Inter-office Memorandum

20 October 1962

To: Chief Logistics Officer  
From: V. Jerkovic, Special Assistant, Civilian Operations  
Subject: Petrol for power station FORCES, Bendera

According to Mr. Ghaleb's report from Albertville, there is practically no petrol at all on the local market and he suggests that a certain quantity be delivered to Bendera to enable them to carry on their activities, which are extremely important for the economic life of this area. I spoke to Mr. Ahmed and Mr. Marx and they have no objection to lending Bendera a quantity of about 1500/2000 liters of petrol as a reserve, until the time when their normal supply will be resumed. Would you please be kind enough to enquire what action could be taken to settle this point and inform me of your decision.

For your information, FORCES-Bendera could take this petrol from Albertville and transport it in trucks by road to Bendera.

Qu'il me soit permis de dire, en ma qualité de Secrétaire général par intérim, que j'attache une très grande importance à l'existence, au Congo, d'une délégation du Comité international de la Croix-Rouge. Au cours des deux dernières années, et tout particulièrement en période de crise, vos représentants ont accompli une oeuvre remarquable. Comme vous le savez, il y a au Congo bien des situations présentant une importance humanitaire qui exigent une attention constante du genre de celle que seul un représentant du Comité international de la Croix-Rouge peut donner. La présence d'un représentant du Comité international de la Croix-Rouge est aussi extrêmement importante pour l'accomplissement du mandat très délicat dont l'Organisation des Nations Unies est chargée au Congo. Je souhaite donc très vivement que vous puissiez juger possible de maintenir en fonctions votre délégation à Léopoldville.

Veuillez croire, cher Monsieur, à mes sentiments les meilleurs.

Depuis juin 1961 Comité international Croix Rouge a suspendu toute activité médicale au Congo, laissant à OMS et ONUC toutes leurs responsabilités. Croix Rouge en collaboration avec Ligue s'est intéressée à autres programmes tels aide aux réfugiés angolais, visite prisonniers etc. La cessation complète de toute son activité aurait été envisagée puis abandonnée suite visite F. Siordet. Le Comité aurait décidé de continuer de se faire représenter au Congo mais nous n'avons à cet effet aucun renseignement précis. N'avons aucun renseignement aussi quant au refus du gouvernement congolais de laisser visiter Gizenga.

Bien entendu, nous souhaiterions que CCR maintient sa représentation et son activité au Congo.

Traduction d'un télégramme d'Urquhart à Linner en date du 1er fév.  
1962. No. ELLEO 190

La Croix Rouge nous fait savoir que la Commission Olivet se réunira le 6 février à Genève "pour constitution et prise connaissance documentation existante" Peu probable par conséquent arrive ~~Lampela~~ E'ville avant fin semaine prochaine. Pourrais-je avoir l'autorisation d'aller en Rhodésie avec Senn samedi 3 février pour un congé en attendant l'arrivée de la commission d'enquête? FIN

REC'D CIV. OPS.  
DATE : 26 JAN. 1962  
TIME : 0930

1.

Sur proposition d'Urquhart approuvée par Linner, le Comité international de la Croix-Rouge et les Nations Unies ont conjointement institué une Commission d'enquête au niveau supérieur, chargée de faire le jour sur les circonstances de la mort à Elisabethville du représentant de la Croix-Rouge, M. Olivet et de ses compagnons. La commission se compose du juge Bjoern Kjellin, président de la Cour d'appel de Malmö (Suède), président, du professeur Leopold Breiteneker, directeur de l'Institut de médecine légale de Vienne et président de la Société internationale de médecine légale, et du Colonel Roost, suisse, expert en ballistique.

