To: FC
From: CEO 
Through: C Plans
Info: DFC/COS
Date: 11 Feb 94
Subject: Approval for security instruction proposal.

1.Sir, my previous letter dated 16 Dec 93 concerning the same matter unfortunately remained unnoticed but life autonomously verified the need to have the approved instruction widely disseminated. The best example for it are msgs produced by Mr.J.F.Faivre from UNDP describing how a rifle grenade has been delivered to him by a fearless lady from "Medecines du Monde", as well as msg from DMZ Sec.HQ regarding storage of "... launcher bombs and hand grenades..." in DMZ Sec.HQ.

Based on this case it is obvious why the instruction should be immediately distributed not only among NGOs' members but also among military personnel to avoid casualties.
French and Kinyarwanda versions are also prepared.

2.Attached please find an multi-language version of the instruction for approval as well as for further utilization.

3.Regards.

SUBJECT: BASIC SECURITY MEASURES AGAINST MINES.

1. GENERAL

In the past three years Rwandan territory was a theatre of warfare featured by intensive maneuverability of both fighting factions. On the formerly occupied area units pulling out very often left various kinds of mines, booby-traps or even by any chance unexploded grenades. Now security situation for all personnel carrying out their responsibilities in area of operation is particular, because most of them see reality without keeping in mind the recent Rwandan history full of war horrors, and they rather incline to see this country as a tourist resort. A significant example could be a great number of crippled locals.

2. PHYSICAL SECURITY.

DRIVING A VEHICLE ON ROUGH TERRAIN ROUTES.

A. Remember to comply a rule of limited confidence, and always try to cover old tracks or even routes, because

usually you can only be certain of your security on the roads where minimal traffic exists.

B. Avoid stopping your vehicle on narrow ways, because in most cases any other users of the road will try to overtake your vehicle even sometimes using a roadside.

C. Parking of vehicles on a mountainous roads near rocky slope, especially where there is no revetments, is always hazardous because of falling stones may to occur during rainy seasons.

D. Avoid walking along a roadside as well as going outside a road surface under no pretext.

If by any chance there are any dangerous ordnance it would be rather impossible for non specialist and without mine detector immediately to ascertain such a place.

E. When driving even on the very well known terrain road always avoid ramming against freshly filled up holes, spots covered with e.g. branches, tufts of grass or other natural materials locally found.

F. In the case of leaving or parking a vehicle for a longer period of time supervision of a trust worthy person is strongly recommended.

G. Driving during darkness always is related to a high level of risk.

- sometimes one could very easily mistake the way and in result of that be forced to pass through an unknown part of a route or even to carry out some vehicle maneuvers on a non inspected area.

Always plan your duty trip so that it could be completed before dark fell.

PEDESTRIAN TRAFFIC

A. Before you make a choice of your way in an unknown terrain always move along on the routes used by locals.

B. Avoid areas where warfare traces like remains of trenches, ruins of shelters, edifices, fragments of ordnance, and metalic pieces are visible.

C. Do not collect any strange gadgets of military origin even if the locals offer you similar things for sale with conviction that they are completely safe.

D. Do not enter ruins of unused military installations if you have no clear reason for that.

E. Do not approach sites where there are any strange metal or plastic elements partially jut out from earth. Comply with the same rule in the cases when thin tensioned wires stretched on earth are visible.

F. It is imperative to never satisfy your politechnic interests by dismantling any unknown ordnance even if it seems to you that you could manage it by yourself.

G. If by any chance you will find something which is seemingly dangerous in your environment do not take a risk, do not touch a find, secure it by enclosing the spot with e.g. stones, pickets etc. and fixing to such a fence a carton board with an appropriate information likewise e.g. **"DANGER - MINE - DO NOT TOUCH IT"**, and for security reasons you are kindly requested to contact immediately the **Engineering Cell of UNAMIR Force HQ - maj. Maczka** ph.no`s 84281, 2, ext.1012 or Duty Offr ext.1035 to convey exact data regarding a find:

- date when a find was found
- exact discription of a spot where a find is located
- the name, and an address of the informing person

H. Remember that only a mine clearing team is entitled to remove mines or other dangerous ordnance being found.

4. Listed above is a non - exhaustive list of security precaution which is advisable.

Objet: les mesures élémentaires de sécurité contre les mines.

