UNITED NATIONS - NATIONS UNIES
Conference on Security, Stability and Development
in the Great Lakes region of Central Africa

Date: 24 October 1995

To: Mr. Hilary Ingham Executive Officer Department of Political Affairs New York Attn: U.E. Ambassador José Luis Jasun Special Envoy of the UN Secretary-General Mission on the Great Lakes Regional Conference New York	From: Ismael A. Diallo Senior Political Affairs Officer Mission on the Great Lakes Regional Conference Nairobi
Fax: (1-212) 963.1302 Fax: (1-212) 963.4037	Fax: (254-2) 62.23.98 Tel: (254-2) 62.25.11/62.24.26

A. Mr. Heron W. Kariuki, Driver

Please be advised that Mr. Kariuki has been hired to serve, as local driver, the Mission. He reported to duty on 15 September 1995. He has not been paid to date. Regardless of the fate of the Mission on the Great Lakes Regional Conference, the salary of Mr. Kariuki is overdue and an early action in this regard will be most welcome.

B. Local Transportation

It is also justifiable to remind that the rental and the maintenance as well as petrol and oil purchases for the vehicle used by the Mission, since the 12 September 1995, have yet to be honoured.

C. Office Equipment

According to UNEP Nairobi, the equipment put at the disposal of the Mission has been purchased to only serve the Office of the Special Envoy. They consist of one (1) photocopier - Canon NP1550 (A4); one (1) fax machine - Canon L600 (A4); one (1) shredder machine HIT/S100. Should the mission be discontinued, a decision is to be taken on these equipments.

D. Accommodation

As Nairobi was designated to be the station for the Mission, the staff had to engage in renting apartments for at least the three (3) months, period initially mentioned by United Nations Headquarters, New York.

If the mission is to be interrupted within days, the staff is still to give one (1) month notice to the Land-agent.

Attached are copies of leases contracted by:

- Ms. Hirut Bekrou, Secretary, who settled her bills when currencies were USD1 = Ksh.54.40 and USD1 = Ksh.54.30, whereas her contract was calculated when exchanges were USD1 = Ksh.56.40, which affected her payment, but are not reflected on the receipt; and
 - Mr. Ismael A. Diallo
- both with Norfolk Towers Limited.

Please advise soonest on the attitude towards this matter.

Your advice and guidance on all the above-mentioned subjects are awaited and most welcome.

Best regards.

Outgoing FaxNo.:	Date: 30 October 1995
To: Ms. Susan Matthew CAO UNAMIR	From: Luiz C. Da Costa Chief PMSS <i>Savitri Butchey</i>
Fax:	Fax:
Number of transmitted pages: enc 4	Ref.:
Attn: Mr. Dimetros	
Subject: International Commission of Inquiry to investigate arms transfer to Rwanda	

Re your fax 5752 and telecon with Butchey, attached is a copy of the draft note for the above mentioned Commission for your reference. Thank you for your prompt action for the preparation of the Commission. Please be advised that the Commission will be assembled in New York on 30 Oct. '95. A series of meetings will take place from 31 Oct. to 1 Nov. The members are scheduled to leave for Nairobi on 2 Nov. Their flights have not yet been finalized; we will advise you as soon as they are.

The concept of administrative support is as follows: We would like to request your assistance in designating Mr. Dimetros as Administrative Officer for the Commission in addition to his current function as Liaison Officer of UNAMIR office in Nairobi. We would appreciate your assistance in this regard. Since Nairobi will be the main base for the Commission, we would also like to ask that Mr. Dimetros provide all necessary administrative support to the Commission, i.e., coordination of travel arrangements within the area of operation, payment of DSA, settlement of travel claims and ad hoc secretarial support services.

The Commission's members will be provided with a travel advance in New York (see original PT.8s). Each advance should be recovered from their DSA entitlement. The payment of DSA and the settlement of travel claims should be done in the manner described in the attached note. The account number for IOV will be provided shortly. Where Ms. Raffi, Legal officer, Col. Nelson and the Secretary, selected from UNAMIR, undertake official business travel with the Commission members, the payment of travel subsistence should follow the current UNAMIR practice. Should you need further clarification, please do not hesitate to contact my office.

