040 I.R.O.

81 JUL 1947

Mr. Henry M. Burnett,
Deputy Controller,
European Regional Office,
U.N.R.R.A.,
11 Portland Place,
London W1, England.

Dear Burnett:

In reference to Savingsgram London to Washington A3397, Cable London to Paris No. 1239, dated July 16 which states: "We understand there are considerable number of employees in U. S. Zone whose appointment to I.R.O is not yet firm. If appointment is not effected UNEURA will not be responsible for salaries subsequent to 30 June." I hope that this ruling does not apply to our accountants in the U. S. Zone who have been specifically requested to stay on to complete UNEURA work and who have volunteered to stay until 30 September and if necessary until I.R.O. gets replacements. These people, it was agreed, should remain on UNEURA payroll and be entitled to redundancy payments so as to complete their UNEURA work.

Please advise.

Sincerely yours,

H. E. Howell,
Controller.

Reur 18315.

1. Re UNRRA employees transferred PCIRO 30 June and entitled annual within-grade increments effective 1 July. Agree UNRRA/PCIRO agreement requires granting these increases by PCIRO, but increments cannot be made effective 30 June and included as part of UNRRA termination actions. This contrary UNRRA regulations and would increase UNRRA terminal payments to affected employees. This not contemplated by UNRRA and has not been done for other employees terminated for reduction in force but not transferred to PCIRO. Increment clauses on UNRRA termination papers effective 30 June are being voided by Headquarters acting as home accounting office, and all home accounting offices are directed to do likewise. Please advise Paris and Cairo.

2. Assume PCIRO will grant automatic 1 July increments in making appointments. Although PCIRO is required to grant increment by UNRRA/PCIRO agreement, actual authorization must be from PCIRO, not UNRRA. Pending receipt actual appointment, notifications from PCIRO showing salaries including

increments, request you urge PCIRO to cable blanket authority for UNRRA home accounting offices to convert voided UNRRA 30 June increments to effective PCIRO 1 July increments. Reply soonest.

3. (Sydney only) If you have received UNRRA termination actions with 30 June increments, please void increments on UNRRA records, and convert them to PCIRO 1 July increments when specifically authorized by PCIRO salary lists, appointment actions, or blanket authority.

Reference to handling Home Accounting Office functions for ex-UNRRA personnel transferred to PCIRO as of 1 July 1947. UNRRA has agreed to service for three months. This means you will continue to pay home allotments but out of separate bank account and on a separate payroll. Separate accounts will also be maintained.

Present UNRRA paybook and payroll procedure, including acquittance roll procedure, is being adopted by PCIRO, any modifications and exceptions being notified you.

Mission Personnel Officer in conjunction with Head of Accounting Unit responsible for preparation and forwarding to Home Accounting Offices, complete lists of all personnel appointed to PCIRO. Minimum particulars to be reported on such lists will be full name of employee, UNRRA paybook number, terminal UNRRA grade and salary, PCIRO budget line number. Such lists will be authenticated by signature of Senior Personnel Officer and Chief of Accounts Unit.

You as Home Accounting Office will prepare payroll records on basis of certified lists received treating such lists as equivalent of UG-1, P-2, or equivalent personnel action form.

Appointment letter will not be sent to Home Accounting Office. One copy of appointment letter will remain in Mission Basic PCIRO Personnel File. The second copy will be forwarded to DPHQ Paris as one part of Basic PCIRO Personnel File for that Headquarters.

Documentation covering appointment to successor organization will include new signed authorization from employees confirming existing home allottee and salary distribution.

Where there is any discrepancy between the existing UNRRA rate of salary as shown by Home Accounting Office records and the figures shown in the certified lists, the UNRRA record will be used, but you will notify Paris immediately requesting clearance of these discrepancies.

Employee's signed statement of home allottee, salary distribution, etc. is confirmation and not anticipated to include changes in salary distribution except in necessitous cases. If this confirmation is not received in reasonable time, you will make deductions and issue July allotment checks in amounts and to home allottees based on existing employee's signed statement contained in UNRRA files, subject to adjustments if necessary when PCIRO employee's signed statement received.

Most important you will follow method of accounting and payroll procedure which includes set up of records parallel to UNRRA records but carefully segregated, so that at expiration of UNRRA service period records can be turned over to IRO en bloc. No entries are to be made in UNRRA books for these transactions.

UNRRA

Reur 7188. Suggested Transfer of balances.

Regret Administration unable at this time to authorize transfer to PCIRO of unexpended balances of allotments for D.P. operations in far East. Under council resolution such transfers must be approved by the Central Committee. Administration is unwilling to prepare recommendations regarding the disposition of unspent balances until all the accounts are brought up to date and a firm picture of total unspent balances are available. The transfer of residual assets by bits and pieces can only lead to confusion and would probably not secure the approval of the Central Committee. Since our action will be delayed it will be necessary for PCIRO to arrange some other means of financing the post-30 June cost of these operations.

24th July, 1947.
27th

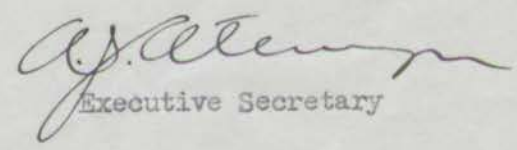

Dear Mr. Rooks,

I appreciate very much your letter of 20th June confirming the agreement with regard to the loan of \$2,000,000 by UNRRA to the Preparatory Commission for the International Refugee Organisation. We are prepared to accept your proposal with the exception that it may be impossible for me to repay the loan prior to the time that the United States Government's contribution becomes fully available. In as much as the United States Government now contemplates making available only one twelfth of its contribution each month pending the establishment of the International Refugee Organisation, it seems unlikely that we will be able to repay the loan obtained from UNRRA before the end of September at the earliest, by which time I anticipate the International Refugee Organisation may be in existence.

With this exception I am happy to subscribe to the conditions contained in your letter of 20th June, 1947.

You may be sure that I shall always be personally very grateful for the assistance given by UNRRA in the organisation and initial operations of the Preparatory Commission for the International Refugee Organisation.

Sincerely yours,

Executive Secretary

Mr. Lowell W. Rooks,
Director General,

24th July 1947

Booth, Potter, Seal & Co.
Public Ledger Building
Independence Square
Philadelphia 6, Pennsylvania

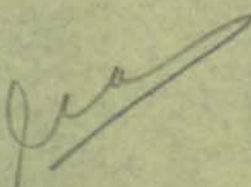

Attention: Mr. Samuel Potter

Dear Mr. Potter:

In reply to your letter of 23 July 1947, we wish to advise that the figures which we gave you in our letter of 14 April 1947 showing the estimated number of employees for the policy year took into account the transfer of employees from UNRRA to IRO at the end of June. We had assumed that the Underwriters had taken this decrease in exposure into account in making their quotation for a renewal of our fidelity and forgery policies and we were, therefore, somewhat surprised to hear from our Insurance Officer in our London Office that the leading Underwriter was inclined to make some adjustment in premium in view of the transfer of employees to IRO. Nevertheless, we believe you should inquire of Underwriters whether or not any reduction in premium can be made in view of the transfer of these employees on the chance that they did not take this decrease in risk fully into account in arriving at their renewal quotation.

Very truly yours,

Richard W. Turner, Chief
Insurance and Claims Branch
Office of the General Counsel

Robson, Morrow & Co.,
59 New Cavendish Street,
London W.1. England.

