Subject : RECCE OF BRIDGE IN RUGERAMIGOZI (GR 702661)

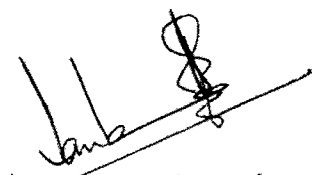

4. However the recce of above bridge was carried out earlier also and recce report was forwarded vide our letter No 1076/UN/ET/75/G dated 01 Jun 95.

.....2/-

5. On request of MILOB Sector 1B, the recce team further proceeded to recce the bridges at GR 796504, GR 807495 and GR 812485.

6. All bridges are wooden bridges resting on stone masonry abutments with gap varying from 4 to 7 m. Presently abutments are in good condition but wooden members have to be changed. Requirement of stores for repair of each bridge is as follows :-

- (a) Timber 12" diameter, 12 m long - 25 Nos
- (b) Planks 12' x 12" x 2" - 30 Nos
- (c) Nail 6" - 10 Kgs
- (d) Nail 4" - 15 Kgs

GENERAL

2. The investigation team comprised the Humanitarian Officer and a MILOB.

MISSION

3. The mission was to investigate and assess the extend of damage and other related issues at the school for the necessary action to be taken.

FINDINGS

4. Buildings. The school is made up of three separate school blocks. Two blocks remained intact with the remaining block of eight (8) classrooms, had three (3) of the classrooms roof ripped off. From estimation it will require about 10 packets of corrugated iron roofing sheets for re-roofing and about fifty (50) bags of cement for floor screening, wall plastering and blackboards.

5. Apart from the three destroyed classrooms the remaining classrooms are not cement screened and will require an additional 50 bags of cement.

6. Pupils. The school presently accommodate 600 pupils from the previous pre-war figure of 1,000 pupils. Out of the present school population, about 300 pupils have not paid their yearly school fees of Frw 300.00. The majority of the 300 pupils who have not paid their school fees are those maintained by foster parents and the rest by widowed mothers.

7. Materials. It was found that the school lacked both text and exercise books and other materials like chalks, pens and stationery.

8 Teachers. The school is fully staffed but it is believed that
most of the teachers are un-trained, secondly, their salary

payments have not been regular. The team was told that their last payment was in June, this, cannot be true because at its last visit on 12th July, we were told that those employed in April had not been paid. The teachers, however, enjoyed for once, WFP 'Food for Work' programme in the first week of June 95.

RECOMMENDATIONS

✓ 9. It is recommended that necessary assistance be sought for the re-roofing of the destroyed three classrooms, screening the floor and the provision of windows and doors. UNAMIR Engr Coy could be consulted to visit the school site to provide detailed requirement for the rehabilitation. The rehabilitation of the entire school's buildings infrastructure as reported above is also recommended.

10. That assistance be sought from UNICEF and any NGO assigned to school development to assist the school with materials and to support the orphaned and disadvantaged pupils with the payment of their school fees.

11. That UNICEF assistance should also be sought to provide some support to the teachers, possibly, through the central government to meet the teachers salary payments.

CONCLUSION

✓ 12. The humanitarian team investigated KIRWA Primary School and assessed the requirements needed to rehabilitate three classrooms destroyed during the civil war. It also assessed other requirements of the school. It recommended the need to rehabilitate the three classrooms and support both pupils and teachers.

IOC
INFO : MILOB SEC 1B HUM OFFR
FROM : HAC UNAMIR HQ Date: 20 July 1995
SUBJECT : ASSISTANCE REQUEST

Reference : Meeting Milob Humanitarian Team Gitarama.

1. In reference, Milob reported that upon visiting the water treatment station sector Gyhuma near Gitarama, the employees had complained about the operation of the station.

2. They stated that Electrogas was not supplying them with sufficient Chlorine and sulfate for their needs. Also because of low supply of electricity in the sector, they are only able to operate two hours a day which hampers the water distribution in the area. They told the Milobs they could operate 24 hrs a day if they had the resources to operate the station generator.

