His Excellency Ban Ki-moon  
Secretary-General  
United Nations  
760 United Nations Plaza  
New York, NY 10017

ACTION CWT  
COPY RA (email)

Dear Mr. Secretary-General,

Thank you for your kind reply to my letter of June 19, expressing your full support for the Haiti Conference on Clean Water, Improved Sanitation, and Better Health, which I will host during the World Bank Group's Annual Meetings in Washington on Thursday, October 9.

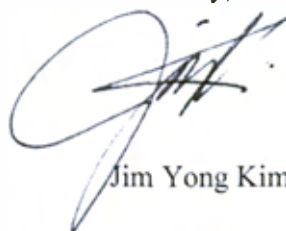

I look forward to your participation in the Conference's high-level session, which will be held from 10:00 a.m. to 11:00 a.m. Haiti's Ministers of Finance, Health, and Public Works, as well as high-level representatives of Haiti's partners will attend. Partners will be asked to present their future engagement plans in health, water, and sanitation. A technical session will follow from 11:00 a.m. to 12:30 p.m. to discuss priority investments, coordination, and implementation. Both sessions will be held at the World Bank Group's headquarters, 1818 H Street NW, in room MC12-131.

My conviction is that our joint efforts to raise awareness and resources for water, sanitation, and health investments to prevent waterborne diseases like cholera in Haiti will bear fruit. Our staff continues to work closely with Mr. Pedro Medrano Rojas, with the UN Resident Coordinator, and with UNICEF, WHO, and PAHO to prepare the event. A detailed agenda will be shared with you next week.

I would appreciate if your office could confirm the names of your delegation so that we can prepare for your participation. This information can be provided to Nellie Sew Kwan Kan by at (202) 473-4756 or by email at [nsewkwankan@worldbank.org](mailto:nsewkwankan@worldbank.org).

I look forward to your participation and to continuing to work with you for clean water, improved sanitation, and better health for the Haitian people.

Sincerely,

Jim Yong Kim
