To : Mr. P.D. Chude, O/C Nigeria Police Contingent
From : S. Habib Ahmed, Chief, Civilian Operations
Subject : Joint Nigeria Police and Congolese Police patrols

1. Thank you for sending me, with your letter of 25 November, the minutes of the meeting held between Mr. Nwagbo, CSP (NPF) and the Chief of the Congolese Police in Leopoldville, on the subject of joint patrols in the town.

2. I agree with the proposals discussed at the meeting for the establishment of the joint patrols as a measure of training, but before they are started I should like confirmation to be obtained from the Chief of the Congolese Police that the proposal has been approved by the Minister of the Interior.

3. I note that in the minutes of the meeting, no mention is made of the leader of each patrol. You would no doubt wish to consider with the Chief of the Congolese Police the designation of a sub-officer, Congolese or Nigerian, to assume the command of the joint patrols.

4. All arrests of offenders should be made by the Congolese Police and not by a member of the NPF.

5. The patrols would no doubt visit the more crowded places such as public markets, cinemas and bus stations, etc. more often than other areas.

Subject: Shortage in the PX

A shortage of approximately \$5,000!- in PX merchandise has been reported to me.

There is some uncertainty as to whether this comes about as the result of a theft of the merchandise from the PX, theft of coupons by clerks in the PX or loss of the merchandise between the depot and the retail PX store.

The following steps have been taken:

1. The shortage has been reported to Audit.
 2. An investigating team is being established which will consist of a member of the Legal Department as Chairman, Mr. Murphy as Chief PX Officer, a representative of Audit and a representative of Civilian Personnel.
 3. Mr. Villefranche, the PX Manager has been temporarily assigned to the Central PX Office to give him an opportunity to check all documentation for the month of August that affects his accountability.
 4. Three clerks working in the PX store have been suspended (with pay) pending investigation.

Subject: Visitor to see Mr. Sherry.

On 11th June, 1964, in the afternoon, I received a phone call from Mr. Sherry, informing me that Mr. MPASE would report to contact him.

I kept this message until 22:00 hrs. on my desk expecting Mr. MPASE's arrival, but I did not see him.

If he came, it might have been before I receive the message.

The Cpl. on duty with me, Mr. ANYANWU, states that he did not remember seeing any such person.

to Father

Mr. Bayerl,
Thank you. The report by S/o. Fernandez is entirely correct. Mr. MPASE informed me yesterday, 12 June, that he had not come to the Royal at all, because there was no answer at my extension when he tried to phone me. The earlier complaint, and effect that he had appeared here to the been served ^{admittance} Mr. MPASE's secretary. The mistake of complaint has therefore been withdrawn.

1. At 1045 hours on 31 July, the Chief of Staff, ANC phoned me to ask if the Nigerian Platoon was leaving KITONA and, if so, who was going to take over the guard duties at the base.

2. I replied that the Nigerians were leaving on 31 July but as the base was being held in trust by the UN pending an agreement as to final disposition, the matter of security of the KITONA Base would rest with the Civil Operations of ONUC.

3. At this point the Chief of Staff of the ANC stated that as the ANC considered the Base and its contents of great value, the ANC was prepared to take over the Guard duties at the base to ensure its security.

4. Having ascertained that the ONUC Civil Operations had, in fact, arranged for the security of the KITONA Base, I informed the ANC that, while ONUC was grateful for the ANC's "offer" to take over the guard duties of the base, this would NOT be necessary. I added that ONUC Civil Operations had assured me that they had sufficient guards to ensure the security of the base.

5. I terminated my meeting with the Chief of Staff ANC by warning him that any premature move by the ANC in the matter of the KITONA Base would NOT be regarded lightly and might well prejudice whatever negotiations are in progress concerning the Base.

Extracts from the Consolide Road Rules

Manoeuvres, Article 17

... All drivers wishing to execute a manoeuvre which would hinder or interfere with the passage of other drivers must give way especially so when leaving a file of vehicles, crossing the road, leaving a private property, parking places or restarting after a temporary halt. The driver, who does such a manoeuvre and is doing so hinders or interferes with the normal circulation of other road users, is committing an infraction. In case of an accident he is responsible. The fact that he may have shown by the use of traffic indicators his intention to execute such a manoeuvre does not give him the right to effect the manoeuvre if it interferes with the circulation of other drivers.....

