

THE DEPUTY SECRETARY-GENERAL

ODSG

5 November 2007

Dear Mr. Janneh,

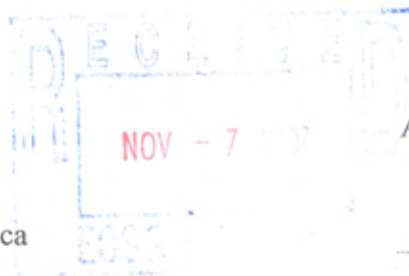

I am writing to update you on the work of the MDG Africa Working Group and to inform you on the arrangements and date of the next meeting of the group. Following its first meeting on 20 September 2007, the Working Group agreed that the seven thematic sub-groups would prepare draft work plans by 29 October 2007. I am pleased to communicate that work has steadily advanced in all three objectives, as follows:

**Objective 1 - Practical steps for coordinated international efforts on the MDGs:** Thematic subgroups have been constituted on health, education, agriculture and food security, infrastructure and trade facilitation, and statistical systems. In all five clusters, work has begun to explore how international mechanisms can be strengthened to support policy design and financial resource mobilization.

**Objective 2 - Concretizing aid commitments and improving aid predictability:** The Development Assistance Committee of the Organisation for Economic Co-operation and Development, as one of the coordinators of this thematic sub-group, is working on a number of strategic initiatives, including a survey of future intentions by donors to scale up and deliver aid, as well as a report on aid predictability and volatility. Additionally, the International Monetary Fund is preparing guidance for its staff on the design of programmes that can help countries address the macroeconomic implications of scaling up public expenditure in support of the MDGs.

**Objective 3 - MDG operationalization at the country level:** The coordinators of this group have identified ten focus countries for the first phase of the work (Benin, the Central African Republic, Ghana, Liberia, Niger, Rwanda, Sierra Leone, Tanzania, Togo and Zambia). Following an initial set of discussions, they are now reaching out to the ten Governments to ensure their formal support for the work.

Mr. Abdoulie Janneh  
Executive Secretary  
Economic Commission for Africa  
Addis Ababa

ARM's autopen approved.

Paolo Galli  
/ /

27-13297

We must build on this momentum and further coordinate our efforts to agree on actionable work plans which provide strategic recommendations on how we can best address the implementation gaps for achieving the MDGs in Africa. To this end, I am pleased to invite you and your colleagues who are the focal points for this initiative to attend the second meeting of the MDG Africa Working Group, which will take place on 30 November 2007 at the United Nations Headquarters in New York. The meeting will provide an excellent opportunity to review the draft work plans of each thematic subgroup, and prepare for the next meeting of the MDG Africa Steering Group scheduled for early 2008. To cover the full breadth of issues, we propose to set aside a day for the meeting as outlined in the draft attached agenda.

I would be grateful to receive the updated draft work plans from all coordinators by 26 November 2007. In the meantime, the Working Group secretariat will be in touch to provide information and advice to prepare for the meeting.

Please also find attached a copy of the list of participants, an updated table with the coordinating organizations, and a spread sheet with the contacts of all the groups. My office will contact you soon with additional documentation and logistical information for the meeting. I very much look forward to seeing you all in person again.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Asha-Rose Migiro', written in a cursive style.

THE DEPUTY SECRETARY-GENERAL

5 November 2007

Dear Mr. Gantsho,

I am writing to update you on the work of the MDG Africa Working Group and to inform you on the arrangements and date of the next meeting of the group. Following its first meeting on 20 September 2007, the Working Group agreed that the seven thematic sub-groups would prepare draft work plans by 29 October 2007. I am pleased to communicate that work has steadily advanced in all three objectives, as follows:

**Objective 1 - Practical steps for coordinated international efforts on the MDGs:** Thematic subgroups have been constituted on health, education, agriculture and food security, infrastructure and trade facilitation, and statistical systems. In all five clusters, work has begun to explore how international mechanisms can be strengthened to support policy design and financial resource mobilization.