1. Comme vous le savez, la territoire Rwandaise a été un champs de bataille pendant 3 ans, une guerre caractérisé par les activités militaires intense. Cependant, le FAR et la FPR ont été obligé de quitter les zones de combat. Il est possible que ils ont minés les territoires qu'ils occupaient. Pour la seule raison de sécurité des gens qui doivent aller travailler dans les zones démilitariser, il est à conseiller que ils prennent leurs dispositions. Il faut bien remarquer qu'il y a des piégés comme, mines, grenades...

2. Pour votre sécurité:

A. Suivez la loi de "confiance limite". C'est à dire que quand vous conduisez sur les mauvaise routes dans la zones démilitariser, Il est mieux de conduire sur la route déjà utilisé. Celle-ci est plus sure.

B. Eviter de bloquer le passage surtout quand il s'agit d'une petite route. Ceci permettra ceux qui veulent vous dépasser de ne pas conduire hors de la route (souvent a la chance d'être miné).

C. Eviter de garer votre voiture en bas d'une montagne rocailleuse, surtout quand il n y a pas de revêtement. Ceci parce que avec la pluie, les grosses pierres, grenades, mines.. peuvent tomber sur votre voiture.

D. Eviter de marcher au bord de la route ou même d'aller au-delà de la rue. Si vous voyez un ravitaillement dangereux, il ne faut pas le toucher seule les spécialistes, ou un détecteur peuvent le détecter.

E. Eviter de vous enfoncez dans les trou, parce que vous ne serrez pas si c'est un trou de mine ou pas.

F. Si vous désirer garer votre voiture pendant longue période, il vous est confié de trouver un gardien confiant.

G. Les risques de conduire pendant la nuit sont grande:

- Conduire la nuit est risquant, on peu facilement se tromper et prendre le sentier qu'on connaît pas et qui par conséquent n'a pas été inspecté.

- Arrangez-vous pour ne pas conduire la nuit.

3. POUR LES PIETONS

A. Utiliser les sentiers, ou les chemins déjà utilisés si vous n'étiez pas familier avec la route.

B. Eviter les zones où les traces de guerre existent, les objets métalliques qui sont visibles, les édifices, les ravitaillements, sont à éviter.

C. Ne pas prendre les objets militaire, même si les payants vous les offrent.

D. N'entrez pas dans les endroits ou les bases militaires étaient localisés, ou les combats se sont déroulées.

E. Ne vous approchez pas des endroits ou les filsbarberes, objets en plastique... sont visible.

F. Il est impératif de ne pas démonter, ramasser les ravitaillements étrangers.

G. Nous vous approcher pas des objets qui ne vous est pas familiers mais, mettez des pancartes ou c'est écrit " Ne touchez pas, danger de mine". Ceci permettra aux passants d'être conscient de la possibilité de la possibilité de l'existante des mines dans cet zone.

Pour des raisons de sécurité on vous demanderez de vouloir rapporter dans l'immédiat au siège de la MINUAR Section: ingénieur Maj. Maczka. Tél no 84282/3 ext. 1012 ou 1035, la découverte de n'importe quel objet dont vous soupçonnez être mines ou grenades. Vous y mettez:

- La date à laquelle l'objet est trouver.
- La description exact de l'endroit ou l'objet est trouver.
- le nom et l'adresse de la personne qui donne cet information.

