His Excellency  
Mr. Ban Ki Moon  
Secretary General of the United Nations Organization

Your Excellency,

I have the honor to send you the small album of my caricatures where you can find also your caricature. I hope you will like it. I wish you could advise me how I can send you your original caricature.

It is my conviction that at this very difficult time for the world and mankind, laugh and humor can play very big positive role to soothe the tension between various governments and leaders.

It is my dream to be present at one of the UNO sessions and to make caricatures of the participants: perhaps it can bring the world leaders one centimeter closer to each other with laugh and humor.

Yours truly,

Harutyun Chalikian