3. In order to give better service to the population in the sector they requested for the following:

- a. 600 liters of Diesel fuel.
- b. 2 x 12 Volts Batteries 155AH-660A Fiamm - Heavy Duty.
- c. 60 liters Engine Oil 15W40.

4. If for some reasons you are unable to fulfil this request please inform this office so we can find other arrangements.

5. Regards.

REHABILITATION OF WATER RETICULATION SYSTEM IN GIKOMERO COMMUNE

1. THE MILOBS OF THE SECTOR IN CONJUNCTION WITH SECTOR HUM OFFR CONDUCTED A PATROL IN GIKOMERO COMMUNE WITH A VIEW OF CHECKING ON WATER RETICULATION SYSTEM IN THE AREA. IT WAS DISCOVERED THAT THOUGH WATER FLOWS REGULARLY, THERE IS NEED FOR MINOR REPAIRS TO MADE ESPECIALLY TO THE RESERVOIR TANKS.

2. THE FOLLOWING ARE THE REQUIREMENTS:

- a. FIVE TAPS FOR THE CONTROL OF FLOW OF WATER FOR ALL THE SIX RESERVOIRS.
- b. FIVE LOCKS FOR LIDS WHICH COVER THE RESERVOIRS.
- c. THREE VALVES.

3. IN VIEW OF THE FOREGOING, REQUEST THAT AN EXPERT IS SENT TO THE AREA TO MAKE EXPERTISE ASSESSMENT AND POSSIBLY A SUITABLE NGO IS APPROACHED TO CARRY OUT THE NECESSARY REPAIRS.

4. BEST REGARDS.

Ref:- This HQ letter No 125/A/AID/01 dated 26 Jan 95.

Gen

1. The process of providing humanitarian aid to the needy people living in Sector 6 has begun well. Patrols have been able to identify the areas where help is required. The interaction with the other agencies involved is taking place. The RPA, NGOs and the local population are favorably disposed towards our program. The methods of providing aid to the people in a systematic and phased manner have been discussed in my previous letter on the subject. The requirement at present is to focus our attention towards wide area coverage before we home on to specific areas. This is required so that there is wide awareness of our program amongst the general population. This will also pave the way for the formation of the village/commune committee as the people would be more forthcoming and positive towards our program. Thus Phase 1 of our program will be to carry out humanitarian aid on a wide area.

③
Copies sent to
CHAO &
FMO
Gen
43

Aim

2. To lay down the modus operandi for execution of Phase 1 of our program to provide humanitarian aid to the people living in Sector 6.

General Outline

3. Phase 1 of the program to provide humanitarian aid to the people living in Sector 6 would be executed as follows:-

- (a) Meet the people in their home environment.
- (b) Know the requirements of the people.
- (c) Establish contact with the representatives of the people.
- (d) Propagate the idea of the program amongst the local govt reps, RPA, and the NGOs.

- (e) Identify the areas where the people require immediate help.
- (f) Identify resources and harness them so as to provide succor to the people from their immediate needs.
- (g) Carry out frequent re-assessment of resources available vis-a-vis prioritization of the peoples needs so as to obtain the best resource utilization.

Modus Operandi

4. Wide Area Coverage will be carried out by means of patrols from the rifle coys and personal liaison by the Bn Committee. The process of meeting the people, identification of their needs, liaison with the local authorities and identification of the resources has been going on since the last two months. A great deal of progress has been made in these fields and we are in a position to commence our project on provision of humanitarian aid to the people living in Sector 6 .

5. The following test projects were undertaken and completed successfully :-

(a) Orphanages. The following orphanages were provided with help to tide over their immediate needs:-

(i) Sisters of Charity Orphanage. This is located in Kigali City near Saint Famille Church. The following assistance has been provided :-

(aa) One cooked meal to all the children of the orphanage.

(ab) Rations for 250 children handed over.

(ac) Entertainment program for all the children organized at Chez Lando hotel.

(ii) Masaka Orphanage. This orphanage is being run by the organization "Companion International". The following assistance has been provided to the orphanage :-

(aa) Repair of water pipeline.

(ab) Laying of additional water pipeline to meet the requirements for water by the orphanage.