Dear Robson:

In discussion with Miss Biehle and Mr. Brown today it was decided that the PCIRO "B" account and the Hamilton Bank would be used solely for, (a) home allotment disbursements for PCIRO personnel, and (b) for transfers to PCIRO "A" account on joint signatures. No disbursements of any other kind will be made from the "B" account. Upon the turnover of the payroll work the disbursements will be accounted for against the payroll cards turned over and the names of UNRRA personnel authorized to sign on this account will be withdrawn.

Sincerely yours,

H.E. Howell,
Controller

17th July 1947

Mr. S. A. G. Williams
Claims and Insurance Branch
European Regional Office
UNRRA
11 Portland Place
London W-1, England

Subject: Fidelity and Forgery Insurance

Dear Mr. Williams:

Thank you for your letter of 9 July 1947 advising that you have arranged fidelity and forgery coverage for IRO. We are glad that you have been able to assist them in this way since a few weeks ago they were urgently requesting help from this office, and we felt that their problems could best be solved in London and, in fact, suggested that they consult you.

We note what you say about the possibility of obtaining a reduction in our fidelity and forgery premium and we are taking the matter up with the brokers through whom this insurance was arranged. However, the premium for the current policy year was arrived at after the Underwriters had received from this office a list of the probable number of employees to come under the insurance and this list took into account the transfer of employees from UNRRA to IRO as of 30 June 1947.

Faithfully yours,

Richard W. Turner, Chief
Insurance and Claims Branch
Office of the General Counsel

TURNER: HL

X-240 (Fidelity & Forgery)
H 13269

0440-2 R.O.

17th July 1947

Booth, Potter, Seal & Co.
Public Ledger Building
Philadelphia 6, Pennsylvania

Attention: Mr. Samuel Potter

Dear Mr. Potter:

We have received the following letter from the Insurance Officer in our London Office:

"A fortnight ago I was asked to arrange Fidelity and Forgery cover for IRO in terms similar to those under which these risks are covered in UNRRA.

"I saw the Underwriter who 'leads' on the UNRRA insurances and made the necessary arrangements with him for cover for IRO.

"I explained that a considerable number of UNRRA employees were transferring to IRO on the 1st July, and he appreciated that his risk under the UNRRA Policies was therefore substantially reduced.

"Possibly you have already asked for a rebate or adjustment of premium in view of this fact, but should you not have done so, I thought you would like to know that from my conversation with the Underwriter I am quite satisfied that such a rebate or adjustment would be granted."

In view of what is said about the willingness of the leading Underwriter to grant a reduction in premium under our fidelity and forgery bonds due to the transfer of employees from UNRRA to IRO, we would greatly appreciate your looking into this matter and ascertaining whether or not such a reduction can be obtained.

Very truly yours,

Richard W. Turner, Chief
Insurance and Claims Branch
Office of the General Counsel

17 JUL 1947

K

Robson, Morrow & Co.,
59 New Cavendish Street,
London W.1, England.

Dear Robson:

In reference to your 18201, London to Washington, the agreement that I had with Mr. Altmeyer was that we would do the home accounting work for ex-UNRRA employees and also for any other people whom they hired for whom they had no accounting set-up.

We didn't contemplate taking over any of their payroll work. In discussion with Miss Biehle we find that they have been handling some 53 ex-IGOR people and are quite competent to do so. On the other hand, we have all we can do without taking on any more work. We therefore are taking no steps to transfer the work to UNRRA.

We have also told Miss Biehle that we are trying to see if it is possible to segregate the necessary machinery and equipment by September 1st so that they may take over themselves the home accounting for some 500 people now on PCINO payrolls. Should you have some new system worked out before that date you undoubtedly will advise us but unless we hear from you to the contrary, we will attempt this segregation in the same way we planned it for London and will try to make the transfer as of September 1 so that the Washington office of PCINO can be on their own after September 30th.

Sincerely yours,

cc: Col. Burnett

Mr. Arthur C. Ringland
Executive Director
Advisory Committee on Voluntary Foreign Aid
Washington Building
Washington, D. C.

Dear Mr. Ringland:

Following Mrs. Pursley's inquiry regarding the Department of Commerce regulation on voluntary agency shipments for Displaced Persons Operations in Germany, we sent the following cable on June 24 to Mr. Arthur Altmeyer in Geneva:

"Dept. of Commerce Comprehensive Export Schedule regulates voluntary agency shipments for DP Operations in Germany as follows: 'Exports to Germany may be made by approved agencies provided shipments are consigned to UNRRA or to a consignee in care of UNRRA in Germany'.

"State Dept. requests information whether this regulation may be changed read IRO instead UNRRA. UNRRA Supply Div. advises shipments after 30 June should not (repeat not) be care UNRRA.

"Inform immediately whether we authorized request suggested change. Reply urgent."

On July 11 a second cable was dispatched as follows: "State Department urgently requests reply UNRRA Geneva 160 repeated Paris 2654 to Altmeyer from Brown".

We have today received the following reply from the Preparatory Commission for the International Refugee Organization at Geneva:

"You are authorized to inform State Department regulation should be changed to read IRO instead UNRRA from 30 June".

This will confirm my telephone message of July 17th to Mrs. Pursley.

Sincerely yours,

Molly Flynn

TO: Shanghai 7315; Geneva, IRO 185
(For Altmeyer)

REPEATED: London 24521; Paris 2717

RECEIVED CABLE SECTION: 10/7/47 - 5:53 p.m.

DISPATCHED: 11/7/47 - 3:28 a.m.

Your 7046.

1. Subject concurrence IRO agree you provide fiscal, administrative and accounting facilities to IRO until they set up their own basic establishment and in any case for period not exceeding 90 days. This should be on reimbursable basis only if employees especially retained for purpose; should be non-reimbursable (repeat non-reimbursable) for any part time employment your staff.

2. Presupposing IRO take over retroactive to 1 July question your para 2 on scale and scope of expenditures in foreign and local currency is for IRO to decide. As soon as needs for foreign and local currency are established you should inform Geneva and ERO. Latter will supply foreign currency needs from fund now set up in London. They will also supply foreign currency for use as collateral if necessary in obtaining local currency from Chinese Government. These local currencies later presumably being off-set against Chinese contribution to IRO.

- 2 -

3. Your para 4. We will arrange continue payment home allotments until this responsibility can be handed over to IRO but to accomplish this require (a) confirmation what personnel have been accepted by IRO (b) breakdown by home stations personnel listed para 2 your 7055. Will also require you keep us informed any changes in IRO establishment during this interim period.
4. Controller cabling you separately on accountancy problems, particularly in connection para 10 your 7055.
5. IRO comments on all foregoing requested.

8.
NUMBER: 18149
FROM: London
DATED: 10/7/47
RECEIVED: 10/7/47 - 7:28 a.m.

Personal for Jackson.

Howell has full story of Joint Accounting Plan and will be prepared to advise fully, meanwhile outline of plan is this. Due unpreparedness of PCIRO we have agreed:

1. To keep accounting and financial staff in field offices for a period not to exceed 30 September, to permit work to go on while PCIRO is surveying, selecting and establishing an organisation.

This staff will perform both UNRRA and PCIRO work which, however, will be kept entirely separate with transactions segregated to maximum extent and intermingling kept at minimum.

UNRRA work will proceed on schedule and in all field offices will be completely on or before 31 July except for internal and external audit, which is fully protected under agreement.

Value of services will be shared on lump sum basis at end of period.

2. At Washington and London we have agreed to keep employees home accounting work going for a period not to exceed 90 days. As most of the PCIRO employees are ex-UNRRA it means no work for us and meets an obligation to these employees, who have

X-310 (accounting Plan)
X-ERO-310

- 2 -

joined PCIRC at our suggestion.

