 Subject: UNHLP on Water and Bangladesh

Dear Mr. Secretary-General Sir,

With due respect to you, I would like to thanks you a lot for including our Honourable Prime Minister Sheikh Hasina in UNHLP on Water. Recently Bangladesh has proceeded a lot on sustainable water, soil, environment, and disaster management. We expect that Bangladesh will be a hub of Trans Asian Navigable River Network, one of the pioneer in renewable blue energy production, and other all sorts of water management along with peaceful coexistence and growth with its neighbours. We wish our dream will come true through this UNHLP on Water.

Best wishes

Muhammad Ariful Haque (Shohagh)

MSc (Student) in Disaster Management, University of Dhaka

BSc (Engg) in Computer Science & Engineering, Darul Ihsan University

AEO, Janata Bank Limited (Card Management Department, Head Office)

CEO(non-profit), Kamfisht Universe Engineering