H. N'oubliez pas qu'une équipe de déminage est là pour enlever tout les mines trouver.

4. Il existe d'autres precautions à prendre qui n sont pas sur cette liste.

SUBJECT: STATUS OF CIVILIANS/CDN HIGH COMMISSION	
REFERENCE: OUR FAX OF 8 JULY 1994	

1. WHILE THE CONCERN EXPRESSED REGARDING THE STATUS OF FORMER RWANDAN EMPLOYEES OF THE CDN HIGH COMMISSION IS WELL UNDERSTOOD, I WOULD ASK YOU TO PASS ON TO THE HIGH COMMISSION STAFF THAT UNAMIR HAS BEEN DOING ALL IT CAN FOR ALL RWANDANS. OUR FAX AT REF PROVIDED AN UPDATE OF THOSE EMPLOYEES ABOUT WHOM WE HAD INFORMATION FROM YOU. HOWEVER THERE IS VERY LITTLE ELSE WE CAN DO AT THIS TIME. WE ARE PRESENTLY HEAVILY INVOLVED IN MOVING LARGE NUMBERS OF DISPLACED RWANDANS AND IN TRACING AS MANY AS POSSIBLE OF THE MISSING PERSONS ON OUR LIST. AT PRESENT THE LIST HAS MORE THAN THREE THOUSAND NAMES.

2. WE WILL ATTEMPT TO DO AS MUCH AS WE CAN FOR THE PERSONS YOU ARE CONCERNED ABOUT BUT I MUST ASK YOU TO BE PATIENT AS I HAVE NEITHER THE MEANS NOR THE MADATE TO CONCENTRATE ON A PARTICULAR GROUP. OVER THE NEXT FEW DAYS, I WILL BE ATTEMPTING TO ORGANIZE SOME SORT OF MISSING PERSONS BUREAU IN HOPES THAT THE MANY RWANDANS WHO HAVE LOST TOUCH WITH FAMILY MEMBERS MAY BE HELPED TO FIND THEM.

3. WE HAVE LOOKED INTO THE CONDITION OF MR PROVOST'S RESIDENCE AND WERE ABLE TO SALVAGE A FEW PERSONAL EFFECTS LEFT BY LOOTERS. HIS HOUSE IS INHABITABLE BUT WOULD NEED CLEANING, REFURNISHING AND SOME REPAIRS, PARTICULARLY WINDOWS. WE WILL BE CHECKING INTO THE STATUS OF OTHER RESIDENCES THAT WE ARE AWARE OF AS TIME PERMITS BUT DO NOT EXPECT TO FIND MUCH LEFT IN VIEW OF THE VERY ACTIVE AND VERY WELL ORGANIZED LOOTING CARRIED OUT OVER THE PAST FEW DAYS. WE HAD NOT THE TROOPS TO COMMIT TO THE KIND OF SECURITY TASK THAT GUARDING RESIDENCES AGAINST LOOTING WOULD HAVE ENTAILED.

4. IN REGARDS TO THE QUESTION OF THE PRESENCE OF PAUL WATSON, WE WERE INDEED AWARE THAT HE WAS IN KIGALI BUT CANNOT CONFIRM HOW HE GOT HERE UNTIL MAJ PLANTE RETURNS ON MONDAY. SURELY THE IMPORTANT POINT HERE IS THAT THE ARTICLE YOU ARE CONCERNED WITH TAKES THINGS OUT OF CONTEXT. DURING THE WORST PART OF THE RECENT TERROR, THERE WERE ONLY TWO CANADIAN OFFICERS ON THE GROUND IN KIGALI. TO SUGGEST THAT CANADA SHOULD TAKE MORE RESPONSIBILITY FOR THOSE WHOM SHE EMPLOYS IS TO SIMPLY TO SUGGEST THAT SHE PUT THE MEANS IN PLACE TO DO SO. I GUESS TWO OFFICERS ARE NOT QUITE ENOUGH. PERHAPS MR WATSON REALLY WANTED CANADA TO SEND IN ENOUGH TROOPS TO DO THE JOB.