In addition and because PCIRC funds to date are mostly derived from UNRRA loan, we have handled banking arrangements and have agreed to carry the cash books and primary records for a period not to exceed 90 days and until they are prepared to take over. We have not undertaken to maintain accrual accounting, ledgers, or to prepare financial statements.

3. All this fully documented, agreed with Deloitte, and under control and represents co-operative attempt to meet a difficult situation with minimum unfavourable impact on either side.

Subject: Passage paid leave without pay.

1. You may authorize passage paid leave without pay pro-
vided:

(A) Employee is eligible.

(B) Zone or Mission Chief can certify on basis current
planning, employee will be needed at least 3 months after
return post of duty, taking into account possible necessity
further staff reduction some offices.

(C) Employee is willing remain at least 30 September
if needed. Reason for this date is that we cannot bind
employee to accept new PCIRO contract on new salary scale
and service conditions.

2. You will issue usual personnel action for passage paid
leave without pay not to exceed 12 working days, exclusive
of travel time.

TO: DIRECTOR, FBI
FROM: SAC, NEW YORK (100-100000)
SUBJECT: [REDACTED]

3. Where employees home station is Washington, Sydney, Cairo, Caracas, Rio de Janeiro, remarks section of personnel action will read: "Employee will be in LWOP status from date arrival home station until resumption travel status at home station for return journey. It is responsibility home station to determine duration of LWOP period and to inform mission or zone by cable. Employee will deliver Home Accounting Office copy of this action by hand."

4. Where employees home station is other than cities mentioned in paragraph 3 above, it will be responsibility of Zone or Mission where he is stationed to establish arbitrary travel time period. Balance of absence from duty will be LWOP.

5. Passage paid LWOP personnel actions will be prepared in quadruplicate for distribution as follows: Employee, Zone or Mission, Field Liaison Center Paris, Home Accounting Office.

6. Reference our Lemgo 350, Haslach 249, Rome 218, Vienna 180, Cairo 140, Sydney Misc. 399, Washington 2004. Zones and Missions will issue separate LWOP personnel action after employee has returned to duty and exact period LWOP has been established.

1 JUL 1947

040
1/17
General W. A. Wood, Jr.
American Representative
International Refugee Organization
Washington, D. C.

Dear General Wood:

I am enclosing a letter which we have received from The Honorable Josef Winiewicz, Ambassador of Poland, requesting UNRRA's assistance in the speedy repatriation of a group of Polish displaced persons numbering about 50 from Mexico to Poland.

These displaced persons were displaced due to war conditions and located in a camp at Santa Rosa, Mexico. The camp was financed by the U. S. State Department. In December 1946 and January 1947 UNRRA, in cooperation with the State Department, repatriated a group of approximately 45 refugees from this camp, but unfortunately at that time the above mentioned group of 50 were not ready for repatriation.

We are submitting this request to you as far as our organization on 1 July transferred all Displaced Persons operations to the Preparatory Commission of IRO. We hope that you will take all the necessary action in order to expedite the repatriation of this Polish group to Poland. We assume that you will inform us during July of any concrete action which you will be able to take as this office will exist only until 1 August 1947.

A copy of this letter has been sent to the Ambassador of Poland.

Sincerely yours,

Mikhail A. Burinski
Deputy Director General
Bureau of Services

Your 17959, 17896 our 24206.

1. Understand Lisner and Burnett have discussed accounting scheme by phone and Lisner assures me that he feels that present arrangement is best that could be accomplished under difficult conditions.
2. As regards Headquarters IRO assistance our policy here which will not conflict with ERO's arrangements is to maintain separate books of account, separate payrolls, separate bank account signed by IRO appointed signatories. Lisner has discussed this with Burnett who concurs. By this means we are sure of maintaining identifiable IRO books which we now appreciate extremely hard to do in ERO.
3. DG has ruled that above assistance cannot be provided beyond 30 Sept., and that UNRRA cannot undertake any additional functions other than those specified above.

Aug. '47

*040 - International Refugee
Organization*

MEMORANDUM:

20th August 1947

TO: Major General Hardigg
Director of Supplies IRO
Room 322, Dupont Circle Building

FROM: Andrew Cairns
Director, Food Division UNRRA

SUBJECT: The Present Position of UNRRA's Pump Priming of IRO

1. Following the conversation Swenson and I had with you, and your colleague Col. McIver, in your office yesterday afternoon, I prepared, and cleared for dispatch through Swenson, the attached telegram to Low. This morning Wright, the Acting Director of our Ocean Shipping Division, advised me that he had been misinformed and that all the DP supplies in the CCC War Assets warehouse for China and Italy are, as specified by us, packed for export. I have, therefore, killed the proposed telegram to Low. You may, however, wish to have a copy of it for your files.

2. In summarizing the position yesterday, I stated that we had procured a total of about \$337 thousand of supplies comprising:

For China:

Wheat flour	\$66,600.00
Margarine	9,540.00
Coffee	7,722.83
Other foods	<u>115,080.00</u>
Total	\$198,942.83

For Italy:

Margarine	\$ 2,385.00
Cheese and dried eggs	58,928.71
Other foods	<u>76,727.72</u>
Total	\$138,041.43

In addition, we have, through requisition UC-576FF, paid the Canadian Commercial Corporation \$6,592.28 for accessorial charges. Thus the total expenditure is \$343,576.54.

3. Swenson and I told you yesterday that we believed the Administration had established an allotment of \$500 odd thousand for procuring supplies for

X-770

DP's in China and Italy. The exact figure is \$575 thousand of which \$75,000 has been earmarked for procuring, through our London Office, used clothing.

Major General W. A. Wood, Jr.
Acting Chief, PCIRO Washington
Dupont Circle Building
Washington, D. C.

Dear General Wood:

The Chief Executive Officer has referred to me your letter of 19 August regarding office space for the Preparatory Commission for The International Refugee Organization.

I can readily understand that, if at all possible, you do not wish to be forced to move your offices continuously over a period of the next few months and we have taken this into consideration. For your information, we propose moving you to the 8th floor somewhere around the first part of September and you can rest assured that after that date we shall not move you again unless it is absolutely necessary.

Yours very sincerely,

Frederick C. McMillen
Chief, Bureau of Administration

✓ 260 space

040-280

14

25 August 1947

TO: Frederick McMillen
FROM: Harry C. Lamberton

At a recent conference with representatives of the PCIRO, a question was raised as to whether the Administration could properly transfer to the Preparatory Commission certain office furniture.

Council Resolution 99 provides that "the Administration with the approval of the Central Committee may transfer to any of the above organizations or bodies (IRO included) ... the whole or part of its records, files, equipment or other property relating to its operations with respect to displaced persons."

Paragraph No. 2 of the Agreement between UNRRA and IRO, dated 10 June 1947, provides that "The Administration will transfer to the Commission as of 30 June 1947 its equipment, supplies and other property relating to its displaced persons operations." This agreement was contained in the report from the Director General to the Central Committee on the transfer of UNRRA displaced persons functions (CC(47)75), which report was approved by the Central Committee at its 55th meeting on 16 June 1947 (see Minutes, p. 12, (cc(47)86). Legal approval can therefore be given to the transfer to PCIRO of office furniture used by UNRRA in connection with its displaced persons operations.

Robson Morrow & Co., Comptroller, PCIRO
59 New Cavendish Street
London, W. 1, England.

Dear Lawrence:

We are ready now to turn over to PCIRO at Washington a book-keeping machine together with the operator, a payroll clerk, female, and the man who has been handling the PCIRO payroll work, a Mr. Allen. We would like to do this as of September 1st and we would stay in touch with the job all during September. I am quite sure that with these people and Miss Biehle's competent handling of these matters, that you can very well be on your own by October 1st.

