

TO: Mr. Nicolas Michel

A: Under-Secretary-General, The Legal Counsel

REFERENCE:

FROM: B. Lynn Pascoe

DE: Under-Secretary-General for Political Affairs

SUBJECT: Request from Saudi Foreign Minister ✓

OBJET:

1. I attach a letter from Prince Saud Al-Faisal, Minister of Foreign Affairs of Saudi Arabia, addressed to the Secretary-General. Prince Saud Al-Faisal asks the Secretary-General to provide him with a list of experts on construction, housing, transport, etc. who will help Saudi Arabia to identify international consulting firms for redeveloping the Holy Sites in Mecca and Medina. I should be grateful for your advice with regard to this request, in particular concerning legal implications should the Secretary-General comply.

2. You will have noticed that the Saudi letter alleges that the former Secretary-General Mr. Kurt Waldheim was involved in helping with a similar project. For your information, Mr. Rafeeuddin Ahmed, who served as the Chief of Staff in the mid 70s could not recall that Mr. Waldheim dealt with the Saudis on this issue. However, the officials who occupied the same position before Mr. Ahmed have passed away. Our information may thus not be complete.

3. Please find attached the list of contractors provided by the Department of Management in response to our query.

cc: Mr. Nambiar

Translated from Arabic

In the name of God, the Merciful, the Compassionate
Kingdom of Saudi Arabia
Ministry of Foreign Affairs

[Undated]

Sir,

I have the honour to inform you that the Government of the Kingdom of Saudi Arabia intends to prepare a comprehensive plan to redevelop Mecca, Medina and the Holy Sites located therein. The plan will take a long-term, wide-ranging approach, encompassing such elements as transport, housing and other facilities and services. It will seek to develop the locations of pilgrimage ceremonies, in order to allow visitors and those performing the hajj and umrah pilgrimages to carry out their devotions in a safe and comfortable manner, while taking into consideration the steadily rising numbers of pilgrims. To that end, the Government wishes to seek the advice of international experts in the relevant sectors, in order to draw on their knowledge and assistance in identifying the international consulting firms best able to deliver the required tasks, and in selecting the most suitable tenders. The Kingdom has previously worked together with the United Nations on this issue: during his term in office, the former Secretary-General Mr. Kurt Waldheim put forward the names of a number of internationally recognized experts, who helped to examine and select tenders from contractors. The experts' constructive proposals ensured that the projects were completed to a high standard, while significantly lowering costs. The Government would like to repeat this successful experience, and hopes that you will provide your support by putting forward the names of specialists whom you consider suited to the task.

Accept, Sir, the assurances of my highest consideration.

(Signed) H.R.H. Prince Saud Al-Faisal
Minister of Foreign Affairs

H.E. Mr. Ban Ki-moon
Secretary-General of the United Nations

23 May 2008

The Chargé D'Affaires of the Permanent Mission of the Kingdom of Saudi Arabia to the United Nations presents his compliments to His Excellency, Mr. Ban Ki-moon, the Secretary-General of the United Nations and has the honor to enclose a letter from His Royal Highness, Prince Saud Al-Faisal, Minister of Foreign Affairs in the Kingdom of Saudi Arabia in which he refers to a comprehensive plan to develop the two holy cities of Mecca and Medina, and the holy sites in them.

His Royal Highness refers to the help that His Excellency, Mr. Curt Valheim, the past Secretary-General has given in recommending international experts who participated in studying the plans and the tenders of companies. Their assistance was valuable in choosing the right contractors and in improving the quality of those contractors. The Kingdom of Saudi Arabia is seeking to repeat this request by asking for your support in this endeavor by recommending experts and international consultants who will be able to assist the Kingdom of Saudi Arabia.

The Chargé D'Affaires of the Permanent Mission of the Kingdom of Saudi Arabia to the United Nations avails himself of this opportunity to renew to His Excellency, Mr. Ban Ki-moon, the Secretary-General of the United Nations the assurances of his highest consideration.

H.E. Mr. Ban Ki-moon
Secretary-General
United Nations, New York

Note to Ms. Kane

SAUDI REQUEST

1. I attach a self-explanatory letter from Prince Saud Al-Faisal, Minister of Foreign Affairs of Saudi Arabia, to the Secretary-General requesting the latter's recommendation on selecting international experts and consulting firms for redeveloping Mecca and Medina Holy sites. I should be grateful for your advice on how the United Nations should handle this request.

2. You may be aware that the Secretary-General on 14-15 June is traveling to Saudi Arabia, where he is scheduled to meet with Prince Saud Al-Feisal, among others. This matter is likely to be raised. While an initial non-committal remark may be made by the Secretary-General, we may expect that the Saudis will follow up on the issue which will require a more substantial answer.

B. Lynn Pascoe

Note to Mr. Pascoe

Request from Saudi Arabia relating to
the development of Mecca and Medina Holy Sites

1. This is with reference to your note on the above-mentioned subject dated 12 June 2008.
2. Our Procurement Division (PD) has carried out an urgent sourcing based on the existing UN vendor roster. This search has produced a list of over 300 UN-approved contractors in the fields of design, construction and architecture (attached). In addition, you will find enclosed a list of invitees pre-cleared by PD to participate in the tender for the design of the UN Capital Master Plan. The Government of Saudi Arabia may find these lists helpful in their sourcing exercise, though a detailed description of services to be provided (Statement of Requirements) would be needed for further action.
3. I would also like to suggest that UN Habitat might be able to provide a list of town-planning experts.

Angela Kane
16 June 2008