Overtaking and meeting of vehicles coming in the opposite direction, Art. 19

... Where travelling in parallel lines is authorized a driver must take the left hand lane if he intends to turn left and the right hand lane if he intends to turn right well before the turning. It is the driver changing from one lane to another who would risk to support the consequences of an accident. It is up to him to take the necessary precautions to avoid collision with a vehicle ^{following} ~~travelling~~ in the same direction as he is. At a crossing he may not turn right unless he is already in the right lane nor left unless he is in the left hand lane....

Article 21

1. Overtaking is always effected on the left. However overtaking must be to the right when the vehicle to be overtaken has shown his intention of turning to the left and has taken the left hand side of his half of the road

in order to effect this manoeuvre.

2. Before overtaking the driver must assure himself a) that the road is clear over sufficient distance to avoid always an accident; b) that no driver following has started to overtake his vehicle....

Article 22

...

2. The overtaking of any vehicle is forbidden a) where there is a traffic sign indicating such a prohibition; b) at a cross roads except when the traffic is governed by a policeman or by traffic lights, or when the road travelled on has priority over the road crossing, or in order to overtake on the right hand side a vehicle which is already in the left hand lane with the intention of turning left...

Changing of direction. Article 23

...

2. All drivers wishing to turn to the right or to the left to leave the road on which he is travelling or if the case arises to stop his vehicle on the left hand side of the road, must indicate in advance his intention of doing so by means of traffic indicators with which his vehicle is by law obliged to be equipped. (Handsignals are forbidden under Art. 44 - 45 of the Code de la Route. It is also forbidden to use traffic indicators for the purpose of indicating to the vehicle following ones intention of overtaking a vehicle or when one is parked at the side of the road to use the traffic indicator to show ones intention of moving back into the lane of traffic.)
When turning to the left a driver must move to the left without interfering with the normal circulation of other vehicles coming in the opposite direction.

To : Dr. Ralph Bunche, Under-Secretary, United Nations, New York
From : R.K.A. Gardiner, Officer-in-Charge ONUC, Leopoldville
Subject : Creation of International Security Force in Africa

During the last session of the ECA the Nigerian Delegation recommended the creation of an international security force in Africa which would be entrusted with protecting the territorial integrity of all African states. The cost would be borne by the UN and particularly the African states concerned. It was held that this would be less expensive for African states than if they had to maintain each their own army. No objection was voiced by any delegation to this suggestion though no final resolution was adopted on the subject.

I wonder whether HQ could give some thought to this suggestion and eventually prepare a working paper on feasibility and implications of suggested international force.

1 There have been a few cases of house breaking and gangsterism in LEOPOLDVILLE and its suburbs during the past few weeks. There have, in addition, been many rumours of such incidents which have proved to be false.

2 Active security measures by the ANC and the NIGERIA Police have succeeded in curbing the activities of the gangsters and even apprehending some miscreants. Situation is now generally under control.

3 The following measures have been taken by the ANC, the Gendarmerie and the local police with the cooperation of ONUC Security Unit and the NIGERIA Police:

- (a) Road blocks - to check and search all vehicles
- (b) Day and night road patrols.

4 All ONUC Units and personnel including the civilian staff are expected to cooperate and assist as detailed in the following paragraphs.

Information

5 Rumours and, if possible, their source will be immediately reported through the unit/branch to either HQ Sector "L" or to ONUC Security Unit. Private investigation or discussion should be avoided.

6 Any incident should be promptly reported direct to the following:

8 Following areas will be considered "out of bounds" till further orders:

- (a) EAST of N'DJILI Airport.
- (b) SOUTH of LOVANUM University.
- (c) SOUTH-WEST of road junction MATADI and LOVANUM roads.

9 By night vehicles will be restricted to essential journeys only and there will invariably be at least one other person in each vehicle besides the driver.