(iii) Unaccompanied Children Center. This is located in Kigali City (REMERA Commune). The following assistance has been provided to this center :-

- (aa) Restoration of water supply.
- (ab) Provided facility for storage of 5000 litres of water within the complex. A syntex water tank as well as a new pipeline was laid.
- (ac) Electrical wiring was laid within the complex and the electricity supply was restored to the center.

(b) Medical Clinic at Tare. This medical clinic is being run by an NGO "African Humanitarian Action" at Tare in the Kigali Prefecture. The following assistance was provided to the organization :-

- (i) Complete electrification of the medical clinic as well as the staff quarters of the org was carried out.
- (ii) Water supply line was laid and the plumbing work was carried out.

(c) Distribution of Education Material. Since the schools have started functioning, our patrols have been reporting that there is acute shortage of educational material with the schools. The project to distribute education material to these schools was undertaken with the help of UNICEF /AMURT . The following communes were provided with education material:-

- (i) BUTAMWA Commune. (Kigali Prefecture/Sect 6)
- (ii) MBOGO Commune. (Kigali Prefecture/Sect 5)
- (iii) MUGAMBAZI Commune. (Kigali Prefecture/Sect 1)

(d) INDBATT Medical Clinics. Two medical clinics are being run by our bn , one each at SOALTEE and ALEXANDRA locations. Both these clinics are performing yeoman service to the local population in Sect 6. Large number of patients are provided with free medical advice

and free medicines. Every day 400 to 500 patients are treated by the INDBATT clinics. The medical clinics have treated the following number of patients since the time the clinics were established:-

(aa) ALEXANDRA : 4653. (since 09 Jan 95)

(ab) SOALTEE : 13,740. (since 01 Dec 94)

(e) Provision of Free Medical Aid by Patrols. All patrols have been taking along a Nursing Assistant with enough medicines to cater for common ailments. This aspect of the patrols providing medical attention to the people in the remote areas of Sect 6 has proved to be a great success and the local people in remote areas are very much in favor of continuing it.

6. On appraisal of our performance in these test projects as well as the positive reaction of the local population towards our program it is clear that we are working on the correct lines. It should be the endeavor of all pers connected with the program to now move further. To speed up the program the following actions will be essential:-

(a) Adoption of Communes for Indepth Study. Tps will be earmarked for specific communes. They will be required to carry out indepth study of these communes to include the aspects as given out in paragraph 3 of this letter.

(b) Assistance to Orphanages. Assistance to the orphanages will continue as before. Efforts to enlarge the scope of help is to/explored. Any other orphanage which requires our help will be provided help if within our resources.

(c) Provision of Education Material to Schools. This on going program of provision of education material to the schools in our area of responsibility will continue. Necessary liaison with the concerned UN / NGO organization will continue to be maintained. In addition to their other tasks patrols will be planned to gain information on all schools within our AOR so as to assess the requirement of education material of each school.

(d) Provision of Medical Assistance. This will continue as before. Both clinics ,at SOALTEE and ALEXANDRA, will continue to provide free medical aid to the people of KIGALI City and it's surrounding areas as before. All patrols will continue to take a nursing assistant with them with adequate medicines for ailments of common nature, for provision of free medical aid to the people living in the remote areas of our sector.

(e) Meet the NGOs Fortnight. The Bn Committee will meet the NGOs located in KIGALI. Though meeting the NGOs is going to be an on-going process since they are going to be an essential part of our project, however, a greater impetus is required to be initiated so that these agencies are also made aware of our program. We must be able to identify areas of mutual interest so that all our efforts compliment each other instead of working at cross purposes. It will also help us in optimizing our efforts.

7. Detailment of Communes. The communes falling within our AOR are sub-allotted to various teams for indepth study as follows:-

- (a) Maj M S Hooda and Team
 - (i) Kigali City.
 - (ii) Gikomero Commune.
- (b) Maj MM Singh and Team. Butamwa Commune.
- (c) Maj TPS Rana and Team. Kanombe Commune.
- (d) Maj GS Bora and Team. Rubungo Commune.

