Police Officers to study in Nigeria. Mr. Baki agreed.

The D.C. stated that he intended meeting Mr. Gardner, the U.N. representative in the Congo, next week to discuss the role of the Nigeria Police in Leopoldville and like to know if Mr. Baki was in favour of joint patrol between Nigeria Police and Congolese Police. Mr. Baki reiterated his satisfaction of the work of the Nigeria Police in the Congo, and stated that he preferred the Nigeria Police above any other Police Force, to carry on their work as they have

been doing in the past in Leopoldville. On the question of combined Congolese - Nigeria Police patrols - both mobile and foot, Mr. Shindani stated that at a recent meeting between the Chief Burgomaster and the S.S.P. Mr. Bradney, this question of combined patrols had been raised, and that another meeting was to be held next week.

The D.C. wished to know whether or not Mr. Baki was in a position to put any decision into effect himself. Mr. Baki stated that he was responsible to the Chief Burgomaster, but once a decision had been taken in principle he, Mr. Baki, would give the necessary executive instructions. The D.C. suggested that a unit of the Nigeria Police be allocated to one particular Commune in the Native City, and that joint foot and mobile patrols with the Congolese Police should be carried out in that area. The O/C unit would work in close liaison with the Commissaire in Charge of the Commune. Mr. Baki agreed in principle. It was then decided that a meeting should be held next week between the Chief Burgomaster, Mr. Baki, Mr. Shindani, the D.C. and the S.S.P. to discuss these proposals.

( T. OMO BARE ) AG:DC.  
COMMANDING OFFICER,  
THE NIGERIA POLICE CONTINGENT

24th August , 62.

Further to my visit to the Congo, in my report to the Prime Minister, and at an interview that I had with him yesterday, I have recommended that the Nigeria Police should move to Luluabourg, Stanleyville and Bukavu if requested by the UN, on the condition that adequate accommodation and security is provided. We are working on the lines of sending a detachment of two Officers, two Inspectors and approximately 54 Rank and File to each place, those detachments to be taken from the Leopoldville Contingent. I also stressed to the Prime Minister that we should be regarded purely as a civil Police Force, responsible to the civil administration for assisting to train the Congolese Police by example in Police work.

I also informed the Prime Minister that we are starting a fully equipped Police Station in Leopoldville from which the Congolese Police should be able to learn our methods.

I have also recommended that the Congolese be invited to send a party of six to twelve intelligent young Officers or NCOs to Nigeria for general training. These men would be divided into different branches of Police work - General Duties, Traffic, CID, Photography, administration, etc. - and although there would be difficulties over language, I am sure they would benefit from our example.

I have also suggested that a small party of Congolese Officers should visit Nigeria. The Officers should be selected, as far as possible, by Mr. Bare, our Deputy Commissioner, or his successor, and when in Nigeria they should be shown round Police formations in Lagos and the Western Region. They would not be given the same VIP treatment as the last batch of Officers who visited here; they would be accommodated in more modest quarters, but in other ways would be shown all consideration due to their ranks.

I hope the Nigeria Police will continue to be of great assistance to you in the Congo, and if there are any points you would like cleared on a demi-official basis before taking up the matter with the UN I hope you will not hesitate to contact the Deputy Commissioner, or myself if you would prefer it.

( J.E. HODGE )  
Inspector-General of Police.

R.K.A. Gardiner, Esq.,  
The United Nations Special Representative,  
Leopoldville,  
Congo Republic.

EXTRACT FROM I.G'S LETTER TO THE PRIME MINISTER OF  
NIGERIA, FOLIO 46B PARA. 11 OF 22/8/62.

11. I recommend that we invite the Congolese to send us a party of six to twelve intelligent Policemen of Inspector or junior officer status to work with our Police in this country for at least a month. These men would be divided amongst different formations - General Duties, CID, Traffic, Immigration, etc. - and would work with our own Policemen. They would then get a chance to learn by example. There would remain, of course, the language difficulty, but quite a number of the Congolese are acquiring a smattering of English and are keen to learn from us.
12. I would also recommend a visit from another party of Congolese Officers - this time selected as far as possible by our Deputy Commissioner - who would be shown round Police formations in Lagos and the Western Region. This party should not be treated in the same VIP fashion as its predecessor. They should be accommodated in more modest quarters, but in other ways should be shown all consideration due to their rank.