Many thanks your usual co-operation.

Lt.Col. Jan Meijvogel, Netherlands
Brigadier Mujahid Alam, Pakistan
Col. Lamek Mutanda, Zimbabwe

Support Staff

Legal Officer	Ms. Raffi (UNAMIR)
Security Officer	Mr. Jack Klassen (recruit, travel from NY)
Political Officer	to be identified
Admin Officer	Mr. Jeffrey Dimetros (UNAMIR Nairobi Office)
Military Officer	Col. Nelson (UNAMIR)
Secretary	to be identified (UNAMIR)

2. Contractual Status:

The Chairman will be appointed at the D-1 level. The other members are assigned to serve the Commission on a loan basis by the governments of Member States and will be treated in a manner similar to that which is described in the guidelines for military observers.

3. Duration of the Commission:

Duration of the Commission is two to six months. The exact period will be determined at a later stage or as progress is made on its work.

4. Duty Station and area of operation:

The office of the Commission will be located in Nairobi. An office space is being prepared by UNAMIR. The Commission is envisaged to travel extensively to Rwanda, Zaire, Tanzania, Burundi and Uganda.

5. Medical requirements:

Full medical examinations and required/ recommended immunizations will be performed by the UN Medical Service in New York.

6. Advance Fund:

In order to alleviate initial difficulties, an advance fund of \$600 will be provided to the members in addition to DSA for New York. This will be recovered from DSA entitlement in Nairobi.

7. Baggage Allowance:

The members will be provided with 45 kgs excess baggage allowance in addition to free baggage allowance provided by the air lines. The UN does not accept responsibility for insuring accompanied baggage taken on the airplane. However, since airline tickets for the Commission are purchased by American Express, accompanied baggage is covered under American Express insurance. A member requiring additional insurance for accompanied baggage should arrange it at his or her own expense.

8. Administrative Support:

A designated administrative officer from UNAMIR, Nairobi office, will provide administrative and logistical support to the Commission.

9. Travel to and from the mission area:

FALD will be responsible for providing air transportation to Nairobi. All internal official travel will be arranged by the administrative officer in Nairobi, including return travel to members' home countries upon completion of assignment.

The travel of the members who hold no UN contract shall be governed by conditions equivalent to the relevant provisions of Staff Rules.

10. Settlement of Travel Claims:

Travel claim (home country/ NY/ Nairobi) should be settled by Nairobi Office, UNAMIR. Also, travel claim in conjunction with investigation within the region must be settled by the same office. FALD will handle travel claims on repatriation (Nairobi/ home country).

11. Visas:

Kenyan visas and visas for the country where flights are connected will be obtained in New York if necessary. The other visas for the countries which the Commission plans to visit will be arranged in Nairobi.

12. Subsistence Allowance:

Due to the short term and frequent travel of the commission members, they will be entitled to receive appropriate DSA (higher rate for D-1 and above is applicable), for travel within the region, provided that their stay does not exceed more than one month in one location. For instance, the members should receive DSA payment while they are in Nairobi. Therefore, there will be no provision for the payment of retained accommodation. If travel is completely organized by UN vehicle or UN air craft, no terminal expense should be reimbursable.

13. Allotment Advice:

OPPBA authorized FALD to temporarily borrow necessary funds from UNTSO's budget (UNA-02131-XXX) until further notice.

14. Initial Expense:

Below is the estimated cost for the Commission based on one-way travel to Nairobi with DSA for New York and terminal expenses. The costs of DSA in Nairobi and in the region are not included.

CLIMATE

Approximately 80 per cent of the country is arid lowland ranging from the scrub of the coastal hinterland to the very dry eastern and northern areas. In the middle altitudes, grasslands abound, and in the plateau and upland areas ranging between 1,500 metres and 2,800 meters, some of the best agricultural land of Africa is to be found. Moving westward, the altitude gradually decreases to the basin of Lake Victoria.