1. POINTS OF CONCERN ARE AS FOLLOWS:

- A. FOLLOWING SENIOR HUMANITARIAN OFFICER'S VISIT TO AIRPORT IT WOULD APPEAR AT THIS TIME THAT UNAMIR HAS NO OFF- LOADING CAPABILITY AT THIS TIME AS WELL AS NO ABILITY TO DO MAJOR TRANSPORT OF CARGO;
- B. A VERIFICATION WITH LOGISTIC OPERATIONS INDICATES THAT APPROXIMATELY 15 VEHICLES ARE AVAILABLE FOR TRANSPORTING GOODS, THREE OF WHICH ARE 5 TON VEHICLES HOWEVER, THESE VEHICLES COULD NOT BE PERMANANTLY DEDICATED TO A RESUPPLY TASKING;
- C. HUMANITARIAN ASSISTANCE TEAMS OPERATING IN UNAMIR AREA WOULD CO-LOCATE AND TIE IN WITH OVERALL UNAMIR SECURITY ARRANGEMENTS;
- D. UNAMIR COULD SUPPLY TO THE AMAHORO STADIUM, THE KING FAISAL HOSPITAL AND THE HOTEL MERIDIEN SAFELY;
- E. UNAMIR COULD ALSO RESUPPLY TO RPF CONTROLLED AREAS SAFELY;
- F. RESUPPLY TO POINTS CONTROLLED BY RGF IS NOT SAFE DUE TO ACTIVITIES OF LOCAL MILITIAS AND THE REQUIREMENT FOR EXTENSIVE NEGOTIATION AND THE PRESENCE OF HEAVILY ARMED RGF/GENDARMERIE ESCORT FOLLOWING AGREEMENT; AND
- H. RESUPPLY TO RGF CONTROLLED AREAS MAY BE POSSIBLE THROUGH A TRANSFER OF SUPPLIES TO THE ICRC WHO HAVE BETTER RELATIONS WITH THE RGF HOWEVER, THIS WOULD REQUIRE APPROVAL FROM GENEVA.

Dear Sir,

Our attention has been drawn to a memorandum CMO/047/94 dated 16 May 94 UNAMIR Acting CMO on the subject of security clearance for UN Agencies and NGOs intending to travel to RPF held zone from Uganda. In this regard, we wish to point out that the measure is an unnecessary interference and impediment to the work of NGOs who come to our zone for relief and humanitarian assistance to the large number of needy civilian population. The instructions conveyed an impression that insecurity prevails in our zone and that the French envoy was deliberately ambushed. Yet it was an oversight by the UN not to inform those concerned that the envoy will be passing in a fighting zone. It should be noted that NGOs have been operating in the zone without any incident and with all possible care for their security being taken by us.

~~We are~~ seriously, the procedure puts UNAMIR in a position to deny or authorise entry into Rwanda which is a prerogative outside the UNAMIR's mandate. We wish to point out that an assistance mission cannot substitute itself to the constituted or de facto authorities in the country.

We therefore trust that this unnecessary measure will be withdrawn forthwith and NGOs will continue operating in accordance with the security guidelines approved during our coordination meeting of 13 May 1994.

The High Commissioner has been requested by Archbishop Michael Peers, Primate of the Anglican Church of Canada, to facilitate the transit through Kenya of Reverend Karuhje to Tanzania to join his family residing there.

This is to confirm that the Tanzanian High Commission has in Nairobi agreed to issue a visa in this case provided the Reverend has a valid travel document.

Monsieur le Commandant de la MINUAR

O B J E T : Statut de l'Aéroport
International de KIGALI.

REFERENCE : Votre lettre du 21 Avr 1994.

Monsieur le Commandant,

Je vous transmets en annexe mes
observations quant aux conditions nécessaires pour assurer la
neutralité et la sécurité de l'Aéroport telles que reprises dans
votre lettre en référence.

a. En effet, comme il a été constaté à plusieurs reprises, le
FPR utilise la MINUAR pour la protection de ses positions de
combat en prétextant la présence des membres de la MINUAR sur
ses positions pour empêcher les FAR de riposter aux tirs
ennemis en provenance des positions FPR(CND, MERIDIEN, STADE
AMAHORO, QG MINUAR etc...).

