Dear Mr. President and Mr. Secretary General,

Thank you for your letter dated August 16, 2011 and kind invitation to attend the special High-Level meeting about the Yasuni-ITT Initiative of the Government of Ecuador, which took place on September 23, 2011.

I recognize the importance of a global effort to protect and conserve this special reserve and I regret that the heavy demands on my schedule during my short visit to New York precluded me from joining you on that occasion.

I hope the meeting was fruitful and productive and I look forward to continuing to work with you on all issues of shared interest.

Sincerely,

Benjamin Netanyahu