2. Je vous demande de donner des instructions au Siège de l'ONUC à Elisabethville pour qu'il accorde toute l'assistance administrative et technique possible. Vous insisterez auprès <sup>membres du</sup> ~~des~~ personnel civil et militaire intéressés sur la nécessité d'une collaboration complète avec la commission pour le respect des conventions et du pavillon de la Croix rouge et de la protection de ses ambulances et, conséquemment, produire tous témoins ou preuves requises. L'ONU et les Etats membres ayant adhéré aux principes des conventions de Genève, seule une franche coopération peut ~~garantir~~ <sup>assurer</sup> la bonne réputation de Nations Unies et des Etats Membres intéressés.

3. La commission tiendra ses travaux préliminaires à Genève pendant quelques jours afin de considérer ses attributions et d'adopter des dispositions d'ordre administratif et financier.

Spinelli vous informera directement de l'importance du personnel et de <sup>son</sup> ~~de~~ l'arrivée à Elisabethville. Espérons que les secrétaires et sténographes peuvent être fournis par le Bureau européen. Nous savons et avons rappelé à Spinelli que l'aide pouvant être <sup>accordée</sup> ~~fournie~~ par E'Ville dans les présentes circonstances ~~est~~ <sup>est</sup> infime, pour ne pas dire presque nulle.

Il serait souhaitable que l'ONUC fournisse le logement aux membres de la commission pour leur éviter des visites ennuyeuses et fréquentes de la part de certains éléments de la population locale. Le représentant du comité international de la Croix Rouge <sup>(CICR)</sup> se ~~ra~~ peut être à même d'apporter son concours. L'Accord avec la Croix rouge prévoit la désignation par chaque organisation d'un observateur pour assister aux travaux de la commission. En raison de sa connaissance du cas et des pourparlers qu'il a eus avec le vice-président du CICR, je pense que vous pouvez désigner Urquhart ~~à cet effet~~ à cet effet d'autant que la durée de l'enquête ne s'étendra pas au delà de son séjour la-bas.

TRADUCTION D'UN TELEGRAMME DE MAREK A LINNEN , ENGLUND ET  
AHMED EN DATE DU 14 SEPTEMBRE 1961. No. 1144.

1. L'équipe médicale autrichienne <sup>va</sup> prendre en charge  
l'actuel hôpital éthiopien qui <sup>contient</sup> comprend 25 lits et  
une salle d'opérations, laquelle est employée aussi  
par l'hôpital ~~congolais~~ congolais. Jusqu'à ce jour  
l'hôpital était tenu seulement par un seul officier  
médical éthiopien. Il servira maintenant d'hôpital  
pour l'ONUC à Stanleyville.

2. Les autorités locales congolaises nous offrent  
un hôpital construit récemment sur la rive gauche  
du Congo à Stanleyville qui pourrait être aménagé en  
hôpital congolais sous les soins de l'équipe autri-  
chienne. Le public congolais ici désire vivement qu'un  
tel hôpital soit établi, ~~immédiatement~~ immédiatement et il  
me semble que cette action ~~sera~~ suscitera un ~~très~~  
~~grande bienveillance envers l'ONUC~~ un profond sentiment  
de bonne volonté envers l'ONUC, car il n'y a pas de  
service médical sur la rive gauche depuis 1959. Je  
serais bien reconnaissant si une enquête à ce sujet  
pouvait être ~~faite~~ faite par vos autorités médicales  
particulièrement ~~en ce qui concerne~~ <sup>si</sup> l'équipement qui  
serait nécessaire ici, ~~est disponible parmi~~ se trouve  
dans le matériel que l'équipe autrichienne a apporté  
avec elle. Vos décision et action rapides seront très  
appréciées. Fin

To : Lists A B C & D  
FROM : SENIOR MEDICAL STAFF OFFICER  
SUBJECT : REPORT ON HEALTH-ONUC FORCES FOR THE  
MONTH OF JULY 1961

A copy of the report on the health of ONUC Forces during July '61 prepared for the information of the Commander UN Force is forwarded for your information.

