EDUCATION (UNESCO), (20-02, 20-07, 20-10)

Secondary Teachers (20-01)

On the basis of instructions received from Headquarters, Unesco were authorised by cable of 6 May 1963 to proceed to the renewal of the 550 secondary school teachers for the period 1963-64. Similarly, by note of 9 July 1963 (CivOps. 772), Unesco was authorised to proceed with the provision of 250 additional teachers. Commitments have been made by the Government in the form of signing of contracts or the sending of hiring cables.

With regard to the 804 teachers for the school year 1963-64, and the financing of 250 of those teachers who are additional, we have the Prime Minister's letter No. 01841 dated 6 July 1963 which applies to these additional teachers the financial arrangements set out in the exchange of letters of 3 June 1963. This letter specifies the sum of 2809,000 which was calculated to cover the entire school year. No commitment has as yet been made by the Congolese Government regarding the financing by them of the 554 teachers for the period commencing 1 January 1964. We will attempt to procure this commitment.

By cable No. 3382 of 9 May, extensions of contracts of Unesco experts were approved for the school year 1963-64, i.e. through 1964. Unesco has already taken action to extend the contracts of all experts concerned. Accordingly, it is not possible to give effect to the recommendation that Unesco experts be treated under the category of contracts to be extended only through the end of the current year, pending further clarification of financial possibilities for 1964.

6 Professors for Elisabethville University

With respect to the 6 Professors for the University of

Elisabethville, assurances will be sought for their inclusion in the
Congolese budget for 1964.