10 All ONUC drivers will be in possession of their identity and vehicle registration documents at all times.

Action at road blocks

11 ONUC representatives or NIGERIA Police will normally be present at the road blocks organised by the ANC or local police (BSU). If possible warning of such road blocks will be given to ONUC personnel.

12 On reaching such road blocks ONUC personnel will slow down and halt if so required by the local police. On presentation of the identity documents ONUC personnel will normally be permitted to proceed. No attempt will be made to force or evade such a blockade.

13 In case difficulty is experienced, ONUC personnel should insist on their right to contact their unit duty officer, head of department, ONUC military police or ONUC Security unit.

Patrols

14 In the case of any untoward development like house break or hold-up where the help of a police patrol is necessary following action will be taken:

- (a) Telephone for help to NIGERIA Police, ONUC Military Police or ONUC Security Unit.
- (b) Hang a white towel or sheet from a window. The patrols will look out for this signal.

15 These measures will be brought to the knowledge of all ONUC personnel.

1. Attached please find report from Captain W. Persson (ANNEX "A") who is the Accommodation Officer at ATB N'Djili. Captain PERSSON states that two of the Non Commissioned Officers of his Unit, S/Sgt CHRIS TAINSEN F. and S/SGT LARSGAARD G. issued Military type shirts and trousers as well as Norwegian helmet liner (blue grey color) to two of the sentinels employed at Captain PERSSON's house 107 rue IXORA, LIMETE. The two sentinels were arrested by Inspector KABOLO of the Bureau du Procureur General. They were subsequently released by Sous Commissaire NGABA Etienne. I am advised that this matter was later reported to the Surete Nationale who ~~later~~ placed the Commissaire under arrest, Captain PERSSON went to the Office of the Chief of General Services and reported this incident. He accepted the full responsibility and said his NCO's had issued these uniforms contrary to the orders of his Unit.

2. Arrangements are being made to seize the uniforms which were issued by the two Norwegian Sergeants and they will be held at the Security Office as exhibits. Captain PERSSON was not available on this date and Security Officers are searching for him and he will be questioned further when he is found.

3. In view of the fact that the NCO's involved have admitted that they had issued this equipment contrary to orders, no statements will be taken unless this is considered necessary by Superior authority.

FROM: Capt W. Persson.

Subject: Incident/ night watchmen in Limete.

At aprox. 2330 hrs November 7th, 1962 I was informed by Argentinian Personnel living 129 Rue IXORA that Two watchmen working at my house, 107 Rue IXORA, Limete had been arrested by Congolese Police. The police car in witch the two watchmen, SAMI Robert and WELE WELE Vital were taken away was a UN car from Nigerian Police.

I contacted at once by phone UN Military Police and was half an hour later informed that the two men had been arrested by Congolese Police, suspected of robbery.

As the two men had been working for me as Accommodation Officer, they are both employed by UN, and as I never have had any complaints against them I went down to the Congolese Police station to try find out the reason for the arrest.

In the police station I found not two but four UN guards.

After my explanation Sous Commissaire NGARA ETIENNE at once released SAMI and WELE WELE. The arrest of those two men was a mistake.

The two others, KASONGO Gaston and MPIO Gaston, were found by the police at the place of their work, Av. des BEGONIAS, Limete, dressed in "uniforms" and helmets of a military type.

On question MPIO Gaston had said that he was "a militaire d'ONU".

In my presence both men declared that the shirts, trousers (i.e. Indian type fatigues) and the helmets were given to them by two Norwegian Sergeants living in one of the ATB villas in Begonia street.

KASONGO and MPIO spent the night in the arrest.

November 8th, 1962 I made an investigation and found out that the above mentioned equipment really had been given to the Congolese workers by the Norwegians.

I brought S/sgt CHRISTAINSEN F, UN ID NO 67 140 and S/sgt LARSGAARD, G, UN ID NO 66 952 with me to the Police staion in Limete aprox 0900 hrs. There the two NGOs testified that the Congolese had not stolen the military outfit but that they themselves had given it to them. KASONGO was then released at once.