Climate variations are due mainly to changes in altitude and the monsoon with a distinct seasonal variation in rainfall in most of the country. In Nairobi, the "long rains" normally occur from March through May, and a second shorter rainy season extends from mid-October to mid-December, with an annual mean of 1,080 mm. On the coast, the "long rains" are extended and in the Lake Victoria region, the rainfall is more evenly distributed throughout the year.

There is a slight seasonal variation in temperature, June, July and August being the cooler, and January through March the warmer months. Altitude is a more important factor in temperature variations: Nairobi (1,798 metres) can be very warm in bright sun and rather cool at night at any time of the year. Campers in the Nyandarua range (3,000 metres) are likely to find ice on their drinking water at dawn in the hot season.

UTILITIES

The water supply in Nairobi is quite reliable and tap water is normally safe to drink. In other towns and the rural areas, tap water should be boiled before use, unless one is staying in a major hotel. Domestic water heating is normally provided through individual water heating units which are run on electricity. The electricity is 240 volts, 50 cycles AC, single phase. Socket adaptors are readily available. It is advisable to make sure that all appliances brought to Kenya meet these specifications, otherwise a transformer must be used.

CLOTHING

Nairobi shops cater for all tastes and ages. However, the range and sizing of imported garments is both limited and expensive, and experts and their families should bring as complete a wardrobe as possible.

If assignments are to be carried out in lower and therefore hotter regions than Nairobi, a variety of sports-type clothing is necessary and can be found in Nairobi at reasonable prices. Safari clothes for men and women are also available locally at reasonable prices.

Men normally wear a jacket and tie at dinner in hotels and restaurants. Shorts are worn during the day in the warmer areas but not in Nairobi where trousers, shirts and ties are general attire. Men's hats are not generally worn and top coats rarely used (although an umbrella and possibly a raincoat are necessary in the wet season). The locally available range of suiting material is generally adequate for most needs. Shops carry a satisfactory range of shirts, underwear, socks, ties, etc.

GENERAL

S/RES/1013 (1995)
7 September 1995

RESOLUTION 1013 (1995)

Adopted by the Security Council at its 574th meeting,
on 7 September 1995

The Security Council,

Recalling all its previous resolutions on the situation in Rwanda, in particular its resolutions 918 (1994) of 17 May 1994, 997 (1995) of 9 June 1995 and 1011 (1995) of 16 August 1995,

Having considered the letter of the Secretary-General to the President of the Security Council dated 25 August 1995 (S/1995/761) on the establishment of a commission of inquiry,

Having also considered the note verbale of 10 August 1995 from the Government of Zaire to the President of the Security Council (S/1995/683) and welcoming the proposal of the Government of Zaire contained therein for the establishment under the auspices of the United Nations of an international commission of inquiry and its offer to assist such a Commission,

Recognizing that destabilizing influence in the Great Lakes region, including the illegal acquisition of arms, is prevented by the cooperative efforts of all Governments concerned,

Expressing once again its grave concern at allegations of the sale and supply of arms and related matériel to former Rwandan government forces in violation of the embargo imposed under its resolutions 918 (1994), 997 (1995) and 1011 (1995), and underlining the need for Governments to take action to ensure the effective implementation of the embargo,

Underlining the importance of regular consultations between the Commission of Inquiry and the countries concerned, as appropriate, in view of the necessity to respect the sovereignty of States in the region,

1. Requests the Secretary-General to establish, as a matter of urgency, an International Commission of Inquiry, with the following mandate:

95-27125 (E)

(a) To collect information and investigate reports relating to the sale or supply of arms and related matériel to former Rwandan government forces in the Great Lakes region in violation of Council resolutions 918 (1994), 997 (1995) and 1011 (1995);

(b) To investigate allegations that such forces are receiving military training in order to destabilize Rwanda;

