ONUC 1725 ONUC HQ Sitrep No 222. Period covered 311530 to 011530. Leopoldville Province. Lt Medha, the Administrator of Banana visited Kitona Base and discussed the rumour that the Indonesian Bn was going to attack Banana. 16-22-75 67 This was denied and the situation explained that no such intention had ever occurred on that point. Lt Medha easily understood and promised to do his best to explain the situation to his superior and the importance to renew acquaintance with both sides to create a good atmosphere. Equateur: approx 100 ANC and Gendarmerie returned to Coq from Boende, frequent contacts have been established with local commander and officer thus easing tension. The basic situation at the airport has remained unchanged and there is still <sup>a</sup> road block at Bolenge. On 29 March, two ONUC civilians officers were compelled to pay 50 CFRS for an exit permit to Leopoldville. Their luggage was not only inspected but the contents thrown in all directions. Leading personalities from Mongo and Bangala have arrived at Coquilhatville for their meeting. The Mongo are represented by BOMBOKO and BOLIA while the Bangala are represented by BOLIKANGO. The Mongo meeting was referred to as a national assembly ~~xxxx~~ and requested that BOMBOKO becomes Chief of the new Mongo State. BALIKANGO attempted to preserve the unity of the provinces. As a consequence of recent political and military developments the overall situation is ~~xxxx~~ tense and the old Provincial Government is unable to stabilize the situation. The economic situation is deteriorating. Orientale Province. NTR. Kasai Province. The 3 missing soldiers (Ghana) have not been found yet. The search remains active and inquiries are continuing. A report from LUIZA states that local chiefs left for Katanga to see the LUNDI chief and eventually see Mr Tshombe in order to arrange for LUIZA to be part of Katanga territory. Maj MULUMBA the Commandant 9th Gendarmerie Bn LUIZABOURG is now under UN protection. Kivu Province: NE Negotiations between the Malayan Special Force and Civ authorities were held. Authority was

granted for 10 Europeans to be evacuated on 31 March. There is every hope that evacuation will continue. A patrol was sent to KAILO on 31 Mar and returned safely with 3 Fathers. Another patrol was despatched to KAMA on 31 Mar and brought back 6 Sisters and 2 Fathers. A patrol reported from PUNIA that no ~~more~~ evacuation of Europeans will be possible unless it is authorised by <sup>THE</sup> District Commissioner of KINDU. 11 Europeans were evacuated from KINDU to LEO on 31 Mar ( 4 women 6 men - small boys). A strong patrol of the Malayan Special Force with 33 Cartels left KASONGO for KABAMBARÉ on 28 March to round up the 70/80 cartels and return them to KALONDA-MUGABO their place of origin. Their task will take approx four to five days. The airfield at PUNIA was reinforced by a UN platoon ~~strength~~. The MANIEMA district is reported to be very short of salt. The area MASISI-WALIKALE-HEBERO-KABUNGA is reported to be ~~quite~~ QUIET and normal work is being resumed. There is a general shortage of doctors and medicaments especially penicillin ; All Europeans from NAMOYA have been evacuated. The KIVU Province session convened today in BUKAVU . Ex Provincial President MIRUHO is expected to return on 3 or 4 April . The STAN authorities would like to see Mr MIFUHO taking over the provincial government instead of the President. The ONUC Commander called a meeting on 30 March with ANC and police authorities in BUKAVU and proposed their political neutrality during the session and no arbitrary arrests. The ANC and police authorities favoured his proposals. To ensure complete democratic freedom of all deputies during the session and avoid a breach of law and order, ONUC Commander with ANC and Police presented the President with their proposed one stop Police Forces and ANC and Gendarmerie will remain outside all political activities of any kind. Two stop deputies to Provincial Assembly and those holding official posts in Central or Provincial Governments will be assured immunity from arrest. Three stop no public political gathering be held in BUKAVU during the period

3

of the session and gathering in public places will be limited to five persons. Four stop curfew will remain as at present from 2300 to 0500 hrs stop Five stop any member of the police and military found contravening these instructions and in particular attempting any arbitrary arrest either on his own initiative or on instructions from any civilian will be arrested and punished. ONUC troops are at the disposal of the ~~following~~ police and military in BUKAVU. The President agreed to these proposals and so did the police and ANC. KATANGA. Crevecoeur stated that his orders are clear:

Quo te: ~~XXXXXXXXXXXX~~ He is not to use force unless he is met by force Unquote: He does not want to interfere with the UNO mission but he requested that the UNO does not interfere with internal politics. His main mission he stated was to assist in opening the mines sonnest, promote full employment, schools to open and the returning of life to normal conditions. The Gendarmerie who left by train a few days ago have returned to ALBERTVILLE with the recovered engines. KATANGA Forces reached the east outskirts of MANONO and were engaged by ANCO Jeunesse on 31 March at 1445 hrs. The airfield is now under joint UN/Gendarmerie control. The situation is generally quiet. Approx 50 to 100 Balubas equipped with one mortar, light machine guns and rifles launched an attack against the Gendarmerie Katangaise at the bridge of DJOBO. Capt DUBOIS the Gendarmerie Commander cleared one side of the road and ordered two Doves Aircraft to bomb the other side and the village of KIBINDJI. Two Gendarmes and 6 or 8 Balubas were wounded. The fighting spirit amongst the African Congolese Gendarmes seems to be low.