At first the police wanted to keep MPIO, accused for "usurpation de fonction publique" but after my explanation that the uniforms did not bear any insignia at all, that the material given to them was only used at the place of their work and delivered to the occupants of the guarded house in the mornings and that I would take steps to remind all ATB personnel that it is strictly forbidden to give UN property as gifts to Congolese or other unauthorized personnel also MPIO was released at 1100 hrs Nov 8th.

2.

CHRISTIANSEN and LAARSGAARD has declared that they did not understand the consequences of their gifts, they only wanted to have their guards more proper dressed.

The military outfit has been taken back from the Congolese guards by me.

I have further more once more reminded all my 14 night watchmen that they are hired by UN as civilians and that it is strictly forbidden to accept gifts from ATB personnel of UN property.

May I respectfully suggest, Sir, that all ATB personnel once more ~~strongly~~ be strongly reminded in Station Routine Order that it is strictly forbidden to present UN property to unauthorized personnel.

I have verbally kept LT ENGELBRECHTSEN, UN MILITARY POLICE, informed in this matter.

ADMINISTRATIVE CIRCULAR NO. 270

8 November 1962

To : All ONUC Personnel

From : Ben T. Twigt, Chief Administrative Officer

Subject : Security Precautions in Leopoldville Area

1. There has been an increase in armed robberies and other such incidents reported in certain areas of Leopoldville.
2. Already in operation are a certain number of precautionary measures, designed to protect life and property. They include extensive patrolling, both during day and night, of all main roads and all districts of Leopoldville and its immediate surroundings. The local authorities, in cooperation with our Security force and with the Nigerian Police, will establish certain checkpoints for the purpose of verifying identity.
3. In the immediate future, therefore, and until further notice, ONUC staff members should consider any area outside of the following limits out of bounds: To the east, N'Djili Airport; to the south, Lovanium University, and to the south-west, the intersection of the road to Matadi and the road to Lovanium. All staff members should reduce their travel by car to such areas as the airport, Limite and Binza to the minimum, especially at night.
4. When encountering a checkpoint manned by the Congolese authorities, it is understood that ONUC Security Officers or Nigerian Constables will be present, and the Congolese authorities have indicated that they will speedily clear ONUC staff members on presentation of their ID cards. Checkpoints on unlit roads will, in principle, be announced by a flashing amber light or other lighting. This means that speed should be reduced because a checkpoint is ahead.
5. In extraordinary cases and for those staff members who do not have a telephone or whose telephone is out of order, an accepted way of signalling that the presence of police is required is, whenever possible, to hang a white sheet or towel so that it is visible from the road. The patrols will look out for such signs and lend assistance when required.
6. Your cooperation in these various measures is requested with a view to bringing a very rapid solution to this security problem and also to bring this period of added caution soon to an end.