Il serait alors inacceptable que cette situation se reproduise
à l'Aéroport international de KIGALI. C'est pourquoi je vous
propose les conditions reprises en annexe de la présente qui
sont de nature à assurer une neutralité positive de l'Aéroport

b. Je prends bonne note également de l'engagement du FPR par
écrit à respecter le nouveau statut de l'Aéroport de KIGALI.
Cet engagement par écrit devra ressortir expressément la
bonne foi du FPR, pour ne pas tenter de s'emparer de l'Aéroport

Veillez agréer, Monsieur le Commandant
de la MINUAR, l'expression de ma très haute considération.

Les conditions nécessaires pour assurer la neutralité et la sécurité de l'Aéroport.

- a. Les FAR et la Gendarmerie doivent se retirer de l'Aéroport et de ses environs immédiats sauf les militaires de l'aviation et la Gendarmerie aéroportuaire.
- b. L'établissement d'une zone de sécurité, autour de l'aéroport d'au moins 300 mètres pour les tirs d'armes lourdes et les installations de ces armes lourdes au moins à 1000 mètres (1 kilomètre).
Tous les tirs des FAR et FPR doivent être évités par les mortiers et autres systèmes d'armes dans la zone neutre dite de sécurité dont les limites sont définies ci-dessus.
- c. La défense éloignée de l'Aéroport est assurée par les FAR.
- d. Les FAR et le FPR ne doivent pas utiliser la force pour pénétrer dans la zone de sécurité.
- e. L'Aéroport est ouvert pour des raisons strictement humanitaires jusqu'à la conclusion d'un accord de cessez le feu. Après cet Accord les conditions qui prévalaient avant la reprise des hostilités (avant le 07 Avr 94) seront d'application.
- f. Le personnel civil qui travaille à l'Aéroport doit avoir des facilités pour venir travailler. Ces facilités doivent être garanties par la MINUAR.
- g. La MINUAR s'engage à assurer la Neutralité de l'Aéroport par tous les moyens en vue de NE PAS laisser l'Aéroport tomber sous le contrôle du FPR.

Not acceptable. Ref to revisioning at least. The road is the problem. But these are impacts, so they should want 1000m for that also. The question of the road cannot be addressed specifically.

This is for the limits of the zone of security.

This must be part of the cease-fire negotiations. we can prepare special access cards.

ACCORD DE FACILITATION D'AIDE HUMANITAIRE

1. Les deux parties reconnaissent que la situation humanitaire à KIGALI se détériore rapidement suite aux nombreux accrochages. Il y a un manque de nourriture, d'eau potable et de médicaments. La situation est plus spécialement critique dans les Camps de réfugiés et dans les hôpitaux. Il y a toujours plusieurs corps qui jonchent les rues, créant un danger d'épidémie. L'hostilité des troupes combattantes et militaires ne permet pas l'apport d'aide humanitaire au peuple qui souffre.
2. Afin de prévenir une détérioration plus accrue de la situation humanitaire à KIGALI, les deux parties sont prêtes à établir une entente pour la livraison d'aide humanitaire internationale sous la surveillance de la MINUAR.
3. Les parties contrôlant les secteurs devant chaque Camp de réfugiés, et hôpital, vont établir un poste de garde qui sera responsable pour la sécurité du Camp/Hôpital. Des endroits de distribution d'aide humanitaire seront établis par chaque partie dans leur secteur respectif.
4. Les deux parties en cause vont s'informer par l'entremise de la MINUAR de l'existence et de la création de nouveaux Camps/Hôpitaux ainsi que des points de distribution afin d'éviter l'échange accidentel de coups de feu dans ces secteurs.
5. Les deux parties s'entendent pour donner le libre accès et les escortes pour les convois d'aide humanitaire aux observateurs militaires de la MINUAR voyageant vers ou retournant des Camp/Hôpitaux. La zone neutre ne sera traversée qu'avec des escortes de la MINUAR.
6. Chacun des Camps/Hôpitaux, points de distribution et convois d'aide humanitaire doit être clairement identifié par un drapeau blanc avec une croix rouge.
7. Les deux parties s'engagent à respecter une zone de sécurité de 1000 mètres (1 Km) autour de chaque Camp ou hôpital où les combats ne peuvent avoir lieu.
8. Dans le cadre de la salubrité et hygiène publique, les 2 parties conviennent de faciliter l'accès aux techniciens d'ELECROGAZ devant assurer l'entretien de ses installations (zone de captage d'eau-station de pompage et de distribution d'eau-Usine d'épuration-postes de transformation).
9. Chacune des parties devra fournir à la MINUAR un officier de liaison pour l'aide humanitaire. Cet Officier devra avoir ses propres moyens de communication.

