KA- 77 FOR CAPRAKIO FROM LINHER, AHMED

Re your 1077.

1. Members of the Force are subject to the exclusive criminal jurisdiction of authorities of their own countries and can, therefore, under no circumstances appear as defendants before any local court.
2. Thorough investigation of the cause and circumstances of the accident shall be immediately made, preferably by UN military police, if available. If not, a board of investigation shall be appointed by the Base Commander and shall carry out the investigation with the assistance of such expert personnel as you may be able to provide. Board of investigation shall record any physical evidence available (brake marks, etc.) and shall take down testimony of witnesses, UN as well as Congolese. Testimony of Congolese witnesses should be taken down in presence of local police officials and if appropriate of the Grand Chef. On basis of such evidence board of investigation will make its findings and recommendations. Copy of board of investigation's records shall be submitted to the Commanding Officer of the soldier involved in accident and, together with copy of any inquiry records made by unit~~s~~ concerned, to the Force Commander and CAO at this Headquarters. Disciplinary action against the soldier involved is the responsibility of his Commanding Officer who may wish, in view of the implications of the case, await the outcome of the investigation and consult with the Force Commander.

3. Compensation to the victim of the accident is the responsibility of the UN and subject to <sup>approval</sup> ~~decision~~ by the CAO. If liability of driver is established by investigation, full or partial compensation, depending on extent of liability, will be paid. In the meanwhile, if you consider such action necessary in the UN interest, you are authorized to make to the guardian of the deceased girl against proper receipt a payment sufficient to cover funeral and related expenses, which, depending on the outcome of the investigation, will be considered as an advance on liability payment or on an ex gratia payment. Please make recommendations for amount of ex gratia which should take into account financial circumstances of bereaved family and local custom, but <sup>should</sup> be less than customary amounts payable in cases where responsibility of driver is established.