(c) To identify parties aiding and abetting the illegal acquisition of arms by former Rwandan government forces, contrary to the Council resolutions referred to above; and

(d) To recommend measures to end the illegal flow of arms in the subregion in violation of the Council resolutions referred to above;

2. Recommends that the Commission to be appointed by the Secretary-General be composed of five to ten impartial and internationally respected persons, including legal, military and police experts, under the Chairmanship of an eminent person, and assisted by the appropriate support staff;

3. Calls upon States, relevant United Nations bodies, including the Committee established by resolution 918 (1994), and as appropriate, international humanitarian organizations, and non-governmental organizations, to collate information in their possession relating to the mandate of the Commission, and requests them to make this information available as soon as possible;

4. Requests the Secretary-General to report to the Council on the establishment of the Commission, and further requests him to submit, within three months from its establishment, an interim report on the conclusions of the Commission and, as soon as possible thereafter, to submit a final report, containing its recommendations;

5. Calls upon the Governments of the States concerned in which the Commission will carry out its mandate to cooperate fully with the Commission in the fulfilment of its mandate, including responding positively to requests from the Commission for security, assistance, and access in pursuing investigations, including:

(a) Adoption by them of any measures needed for the Commission and its personnel to carry out their functions throughout their respective territories with full freedom, independence, and security;

(b) Provision by them of all information in their possession which the Commission requests, or is otherwise needed to fulfil its mandate, and free access for the Commission and its staff to any relevant archives;

(c) Freedom of access at any time, for the Commission and its staff to any establishment or place as they deem necessary for their work, including border points, airfields, and refugee camps;

(d) Appropriate measures to guarantee the safety and security of the members of the Commission and guarantees from the Governments of full respect for the integrity, security and freedom of witnesses, experts and any other persons working with the Commission in the fulfilment of its mandate;

(e) Freedom of movement for members of the Commission, including freedom to interview any person in private, at any time, as appropriate;

(f) The grant of relevant privileges and immunities in accordance with the General Convention on the Privileges and Immunities of the United Nations;

6. Recommends that the Commission begin its work as soon as possible and to this end requests the Secretary-General to pursue his consultations with the countries of the region;

7. Calls upon all States to cooperate with the Commission in facilitating its investigations;

8. Encourages States to make voluntary contributions to the Secretary-General's United Nations Trust Fund for Rwanda as a supplement to financing the work of the Commission as an expense of the organization, and to contribute through the Secretary-General equipment and services to the Commission;

9. Decides to remain seized of the matter.

International Commission of Inquiry relating to the sale or supply of arms

Cost estimates for the period 1 October 1995 to 31 March 1996

Supplementary information

The present cost estimates cover the budgetary requirement for a six month period, 1 October 1995 to 31 March 1996, in respect of this international commission which is expected to be in place by late October, 1995.

The mission subsistence allowance (MSA) established for Nairobi, Kenya, from which this commission will operate primarily, is \$102 per day. A supplement of 25% is paid for MSA at the ASG/USG level.

Explanations with respect to major categories of expenditure are provided below.

(United States
dollars)

1. Civilian personnel costs

(a) International and local staff 495 000

17 + 1 cleaners

Allowance is made for civilian international and local personnel costs for 3 professionals, 5 government-provided experts, 1 general service, 3 security service, and 6 locally recruited staff (2 interpreters, 1 driver, 2 clerks, 1 cleaning person) as reflected in Annex III. Salary costs are estimated at \$151,500 for international staff and \$13,000 for local staff. Common staff costs for international and local staff are estimated at \$68,800 which includes round-trip travel to and from the mission area; while travel to and from the mission is estimated at \$13,300 (\$2,660 round-trip per person) for Government-provided experts. Mission subsistence allowance is provided at \$213,400 of which \$98,800 is payable to the five Government-provided experts. Furthermore, provision is made for members of the Commission and the chairman to travel to New York for preliminary briefings from 25-27 October prior to travelling to the mission area. Travel and DSA for this purpose total \$11,600 (\$1,330 one-way travel plus New York DSA at \$201 per day). The deployment of personnel is reflected in Annexes IV and V.