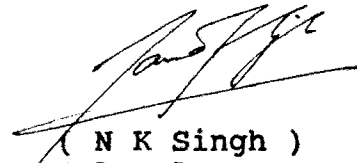

Conclusion

8. The program for provision of humanitarian aid / civic action to the people of Sector 6 is progressing well. Efforts of all concerned should now be directed towards the areas that I have listed out in this letter. I am confident that Phase 1 of our program will be successfully executed and that we will be able to provide succor to the people of Rwanda in our own small way.

9. Progress of Phase 1 will be reviewed from time to time and mid course corrections given where required.

10. Please acknowledge.

SUBJECT:REQUEST FOR BULLDOZER FOR HUMANITARIAN AID

1. With the closing of one of the two reception centres, in Gisenyi, the reception centre at the College Inhyraminga near Gisenyi town, is housing about 9000 old caseloads(59-60 cases) as of now. In view of the Ministry of Rehabilitation not being able to find sufficient land for resettlement currently, it is likely that this considerable mass has to stay in the reception centre for some time to come.

2. One of the many problems facing the camp, is the problem of sanitation. In absence of adequate facilities for dumping garbage, the garbage is accumulating at the site at an alarming rate, and has all the makings of an epidemic in the near future should the present condition not be rectified. The town authorities have been approached on this matter, but they have expressed their inability to allow this garbage to be dumped in the town dumping site, as even the same is nearly full. In view of the above, it is proposed to construct some garbage pits in the vicinity of the College.

3. In light of the above it is requested that a bulldozer from the force engineers be made available for a short duration to carry out this task. Your cooperation in this regard will be highly appreciated by all agencies working here.

4. Best regards.

07 MAY 95

1. NDUSU COMMUNE 6213, HAS OVER THE PAST MONTH SEEN A GRADUAL CONCENTRATION OF IDPS DRIFTING IN FROM GENERAL AREA GITARAMA. THE FIGURES HAVE SWELLED marginally AFTER THE KIBAHU INCIDENT. AS OF NOW THE FIGURE STANDS AT APPROXIMATELY 1000. IN THE PREVIOUS MONTH THERE HAD BEEN SOME ARRESTS AMONG THESE PEOPLE ON CHARGES OF GENOCIDE. THE SITUATION WAS BEING MONITORED BY THE HUMAN RIGHTS AND MILOBS. IT HAD BECOME ALLRIGHT. NOW WITH INCREASE IN THIS STRENGTH, THE AUTHORITIES HAVE SHOWN A GROWING CONCERN FOR THE LOT. THE PREFECT OF RUHENGIRI PREFECTURE ALONG WITH THE MILITARY ARE ADDRESSING THE IDPS TODAY. A MILOB TEAM HAS BEEN SENT TO MONITOR THE SAME.

2. OUT OF THE 9000 OLD CASE LOADS PRESENTLY HOUSED IN THE COLLEGE RECEPTION CENTRE, 607 WERE RESETTLED IN GOVERNMENT LANDS AT MUTURA 3223 AND KANAMA 2712. LACK OF IOM TRANSPORT, WHICH HAS YET TO RETURN FROM KIBEHO/BUTARE AND THE SHORTAGE OF GOVERNMENT LAND FOR RESETTLEMENT HAS SLOWED DOWN THE RESETTLEMENT PROCESS TO A CONSIDERABLE EXTENT. THIS IS NOT DESIRABLE, CONSIDERING THE VOLATILE NATURE OF THESE PEOPLE. IN RUHENGIRI PREFECTURE, THE AREAS AROUND KINIGI 5540 TO INCLUDE GIFUMBA 5243, NYARUGINA 4938 AND KABWENDE 5342 HAVE BEEN EARMARKED FOR RESETTLEMENT.