CIRCULAIRE ADMINISTRATIVE No 270

Destinataires : Tous les membres du personnel de l'ONUC

Origine : Ben T. Twigt, Chef des Services administratifs

Objet : Mesures de sécurité prises dans la région de
Léopoldville

1. On signale que le nombre des vols à main armée et d'autres incidents analogues s'est accru dans certaines zones de Léopoldville.
2. Plusieurs mesures de sécurité qui ont pour but de protéger la vie des personnes et les biens ont déjà été mises en oeuvre. Elles comprennent notamment d'importantes missions de patrouilles qui ont lieu de jour et de nuit sur toutes les voies principales et dans tous les districts de Léopoldville ainsi que dans le voisinage immédiat de la ville. Les autorités locales, en collaboration avec notre Force de sécurité et la Police nigérienne, établiront certains points de contrôle où auront lieu des vérifications d'identité.
3. En conséquence, et jusqu'à nouvel ordre, les membres du personnel de l'ONUC doivent dès à présent considérer comme interdit l'accès à toute zone située au-delà des points suivants : à l'est, l'aéroport de N'Djili, au sud, l'Université Lovanium et au sud-ouest, l'intersection de la route de Matadi et de la route de Lovanium. Tous les membres du personnel doivent limiter le plus possible leurs déplacements en automobile, surtout la nuit, dans les zones de l'aéroport, de Limété et de Binza.
4. Les membres du personnel sauront, lorsqu'ils approcheront d'un point de contrôle établi par les autorités congolaises, qu'ils y trouveront des agents de sécurité de l'ONUC ou des policiers nigériens et que les autorités congolaises ont indiqué qu'elles laisseront passer sans délai les membres du personnel de l'ONUC sur présentation de leur carte d'identité (ID card). Sur les voies non éclairées, la présence d'un point de contrôle doit, en principe, être signalée par un feu jaune à occultation (clignotant) ou par une autre source de lumière. Cette signalisation indique qu'il faut réduire la vitesse des véhicules, en raison de la proximité du point de contrôle.
5. Dans des cas exceptionnels, il est convenu que les membres du personnel qui n'ont pas le téléphone ou dont l'appareil téléphonique ne fonctionne pas pourront éventuellement faire savoir qu'ils ont besoin de la présence de la police en accrochant à l'extérieur de leur habitation un drap ou une serviette blanche qui devra, si possible, être visible de la voie publique. Les patrouilles rechercheront s'il existe un tel signal et prêteront leur concours le cas échéant.
6. Nous demandons au personnel de collaborer à l'application de ces diverses mesures afin que le problème de la sécurité soit très rapidement résolu et que la présente période, qui exige un surcroît de prudence, prenne bientôt fin.

Preventive Measures against occurrence of thefts of foreign currency

... In accordance with the decision reached at the last meeting of the Claims Board, I am transmitting herewith for your consideration a draft Administrative Circular dealing with the loss of ~~hard~~ foreign currency by ONUC personnel.

This draft has been prepared with the intention that its provisions are to apply to Leopoldville. I would suppose that before determining whether it shall apply to other areas, it will be necessary first to ascertain whether the ONUC office in each area is prepared to accept foreign currency for safekeeping or, if not, whether such money is to be transferred to the ONUC Bank in Leopoldville.

In this connection, I would draw your attention to the fact that I have written to Miss Gray requesting her to see to it that all personnel entering the Congo are informed that the ONUC Bank will accept foreign currency for safekeeping.

Report of accident.

On the 17 of october at 0845 houer
I was driving my scooter on Boulevard Albert when sud-
denly a congolese woman cross the street in front of
me and I hit her.

A patrol jeep of the Military po-
lice accompany with Congolese policeman who were wit-
ness to the accident took the woman to the hospital ,
After a brief examination of the woman finding no se-
rious injury the doctor send her home.

In the haspital I gave her 200 francs
for her trouble and she asked me 400 hundreds more so she
could take a taxi home. Knöing it was too much for a taxi
ride I only gave her one hundred francs more.

Eventually, in front the police the
woman recognise that it was her fault because without
looking she had crossed the street ten to fifteen meters
before the intersection.

ADMINISTRATIVE CIRCULAR NO. 268

20 October 1962

To: All ONUC Personnel
From: Ben T. Twigt, Chief Administrative Officer
Subject: Security Precautions

It has been brought to my attention that occasionally during the night, road blocks are set up in the area across avenues and roads by individuals with the specific objective of stopping the motorists for robbery and molestation. Staff members are therefore requested to be particularly careful while driving at night. Should they come across a road block, they should immediately reverse their vehicle and leave the scene. They should, as soon as possible telephone Mr. J.R. Bradney, Senior Superintendent of Police, Nigerian Contingent, (Tel.No. 5921) or the Control Room (Tel.No. 5096) or the ONUC Security Service (Tel.5703). Under no circumstances should they attempt to investigate the road block.