Salary and common staff costs of international staff are based on the Standard Salary Costs manual Version 48/01 for New York.

2. Premises 9 900

The commission will be afforded office space within the UNEP complex in Nairobi at no charge. However, provision of \$2,400 is made for maintenance supplies and services for this period. An amount of \$7,500 is also included under utilities in respect of electricity.

3. Transport operations

(a) Rental of vehicles 36 200

Provision is made for the rental of up to four vehicles during this six-month period at a rate of \$50 per day, totalling \$36,200. Rental of vehicles is provided for in lieu of procuring vehicles due to the mobile nature of the commission, the indefinite length of its investigations, and to eliminate the requirement for vehicle maintenance.

(b) Petrol, oil and lubricants 4 700

Provision is made for POL for 4 rental vehicles at a daily usage rate of 12 litres per vehicle and \$0.54 per litre (\$6.50 per day per vehicle) for the period in question.

4. Air operations

Fixed-wing --

Provision is made for fixed-wing transportation from Nairobi to Kigali via normally scheduled UNAMIR L-100 and B-200 flights in order for the commission to obtain the helicopter services required to support its activities. These fixed-wing services will be coordinated through UNAMIR's air operations center at no cost to the commission.

Helicopter 186 000

Provision is made for transportation in and out of Rwanda, estimated at 20 flying hours per month at a cost of \$1,550 (all inclusive) per flying hour for a six month period. The helicopter will be obtained from the UNAMIR fleet when required and costing is to cover reimbursement to UNAMIR for this additional flying requirement.

5. Commercial communications 60 000

Pouch, telex and other charges are also provided for in the amount of \$10,000 per month, for the period in question.

6. Other equipment 36 700

Provision is made to cover equipment required for the start-up of a liaison office in the UNFP complex including four computers and two printers, one photocopy machine, one crypto fax, six desks and chairs, two air conditioners, one typewriter, three cameras, four pairs of binoculars, one filing cabinet and one safe. Annex VI refers.

7. Supplies and services

(a) Miscellaneous services 9 000

An amount of \$1,500 per month is provided for miscellaneous services.

(b) Miscellaneous supplies 9 000

To cover the cost of stationery, office supplies, subscriptions and other miscellaneous expenses, an amount of \$1,500 per month has been estimated.

8. Air and surface freight

Commercial freight and cartage 10 000

Provision has been made for freight charges in the amount of \$10,000 for items that may be made available by UNAMIR in support of the commission.

9. Staff assessment 55 500

Provision of \$61,000 has been made in accordance with the standard rates in Standard Salary Cost version 48/01 for 1995.

10. Income from staff assessment (55 500)

This equates to item 9 above.

LETTER DATED 16 OCTOBER 1995 FROM THE SECRETARY-GENERAL
ADDRESSED TO THE PRESIDENT OF THE SECURITY COUNCIL

I have the honour to refer to Security Council resolution 1013 of 7 September 1995, by which the Council requested me to establish, as a matter of urgency, an International Commission of Inquiry to investigate reports of military training and arms transfers to former Rwandan government forces.

I wish to inform the Council that arrangements for the establishment of the Commission have been completed. The Commission will consist of six members, as follows:

Ambassador Mahmoud Kasseem, Egypt (Chairman)
Inspector Jean-Michel Hanssens, Canada

COMMUNIQUE DE PRESSE**UNAMIR NR 95-38****19 juillet 1995****RAPPORT SUR LA VENTE OU LA LIVRAISON D'ARMEMENTS ET DE MATERIELS
DESTINES A ETRE UTILISES AU RWANDA**

Le Conseil de sécurité avait à examiner un rapport du Secrétaire général daté le 9 juillet (S/1995/552) sur l'application de l'embargo sur les armes contre le Rwanda et les factions rwandaises dans les pays voisins, décidée par la résolution 918 (1994) du Conseil de sécurité.