3. MEMISA AND MERLIN ARE CARRYING OUT ACTIVE INOCULATION PROGRAMME IN BOTH PREFECTURES.

4. MILOBS AND TUNBATT ASSISTED THE LOCAL GENDARMERIE TO EVACUATE A SERIOUSLY INJURED SOLDIER TO KIGALI HOSPITAL.

5. THE DIGGING OF GARBAGE PITS FOR THE COLLEGE RECEPTION CENTRE WITH FORCE ENGINEER BULLDOZER HAS COMMENCED.

SUBJECT : LOGISTIC ASSISTANCE TO PARQUET AND PRISON - GISENYI

1. THE JUDICIAL SYSTEM IN GISENYI HAS JUST STARTED FUNCTIONING WITH THE RECENTLY APPOINTED PROCUREUR , A DEPUTY, AND 6 NEW IPJs. THEY HAVE A MAMMOTH TASK AHEAD OF THEM IN THAT, THEY HAVE TO INTERVIEW AND COMPILE DOSSIERS FOR ALL PRISONERS LACKING THE SAME(MOST OF THEM DO NOT HAVE DOSSIERS).
2. AT PRESENT THE INTERVIEWS ARE BEING HELD IN THE PRISON COMPLEX BUT SHORTAGE OF SPACE AND PRIVACY IS HAMPERING THIS WORK BADLY. AN ANSWER TO THIS PROBLEM WOULD BE TO GET THESE PRISONERS IN BATCHES TO THE PARQUET ON A DAILY BASIS AND INTERVIEW THEM THERE. BUT THIS WOULD REQUIRE REQUISITIONING OF TRANSPORT AND ESCORTS, WHICH MIGHT NOT MATERIALISE.
3. IN VIEW OF THE ABOVE THE PROCUREUR HAS ASKED FOR UNAMIR HELP IN FORM OF TENTS. IF TENTS COULD BE ERECTED (TWO OR THREE) IN THE MAIN COURTYARD OF THE PRISON THEN ALL PARQUET STAFF COULD WORK HERE WITHOUT NEEDING TO SHIFT THE PRISONERS.
4. NEEDLESS TO SAY ANY UNAMIR HELP TO A JUDICIARY WHICH IS STRUGGLING TO FIND ITS FOOT, WOULD BE GREATLY APPRECIATED BY THE LOCAL AUTHORITIES HERE AND IMPROVE OUR VISIBILITY. IN VIEW OF THE ABOVE YOU ARE REQUESTED TO LIAISE WITH APPROPRIATE SOURCES TO HELP US HONOUR THIS REQUEST. THESE TENTS WOULD BE REQUIRED FOR A PERIOD OF TWO MONTHS ONLY.
5. BEST REGARDS.

HUMANITARIAN REPORT IN RESPECT OF SECT 5 FOR WEEK ENDING
22 APRIL 1995

1. MILOBS assisted the prefecture Gisenyi, by transporting 10 typewriters issued to their office, from Kigali to Gisenyi.
2. MILOBS arranged to provide transport from TUNBATT for transferring 20 prisoners from Ruhondo commune to Ruhengeri prison.
3. In an effort to provide basic amenities like furniture and office equipment to the communes, a pilot project is being launched. The same is being discussed with the Prefect of Gisenyi. Once the same is agreed to, a cost analysis for the same will be carried out and forwarded to the SRSG's office. The project has already been discussed by the PIO with higher hq. The Food For The Hungry International is also trying to raise funding agencies for this project.
4. In view of the closing down of the Nursing School reception centre, only one reception centre, ie the College complex is open for the 1959-60 refugees, who are awaiting resettlement. The present strength of occupants in this camp is over 7000. Past experience shows that these people are liable to cause trouble, over a period of time. At this crucial juncture the withdrawal of IOM trucks for operations in Kibeho IDP camp has hampered the transporting of these people to the communes.
5. MERLIN has carried out vaccination of over 500 people in Gisenyi Prefecture.
6. TUNBATT has carried out the treatment of over 800 patients during the period of report.

EVACUATION OF GISENYI RECEPTION CENTRES (OLD CASELOAD)

for
500
MLOBS
8.4.95

1. Background

On 30 March, UNHCR Gisenyi F/O was approached by the local representative of the Ministry of Rehabilitation with a request to assist in evacuating the population (3,000 people) housed at the "Nursing School" reception centre as the Ministry of Education desired to reopen that school by mid-April.