It won't be advisable for PCIRO to try to get along with any less employees than we recommend so long as you are running the system as it is now.

We would like to get your okay before we go ahead and I wonder if you could cable. Miss Biehle undoubtedly will write you as to the banking arrangements and we are quite willing to use the present accounts through the month of September - we would just like to get the physical transfer made as soon as possible.

Sincerely yours,

H.E. Howell

23 August 1947

To: General W. A. Wood, Jr.
Acting Director, PCIBS

From: Frederick C. McMillen
Chief, Bureau of Administration

As you know, representatives of your office have been working with Fred Long and other representatives of this office in connection with problems which will arise at the time UNRRA withdraws completely from servicing PCIBS activities from an administrative standpoint. As 30 September approaches, however, it occurs to me that there are probably a great number of details concerned with the administration of such a program to which your staff has not as yet had time or opportunity to give thorough attention. It is, of course, in the interest of UNRRA that all these details be worked out in advance of 30 September, and we have also the wish that we contribute to your planning every possible bit of experience we have gained over the past years.

Under the circumstances, I have asked Fred Long together with Irving Pomeroy to spend a substantial amount of time in the next few weeks calling to your attention the details of problems and specific instances of problems which our experience indicates are apt to cause you the greatest difficulty in the future. They have prepared a list of some of the questions which must be answered for orderly transition from UNRRA to PCIBS in this connection, and will be discussing this list of questions with you. I should like you to feel free, also, to call on us between now and 30 September for any assistance on specific points that may come to your mind.

From: Frederick C. McMillen

My attention has just been called to Cable 7514 to UNRRA and PCIRO, Shanghai, which was drafted in the Controller's office and authorized for dispatch by Mr. Ludlow, Assistant Controller. This cable, among other things, gives certain instructions to the Personnel Officer in Shanghai and outlines the procedure concerning the handling of certain personnel documents, yet it was not cleared with anybody in the Bureau of Administration. I think you will agree that any cable concerning such matters should be cleared with us.

I will appreciate it if you will give instructions so that in the future all such matters are properly cleared.

14 August 1947

To: Mr. Harry Howell
From: Frederick C. McMillen

I am advised that there are a number of persons (approximately 22) who have been employed in China on DP operations for UNRRA and who have been offered positions by PCIRO effective 1 July. It further appears that because of the distances involved between PCIRO Headquarters in Paris and the station of these persons in Shanghai, negotiations concerning their actual employment by PCIRO effective 1 July have not yet been consummated, and in fact may not be consummated for a matter of some weeks.

In the meantime, apparently these persons are considered as being on neither the payroll of UNRRA or the payroll of PCIRO. With reference to each of them there was issued by the China Office a personnel action entitled "temporary transfer". On the face of this "temporary transfer" statement was made that "this action to be canceled and superseded before 30 September by a retroactive surplus termination from UNRRA effective 30 June *** and by a retroactive appointment to IRO effective 1 July 1947."

The immediate result of this situation seems to be that these persons (though they apparently are being supported in China by per diem payments and whatever salary they may be drawing in China) are not receiving any home allotment payments at their home account stations. If their families are depending on such home allotment payments, as is probably the case, certainly something should be done.

I suggest that it should be possible for the Controller's Office to make some arrangements under which home allotment payments can be continued to all such persons until such time as it has actually been determined that they are appointed by PCIRO. If it eventuates that their appointment to PCIRO is not consummated, then the payments will have been in order because certainly such persons held in abeyance for weeks in China could not be declared redundant as

Mr. Harry Howell

- 2 -

14 August 1947

of 30 June. On the other hand, if it eventuates that their appointments by PCIRO are actually consummated, a simple book-keeping transaction should straighten out the books of the Controller in this connection, because as you know UNRRA is at present servicing PCIRO in connection with payroll payments.

I have not explored this question in all its ramifications, and possibly you may want to discuss it in some detail. I shall be pleased to arrange any meeting you wish. I do feel strongly, however, that the Administration owes an obligation to anybody it has sent overseas to make sure that the home allotment payments are not unduly delayed for whatever reason.

Mr. William Hallam Tuck
Executive Secretary
Preparatory Commission for
040- International Refugee Organization
Palace of Nations
Geneva, Switzerland

My dear Mr. Tuck:

First, I want to wish you every possible success as you assume your new responsibilities. By this time you undoubtedly know the problems which will be yours to solve and the abilities and limitations of those who are destined to assist you. I am sure you realize that all of us remaining in UNRRA are extremely anxious to do everything possible to aid you in your terrific job of administering the Displaced Persons program which you inherited from us, IGOR, and the armies.

As you know, several of our people in UNRRA have been attempting to assist Walter Wood to share the burden of the Washington Office responsibilities. Chief among them has been Miss Molly Flynn, who has been Special Assistant to the Deputy Director General in charge of the Bureau of Services. I intentionally held Miss Flynn on the UNRRA payroll through the month of August in order to permit her to assist General Wood and Miss Biehle in some of the burdensome details that will pass from UNRRA to PCIRO. I have just yesterday agreed to Miss Flynn's termination on 25 August in order to permit her to participate in the orientation program for the exchange of international students, a program under the aegis of Phil Jacob, the American Friends, and the State Department.

Miss Flynn is to accompany one of the ships departing from the United States on 26 August and destined to arrive at Le Havre about 4 September. During that period until the departure on the return voyage, 27 September, she is most anxious to have a profitable visit in Europe. The State Department is extremely anxious that she have opportunity to visit Displaced Persons camps in order that she may be able to assist on a voluntary basis upon her return in scheduling of speakers and a development of a series of programs to enhance the possibilities of passage of the Stratton Bill. There is a real need for someone of the background and the personality of Miss Flynn to aid in the educational activities this fall and winter in order to bring about necessary pressures for satisfactory Congressional action when Congress reconvenes.

Although Miss Flynn will terminate her active work with UNRRA on 25 August, I have retained her services in the status of a Consultant, which will permit her to make use of her UNRRA passport and will facilitate her movements in Europe.

I have discussed her visit with General Wood and he shares with me a desire that PCIRO do everything possible to facilitate her movements and to assure her adequate opportunity to visit Displaced Persons camps to get the first-hand background which she will need in working with the groups interested in expanding United States immigration. I am hopeful that you will give her visit your personal blessing and will pass on the necessary requests that will produce assistance for travel, billeting, and visitation of the camps. In such event I would appreciate your communicating with me direct and I will cable Miss Flynn's proposed itinerary.

Again, I want to extend my best wishes and my thanks in advance for whatever you can do in behalf of Miss Flynn.

Sincerely yours,

Richard R. Brown
Deputy Director General and
Chief Executive Officer

Repatriation and home leave travel costs for personnel transferred to PCIRO.

1. We propose following method for discharging UNRRA obligations this subject under Paragraph 7 of UNRRA/PCIRO takeover agreement.

(A) UNRRA to pay agreed lump sum to PCIRO amount and method of calculation to be discussed and agreed with PCIRO.

(B) Payment of agreed sum to be in full settlement UNRRA obligations PCIRO to retain any excess and to make up any deficit.

(C) PCIRO to indemnify UNRRA against any claims that are made by transferred personnel.

(D) UNRRA to suggest that PCIRO create trust fund with money so paid over but this not to be condition of transfer.

2. As requested by SDDG have discussed with Deloitte who agree to proposed method "If it can be assumed that UNRRA has a legal liability for the repatriation and home leave travel costs". In our opinion this point completely met by Paragraph 7 of takeover agreement.

