Reference:

A. 3000.15 (OPS) dated Apr 94.

1. Receipt is acknowledged of the above reference and the contents have been very well noted.
2. The security arrangements outlined in your letter as regards the security of the Amahoro Stadium and the Kigali International Airport are being given the greatest attention, and no effort will be spared in putting all the necessary machinery in place.
3. As regards the location of the heavy guns at the KIA, please be informed that the RGF still have their anti-aircraft guns, 81mm mortars and the 106 Recoiless guns within the Airport, and continue to fire 105mm arty guns which are mobile.
4. All attempts to locate the local RGF Commander to lodge a formal complaint have so far proved futile, and efforts are still being made to rectify the situation as regards their fire positions. A formal written protest shall be submitted if nothing is done by the RGF about the situation.

SUBJECT: MOVEMENT INSTRUCTIONS FOR PLATOON PROCEEDING TO
ENTEBBE FOR SECURITY DUTIES AT ENTEBBE AIRPORT

GENERAL

1. With the adoption of Entebbe Airport as the point of entry for the troops and equipment for the expanded UNAMIR, it has become necessary to send a detachment to the Airport to help in the establishment of a transit camp to receive the incoming troops and equipment and assist in the security of the camp.

AIM

2. The aim of this instruction is to outline and assign responsibilities for the smooth movement and administration of the detachment while in Entebbe.

GHANBATT

3. Provide a platoon strength detachment (1 & 31) to move by road from Kigali to Entebbe via Kagitumba by 05 July 1994.

4. The platoon should be commanded by a seasoned officer who should be capable of administering the troops independently.

5. Platoon should be ready to stay in Entebbe for at least two to four weeks and be self sufficient.

6. All military kits should be carried except personal weapons.

7. The duties of the platoon will be as follows:

a. Helping in the building of a UNAMIR transit camp at Entebbe airport.

b. Helping in the fixing of equipment on the US M-113 APCs being offloaded at Entebbe Airport.

c. Assisting in the provision of security at the Transit Camp and the area in which the APCs will be parked.

d. Coordinating and cooperating with the UNAMIR MovCon elements at Entebbe Airport.

ACCOMMODATION/FEEDING

8. It is requested that the CAO's Office makes the necessary arrangements for the accommodation and feeding of the platoon with effect from dinner 5 July 1994.

9. Platoon should however carry 7 days C-Rations and water for their initial feeding.

TRANSPORT/POL

10. Own unit vehicles will be used from Kigali to Entebbe. It is suggest that the detachment moves in 3 x pickups and 2 x 3 ton trucks. The vehicles must have enough fuel for the journey. The CAO's staff is also requested to make the necessary arrangements for the refuelling of the vehicles while in Entebbe.

OPS BRANCH

11. Ops Branch to seek clearance for the personnel to move from Kigali to Kagitumba.

12. Also liaise with UNOMUR HQ to coordinate the movement on the UGANDA side of the border.

ROUTE

13. The cleared route of KIGALI - RWAMAGANA - GAHINGI - KAGITUMBA - MBARARA - KAMPALA - ENTEBBE will be used.

COORDINATING INSTRUCTIONS

INTER OFFICE MEMORANDUM

CONFIDENTIAL

3000.9 (IO)
16 April 94

TO : FC
THROUGH : COO
: DFC
FROM : MIO *SGM*
SUBJECT : COMPLEMENTARY INFORMATION

1. RPA : It is still taking control on the field. Massive but very concealed infiltrations are still going on. Long columns heavily charged mostly with vital supplies and anti tank weapons are entering CND compound at night. Pick-up trucks full of supplies are also entering. By night , operations are conducted and monitored from CND.

NORTH : RPF troops have surrounded URUGWIRO village where few presidential guard combattants were present. RPA avoided contact to continue its infiltration to fixe the KACYURU Gendarmerie camp via UTEXRWA's valley.

SOUTH : RPF troops crossed Boulevard OAU. Light groops infiltrated KICIKIRU and GIKONDO since yesterday. The purpose of this infiltration was to conquer NIANZA MOUNT where the satellite installation is located. This position is under RPA control since around 1800 this afternoon.

WEST : It seems that a few RPA have infiltrated NYAMIRAMBO_KIMISANGE- NYAKABANDA and BILYOGO. Rescue operations are conducted by RPF in these areas.

EAST : RPF troops found a route behind KANOMBE Camp ; contacts are made but real fight s avoided.

