3 April 2013

Excellency,

In our capacity as the co-Chairs of the Group of Friends on Sustainable Energy for All, we would like to invite you to address a High Level engagement that we are jointly sponsoring on "Sustainable Energy for All (SE4ALL)" on 22 April, 2013 in New York.

We are pleased at the progress under your initiative. We note that on 19 April 2013 the Advisory Board of this Initiative will be announced and that it will hold its first meeting in Washington D.C. In our view, we should also avail this opportunity to present an update on the SE4ALL initiative to UN Member States and other relevant stakeholder in New York.

As planned, the event will also provide an opportunity to showcase some of the actions being carried out under the initiative both by the public and private sector, allow private sector in particular to make announcement of commitments and show case best practices in the area of energy efficiency, energy access and renewable energy. Besides UN member states, we are also extending invitations to other relevant stakeholder from civil society, academia and think tanks.

Given your leadership of this initiative, we look forward to your participation and an early confirmation from your office.

Please accept, Excellency, the assurances of our highest considerations.