**Objective 2 - Concretizing aid commitments and improving aid predictability:** The Development Assistance Committee of the Organisation for Economic Co-operation and Development, as one of the coordinators of this thematic sub-group, is working on a number of strategic initiatives, including a survey of future intentions by donors to scale up and deliver aid, as well as a report on aid predictability and volatility. Additionally, the International Monetary Fund is preparing guidance for its staff on the design of programmes that can help countries address the macroeconomic implications of scaling up public expenditure in support of the MDGs.

**Objective 3 - MDG operationalization at the country level:** The coordinators of this group have identified ten focus countries for the first phase of the work (Benin, the Central African Republic, Ghana, Liberia, Niger, Rwanda, Sierra Leone, Tanzania, Togo and Zambia). Following an initial set of discussions, they are now reaching out to the ten Governments to ensure their formal support for the work.

Mr. Mandla Gantsho

We must build on this momentum and further coordinate our efforts to agree on actionable work plans which provide strategic recommendations on how we can best address the implementation gaps for achieving the MDGs in Africa. To this end, I am pleased to invite you and your colleagues who are the focal points for this initiative to attend the second meeting of the MDG Africa Working Group, which will take place on 30 November 2007 at the United Nations Headquarters in New York. The meeting will provide an excellent opportunity to review the draft work plans of each thematic subgroup, and prepare for the next meeting of the MDG Africa Steering Group scheduled for early 2008. To cover the full breadth of issues, we propose to set aside a day for the meeting as outlined in the draft attached agenda.

I would be grateful to receive the updated draft work plans from all coordinators by 26 November 2007. In the meantime, the Working Group secretariat will be in touch to provide information and advice to prepare for the meeting.

Please also find attached a copy of the list of participants, an updated table with the coordinating organizations, and a spread sheet with the contacts of all the groups. My office will contact you soon with additional documentation and logistical information for the meeting. I very much look forward to seeing you all in person -again.

Sincerely yours,

THE DEPUTY SECRETARY-GENERAL

5 November 2007

Dear Mr. Mkwezalamba,

I am writing to update you on the work of the MDG Africa Working Group and to inform you on the arrangements and date of the next meeting of the group. Following its first meeting on 20 September 2007, the Working Group agreed that the seven thematic sub-groups would prepare draft work plans by 29 October 2007. I am pleased to communicate that work has steadily advanced in all three objectives, as follows:

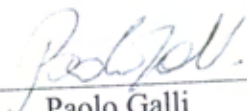

**Objective 1 - Practical steps for coordinated international efforts on the MDGs:** Thematic subgroups have been constituted on health, education, agriculture and food security, infrastructure and trade facilitation, and statistical systems. In all five clusters, work has begun to explore how international mechanisms can be strengthened to support policy design and financial resource mobilization.

**Objective 2 - Concretizing aid commitments and improving aid predictability:** The Development Assistance Committee of the Organisation for Economic Co-operation and Development, as one of the coordinators of this thematic sub-group, is working on a number of strategic initiatives, including a survey of future intentions by donors to scale up and deliver aid, as well as a report on aid predictability and volatility. Additionally, the International Monetary Fund is preparing guidance for its staff on the design of programmes that can help countries address the macroeconomic implications of scaling up public expenditure in support of the MDGs.

**Objective 3 - MDG operationalization at the country level:** The coordinators of this group have identified ten focus countries for the first phase of the work (Benin, the Central African Republic, Ghana, Liberia, Niger, Rwanda, Sierra Leone, Tanzania, Togo and Zambia). Following an initial set of discussions, they are now reaching out to the ten Governments to ensure their formal support for the work.

THE DEPUTY SECRETARY-GENERAL

5 November 2007

Dear Mr. Sha,

I am writing to update you on the work of the MDG Africa Working Group and to inform you on the arrangements and date of the next meeting of the group. Following its first meeting on 20 September 2007, the Working Group agreed that the seven thematic sub-groups would prepare draft work plans by 29 October 2007. I am pleased to communicate that work has steadily advanced in all three objectives, as follows:

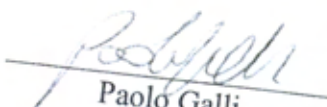

**Objective 1 - Practical steps for coordinated international efforts on the MDGs:** Thematic subgroups have been constituted on health, education, agriculture and food security, infrastructure and trade facilitation, and statistical systems. In all five clusters, work has begun to explore how international mechanisms can be strengthened to support policy design and financial resource mobilization.