3. Have discussed with Robson Morrow who have agreed in principle subject to investigation of actual amount. PCIRO have authorised Robson Morrow to settle question on their behalf.

4. We are investigating question of amount.

5. Will reply separately your 24822.

040-ARO

12 August 1947

To: Mr. Harry E. Howell
From: Charlotte T. Lloyd
Subject: UNRRA Liability for Repatriation and Home
Leave Travel Payments of Employees Transferred
to PCIRO

In Mr. Chait's absence the question has come to me of the legal position with respect to the two points raised by Deloitte, Plender, Griffith & Co. in their memorandum to the Chief Executive Officer of 4 August. These questions were: (1) whether the Administration has any legal liability to pay over to the PCIRO funds to cover repatriation and home leave travel costs for personnel transferred to PCIRO, and (2) what decision was reached by the Central Committee with respect to the report on the transfer of UNRRA DP functions to IRO, CC(47)75 dated 12 June 1947, which was considered by the 55th Central Committee meeting. The auditor's memorandum is a result of their receipt of a copy of a memorandum from their company to the Deputy Controller of the ERO questioning the existence of legal liability for such payments. In that memorandum, Deloitte's suggested that there would be no difficulty in proving liability in respect of repatriation costs but that it would be more difficult to substantiate the liability of payment of travel costs, since the personnel transferred were terminated by the Administration and received salaries in lieu of leave accrued and not taken prior to 30 June 1947.

(1) I agree that as the regulations governing terminations in the field now stand, UNRRA has a liability for payment of repatriation costs unless other arrangements are made and that liability under these regulations alone is more doubtful in the case of travel costs where the employee has been terminated and his accrued leave paid to him. However, the normal regulations governing termination and transfer of field employees were in effect superseded by the arrangements made to handle the staffing of the PCIRO. UNRRA may be said to have assumed liability for payment of the costs of home leave travel as well as repatriation as a result of the assurances given the DP staff to induce the staff to remain on the job in the uncertain expectation of transfer to a subsequent international organization. During the last several ~~months~~ ^{months} prior to 30 June, when UNRRA was formulating its arrangements with PCIRO, ERO, I understand, informed the DP staff that it would provide funds through the successor organization

X-4 56 (travel expenses)

for repatriation and home leave costs in order to prevent demoralization of the staff and numerous requests for immediate home leave and a large number of resignations due to the uncertainty as to whether a successor organization would be created in time, and if it were, what would be the conditions of employment. This implicit agreement with the staff that remained related obviously to the provision of benefits by UNRRA subsequent to the transfer of the employees to the successor agency.

However, it is clear that since the employees have received their salary for the period of accrued leave, they would not be entitled to any salary payments from the IRO for the leave period except for such percentage of days as they may have earned in PCIRO employment.

(2) The draft minutes of the 55th Central Committee meeting held 16 June 1947 showed that the procedure for transfer of DP functions to the PCIRO suggested by the Administration was accepted by all members with the exception of a reservation of Mr. Babjanic's right to comment at a later stage. The decision was reached on the clear understanding that the transfer of residual funds from the DP operations in accordance with Resolution 99 would be held in abeyance and would come before the Central Committee for decision after the amount of the residual funds had been determined. I am not clear that it would be possible to embrace payment for repatriation and home leave costs within the amount to be transferred under Resolution 99, in the event legal liability should not be recognized by the auditors. This would be a matter for your office to decide. The transfer of repatriation and home leave funds to the PCIRO was presented to the Central Committee as a separate transaction from the transfer of residual 99 funds and no objection was raised within the Central Committee to the proposed transaction.

In discussing this with Miss Kremer, she suggested that there be a meeting on this subject including Mr. McMillen, who is also interested. I think such a meeting would be useful.

7 AUG 1947

7 August 1947

Colonel H. M. Burnett,
Deputy Controller,
European Regional Office,
11, Portland Place,
London, W.1.

Subject: Transfer of Property to Successor International
Agencies

Dear Colonel Burnett:

We are in receipt of an inventory of equipment and supplies handed over to PCIRO by the Middle East Office. We assume that E.R.O. has been furnished with a similar inventory. There was also a schedule of the value of property turned over by the Austrian Mission in their 30 June statement, for which you probably have the supporting inventory.

The purpose of this letter is to confirm that it is your intention to make the necessary entries in consolidating the 30 June figures to transfer the value of this property from the missions' expenses. For the purpose of handling such transfers here at Headquarters, we are using an account - Transfer of Administrative Property to Successor Agencies; the intention being to report them separately on the financial statement. We would suggest your using a similar account to eliminate any confusion when we make the final consolidation for 30 June.

Your reply on this matter would be greatly appreciated.

Sincerely yours,

W. D. Stephenson
Director of Accounts

MEMORANDUM

To: Mr. S. Weisl
Deputy Chief Executive Officer

From: F. D. Harris
Chief, Far Eastern Affairs

Subject: IRO Operations within China

1. With reference to Shanghai cable 7172 of 26 June, I am in full agreement with Mr. Jacobs' memorandum of 5 August and with his summing up, except that I feel we should not make any recommendation to IRO.
2. The OFEA has always taken the view that the question of the internal handling of displaced persons in China is a matter for direct negotiations between IRO and the Chinese authorities. This view was made clear in our cable No. 7172 of 26 June to Shanghai.

OUTGOING CABLEGRAM

AIRGRAM NUMBER: A-348
TO: London
REPEATED: Paris A-26
RECEIVED CABLE SECTION: 6/8/47 - 10:35 a.m.
DISPATCHED: 6/8/47 - 10:45 a.m.

Info UNRRA. Info PCIRO.

Following as (A), (B), (C), are texts letter received by China Office from Acting Chief IRO's Far East Office, reply by Director China Office, and Washington's cable concerning these letters:

(A) "By virtue of my appointment as Acting Chief of IRO, Far East, effective 1 July 1947, and pending the establishment of IRO, Far East, of administrative machinery to service its own needs, I should like to request the assistance of the UNRRA China Office in providing certain services to IRO during the period beginning 1 July 1947 and ending 30 September 1947 or such date prior to 30 September 1947 as IRO is administratively able to take over these functions.

It is proposed that effective 1 July 1947 all Class 1 and Class 11 personnel whose names are listed in Appendix 1 be transferred to IRO as employees surplus to UNRRA's requirements, and whose appointment to IRO, retroactive to 1 July 1947, will be finalized before 30 September 1947.

Administrative Services Requested.

1. Services to Personnel.

In order to continue uninterrupted personal services to the staff of IRO, it is requested:

X - China off - 464, 31

(a) That UNRRA continue to pay field allotments, subsistence, lodging, and provide other perquisites to the transferred employees on the same basis as that prevailing for UNRRA employees, with the understanding that IRO will reimburse UNRRA for all out-of-pocket costs incurred.

(b) That UNRRA maintain paybooks for IRO employees during the interim period.

(c) That pending issuance of IRO certificates of identity and Chinese identity cards to IRO employees as such, IRO personnel be permitted to use their present UNRRA credentials and Chinese identity cards, the UNRRA credentials to be returned to UNRRA upon finalization of employees' appointment to IRO as outlined in paragraph 2 above.

(d) That medical facilities of UNRRA be available for IRO employees as a non-reimbursable service except that, for cases requiring CN expenditures by UNRRA, such as hospitalization, etc, such expenditures shall be reimbursable by IRO.

(e) That, in anticipation of the transfer of funds from UNRRA to IRO as outlined in Washington cable No. 7039, paragraph 5c,

"We recognize specific financial commitments to ERO covering the following items: (1) travel cost, expected not to exceed dollars 100,000 for home leave of transferred employees which was earned but not utilized prior to 30 June. (2) Repatriation costs of transferred employees, not to exceed dollars 1,000,000. (3) We propose transfer lump sums to cover (1) and (2) and to request CC approval of transfer principles...."