FAX NO: 011-254-2-210 675

FROM: Benon Sevan
Senior Security Coordination Officer

FAX NO: 1-212-963-4104

DATE: 21 June 1994

SUBJECT: Security Clearance - Rwanda

[Handwritten signature]

Please be advised that the special security clearance procedures operating for Rwanda are solely due to the exigencies of the humanitarian emergency in Rwanda, and are very much an exception to the rule. This arrangement does not pertain to Burundi, and all travel to Burundi must receive the explicit approval of the Designated Official.

In addition to the above, you are further advised that due to the situation in Burundi, all travel to Rwanda from Burundi by road must also have the approval of the Designated Official Burundi in addition to that of the Force Commander UNAMIR. I should appreciate your ensuring that the correct procedures are observed in future.
Best regards

SUBJECT: PROPOSED SECURITY CLEARANCE AND MONITORING FOR UN
HUMANITARIAN AGENCY STAFF IN RWANDA

1. I have studied your proposed procedures on the above subject and found them generally agreeable and workable.

2. I however have the following observations/comments on aspects of the proposal:

a. Monitoring of the Mission. The proposal for the establishment of HF radio communication between UNAMIR and UN Agencies in Bujumbura and/or the staff in Rwanda is appropriate and is accordingly endorsed. The serviceability state of the HF radio equipment available in UNAMIR is being ascertained and installation will be carried out as soon as this check is completed.

b. Situation Reports (SITREPS) para 2. The reporting/notification procedure outlined in para 2 is agreeable. However, the procedure does not include submission of SITREPS by Agencies for aid missions initiated and completed. To make this procedure complete, I propose that weekly SITREPS on operations be submitted by all Agencies to your office and UNAMIR each Saturday through appropriate channels. This is essential for monitoring and evaluation of the overall humanitarian aid programme in Rwanda.

3. I propose that these draft procedures be finalised and disseminated as soon as possible to all UN Agencies concerned for implementation.

1. I have studied your proposed procedures on the above subject and found them generally agreeable and workable.

2. I however have the following observations/comments on aspects of the proposal:

a. Monitoring of the Mission. It is technically feasible to establish HF radio communication between UNAMIR and UN Agencies in Bujumbura and/or the staff in Rwanda. However, it is not immediately possible to provide this facility. The issue is however being addressed as a matter of priority and you will be advised on the outcome.

b. Situation Reports (SITREPS). The proposed procedures do not include submission of SITREPS by agencies for aid missions initiated and completed. RE: Proposed Security Clearance and Monitoring for UN
Humanitarian Agency Staff in Rwanda

Following communications with each of you, and extensive consultations with the UN agency representatives of UN agencies seeking to provide humanitarian aid in Rwanda, I would like to propose a package of procedures that are meant to:

- o ensure that the UN Security Office in New York receives requests for its approval (including for insurance purposes) in a coordinated fashion;
- o ensure that General Dallaire is well aware of the movements of UN humanitarian agency staff in Rwanda, and is able to provide check-off to ensure that they do not travel to known security problems; and
- o ensure that the UN agency staff have the flexibility required to be able to operate effectively in the often fluid circumstances in Rwanda.