Mon attention a été attirée sur le fait que, de temps en temps, au cours de la nuit, des barrages sont édiés aux environs des carrefours et sur les routes, par des individus dont le but précis est d'arrêter les automobilistes pour les dépouiller et les malmenner. En conséquence, les membres du personnel sont priés d'être particulièrement vigilants lorsqu'ils circulent la nuit. Dans le cas où ils rencontrent un barrage ils doivent immédiatement faire marche arrière et quitter les lieux. Ils doivent téléphoner dès que possible à M. J.R. CONFIDENTIAL

To: Mr R.K.A. Gardiner, Officer-in-Charge, ONUC
From: Dr S. Falkland, Acting Senior WHO Representative
Subject: Crime at Djelo Binza

Yesterday, 29 July, at 3.30 in the afternoon I was visiting some friends in Gafula, approx. 6 kms from Djelo Binza. At this time a Belgian lady, 6 months pregnant, wife of one of the prominent industrialists, who had returned from Belgium the day before, arrived in great distress reporting that she had been violated by 5 Congolese in her house. She was raped under threat of a revolver. Subsequently a considerable amount of personal property and jewellery was stolen.

After giving first aid to the woman I got in touch with the Security at the Royal, enquiring whether they were competent to handle the case. I was instructed by them to telephone the Nigerian Police at 2972. For 15 minutes I could get no reply. Then I telephoned the Nigerian Police at 5096, the radio control room. I explained the case and enquired whether it was possible to send a Nigerian patrol car. After one hour I located the patrol car and brought them over to the house where the victim of the assault and armed robbery was questioned.

Sergeant No. 919 of the Nigerian Police got in touch with the Radio Control Room. The constable in charge of the Control Room spoke to me and informed me that the Nigerian Police is not entitled to handle any civilian cases which do not involve ONUC personnel here. The patrol car was then ordered to return immediately to the base. The reaction of the people involved was of extreme disappointment and surprise at the absence of any gesture on the part of the Nigerian Police to show a helpful attitude.

We eventually got in touch with Mr Nandaka, Director of National Security, who arrived on the scene of crime within 20 minutes.

.../...

In connexion with the above I wish to raise the following points:

1. When I first phoned No. 5096, Nigerian Police Control Room, the man who spoke to me refused to put me in touch with any officer of the Nigerian Police on duty. He stated that he was competent to handle the case himself.

2. A great deal of complications could have been avoided had the man in charge of the Control Room informed me straight away that the Nigerian Police is for the protection of ONUC personnel only and is not permitted to interfere in cases of assault and violence committed on foreigners resident in this area.

I am afraid that it is most likely that the incident might be reported to the press, accusing ONUC, or more precisely, the Nigerian Police, of refusing aid in the case of the rape and assault of a Belgian woman. The feelings of several important Belgian people are running high on the subject of the incident, as assault and rape have particularly strong emotional effects upon people. I wish to add that personally I was shocked to see the results of rape committed on a pregnant woman by 5 men.

1. During an investigation trip at Dar-es Salam, Tanganyika, on 29th March to 2nd April 1962 I was given confidential information that a de Havilland Dove aircraft, the property of the Katangese Government, had been stolen by an Indian pilot at Elisabethville and that this aircraft had been brought to Kamina before Christmas 1961. From that time onwards it apparently was used as a pleasure aircraft for Indian officers and troops using UN petrol and servicing. There was a report that this aircraft flew to Dar-es Salam, Tanganyika, and from there it was taken by Indian officers on leave to Zanzibar. There is reason to believe that this aircraft at one time had four refrigerators loaded on board and that plans are now being made to fly the aircraft to India.

2. I checked this report with W/Cdr. Pearce, Chief Air Operations Officer, and he told me that the Air Commander H.A. Morrison had been apprised of these facts, and further that Air Commodore Morrison had given a verbal order on several occasions to W/Cdr. A.S. Bhawnani, the Senior Fighter Operations officer, who allegedly stole this aeroplane to return it to Elisabethville. When this order was not complied with the Air Commander gave a written order to W/Cdr. Bhawnani. It is not known at this time whether the order was complied with. There is a rumour that the aircraft was flown back to India. It is interesting to note that W/Cdr. Bhawnani cannot be contacted in this connection as he is on three weeks leave and it was his stated intention to fly the aeroplane back to India during his leave.