Subsequently, in conjunction with the local authorities concerned as well as the relevant implementing partners, UNHCR Gisenyi F/O produced the following plan of action for the evacuation exercise:

- Transfer of 200 persons to Karago commune
- Transfer of 500 persons to Mutura commune
- Transfer of 1,000 persons to Nyamyumba commune
- Transfer of 500 persons to Kibungo
- Transfer of 800 people to the "College Inyemeramihigo" reception centre

2. Operations implemented

Operations to evacuate the population housed at the "Nursing School" reception centre commenced on Monday, 03 April 1995, and were completed by Wednesday, 05 April 1995 in the early afternoon.

The following transfers were made during that time frame (Note: the transfer scheduled for Kibungo had to be aborted due to the suspension of IOM's operations beyond the Northwest region):

- 109 persons to Karago;
- 403 persons to Mutura;
- 136 persons to Nyamyumba;
- 1,253 persons to the "College Inyemeramihigo" reception centre;
- = 1,901 persons in total.

All families transferred to the communes have been provided, by UNHCR, with the necessary NFIs (plastic sheeting, hoes, blankets, plastic mats, kitchen sets) for resettlement in Government-identified lands, and, by WFP, with food for one month. The families transferred to the "College Inyemeramihigo" have been incorporated into the food/non-food assistance scheme already existing at that reception centre. In view of the lack of sufficient hard shelter for the people moved to the "College", the UNHCR implementing partner COOPI has constructed additional shelter (plastic sheeting) within the compound.

Observation. During the evacuation exercise at the "Nursing School", the degree of cheating by the local population has finally come to light: Of the 3,000 persons said to be sheltered at that centre for lack of alternative means, some 1,099 promptly left the "Nursing School" when 'menaced' to be moved out in the course of the operation and instead returned to homes in Gisenyi town! This explains why only 1,901 'genuine' inhabitants of the "Nursing School" needed to be transferred as indicated above.

Acknowledgements. UNHCR Gisenyi F/O was able to conclude the "Nursing School" evacuation exercise within the time frame required only thanks to the excellent cooperation and dedication of all partners involved -- IOM, UNAMIR, WFP and COOPI. The exercise highlighted, once again, the spirit of teamwork existing amongst UN/NGO partners in the Northwest region.

3. Operations scheduled

On 05 April, the local representative of the Ministry of Rehabilitation approached UNHCR Gisenyi F/O with a request to undertake a similar evacuation exercise at the "College Inyemeramihigo" reception centre as soon as possible. Details will follow.

UNHCR GISENYI

SUBJECT: SHORTAGE OF FOOD IN SECT 5

DATE: 12 MAR 95

1. Refer Humanitarian conference held earlier this month, at your HQ.
2. It had been projected by the undersigned that the food distribution programme in this sector was suffering, because there is apparently, no more food with the WFP, as of now. In response to this, the Chief Humanitarian Officer had informed us that about 52 containers of Sustenance Rations were available, to be supplied to this Sector.
3. It is once again clarified that food shortage in this sector has become so acute, that the present distribution is being done at a drastically reduced scale. Only one commune has been covered so far, while food has been placed in two other places for distribution. If the situation continues, then this programme has to be shelved. The implications of this, in face of the continuous stream of refugees coming in from Goma, need hardly be spelt out. There is an urgent need for items like corn, beans and oil.
4. In view of the above, the following may please be clarified:
 - A. Possibility of releasing sustenance rations to Sector 5 for distribution to the needy in the communes under supervision of UNHCR Gisenyi.
 - B. In case released, the time frame in which these rations could be released.
 - C. The nature of these rations; i.e. the contents of sustenance rations.
5. An early action is requested keeping in mind the urgency of the situation. Storage place has already been identified, as desired, should the stock be released.