Regarding the last point, at my meeting today with the UN agency representatives in Bujumbura, they pointed out that at present, they now travel up to the border and often have to wait hours, if not days, before they are allowed by the guards at the border to cross. Thus, while they can state in advance their wish to cross the border within a particular window of time, the actual crossing time cannot be realistically predicted with great accuracy.

Within this context, I would propose the following procedures:

1. UN agencies wishing to add or delete a person from the list of persons cleared by the UN Security Office would make this request directly to the UN Security Office, copy to myself and to General Dallaire. The UN Security Office would send its decision directly to the UN agency, copy to myself and General Dallaire.

Please discuss the
SOP/Procedure in

1/5

2. UN agencies would, each Monday, send to myself and General Dallaire their specific plans for any cross-border movements of staff or supplies into Rwanda, as well as movements of staff and supplies within Rwanda, for the next ten days. General Dallaire and myself would reply by the end of the next day (Tuesday) as to whether there are any security problems related to these plans. If there are any substantial changes to these plans (e.g., additional staff wishing to enter Rwanda or a new planned convoy) this would be communicated in advance to myself and General Dallaire.
3. Once a staff member is able to actually cross the border from Burundi, he will immediately contact the UNAMIR office in Kigali. The Operations Cell of UNAMIR will then reply as to whether there is any security reason why this mission should not proceed as planned. Unless some special problems exist, Operations will note the initiation of the mission and its planned itinerary. The staff member will also contact his radio office in Bujumbura to confirm the crossing.
4. Monitoring of the mission will be done directly by the UN agency's radio office in Bujumbura. If any problems are encountered, UNAMIR/Kigali will be informed by the agency office in Bujumbura and/or the staff in Rwanda themselves (via their own HF radios). *So the feedback - early possible?*
5. For staff entering from Uganda, the check-in will be done with the UNAMIR office in Muhindi, and monitoring check-ins will also be done with that office.

I hope that this is agreeable to you, and look forward to your response by Saturday if at all possible.

Thank you.

INTER OFFICE MEMORANDUM

To: Colonel Yaache

From: Major MacNeil

Date: 6 May 1994

Subject: RESPONSE TO QUERIES POSED BY MR ARTURO HEIN REGARDING
CROSS BORDER ASSISTANCE INTO RWANDA

1. Response to question regarding humanitarian assistance in the RGF controlled area :

- a. para 2. as far as a large distribution site is concerned this should be determined by the RGF. We would suggest an UNMO team with armed escort initially followed by just UNMO presence as threat reduced;
- b. para 3. suggest that initial agreement be forwarded with covering letter and agreement be given in required languages, signed by the highest authority, stamped and sufficient copies produced for teams to present to local authorities;
- c. para 6. will arrange for an escort, pass message to CA 0 to arrange for meeting with Christine of RPF for Saturday and will arrange to have HAC rep attend meetings;
- d. para 9 a.(1). FC asks if we have a cleared Humanitarian Channel.... I don't believe we do;
- e. para 9 a.(2). FC suggests staff officer ops with COO but I would imagine he means me or a HAC DO;
- f. para 9 b. Suggest Muhlindi as they are probably more aware of sitreps than Kabale.

So

1. Points noted.

2. See my further staff action on file to the FC.

Under-Secretary-General Hansen consulted again today with DPKO and confirms that humanitarian activities should continue to be planned for both north and south Rwanda, although no strict adherence to simultaneous delivery is required.

It is confirmed that prior consultation should take place with UNAMIR Force Commander Dallaire and with the Humanitarian Coordinator before specific operations are undertaken.

While WFP engages systematically in this process of consultation it should continue with operations that were initiated yesterday in southern and northern Rwanda.
