Subject: Cross Border Movement

I have discussed the above noted subject with the competent officials of the Ministries of Defence and Foreign Affairs.

While the officials concerned reiterated Government's commitment to respect the agreement governing UNOMUR operations, including the section referring to free movements within the Uganda boundaries, they were of the opinion that the cross border movement was not part of the agreement and should not therefore be treated as part of that agreement. It should be dealt outside the framework of the UNOMUR agreement. The procedures established for the clearance of the movements of UN personnel in or out of the country would be more appropriate.

As far as the Government of Uganda is concerned, the Uganda/Rwanda border is officially open. Hence the Government of

Uganda would see no difficulties in issuing clearance when and if requests are received through the normal channel in order to facilitate cross border movements.

In view of the foregoing, I urge UNOMUR to ensure that the people who are expected to make frequent trips between Kigali and Kabale are issued with multiple VISA. Similarly, the normal procedures be followed to clear movements of equipment and supplies between Uganda and Rwanda. In this connection you are welcome to use the facilities of my office to secure the required clearance.

In conclusion I wish to emphasize that it is important to treat the operations in Uganda and Rwanda as separate entities. As you will appreciate this issue remains to be highly sensitive and it is imperative that UNOMUR's operations reflect that clearly.

With best regards.
