

THE DEPUTY SECRETARY-GENERAL

Gen. Pub 'I'

14 May 2007

Dear Justice Ihema,

I write to acknowledge, with thanks, your letter while on transit at the O.R. Tambo International Airport on 06 April 2007. I am encouraged to learn of the spirited effort you and other colleagues in government are taking in supporting implementation of the UN Convention against Corruption. As you rightly point out there is much to be done and I am convinced that you and your office can make significant contribution to that end.

I also believe that while corruption can be prosecuted after the fact, it requires prevention. Ethics, integrity and accountability are the cornerstone of any credible prevention strategy. Therefore, the centrality of your office in this pursuit cannot be over emphasized. Our country and all Tanzanians are indebted to you and your office.

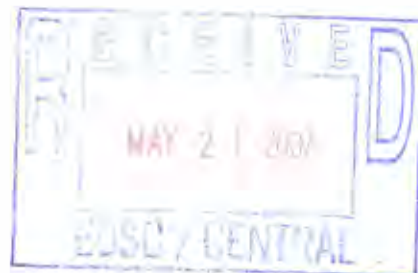

I had occasion to visit the DRC during the second half of April. Regrettably, your letter had not been delivered then. As a result I was unaware of your request to meet Ms. Harriet Solloway whose Rule of Law Unit, as part of MONUC, plays an important role in the rebuilding and strengthening of democratic governance in the DRC. I am thankful that she was able to deliver your letter. The disclaimer – kwamba siyo mshikaji – is well taken!!

It will be remiss of me not to thank you heartedly for the well wishes so warmly extended to me. Such kind words are a great inspiration for what we do in confronting the challenges facing the United Nations and its Member States. I thank you profoundly.

Yours sincerely,

Asha-Rose Migiro

Deputy Secretary General
UN

Dear Asha-Rose
Greetings.

I am at O.R. Tando International Airport on my way to Dar at the end of Global Forum V in Jolburg. Rose Lugebe (KM-Ikulu) is with me and leading the officials delegation. Global Forum V has been a success in making a leap forward towards the global initiative in implementing the UN Convention Against Corruption (2003). There is a lot to be done ahead of us and as you may know and agree Ethics Integrity and Accountability appear to be the sine qua non in the realisation of the global efforts. I am working hard

to strengthen The Ethics Secretariat
so that it can really take an
effective role in the promotion of
good ethical conduct among The Tanzanian
leadership and the Tanzanian public
at large.

Before I leave you to do your
heavy responsibilities allow me
to introduce to you one of your
officers whom I have just met
at the Business Lounge. She is
Harriet Solloway - Director Rule of Law
Unit UNO Mission in the DRC. (Siyo
mshikaji!) She tells me she was at
Global Forum V. I have requested
and she has agreed to deliver this
message. Please accord her audience as
she certainly has an interesting brief
to let you know relevant to her
assignment in the DRC.

ihakutakia afya njema na fuanke

Ukipata nafasi nisalimie kwa barua

God bless and Happy Easter.