The general idea is that RPA is conducting deep penetration in KIGALI city and efforts are beeing concentrating in order to take control of KIGALI down town and INTERAHAMWES controlled areas.

In east of the town(NYAMIRAMBO GITEGA BILYOGO and KIMISAGARA), MRND and CDR youthy wing has entire control. Even RGF troops have to ask for clearance.

Killings are still going on; TUTSIS are not the only targets. Hutus of MRND and CDR 's opposition are also hunted.

Today, RPA was cleaning the valley facing Meridien Hotel that was occupied by INTERAHAMWES.

RGF troops in KIMIHURURA , have been engaged at the main cross road (GRID: ~~1083~~) RGF of Presidential Guard Camp in Kimihurura.

RPA is also installing TUTSIS in areas already under its control; its also helping them for vital supply.

First aid medicines are critically needed.

RPA main HQ is still in MULINDI but the exact location of the tactical mobile HQ is unknown.

RPA troops are not conducting looting unless necessary in order to feed their supporters or themselves. They are not intended to spoil public goods or edifices.

Taking control of the airport is not their interest but the shellings from KANOMBE could be a reason of retaliation .

2. RGF It seems that the flow of tactical information is not working well to reach their own troops who are on contacts lines. Most of the time they don't know that RPA is close to them.

Some of them are leaving the fighting areas but no surrounding to RPF reported.

Most of the troops are supplying themselves by looting. The general feeling is that they are fed up of the ongoing situation and would be happy about a cease fire. They are confident in UNAMIR and specially confident in some Nationalities but not in BELGIANS

The lack of coordination is noticed among RGF; number of hard liners is decreasing. The acting OPS leaders are favorable to peace process.

There is a divorce between the acting governmental military command and the INTERAHAMWES. In Niamirambo area, the Presidential Militia has the entire control. The Interahamwe political wing is very active . Even governmental Forces have to show ID and can proceed only after having been given clearance. The milicians are very excited and the road sides are full of dead bodies at the road blocks. They are armed with grenades and traditional weapons. The acting RGF commander who stemefrom the south of RWANDA has a problem to have his people under his control.

3. Belgian reputation is more and more spoiled by their soldiers. They conducted lootings in Meridien Hotel, in Pêche Mignon Restaurant, in restaurant Hellenique (KIMIHURURA) and today in the airport.

REPORT ON THE SITUATION AT THE AIRPORT

GENERAL

1. The general situation at the airport was calm during the whole day on 10 Apr 94.
2. The evacuation operation is going on smoothly as scheduled.
3. A total of approximately 650 expatriates of 22 nationalities have been evacuated with 10 air lifts as at 2230hrs (LT).

MILITARY SITUATION

4. The French Troops. The French troops continue to ensure security of the airport and to evacuate the expatriates. They are co-located with the RGF Arty Bty. Two French Mil aircrafts brought one company of troops so French troops are now of a battalion plus strength.
5. Belgian Troops. Eight Belgian Mil aircrafts brought in a total of about one battalion of para-commandos and a number of motor bikes and armoured vehicles (3 x Tanks). The Belgian troops started the joint operation at the North-west sector of the airport. They also carried out motor bike patrols along the evacuation route.

DIFFICULTIES ENCOUNTERED

6. There were difficulties in coordinating the departures and liaison duties.
7. There were difficulties working with the French soldiers especially Colonel PONCET.

CONCLUSION

8. In our point of view, the Belgians have come to restore law and order.

Subject : OBSERVATION ON TASKS ASSIGNED TO UNMOS

References:

A. MILOB GP HQ letter No. 6007/MILOB dated 12 March 1994.

B. Force HQ letter No. 3000/1/Ops dated 27 January 1994.

C. MILOB GP HQ letter No. 6001/MILOB dated 25 January 1994.

1. Your observation and advice on our OPO 1/94 have been appreciated by this HQ. It is felt that such advice will help better utilization of UNMOS in future. However, following clarifications are needed for our future guidance please:

a. Relevant schedule of UNMOS and principles of their operation which were contrary to the tasks assigned to them by this HQ through OPO 1/94.

b. Relevant UN guidelines/instructions to the fact that UNMOS can't command or task armed troops.

c. Whether UNMOS are also not peace keepers; is there any distinction in the standard of neutrality between armed peace keepers and UNMOS. UN guidelines/instructions regarding role of UNMOS as a third party to resolve any issue between peace keepers and faction.

