DAILY SITREP No. 43

Covering period from 29.03.94, 06.00 hrs to 30.03.94, 06.00 hrs

**1. General Situation:**

The situation during the day was calm, there were no major incidents.  
During the night some incidents occurred.

**2. Other Activities:**

**2.1. Incidents:**

2.1.1. On the 29.03.94, at 18.20 h, a seriously injured person was found, beside the street opposite CND, by a PM Team. The man was injured on his head. He was attacked by unknown bandits, he was brought to Kigali Hospital by the PM Team.

2.1.1. On the 29.03.94, at 19.25 h a Police Monitor Team could hear a explosion near GdN Brigade Remera. They went, together with GdN to the spot. One grenade had been thrown on the "NOUVEAU MARCHE DE REMERA". 2 people were injured. The GdN suspect, that there was a meeting of INTERHAMWE in progress, at this spot. The 2 injured persons have been brought to Kigali Hospital by CIVPOL.

2.2. Accidents: N.T.R.

### 2.3. *Miscellaneous:*

2.3.1. MilObs is using VHF channel 11 every day, some hours to transmit their sitreps.  
We suggest to provide 1 more channel.

2.3.2. The commander of GdN NYAMIRAMBO informed CIVPOL about the message of the RTLM. RTLM said, that the GdN of NYAMIRAMBO arrested people, which ignored the curfew, are already in prison for more than one week.

2.3.3. Yesterday there was a meeting between CIVPOL and the commander of the CRCD. He was informed by the minister of defence, with new orientations about the murder of minister GATABAZI. the information he gave us is, like he declared, coming from political side and must be verified.

The new information's which are not confirmed in the investigation yet, are all indications that the responsibility for the murder, must be on FPR side. Also the public prosecutor gave us information from his ministry, who informed him, that the murder must be found on CDR side.

Those new elements are very strange, because they can not be confirmed with what the investigation shows until now.

Both: Commander CRCD and Public Prosecutor informed us that some pressure, coming from ministry of justice side, and some warnings were formulated at the address of the prosecutor, on the arrest of Mr. RWAGATHRA Faustion (manager of Las Vegas Bar).

We were informed by very reliable sources, that somebody, who works rather close with the president, asked for detailed information, on the arrest of this person.

### 2.4. *Investigations:*

2.4.1. On the 28.03.94, at 07.50 h, CIVPOL received an information about a grenade explosion near the residence of the prime minister (sitrep No. 42). A CIVPOL patrol contacted the Prime Minister, who stated, that there was not any explosion in his area.

No.	By PF

Covering period from 28.03.94, 06.00 hrs to 29.03.94, 06.00 hrs

**1. General Situation:**

The situation stayed calm, there were no major incidents during this period. But the tension is still increasing, because the set-up of the BBTG failed the 5th time.

**2. Other Activities:**

**2.1. Incidents:**

2.1.1. On the 28.03.94, at 07.50 h, CIVPOL received an information, that on the 27.03.94, at 21.10 h, one grenade exploded 300 m north west of the residence of the Prime Minister. Belgian BAT sent a Patrol in that area. Nobody was injured. GdN Brigade Remera is investigating the case.

2.1.2. On the 28.03.94, at 09.40 h, CIVPOL received an information, that one civilian person tried to enter the CND building without permission. He was arrested by the GdN.

2.2. **Accidents:** N.T.R.

2.3. **Miscellaneous:**

would like to precise, that during the weekly meeting between CIVPOL and staff of the GdN, on 28.03.94, in CIVPOL HQ, the insufficient co-operation in such important investigations, like the murder of minister GATABASI, were discussed. The Chief of Staff of the GdN, agreed that the co-operation between both sides was not free and open. Finally the chief of staff stated, that he will do the best, for setting up better coordinations on those investigations.

Comments of CIVPOL: We are very doubtful on this last statement, because not only the GdN is actually involved in the investigations, but also the Minister of Defence and the Army and on the other hand, the Minister of Justice intervenes also.

#### **2.4. Investigations:**

2.4.1. On the 28.03.94, at 21.45 h, the CIVPOL Liaison Section received an information, that the live of the Prosecutor of the Republic is in danger. The prosecutor arrested last Friday the bar manager of the bar "Las Vegas" (in presence of CIVPOL officers, see Daily Sitrep No. 39) This man is a member of the PSD Party and local leader of the INTERHAMWE. He was arrested for prohibition. He is also suspected to know more about the assault on Mr. GATABASI. The prosecutor is now receiving threats from different sides. They put him under pressure and want him to liberate that man. The prosecutor refuses, because the arrest is legal.

Today the foreseen procedure will fill in, to make an official request for his protection. From CIVPOL side, we insist very hard, that this man shall get his protection. We are ready to explain the FC and the political branch of UNAMIR why he must be protected.

2.4.2. On the 26.03.94, at 22.00 h, unknown bandits attacked the residence of the conseiller de secteur. 3 people got injured. The bodyguard of the conseiller fired back, but they did not hurt any one of the attackers.