CUNCO 774

~~EC 280/2~~  
31 December 1962

To : Mr. G. Amachree, Under-Secretary in charge of Civilian Affairs in the Congo  
From : S. Habib Ahmed, Chief of Civilian Operations  
Subject : Police training

1. The programme for 1963 provides for nine expert posts in the field of police training under Project N° 80-01. During 1962 we had seven experts in posts excluding short-term personnel appointed on Special Service Agreements. Of these seven, the contracts of four experts have expired and we have decided to hold their replacement for the present. The remaining three would continue, under their existing contracts, until about the middle of 1963. Six expert posts are therefore immediately available under the 1963 Programme to be filled subject to the determination of a satisfactory programme of work. The three experts whose services will continue about the middle of 1963 are as follows:

Mr. Ayach. He has been assigned at Stanleyville to assist the office of the National Bureau of Security in organizing immigration control in the area;

Mr. Gacri. He has been attached to the Office of National Bureau of Security in Leopoldville to assist in the organization of information services. He was sent recently to Elisabethville to make arrangements for the setting up of immigration services of the Central Government at Elisabethville airport but has been evacuated to Leopoldville due to the present emergency;

Mr. Ali M'rad. He has been assigned at Luluabourg to assist in the organization of the regional Bureau of National Security and is proposed to be moved to Bukavu shortly to organize a training course for local police.

2. Early in October I had a detailed discussion with all our police experts then in Leopoldville to review their programme of work and to discuss future plans. All of these experts advised me that although, in their particular spheres of work, they have rendered some useful service to the Government of Congo, they were not satisfied that they had been fulfilling to the desired extent the objectives for which their services had been placed at the disposal of the

Government by the United Nations. All of them considered that the only effective manner in which technical assistance could be rendered in the police field in the Congo was to assign experts to undertake executive and operational functions who would, in this manner have the requisite position and authority to carry out their work adequately.

3. Subsequently I discussed the matter with the Prime Minister who agreed that it would be better for the United Nations to provide the services of police officials to work in the service of the Provincial Governments rather than experts who acted merely in an advisory capacity. I also discussed this with Mr. Kemitatu, Minister of the Interior and with Mr. Nendeka, Chief of the National Bureau of Security and both of them told me that our assistance in the police field would not have the desired impact unless we provided experts who wore police uniform and who carried out their work with the authority and prestige enjoyed by senior police officers.

4. Based upon my consultations with the experts and Government officials, Mr. Bouallegue, our expert in Public Administration, has made a study of the subject and I enclose for your information a copy of his note dated 19 November. You will note that it is our view that our programme in police training should be based on two aspects, one covering a general training programme for supervisory personnel through a National Police Training School and the other through the provision of operational police officers to fill senior posts in the Provincial Police organizations.

5. We have had discussions with the Ministry of the Interior on the subject of the establishment of a National Police Training School and find that the Ministry is in agreement with the proposal in principle though it is not able to give its formal authorization without consulting the Provinces for the reason that Police has been and remains a Provincial rather than a Central subject. As regards the provision of police officers for the Provincial services, the matter has not been pursued since consultations have to be held in this matter, in the first instance, with the Provinces rather than the Central Government though the final needs when determined would, of course, be requested by the latter from the United Nations or other sources.

6. Recently the services of thirteen officials from the Belgian Police were requested by the National Security Bureau in connection with the adoption of intensive measures under the state of emergency declared for the town of Leopoldville to combat organized thefts and banditism. This request originated from the National Security Bureau as the head of this Division had been designated under the Ordinance as the responsible officer for the Leopoldville Police which does not at present come within the sphere of any of the new Provinces created in the ex-Leopoldville Province. With the suspension of the Ordinance creating the 'Etat d'Exception' in Leopoldville the status of the request for thirteen Belgian Police Officers needs to be redefined.

7. As I have recently advised you, the substantive functions of the Nigerian Police Contingent have been placed under the supervision of Civilian Operations. The Officer Commanding of the Nigerian Police has established excellent cooperation with the authorities of the Leopoldville Police and effective collaboration is leading to the establishment of a programme whereby the Nigerian Police are rendering valuable assistance in the practical training of the police personnel. A similar programme of practical training is proposed to be undertaken by the Detachment of Nigerian Police in Luluabourg. There remains however the need for the training of police officers at the supervisory level and this can only be organized in an institution where training could be given on a recognized curriculum extending over a period of two or three years. The Commanding Officer of the Nigerian Police is ready to assist in the task of organizing the National Training School if the proposal is accepted by the Congolese Government.