Le rapport décrit les résultats des consultations tenues entre l'Envoyé spécial du Secrétaire général et les pays voisins du Rwanda sur la possibilité de déployer des observateurs militaires des Nations Unies dans leur territoire respectif, y compris aux aéroports situés dans l'Est du Zaïre, afin de contrôler la vente ou la livraison des armements et des matériels. Le rapport note que le Rwanda et le Burundi ont salué la proposition alors qu'une forte opposition existe dans certains pays au déploiement d'observateurs des Nations Unies.

Le rapport était soumis conformément à la résolution 997 (1995) du 9 juin qui soulignait que les restrictions du Conseil imposées au terme du chapitre VII de la Charte par la résolution 918 (1994) sur la vente ou la livraison des armements et des matériels concernaient des personnes se trouvant dans des Etats voisins si l'objet de cette transaction était l'utilisation au Rwanda aux fins de déstabilisation de ce pays.

La résolution invitait ces Etats à prendre des mesures pour s'assurer que les armements et les matériels n'étaient pas transférés dans les camps rwandais se trouvant sur leur territoire. Elle demandait aussi au Secrétaire général de consulter les gouvernements voisins et de faire rapport au Conseil sur la question un mois au plus tard après l'adoption de la résolution.

L'Envoyé spécial du Secrétaire général s'est rendu au Rwanda et dans les pays voisins du 20 au 28 juin. Il a constaté que tous les pays renouvelaient leur appui aux efforts déployés pour éviter la reprise des hostilités au Rwanda et soulignaient le lien entre la stabilité au Rwanda et la situation dans la sous-région de manière générale. Ils ont manifesté une réelle inquiétude non seulement sur la gravité des risques que court la sous-région, mais aussi la nécessité, pour eux, de prendre des mesures individuelles et collectives en vue de redresser la situation et l'empêcher de dégénérer en conflit. Alors que de l'avis général on estimait que la responsabilité principale incombait au Gouvernement du Rwanda, l'intérêt d'une action au niveau régional était généralement reconnu.

L'Envoyé spécial a mis l'accent sur la préoccupation du Conseil de sécurité compte tenu des informations qui, de plus en plus, faisaient état d'activités militaires qui menacent de déstabiliser le Rwanda. Tous les pays voisins ont réitéré leur appui aux efforts pour prévenir la reprise des hostilités et pour assurer le retour et la réinstallation des réfugiés, ainsi que pour promouvoir une réconciliation durable. Ils sont convenus qu'une approche plus large, avec la participation du Rwanda et de ses voisins et l'appui de la communauté internationale offrirait de meilleures opportunités à une solution durable de la crise.

Les responsables rencontrés au Rwanda se sont félicités de l'initiative prise par le Conseil de sécurité en proposant de déployer des observateurs militaires dans les pays voisins tout en soulignant qu'il était indispensable de traduire en justice les instigateurs du génocide de 1994.

Le Gouvernement du Burundi a salué l'initiative du Conseil de sécurité.

En contraste, le Gouvernement de la République unie de Tanzanie a refusé d'envisager un déploiement d'observateurs militaires sur son territoire, suggérant plutôt que l'ONU renforce sa présence militaire au Rwanda pour s'assurer que les réfugiés puissent rentrer chez eux en toute sécurité. Il a noté que le principal obstacle à leur retour se trouvait au Rwanda et non dans les pays voisins.

Selon le rapport, l'Ouganda n'était pas hostile à la proposition du Conseil, mais n'a manifesté aucun enthousiasme. Il a douté de l'efficacité du déploiement proposé et des résultats qu'il permettrait d'obtenir. Ce pays a estimé que le Conseil devrait plutôt se pencher sur les causes de la crise et identifier les pays qui apportent leur concours aux livraisons d'armes aux ex-forces gouvernementales rwandaises et à l'entraînement militaire de ces troupes.