*L Nandkeolyar*

COLONEL  
SENIOR MEDICAL STAFF OFFICER  
(L Nandkeolyar)

SECRET

S E C R E TREPORT ON THE HEALTH OF ONUC FORCES  
FOR THE MONTH OF JULY 19611. Accommodation

- a) Generally satisfactory for troops all over Congo, under field service conditions.
- b) It was observed that some of the Contingents/Units do not leave their premises clean, prior to shifting. It takes some time for the incoming unit to clean the camp and settle.

2. Water supply

- a) Reported to be satisfactory at all stations.
- b) At Kamina Base waterworks the following machines are out of order since long and require rectification:-
  - (i) Speedomax Automatic machine for assessing the PH (manufacture - Leeds & Northrup Co, Philadelphia, USA)
  - (ii) "Indicateur De Perte De Charge" (manufacture - Epuration et Entreprise - made in Bruxelles)
- c) At Kamina Waterworks the chlorination of water is done manually. This is not asatisfactory method. Installation of an automatic chloronome/Chlorometer is considered an inescapable requirement.

3. Rations

- a) Generally satisfactory. No cases of malnutrition reported during the month.
- b) Some of the troops, Ethiopians, Malaysians, Indians and Pakistanis do not seem to relish frozen meat and have requested for fresh meat. The matter is under study.

We have recommended at least two issues of fresh meat in a week.

4. Inoculation and Vaccination

Satisfactory

...../

5. Civil Health Service and Health Conditions(a) Léopoldville Province

The sewerage system in Léopoldville town does not seem to be satisfactorily working. The problem is under discussion between WHO, Institute of Hygiene and OCA.

Some cases of sleeping sickness have been reported from area of Lake Léopoldville II in Léo town.

(b) Kivu Province

The menace of plague is still prevalent in the regions of Parc Albert, Beni and Butembo. Sporadic cases of Rabies have also appeared in Bokavu, Katana, Goma and North Kivu. Suitable precautions are being undertaken by our troops located in these stations.

(c) Kasai Province

Smallpox epidemics were reported from Mwene Ditu, Dimbelenge and Kabinda. More than 60% of the local population has been vaccinated by WHO teams.

(d) Orientale Province

In Paulis-Niangara zone an epidemic of bacillary dysentery was reported.

In the Ituri area, some cases of plague have also been reported.

6. Health of the Troops:

- (a) The health of the troop remained satisfactory during the month. In all, 2142 persons reported sick (outdoor and indoor) as compared to 2318 during the month of June. There was a slight increase in the number of admissions to the hospital, i.e., 247 in July as compared to 205 during June 61.

- (b) The sickness amongst the Ethiopian troops at Stanleyville and Coquilhatville was rather high. The following were the fresh cases during the month

	No of fresh cases	Rate per 1,000
Malaria	15	4.8
Skin diseases	34	10.98
Respiratory infection	45	14.5
Diarrhoea & Dysentery	44	14.2
Venereal diseases	21	6.7

The Ethiopian Bde is being requested to look into the causes of this undue increase of sick rate and take appropriate measures, in consultation with medical authorities to reduce sickness.

The overall incidence was reduced to almost half of that for the month of June 61. The Liberian Bn who had 22 cases in June had only 6 cases. This was a good progress.

There was a considerable reduction in the incidence of skin diseases i.e. from 222 cases in June to 170 in July. The Ghana Bde and Malayan Special Force showed good improvement.

The incidence in the Nigerian Bde was high. They are being advised to look into the matter.

There was an increase in the incidence. Both the Ethiopian and the Nigerian Bde showed an abnormal rise. We are checking up the cause of this sudden rise - perhaps it may be due to overcrowding, if any.

Although the incidence was lower than that in June yet an incidence of 8.4 per 1000 for this disease is considered to be very high. Being a field service, the living conditions of troops may not be very high but there is a great scope for improvement in regard to the incidence of this disease.

It is recommended that Commanders at all levels should emphasise this particular point to the troops under their command. The sanitation of the camps should be of the highest standard at all times.
