Dear Halit
Excellency,

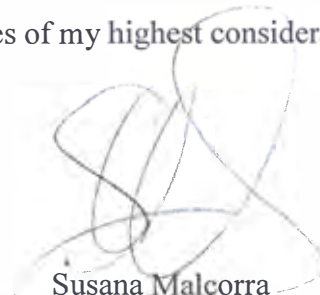

I write to acknowledge receipt of your letter dated 4 October 2013 forwarding a wonderful box of chocolates and the book entitled "Ottoman architecture".

Allow me to express my appreciation for this delightful treat and a copy of the publication on the architecture of the Ottoman Empire, which will make very interesting reading.

The unwavering commitment of Turkey to the values and goals of the United Nations is a strong asset for our Organization and I look forward to continuing our cooperation in the future.

Please accept, Excellency, the assurances of my highest consideration.

Thanks!