UNRRA will, in the interim period ending not later than 30 September, service the repatriation of any transferred employee who held Class 1 status in UNRRA as of 30 June in the following manner. The employee will be granted the repatriation rights, i.e. repatriation to home station or termination in the field with the issuance of an appropriate Cook's Travel Voucher, he would have enjoyed upon being declared surplus by UNRRA, and all costs incurred by UNRRA shall be reimbursed by IRO. There will be no charge to IRO for such

UNRRA

OUTGOING CABLEGRAM

- 3 -

services as do not require an outlay of additional funds beyond those expended by UNRRA in its normal repatriation operations.

(f) That UNRRA assume the obligation for the payment of all terminal bonus and other benefits to Class 1 and Class 11 employees which were earned by reason of their employment with UNRRA through 30 June 1947. In the case of Class 1 personnel, the usual UNRRA conditions as to payment shall apply, and as regards Class 11 employees, payment of benefits will be made in CN currency during the month of July.

2. Services to IRO, Far East

In order to facilitate the functioning of the IRO, Far East Office, it is requested:

(a) That UNRRA undertake to serve as agents for IRO in hiring any additional personnel.

(b) That UNRRA continue investigation services in determining eligibility of Displaced Persons. If, by reason of special investigations being necessary, any extra costs are incurred by UNRRA beyond the normal costs of its investigation service, and are clearly incurred on behalf of IRO, such costs shall be reimbursed by IRO.

(c) That personnel on official travel status receive the same facilities and service by UNRRA as do UNRRA employees. Out-of-pocket travel costs and related expenses will be reimbursed by IRO to UNRRA.

(d) That UNRRA provide transport facilities, i.e. jeeps, station wagons, trucks, etc. for the needs of IRO with the understanding that IRO will reimburse UNRRA for the cost of gasoline used, maintenance of the vehicles, etc. It is requested, also that when UNRRA makes a final disposition of administrative vehicles to successor international agencies, consideration be given to IRO requirements as indicated in my memo to Mr. W. Donaldson dated 30 June 1947.

(e) That UNRRA undertake to deliver to DP warehouse or wharf, at UNRRA expense, such DP supplies as are in the "pipeline", purchased by UNRRA and/or enroute, recognizing the delivery of these supplies, free at DP warehouse, as an obligation inherent in past UNRRA operations.

(f) That UNRRA undertake to advance funds for local currency expenses incurred after July 1 by IRO for such items as warehousing, transportation upkeep, communications, rentals previously paid by UNRRA, or by CNRRA in respect of European DP operations, and Hongkong Repatriation Branch Office administrative expenses. All such expenses which can be separately identified as incurred on behalf of IRO shall be reimbursed to UNRRA.

(g) That UNRRA provide such other facilities as would not involve any additional cash disbursements on its part including P.K. privileges, assistance in obtaining billets, mess facilities, postal facilities, public information service."

(B) "Further to our discussions and your letter of 1 July, the UNRRA China Office agrees insofar as practicable to extend the privileges and to perform the services you have requested for IRO, Far East Office, during a period beginning 1 July 1947 and not to extend beyond 30 September 1947.

In order that the UNRRA credentials and Chinese Police Identity cards which were issued to your employees when they were employed with UNRRA may be invalidated as soon as possible, I would suggest that you arrange to issue identification credentials and apply for corrected Police Identity cards at your earliest convenience."

(C) "Your COWA 3125 17 July. Following are comments on Van Hyning's letter 1 July. 1. Para 1(a). Agreed subject to (a) No advances or payments in CNG can be made without authority Chinese Government (presumably on blanket basis), para 11 our 7114 refers. (b) No expenditures or advances of hard currency, or local currencies purchased with hard money, or extensions of credit or guarantees can be made. Commitment para 5(c) our 7039 will be handled in Washington. This applies to all repeat all) expenditures listed various paras Van Hyning's letter.

UNRRA

OUTGOING CABLEGRAM

- 5 -

2. Para 1(b). See our cable 7514.
3. Para 1(c). Agreed, but IRO should be requested get their own identification cards out earliest, and provided UNRRA released all liabilities arising from PCIRO employees regardless of retention UNRRA identification.
4. Para 1(d). Agreed consistent with rundown program.
5. Para 1(e). Action withheld and restricted to Washington. No transfer will be made:
 - (a) While UNRRA services repatriation.
 - (b) Until PCIRO able to assume these duties.
 - (c) Until detailed schedules of individuals and cost is approved by Washington. Wish make it clear UNRRA does not (repeat not) pay salaries or travel allowances of UNRRA transfers to IRO during their travel time home.
6. Para 1(f). Agreed, but this is normal practice and not a specific agreement with IRO. Presume Class II PCIRO employees terminated from UNRRA 30 June and placed on separate PCIRO payrolls.
7. Para 2(a). UNRRA may assist IRO in local (repeat local) recruitment but not (repeat not) in capacity of agents for IRO.
8. Para 2(b). We cannot (repeat not) accept continuance investigation eligibility DPs. This would be exceeding UNRRA's authority who divested of all responsibility 30 June.
9. Para 2(c). Agreed subject to clauses on use CNC and hard currency our para 1 above, and consistent with rundown plan.
10. First clause 2(d) agreed insofar as administrative vehicles are concerned and to extent available and subject currency restrictions above. CNRRA concurrence must be obtained for use any programmed vehicles on loan to UNRRA as well as for use of CNRRA drivers. Second clause 2(d) agreed under terms our cable 5970.
11. Para 2(e). UNRRA should hand over to either IRO (or CNRRA acting for IRO) at ship's tackle against outturn receipt. In this connection, outturn receipts must be provided for all supplies already handed or to be handed over to PCIRO at ship's tackle and if turned over elsewhere must be fully inventoried and agreed at date of turnover.
12. Para 2(f). Advances in local currency or Hongkong dollars can only be made under conditions specified our para 1 above. No expenses regularly incurred by CNRRA, which in our view should be subject of agreement between Chinese Government and IRO, may be now assumed by UNRRA and no charges against proceeds

of sale for services and facilities will be approved when supplied PCIRO or its personnel.

13. Para 2(g). Agreed to extent these commitments do not interfere with our rundown.

14. Have now received PCIRO Geneva 3 advising request that Chinese Government pay first quarter's contribution to IRO in Chinese currency, and trust this can be effected earliest possible. Urgently need estimates of hard currency requirements to permit PCIRO to establish separate bank accounts and urgent they obtain own local currency so that plan is reduced simply to joint utilization of staff subject to UNRRA rundown plan with all bank accounts, cash books, and other accounting records to be entirely separate and intermingling of transactions held to minimum.

15. All foregoing being repeated by airgram to UNRRA and PCIRO London and Paris together with copy Van Hyning's letter. Much difficulty has been experienced here in resolving UNRRA-IRO problems since many cables exchanged between Paris, Geneva, and Shanghai have not been repeated Washington as specifically requested our 7154, thus we get unrelated information and incomplete data on problems presented. Request you send by earliest traveller copies of all (repeat all) cables exchanged and that in future all cables be repeated here."

OFEA Ref. 206/25
6 August
31 July 1947

Mr. Harlan Cleveland
Director, China Office
UNRRA
370 North Soochow Road
Shanghai, China

Dear Mr. Cleveland:

I have received a copy of Mr. Van Hyning's letter of 15 July, reference IRO-70 to Mr. P. H. Ho on the question of the IRO organization in China. In his letter, Mr. Van Hyning states that as far as he knows "IRO does not contemplate setting up twin parallel organizations on the UNRRA/CNRRA pattern" (for the internal administration of DP work in China).