**Objective 2 - Concretizing aid commitments and improving aid predictability:** The Development Assistance Committee of the Organisation for Economic Co-operation and Development, as one of the coordinators of this thematic sub-group, is working on a number of strategic initiatives, including a survey of future intentions by donors to scale up and deliver aid, as well as a report on aid predictability and volatility. Additionally, the International Monetary Fund is preparing guidance for its staff on the design of programmes that can help countries address the macroeconomic implications of scaling up public expenditure in support of the MDGs.

**Objective 3 - MDG operationalization at the country level:** The coordinators of this group have identified ten focus countries for the first phase of the work (Benin, the Central African Republic, Ghana, Liberia, Niger, Rwanda, Sierra Leone, Tanzania, Togo and Zambia). Following an initial set of discussions, they are now reaching out to the ten Governments to ensure their formal support for the work.

Mr. Sha Zukang  
Under-Secretary-General for  
Economic and Social Affairs  
United Nations  
New York

ARM's autopen approved.

We must build on this momentum and further coordinate our efforts to agree on actionable work plans which provide strategic recommendations on how we can best address the implementation gaps for achieving the MDGs in Africa. To this end, I am pleased to invite you and your colleagues who are the focal points for this initiative to attend the second meeting of the MDG Africa Working Group, which will take place on 30 November 2007 at the United Nations Headquarters in New York. The meeting will provide an excellent opportunity to review the draft work plans of each thematic subgroup, and prepare for the next meeting of the MDG Africa Steering Group scheduled for early 2008. To cover the full breadth of issues, we propose to set aside a day for the meeting as outlined in the draft attached agenda.

I would be grateful to receive the updated draft work plans from all coordinators by 26 November 2007. In the meantime, the Working Group secretariat will be in touch to provide information and advice to prepare for the meeting.

Please also find attached a copy of the list of participants, an updated table with the coordinating organizations, and a spread sheet with the contacts of all the groups. My office will contact you soon with additional documentation and logistical information for the meeting. I very much look forward to seeing you all in person again.

Sincerely yours,

THE DEPUTY SECRETARY-GENERAL

5 November 2007

Dear Mr. Hounbo,

I am writing to update you on the work of the MDG Africa Working Group and to inform you on the arrangements and date of the next meeting of the group. Following its first meeting on 20 September 2007, the Working Group agreed that the seven thematic sub-groups would prepare draft work plans by 29 October 2007. I am pleased to communicate that work has steadily advanced in all three objectives, as follows:

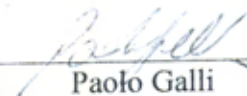

**Objective 1 - Practical steps for coordinated international efforts on the MDGs:** Thematic subgroups have been constituted on health, education, agriculture and food security, infrastructure and trade facilitation, and statistical systems. In all five clusters, work has begun to explore how international mechanisms can be strengthened to support policy design and financial resource mobilization.

**Objective 2 - Concretizing aid commitments and improving aid predictability:** The Development Assistance Committee of the Organisation for Economic Co-operation and Development, as one of the coordinators of this thematic sub-group, is working on a number of strategic initiatives, including a survey of future intentions by donors to scale up and deliver aid, as well as a report on aid predictability and volatility. Additionally, the International Monetary Fund is preparing guidance for its staff on the design of programmes that can help countries address the macroeconomic implications of scaling up public expenditure in support of the MDGs.

**Objective 3 - MDG operationalization at the country level:** The coordinators of this group have identified ten focus countries for the first phase of the work (Benin, the Central African Republic, Ghana, Liberia, Niger, Rwanda, Sierra Leone, Tanzania, Togo and Zambia). Following an initial set of discussions, they are now reaching out to the ten Governments to ensure their formal support for the work.

Mr. Gilbert Hounbo  
Assistant Administrator and Regional  
Director for Africa  
United Nations Development Programme  
New York

ARM's autopen approved.