Le Gouvernement du Zaire, tout en se déclarant favorable à toute action efficace qui pourrait empêcher la déstabilisation du Rwanda, a, une fois encore, vigoureusement rejeté les récentes accusations selon lesquelles il aidait les ex-forces gouvernementales rwandaises en leur fournissant des armes et en assurant leur entraînement pour leur permettre d'attaquer le Rwanda. Il a fait observer qu'il avait demandé la création, sous les auspices de l'ONU, d'une commission internationale d'enquête chargée d'examiner les accusations portées et de clarifier définitivement la situation. Le Gouvernement zaïrois a rappelé avoir accueilli des millions de réfugiés du Rwanda et du Burundi, et ce, malgré le mécontentement de sa propre population.

PRESS RELEASE

UNAMIR NR 95-38

19 July 1995

REPORT ON SUPPLY OF MATERIEL FOR USE IN RWANDA

In his report dated 9 July 1995 (S/1995/552) on the implementation of the arms embargo imposed against Rwanda and Rwandan factions in neighbouring countries by Security Council resolution 918 (1994), the Secretary-General of the United Nations describes the results of consultations held between his Special Envoy and the countries neighbouring Rwanda on the proposed deployment of United Nations military observers in their respective territories, including at the airfields located in eastern Zaire, to monitor the sale or supply of arms and matériel. The report states that although Rwanda and Burundi welcomed the proposal, there was strong opposition in some countries to the deployment of United Nations observers.

The report is issued in accordance with resolution 997 (1995) of 9 June which affirmed the Council restrictions imposed under Chapter VII of the Charter by resolution 918 (1994) applied to the sale or supply of arms and matériel to persons in the States neighbouring Rwanda, if they were for use within Rwanda. The resolution called upon those States to take steps to ensure that arms or matériel were not transferred to Rwandan camps within their territories. It also requested the Secretary-General to consult with the neighbouring governments and to report to the Council on the matter within one month.

The Secretary-General's Special Envoy visited Rwanda and its neighbouring countries from 20 June to 28 June. He found that all countries reiterated their support for efforts to prevent the resumption of armed conflict in Rwanda and stressed the link between stability in Rwanda and the situation in the subregion generally. They showed a growing recognition not only of the gravity of the risks confronting them but also of the need for them to take individual and collective measures to address the dangers. While many took the view that the primary responsibility lay with the Government of Rwanda, there was general acknowledgement of the value of action at the regional level.

The Special Envoy emphasized the Council's concern over increasing reports of military activities that threatened to destabilize Rwanda. All of the neighbouring countries reiterated their support for efforts to prevent the resumption of armed conflict and to ensure the return and settlement of its refugees and to promote lasting reconciliation. They agreed that a broader approach, with the involvement of Rwanda and its neighbours and the support of the international community, would offer better opportunities for a lasting solution to the crisis.

Officials in Rwanda welcomed the proposed deployment of military observers in neighbouring countries but emphasized the need to bring to justice those who had masterminded the genocide in 1994. The Government of Burundi welcomed the Security Council's initiative.

In contrast, the Government of the United Republic of Tanzania refused to consider the deployment of military observers in its territory, suggesting instead that the United Nations strengthen its military presence in Rwanda to ensure the safe return of refugees. It stated that the main obstacle to their return was in Rwanda itself.

According to the report, Uganda neither objected to nor showed enthusiasm for the Council's proposal. It stressed that the Council should address the causes of the crisis and identify the countries that were providing support for the delivery of weapons and military training to the former Rwandan government forces.

The Government of Zaire, while expressing support for any effective action that could prevent the destabilization of Rwanda, again denied accusations that it was aiding the former Rwanda government forces with arms and training to enable them to attack Rwanda. It recalled that it had called for an inquiry, under United Nations auspices, to investigate those allegations. It pointed to the millions of refugees from Rwanda and Burundi it had welcomed despite the resentment of its own population.