In these Headquarters it has always been felt that IRO's relationships with the Chinese Government are a question for negotiation between IRO and the Chinese Government. It is for this reason that we did not want to follow-through on the suggestion that we should include CNRRA personnel in our estimates of IRO personnel requirements when UNRRA went out of business. Moreover, it seems to us that whatever arrangements are made, the internal administration of Chinese displaced persons in China will be the responsibility of the Chinese themselves, be it through CNRRA, the Ministry of Social Welfare, or some other agency.

We had a meeting this morning to discuss your letter of 17 July, reference COWA-3125 enclosing copy of Mr. Van Hyning's letter to you of the 1st July, and a cable is now in draft which is mainly a reaffirmation of the restrictions required on the use of UNRRA funds by IRO. We have been handicapped in dealing with cables and correspondence on the IRO question as we have not been receiving repetitions of all cables exchanged between Shanghai and Geneva and it is not always clear what is the status of problems being reviewed.

Yours sincerely,

F. D. Harris
Chief
Far Eastern Affairs

SAVINGRAM NUMBER: A-28
TO: Shanghai
RECEIVED CABLE SECTION: 6/8/47 - 9:48 a.m.
DISPATCHED: 6/8/47 - 10:25 a.m.

Action UNRRA Info PCIRO.

Your COWA 3125 17 July. Following are comments on Van Hyning's letter 1 July.

1. Para 1(a). Agreed subject to (a) No advances or payments in CNC can be made without authority Chinese Government (presumably on blanket basis), para 11 our 7114 refers. (b) No expenditures or advances of hard currency, or local currencies purchased with hard money, or extensions of credit or guarantees can be made. Commitment para 5 (c) our 7039 will be handled in Washington. This applies to all (repeat all) expenditures listed various paras Van Hyning's letter.
2. Para 1(b). See our cable 7514.
3. Para 1(c). Agreed, but IRO should be requested get their own identification cards out earliest, and provided UNRRA released all liabilities arising from PCIRO employees regardless of retention UNRRA identification.
4. Para 1(d). Agreed consistent with rundown program.
5. Para 1(e). Action withheld and restricted to Washington. No transfer will be made:

- (a) While UNRRA services repatriation.
- (b) Until PCIRO able to assume these duties.
- (c) Until detailed schedules of individuals and cost is approved by Washington.

Wish make it clear UNRRA does not (repeat not) pay salaries or travel allowances of UNRRA transfers to IRO during their travel time home.

6. Para 1 (f). Agreed, but this is normal practice and not a specific agreement with IRO. Presume Class II PCIRO employees terminated from UNRRA 30 June and place on separate PCIRO payrolls.

7. Para 2(a). UNRRA may assist IRO in local (repeat local) recruitment but not (repeat not) in capacity of agents for IRO.

8. Para 2(b). We cannot (repeat not) accept continuance investigation eligibility DPs. This would be exceeding UNRRA's authority who divested of all responsibility 30 June.

9. Para 2(c). Agreed subject to clauses on use CNC and hard currency our para 1 above, and consistent with rundown plan.

10. First clause 2(d) agreed insofar as administrative vehicles are concerned and to extent available and subject currency restrictions above. CNRRA concurrence must be obtained for use any programmed vehicles on loan to UNRRA as well as for use of CNRRA drivers. Second clause 2(d) agreed under terms our cable 5970.

11. Para 2(e). UNRRA should hand over to either IRO (or CNRRA acting for IRO) at ship's tackle against outturn receipt. In this connection, outturn receipts must be provided, for all supplies already handed or to be handed over to PCIRO at ship's tackle and if turned over elsewhere must be fully inventoried and agreed at date of turnover.

RECEIVED CYRILLOV

UNRRA

UNRRA

- 3 -

OUTGOING CABLEGRAM

12. Para 2(f). Advances in local currency or Hongkong dollars can only be made under conditions specified in para 1 above. No expenses regularly incurred by CNRRA, which in our view should be subject of agreement between Chinese Government and IRO, may be now assumed by UNRRA and no charges against proceeds of sale for services and facilities will be approved when supplied PCIRO or its personnel.

13. Para 2(g). Agreed to extent these commitments do not interfere with our rundown.

14. Have now received PCIRO Geneva 3 advising request that Chinese Government pay first quarters contribution to IRO in Chinese currency, and trust this can be effected earliest possible. Urgently need estimates of hard currency requirements to permit PCIRO to establish separate bank accounts and urgent they obtain own local currency so that plan is reduced simply to joint utilization of staff subject to UNRRA rundown plan with all bank accounts, cash books, and other accounting records to be entirely separate and intermingling of transactions held to minimum.

15. All foregoing being repeated by airgram to UNRRA and PCIRO London and Paris together with copy Van Hyning's letter. Much difficulty has been experienced here in resolving UNRRA-IRO problems since many cables exchanged between Paris, Geneva, and Shanghai have not been repeated Washington as specifically requested our 7154, thus we get unrelated information and incomplete data on problems presented. Request you send by earliest traveller copies of all (repeat all) cables exchanged and that in future all cables be repeated here.

16. Repeated as airgram to ERO and Paris.

Mr. C. H. Cramer
Chief Personnel Officer
PCIRO
Hotel Majestic
19 Avenue Kleber
Paris 16, France

Dear Red:

Thank you for your letter of 18 July 1947 on the subject of the candidates referred by us for appointment in PCIRO. The cable #19 of 11 July to which you refer remains something of a mystery since it was not dispatched by this office, and PCIRO has no record of having sent it although the low number would indicate that it probably emanated from there.

In any event we are most grateful for the information about the situation in the British and French zones. I have advised the Placement Officers of these circumstances and they will in turn inform the anxious candidates that opportunities at the moment are, to say the least, limited. This is the type of information which we find particularly valuable, and which is also much appreciated by the PCIRO staff here who, as you know, are having to operate in something of a vacuum. Any time that you are able to give us this kind of information we will add another "Rah" to the sustained "Tiger" which goes out periodically to do honor to Cramer.

Yours very sincerely,

Isabel Cramer
Chief Personnel Officer

Miss Johanna Von Goeckingk
Organization and Management
PCIRO
Hotel Majestic
19 Avenue Kleber
Paris 16, France

Dear Johanna:

I wonder if it would be possible for you to send me the latest mimeographed budget for PCIRO showing line numbers, positions, and incumbents. Undoubtedly changes are occurring in this daily, but any information now in printed form in your office would be superior to that which is available to us here at present. As you may know, we are doing all we can to be of assistance to the small and badly over-burdened Washington PCIRO staff, and in the main our data are more accurate than theirs. The termination UG-1's are gradually dribbling in, but since we continue to have a good many questions concerning non-U.S. personnel transferring to PCIRO, the over-all budget would be most helpful if you can spare a copy. Thanks very much.

Yours very sincerely,

Isabel K. Kremer
Chief Personnel Officer

Subject overseas Chinese repatriation program.

1. Understand from CNRRA and Jennings Wong there is delay in PCIRO takeover of former CNRRA responsibilities of program. We had assumed IRO would take this operation over. Believe that present position serious and that program endangered unless early action taken. Therefore we support CNRRA request.

2. Most of CNRRA funds derived from proceeds of sale of UNRRA supplies, which we consider to be not (repeat not) available for use in connection with DP operations after 1 July when UNRRA legally out of business. Therefore CNRRA is considering funds spent on it's DP operations as reimbursable later out of China contribution to IRO. It would be much tidier all round if IRO simply absorbed these operations, which have always been considered integrated part UNRRA's DP work here.