INFO: MILOB GP HQ KIGALI // OPS //

FROM: MILOB SECTOR 5 GISENYI

DATE: 24 JAN 95

SUBJECT: REQUIREMENT FOR UNAMIR TRANSPORT ASSISTANCE TO
FOOD DISTRIBUTION PROGRAM IN SECTOR 5

1. IT HAS BEEN DETERMINED BY UNHCR THAT THERE IS AN URGENT NEED FOR FOOD DISTRIBUTION TO RETURNEES IN SELECTED REGIONS OF THIS SECTOR. THIS PROBLEM RESULTS FROM THE ICRC DECISION TO CEASE FOOD DISTRIBUTION OPERATIONS IN THE SECTOR AS OF 31 DEC 94. WFP IS ONLY NOW INITIATING A REPLACEMENT PROGRAM OF SUPPORT. OF ESPECIAL CONCERN IS THE SITUATION OF 11,600 RECENT RETURNEES LIVING IN THE MUTURA REGION. AT A MEETING OF UNHCR, WFP AND UNAMIR SECTOR 5 HUMANITARIAN TEAM, HELD ON 24 JAN 95 AT GISENYI, THE OPTION OF UNAMIR SUPPORT TO THIS PROGRAM WAS DISCUSSED.
2. ESSENTIALLY THE REQUIREMENT IS TO MOVE APPROX 150 TONS OF FOOD SUPPLIES FROM KIGALI DIRECT TO A DROP-POINT WAREHOUSE AT MUTURA. THIS AMOUNT REPRESENTS A ONE MONTH SUPPLY FOR ISSUE TO 12,000 PERSONS. IT IS HOPED THAT SUFFICIENT TRANSPORT VEHICLES COULD BE ASSIGNED TO THIS MISSION TO ALLOW FOR A RAPID COMPLETION OF THE TASK I.E. OVER ONE OR TWO DAYS. A FIGURE OF 10 X 5 TON TRUCKS WAS DISCUSSED. NOTE THAT LOAD AND UNLOAD PARTIES WOULD BE PROVIDED BY WFP/UNHCR AT BOTH ENDS OF THE SUPPLY ROUTE.
3. IF TRUCKS WERE AVAILABLE FROM UNAMIR THE FOOD DISTRIBUTION COULD BE INITIATED AS EARLY AS FIRST WEEK OF MARCH 95. EXACT DATE FOR STARTING WILL BE DRIVEN BY THE PREPARATION OF A DROP-POINT STORAGE FACILITY (EXISTING WAREHOUSE OR RUBENHALL).
4. THIS WOULD BE A "ONCE ONLY" MISSION. WFP IS CONFIDENT THAT THEY WOULD BE READY TO TAKE OVER THE TASK IN TIME FOR MAR 95 ISSUES.
5. UNAMIR SUPPORT TO THE FOOD DISTRIBUTION PROGRAM IN SECTOR 5 IS CONSIDERED TO BE ESSENTIAL IF FEB 95 REQUIREMENTS ARE TO BE MET IN TIME.
6. NOTE THAT THIS SUPPORT WOULD ENHANCE THE IMAGE OF UNAMIR UNITS OPERATING IN THIS AREA AND THE IMAGE OF THE FORCE AS A WHOLE. PROPERLY COORDINATED IT COULD PROVIDE AN EXCELLENT PR OPPORTUNITY COMPARABLE TO OP RETOUR.
7. PLEASE ADVISE ASAP.

INFO: MILOB GP HQ
DATE: 9 MAR 95
SUBJECT: INTERNATIONAL WOMEN'S DAY

The above was celebrated in a grand manner in Gisenyi Stadium on 8 March. The gathering was about three to four thousand strong and perhaps the biggest that Gisenyi has seen after the war. It was attended by all the communes and institutions like schools and orphanages. Women from all walks of life, war widows, women living in remote interiors, orphans and school children took part in a grand march past.

A number of speeches were made on behalf of the communes and the womenfolk in general. The following messages came through.

The people were reminded of the torture, pain, abuse and killing that the women went through during the war. The wounds were fresh, and the horror was yet to fade, but the women were asked to draw their strength from these very incidents and strive for improvement of their lot.

The women thanked the Army for rescuing the country from the clutches of evil forces.

The message of Reconciliation was strong and clear. The women were ready to forgive and bury the past in spite of what had happened, but they wanted that the actual killers be brought to bear punishment for their heinous crimes.

