INTEROFFICE MEMORANDUM

MEMORANDUM INTERIEUR

MCC/BRI/059/EB
27 March 1996

TO: MAJ Kamarade
A: RPA LO, HQ UNAMIR

FROM: Erich A. Ball
DE: Movements Officer

SUBJECT: Customs/RPA Check for UN Owned Equipment flying to Brindisi
OBJET:

1. The Movement Coordination Center (MCC) has been tasked to move a range of equipment to Brindisi. The flights are planned for 29 and 30 Mar 96. As discussed today it is understood that the details must be submitted to the RPA for clearance. Please find attached details of the items to be moved.
2. A security and customs check of the equipment will be conducted at the airport. It is requested that you submit the attachments to your clearance committee so that UNAMIR can have authorisation to move the equipment.
3. Please confirm the approval for movement to Mr Erich Ball of the MCC on extension 11149. The short notice is due to confusion over the clearance processes to be followed and is regretted. Your assistance would be highly appreciated.

Approved

INTEROFFICE MEMORANDUM

MEMORANDUM INTERIEUR

MCC/ANG/1054/EB
27 March 1996

TO: MAJ Kamarade
A: RPA LO, HQ UNAMIR

FROM: Erich A. Ball
DE: Movements Officer

SUBJECT: Customs/RPA Check for UN Owned Equipment flying to UNAVEM
OBJET:

1. The Movement Coordination Center (MCC) has been tasked to move a range of equipment to UNAVEM. The flights are planned for 1 to 5 Apr 96. As discussed today it is understood that the details must be submitted to the RPA for clearance. Please find attached details of the items to be moved.
2. A security and customs check of the equipment will be conducted at the airport. It is requested that you submit the attachments to your clearance committee so that UNAMIR can have authorisation to move the equipment.
3. Please confirm the approval for movement to Mr Erich Ball of the MCC on extension 11149. The short notice is due to confusion over the clearance processes to be followed and is regretted. Your assistance would be highly appreciated.