4 August 1947

OFEA Ref. 206/25

TO: Harry E. Howell
Controller

FROM: F. D. Harris
Far Eastern Affairs

With reference to our conversation of this afternoon when you agreed to clear a cable on financial arrangements with IRO. In view of your concern over possible commitments with IRO I enclose, for your information, a memorandum containing the substance of four cables exchanged with Shanghai and Geneva, setting out the commitment to which reference was made on the movement of 1450 overseas Chinese.

2. In reviewing these cables it came to light that Geneva IRO 82 had apparently not been followed up and Mr. Jacobs of the Bureau of Services is despatching a cable to Shanghai asking for a report on what expenses were incurred:

- a. Prior to 30 June, chargeable to UNRRA;
- b. Subsequent to 30 June, chargeable to IRO.

OUTGOING CABLEGRAM

NUMBER: 7514
TO: UNRRA & PCIRO Shanghai
REPEATED: PCIRO Paris A-25; PCIRO London A-347
RECEIVED CABLE SECTION: 1/8/47 - 5:17 p.m.
DISPATCHED: 1/8/47 - 6:07 p.m.

Following is detailed accounting and payroll procedure for handling of field allotments and other expenditures in China for PCIRO personnel. Due to lack of IRO funds in China, procedure will be in two phases, phase II effective only when Chinese dollars made available directly to IRO.

When permission Chinese Government received for loan of local currency by UNRRA to PCIRO, transfer flat sum adequate 60 days operation to separate bank account charging Accounts Receivable advances to PCIRO. Thereafter maintain separate cash and accounting records and make all disbursements for PCIRO from this source. Ditto if and when hard money loans are authorized on specific authority Headquarters.

PHASE I -

UNRRA Shanghai to make all expenditures on behalf of PCIRO from separate bank accounts. In order to simplify UNRRA termination payment procedure and give IRO clean record from start, all personnel involved in transfer will be technically terminated from UNRRA 30 June 1947. IRO paybooks shall be issued to same group effective 1 July and appointment action verified by IRO Paris.

You are authorized honor IRO paybook and appointment authority.

Following procedure covering preparation and issuance of IRO paybooks and withdrawal of UNRRA paybooks together with implementation of PCIRO accounting functions:

X-310 (Paybook & IRO)
X-Chinese off-310
NOTICE: Information copy only.

As a matter of greatest urgency, Personnel Officer will work in conjunction with Head of Accounting Unit in preparation of complete lists of all personnel appointed to PCIRO, segregated as to home accounting office, covering UNRRA personnel who transfer to PCIRO. Minimum particulars to be reported on such lists will be full name of employee, UNRRA paybook number, terminal UNRRA grade and salary, PCIRO budget line number. Such lists will be authenticated by signature of Senior Personnel Officer and Chief of Accounts Unit. Most important such lists be routed directly as follows:

1. Original copy to home accounting office by quickest possible means.
2. Two copies of all lists will be routed simultaneously by quickest possible means to Paris.

Due to pressure of time above information should be cabled to home accounting offices and confirmed by despatch of certified lists by airmail.

Appointment letter will not be sent to home accounting office. One copy of appointment letter will remain in Mission Basic PCIRO Personnel File. The second copy will be forwarded to DPHQ Paris as one part of Basic PCIRO Personnel File for that Headquarters.

Note departure from normal personnel documentation procedure for accounting purposes to extent that certified lists of particulars equivalent to a bulk P-2 will be used in place of personnel accounting documentation previously used in UNRRA (P2s or equivalent).

Documentation covering appointment to successor organization will include new signed authorization from employees confirming existing home allottee and salary distribution.

Fifty paybooks have been airmailed to you, and following procedure is to be followed:

INO paybooks will be issued to all PCIRO Class I personnel by Chief of Accounts Unit effective 1 July 1947 simultaneously with the withdrawal of relative UNRRA paybooks on the authority of the appointment documentation mentioned above. Withdrawn UNRRA paybooks will be cancelled and returned to home accounting office together with terminal documentation.

UNRRA

OUTGOING CABLEGRAM

All relevant sections of IRO paybooks will be completed before issuance with particular attention to the following points:

1. Section 9, only current movement details to be inserted in IRO paybooks.
2. Sections 10 and 11 transcribe details from UNRRA into IRO paybooks.
3. Section 12 transcribe from UNRRA into IRO paybooks all entries this section. In addition, a schedule in quadruplicate of such items will be prepared and countersigned by the employee for lodgment with both his successor organization and his UNRRA post of duty and home accounting office yellow cards. Successor organization yellow card will be prepared by reference to current UNRRA yellow card.

When PCIRO paybooks are issued white record cards to be furnished by you will be prepared in duplicate showing:

1. Full surname and Christian names.
2. Paybook number.
3. Home station (place for repatriation).
4. Home accounting office.
5. Office of issue.
6. Salary distribution per successor organization paybook.
7. Cards will be signed by employee and issuing officer. One white record card will be retained at office of issue and second card forwarded to appropriate home accounting office.

Present UNRRA paybook and payroll procedure, including acquittance roll procedure, will be adopted by PCIRO, any modifications and exceptions being notified you. Acquittance rolls covering field drawings PCIRO personnel to be issued separately and to be distinctly identified as for PCIRO personnel.

Your 7055 lists names 20 personnel retained PCIRO. We unable identify Kelly, Klein, Lee, Tanenbaum, due duplication names in our files for China. Cable full details immediately.

PHASE II

As soon as Chinese Government has deposited funds to credit of IRO in China, UNRRA will make no further payments of any kind from the separate bank accounts. The loan should be repaid at once by credit for cash on hand and payment for all expenditures per cash book.

STAFFING

Important to organize PCIRO accounting and finance promptly to permit rapid discontinuance joint utilization of staff and conformance with rundown plan.

1 AUG 1947

Mrs. Ruth E. Shipley
Chief, Passport Division
Department of State
Washington, D. C.

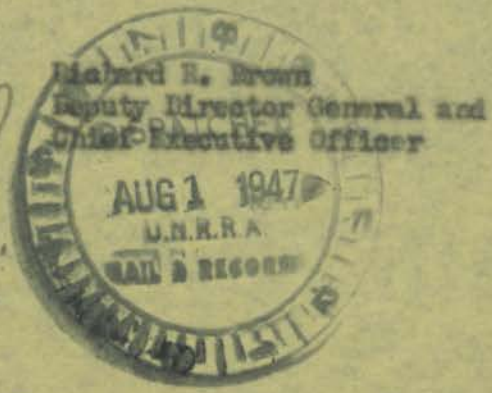

Dear Mrs. Shipley:

The Preparatory Commission for the International Refugee Organization extended the existing agreements of the voluntary relief agencies with UNRRA for work in the Displaced Persons Operations. These agreements remain in effect for three months following the termination of UNRRA's Displaced Persons Operations on June 30th, in which interim PCIRO will renew or revise agreements with each agency.

The arrangements for calling forward personnel of the voluntary agencies and supporting their applications for passports and military permits are now the responsibility of PCIRO. For the present the procedure for obtaining these passports will continue as it has through UNRRA's operations, with the exception that the letters supporting applications for military permits will be signed by Miss Martha Biehle, Operations Officer, PCIRO Washington.

The Administration would like to take this opportunity for expressing its appreciation to you and the members of your staff for the services which have been given and the cooperation extended to UNRRA and the voluntary agencies.

Sincerely yours,

cc: Wood, PCIRO