8. In the light of the examination of our existing project and discussions held here, I suggest that our approach to the project should be modified along the lines set out above and that our position in this respect should be submitted officially to the Government of Congo. In this connection I should like to submit the following suggestions for your considerations:

(a) that we recommend to the Congolese Government the establishment of a National Police Training School with such United Nations expert assistance as may be determined to be necessary taking into account the part-time services of experts in certain subjects from the School of Law and Public Administration;

(b) that we offer to recruit for the Congo, within the limits of our resources, a minimum number of police officials required for the proper conduct and operation of police services in various parts of the country. These experts are to be recruited generally on the same lines as the secondary school teachers recruited by UNESCO.

9. I should be grateful to have your views on the above proposals.

cc: Mr. S. Bouallegue, Principal Consultant, Public Administration

21 December 1962

TO : Mr. S. Habib Ahmed  
Chief of Civilian Operations

FROM : Ben T. Wright  
Chief Administrative Officer

SUBJECT : Jeeps on loan to Congolese Police

You will recall the arrangement we made with the BSU and the local Police here in Leopoldville to make jeeps complete with radio available for the purpose of facilitating patrols during the recent emergency situation. As far as I am aware, no specific time limit was agreed upon at the time when ONUC made the jeeps available. However, as you will have noticed, the situation in and around Leopoldville is not by any means as critical as it was some weeks ago. In addition, it has come to my notice that as a result of the quietness, the jeeps, which are being driven by our own staff, are being used now for activities which should really be kept outside ONUC's sphere of interest.

For these reasons, I would like to ask you to be so kind as to take the matter up again with the competent authorities of the Congolese Government with a view to putting an end to this arrangement and, as a result of this, to take the jeeps complete with drivers back to our own pool.

Will you please let me know at your earliest convenience.

Objet : Projet pour le classement des Archives  
Annexe : Un projet avec une circulaire explicative

J'ai l'honneur de porter à votre connaissance ce qui suit :

Il est apparu que des méthodes diverses et plus ou moins pratiques sont actuellement suivies pour le classement des Archives ce qui risque de retarder les recherches et de compliquer la tâche des fonctionnaires rejoignant un nouveau poste. Un mode de classement unique pourrait désormais être imposé à tous les services de Police en vue de la réorganisation et de la mise à jour de leurs Archives.

Ma mission devant prendre fin incessamment, je vous prie de vouloir bien faire transmettre à Monsieur LE SECRETAIRE GENERAL A L'INTERIEUR DU GOUVERNEMENT CENTRAL, aux fins qu'il voudra bien juger utiles, un projet qui est resté en veilleuse et relatif au classement des Archives.

Il est à noter qu'il manque une table des matières à établir sous forme d'index alphabétique qui servira de répertoire aux Agents chargés du classement considéré :

Exemples :

Armes ..... E.II.I  
Frontières ..... E.V.4  
Tribunaux ..... C.I.I ,etc,etc....

Ce modèle qui mériterait d'être étudié quant à sa mise en application dans les différentes Provinces de La République pourrait servir aussi bien pour les services de la Sûreté Nationale que pour ceux de la Police Territoriale qui seront certainement appelés à collaborer ensemble d'une façon plus effective et certainement plus efficace et plus utile./.

---

J'ai l'honneur de porter à votre connaissance ce qui suit :

Faisant suite à la conférence objet de mon rapport cité en référence, Mr. Le Premier Bourgmestre de la Ville de Sta a tenu, ce jour, 23 Novembre courant, dans la matinée, à l'Hôtel de Ville, une séance de travail à laquelle j'avais été invité à participer avec les responsables de la Police et de L'A.N.C.

Il s'agissait de mettre au point un dispositif pour une opération de ratissage qui doit avoir lieu incessamment dans une des Communes de la Ville, à une date qui sera fixée par Mr. Le Commissaire Général Extraordinaire.

Après un échange de vues, il a été décidé que l'objectif essentiel de cette opération sera limité au recensement des irréguliers (c'est à dire des personnes qui résident irrégulièrement à Sta) et à la recherche des dépôts d'armes et de munitions.