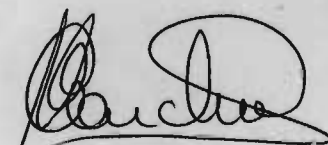

2. This HQ has not, infact, placed Tun Section located at RPF Gate under command of MT 210. UNMOS of this team being senior to Tun Section Commander located in the same spot were given the responsibility to co-ordinate their tasks. The real control in RPF Gate lies with MT 210. Tun Section has been assigned with the tasks of assisting the UNMOS in execution of their responsibility. Regarding command and control arrangement of MILOB, we have been encouraged by the following :

a. In the past UNMO senior officers commanded UNAMIR Force in absence of the permanent incumbent.

3500.12(GPS)
R-5

UN RESTRICTED

- b. Assignment of the command of armed escort/convoy to UNMO vide para 3 e. of reference B.
- c. MT 210 "orders checks to be conducted by the UNAMIR armed units" as mentioned in para 4 b. of duties/responsibilities on MILOBs at CND Gate forwarded vide reference C.
- d. Before OPO 1/94 of this HQ was published the details of the order was discussed with Lt Col Dounkov, LO CND MILOB and Major Koroshev, Team Leader, MT 210 who categorically agreed that those tasks were in conformity with their mission and capability.
- c. It is a part of military tradition that onus in controlling any situation automatically lies with the senior most present. It was felt that UNMOs being military officers in uniform will automatically get involved in any crisis there in the RPF Gate.
3. It may be mentioned here that MT 210 was deployed in RPF Gate under especial circumstances on especial instruction from Force Commander. It was the desire of the Force Commander to stop any RPF going out of CND without UNAMIR escort. The tasks being very sensitive in nature needed to be performed by matured hands. Moreso, as we are not in a peace enforcement mission this HQ felt it better to assign the tasks of controlling RPF movements to UNMOs because of their negotiating skill.

EOD RECCE REPORT

Annex 'A'

1. Recce Conducted by Maj Mustafizur Rahman
2. Date and Time of Recce 231130 Feb 94
3. Ordered By DMZ Sector HQ letter no.7189/DMZ/Ops dated 18 Feb 94.
4. Location NGARAMA GR 259284
5. Terrain Condition. This is a hilly terrain where the height ranges from 1500 to 2000 m. The area is covered with deep rooted grass and thick vegetation.
6. Gen Description of the Ground. Thickly vegetated ground with hard soil. The place is an abandoned JANDEMARIE Camp, located south-east of NGARAMA TOWNSHIP. It contains few constructed bunkers with overgrown weeds suspected to be ammo dump which is not seen by naked eye due to the presence of thick grasses. But few UXOs are found on the surface around the bunkers.
7. Type of UXO Present. Following UXOs are identified:
 - a. Grenade frag No M 26 - qty 1
 - b. Rifle Grenade A/P No M65 - qty 4
 - c. Unexploded carts 105 m HE - qty 1
 - d. Unexploded RAT 700 - 106 mm projectile - qty 1
 - e. Some small Arms ammo of different calibre.
8. Recommendations
 - a. It is suggested that the whole camp measuring 300 m x 200 m may be cleared by EOD and mine clearing team.
 - b. Clearing team should have one interpreter so that more information about the UXO can be sought from the RGF present there.
 - c. UXOs lifted from the area may be examined by an ATO.
 - d. UXOs found fit may be kept as Govt property and others may be disposed by the EOD team.

Subject: SECURITY GUARD - SRSG's RESIDENCE

File: 3000/1/ops

1. Security guard at the residence of SRSG is provided by KIBAT since one month. It was intimated two weeks ago that the guards be rotated on daily basis instead of living in as desired by SRSG. This instruction was intimated over telephone to Maj KESTELOOT, Operations Officer of Kigali Sec by Lt Col Balis, DCOO of this HQ. It was expected that the instruction would have been implemented. It may be noted that FC has agreed with SRSG about the arrangement.

2. It is unfortunate that despite clear order the instruction was not carried out nor the difficulties in carrying out were communicated to this HQ till yesterday. The matter was again raised by the undersigned with Maj KESTELOOT who requested to have it in writing. Such noncompliance has been an embarrassment for the FC.

3. In view of the foregoing, you are instructed to ensure the rotation of the guards on daily basis with immediate effect and confirm action by 1800 hours today. It may be noted that orders disseminated verbally from this HQ is to be carried out without any delay. Clarifications if any should however be sought but it must not cause any delay in the execution of the order.
