

**Note to Mr. Fedotov and Mr. Feltman**

Development of a United Nations strategy to provide input into the  
2016 General Assembly Special Session on the world drug problem

1. I refer to my note of 19 August 2013 requesting the development of a strategy to provide input into the 2016 General Assembly Special Session on the world drug problem, and to our subsequent discussions.
2. As you know, I believe it is important for the United Nations to have a coherent and coordinated approach to this important event, which reflects a system-wide approach. The many United Nations entities involved have an important role to play in supporting all strands of the debate on the world drug problem.
3. Since a year has now passed from my original request, and the inter-governmental discussions in the Third Committee are fast approaching, I would be grateful for an update on the completion of the United Nations system strategy for UNGASS 2016.

## **Note to the Deputy Secretary-General**

### Draft Note to Mr. Fedotov and Mr. Feltman on the Development of a United Nations strategy to provide input into the 2016 General Assembly Special Session on the world drug problem

1. Further to our discussions yesterday, I attach for your consideration a draft Note to Mr. Fedotov and Mr. Feltman on the development of a United Nations strategy to provide input into the 2016 General Assembly Special Session on the world drug problem.
2. I am available to discuss at your convenience.

  
Giovanni Bassu  
Officer-in-Charge, Rule of Law Unit