Il a été particulièrement recommandé de faire preuve de souplesse et de circonspection pour que cette opération de police ne soit pas ~~mal~~ interprétée, tant par les Nationaux que par les Etrangers, comme un acte de terreur ou des manœuvres d'intimidation dirigées contre la population.

- 4°/ Le responsable de la Sécurité Provinciale
- 5°/ L'Inspecteur Provincial de Police et son Adjoint

Mr. EKOMBE a tout d'abord insisté sur la nécessité de mesures énergiques à prendre pour la lutte contre la criminalité, l'oisiveté et le vagabondage, le stockage clandestin de marchandises et la hausse illégale, les détournements du mobilier appartenant à l'Etat, la détention illicite d'armes et de munitions et l'exercice illégal de la médecine. A cet effet, il a invité les responsables intéressés à mettre au point un dispositif pour des opérations de ratissage de nature à épurer la ville et ses environs.

Dans le domaine de la Police préventive, il a fait remarquer que des contacts doivent avoir lieu avec les responsables de l'ONUC pour la formation de patrouilles mixtes (Contingent Onusien-Police Congolaise-ANC) et le fonctionnement régulier d'un système de tournées de sécurité.

Sur le plan de la Police répressive, il a demandé le renforcement des barrages implantés sur les principales routes.

L'Inspecteur Provincial de Police ayant fait remarquer que le manque presque total de moyens de locomotion affecte gravement la bonne marche des services de Police, Mr. EKOMBE a alors invité le Chef de la Mécanisation à mettre à la disposition de la Police, toutes les nuits et pour les besoins des tournées de sécurité, tous les véhicules disponibles.

Par ailleurs, faisant allusion aux 900 détenus qui se trouvent dans les prisons de Sta, Mr. EKOMBE a déclaré qu'il avait invité le Procureur d'Etat à activer les procédures d'instruction et de jugement car le retard des informations judiciaires ne faisait que pourrir la situation qui risque de devenir grave de conséquences.

Enfin, Mr. EKOMBE a demandé la reprise rapide des cours de perfectionnement pour les Officiers de Police Judiciaire (Sous-Commissaires de Police) pour lui permettre de renforcer les effectifs de la Police Territoriale et parer à toute éventualité.

Mr. N. Boecovic, Transport  
S. Habib Ahmed, Chief of Civilian Operations  
Jeeps for the Ministry of the Interior

We are trying to find six jeeps from ONUC resources to place at the disposal of the Ministry of the Interior for the use of Congolese Police in Leopoldville. This need should normally be met within the resources of the Government and I should be grateful if you would kindly let me know which Ministry is responsible for making them available to the Ministry of the Interior.

6 November 1962

Mr. E. Packham, Civilian Affairs Officer, Luluabourg  
S. Habib Ahmed, Chief of Civilian Operations  
Assignment of Mr. Ali M'Rad to Luluabourg

... With reference to your cable 1085, I enclose  
for your information a copy of Mr. Bouallegue's  
memo dated 5 November concerning the assignment of  
Mr. Ali M'Rad to Luluabourg.

I have issued a circular to all members of the  
Consultative Group requesting them to inform the  
Civilian Officer in the region whenever transfers  
of Experts are made.

Léopoldville, le 5 novembre 1962

A Monsieur le Chef des Opérations  
Civiles des Nations-Unies au Congo

Objet : Affectation de  
Mr. MRAD  
expert police  
à Luluabourg

Réf. L. du 27/10/62

En réponse à votre lettre citée en référence, j'ai l'honneur de porter à votre connaissance que l'affectation de Monsieur MRAD à Luluabourg a été décidée par Monsieur KHIARY en accord avec Monsieur NEUDAKA chef de la Sûreté Nationale Congolaise (cf. ordre de mission ci-joint).

Cette affectation étant intervenue après discussions avec les responsables Congolais qui envisageaient l'affectation de Monsieur MRAD à Léopoldville, contrairement aux prévisions de l'ONUC.

Mr. KHIARY s'est occupé personnellement de cette affaire.

Je conviens que les représentants des Opérations civiles dans les provinces devraient être préalablement informés de toute affectation d'experts dans les régions qui les concernent et veillerai, à l'avenir, en ce qui me concerne, à ce qu'il en soit ainsi.