Alessandra Morelli, the UNHCR head of Gisenyi spoke on behalf of the UN and the NGOs. She reaffirmed our commitment to work for the upliftment of the people, especially the women.

The occasion was celebrated with a number of songs and dance programmes. The feeling of openness, joy and freedom was very much tangible in all that happened.

There is a plan, under the arrangements of the UNHCR to send across a group of women to Goma, to meet their counterparts in the camps, in a neutral area, in order to convey a message to them and learn of their plight.

INTER OFFICE MEMORANDUM

From: HAC Ops
To: UNREO Ops

Date: 24 Nov 94

Subject: REQUEST FOR AID NYAMYUMBA COMMUNE GISENYI PREFECT

1. The attached report explains problems in area. Matrix indicates that no agencies are present in this commune.
2. Suggest UNREO F investigate and perhaps arrange assistance from MSF RUBAVU.
3. PSF Kigali could arrange for provision of goods once Prefects demands confirmed.
4. Please note that DFC UNAMIR has visited site personally.
5. Regards.

MacNeil

NYAMYUMBA
DRE GISENJI

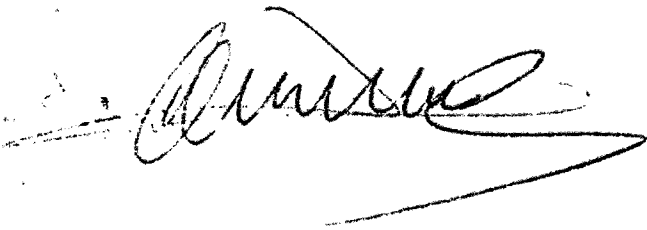

Nyam-jumba, le 19/11/1994

Les habitants de la Commune NYAMYUMBA
rencontrent pas mal de problèmes ces derniers
temps. Ils ont surtout besoin de :

- 1) Nourriture.
- 2) Ustensiles pour la cuisine + couvertures.
- 3) Instruments du champ (Houes + Machettes).
- 4) Médicaments.
- 5) Vêtements.

Cela fait exactement plus d'un mois que la
CROIX-ROUGE n'est plus revenue faire la distribution
dans notre commune.

RWERERE COMMUNE - UNAMIR SUPPORT

1. Thank you very much for your letter concerning the situation in the Rwerere Commune of 14 November. The Force Commander has asked me to respond on his behalf. There are several things that we and the NGOs in your area can do to help these needy people.
2. Firstly, I have passed a copy of both letters to the Humanitarian Aid Cell (HAC) organization here in Kigali. Your local NGOs should be approached to provide assistance in the first instance to see what assistance they can provide.
3. Secondly, it would be most useful if a detailed reconnaissance was conducted to determine what specialized medical assistance is required. We would be grateful of the advice from your Medical Officers to assess this. With their recommendations, The Force Medical Officer can make a decision whether to send a Field Clinic to the area for a period.
4. We look forward to your reply, you have our full support in your efforts to improve the living conditions within the Rwerere Commune.

P.T. Campbell

TUNBATT NOVEMBER the 14th 94

FM : TUNBATT CO

TO : UNAMIR FC

Subject : Needs for Rwerere's people

Ref: SITREP Covering the period 13th of November 94 08.00 TO 16.00

On the November the 11th we have received a letter from the Bourgmestre of Rwerere Commune asking for his assistant, a meeting with TUNBATT Commander on November the 13th in order to discuss the problems of his Commune. In fact on November the 13th, at about 10.30. Mr MUVYAKARAGWE MAHESI PAUL The Rwerere Bourgmestre assistant came to TUNBATT HQ and after laying out his problems he left the attached list showing the needs of the 80.000 people of his Commune. He insisted, in order to obtain to his population what they need, because they are short, of everything. A Copy of the attached list will be sent to, PIO, Care and UNHCR representation in GISENGI.

A quarter later a team of RPA came to the TUNBATT HQ looking for the assistant and they asked about the purpose of his visit. When they saw the request they left the Camps.

Préfecture de Gisenyi