1. I am returning herewith a copy of your memorandum to the Force Commander of 11 January, 1962, MIL INFO 4/A/1, with attachments, which were hand-delivered to me on 10 February, 1962.

2. It is noted from Mr. Tomalin's memorandum to you of 15 December, 1961 that the wife of a UN staff member, and other staff members too, were handed a circular from the Burgomaster of the Commune of Limete, which advised that an official would visit the area on 15 December, 1961 and which requested all residents to leave their identity papers in their houses. It is also noted from the Decree No. 221/CAB/185/INT/61, a copy of which was transmitted with your memorandum, that a fee of CF 120 is charged by the government for the issue and renewal of identity cards for foreign nationals.

3. While we fully appreciate the advantages of taking this matter up with the Government, it appears that the information contained in the papers transmitted us is insufficient to enable us to make a valid or effective protest against the Government. It will be noted that the names and addresses of the dependent and staff members concerned are not specified, and in fact, no information of any kind is given as to the incidents in question, other than the fact that each was "delivered" one of the Burgomaster's circulars. Moreover, it appears highly doubtful that the mere delivery of the circular can be deemed to violate Article 4 of the Status Agreement, which declares members of the Force and Officials and members of their family to be exempt from alien registration. There is no statement in the papers to the effect that the individual distributing the circular had knowledge of the fact that the recipient was attached to ONUC, or that if this information was communicated to the Government official and he then attempted to obtain proof of identification or payment of the fee of 120 frs. for an identity card.

Objet : Sécurité des familles habitant Parc Hembise

Depuis que le Parc Hembise ne fut plus interdit par l'ONU, et en raison même de la pénurie de logement dans le centre de la ville, un certain nombre de familles de nos agents sont venues habiter ce quartier où on trouvait encore quelques maisons à louer.

Il y avait alors une sécurité suffisante grâce à la présence des troupes du contingent tunisien et à un détachement ANC. Depuis le départ des militaires cette banlieue est devenue le repaire de voleurs, agissant individuellement et en bandes organisées, n'hésitant pas à employer la force le cas échéant. Ils sont encouragés par l'interdiction qui nous est faite de posséder des armes.

Nos fonctionnaires et leur famille vivent actuellement dans l'angoisse et cette situation porte préjudice à leur travail. Quelques-uns pensent déjà aux solutions extrêmes au cas où l'insécurité continue à régner.

Aussi je préconise que les services compétents s'intéressent à ce problème soit par l'implantation d'un détachement militaire comme par le passé, soit par la création d'un poste de police mixte Nations Unies-Police congolaise, soit par la remise d'une arme individuelle aux familles habitant la région. (Cette dernière solution me paraît peu recommandable.)

I am extremely disturbed at the possible consequences of such action by the Congolese Police, particularly as it concerns searches of residences occupied by our personnel when wives or families are alone in the house. You will note that a good number of our personnel are assigned to shift duty and consequently are likely to be away from home at any time during the day or night.

J'ai le regret de vous informer des faits suivants :

Ce matin, 16 Janvier 1962, à 0930 heures locales, trois policiers dont un commissaire de police se sont présentés à mon domicile sise à LIMETE, quartier résidentiel n° 367, et ont déclarés qu'ils venaient effectuer une perquisition.

Ma femme leur ayant signifié que nous étions membres de l'ONUC, et par la même couvert par l'immunité diplomatique, le commissaire déclara textuellement, : "Vous n'êtes pas dispensés". Ils se montrèrent très corrects et invitèrent mon épouse à leur faire visiter la maison, ouvrir les armoires; demandèrent à voir ce qu'il y avait dans ma serviette personnelle, puis partirent pour aller perquisitionner les autres villas du quartier.

Malgré la cordialité de l'entretien, j'estime que la charte des Nations Unies à été un tant soit peu bafouée, et je vous serais reconnaissant d'intervenir auprès des autorités congolaises pour que de pareils faits ne se reproduisent plus sans que soit présent un membre des services de sécurité des Nations Unies.

Je vous signale que le travail de l'OACI demande, durant les heures de service (24 heures sur 24) une tension constante de l'esprit, et qu'il est très difficile d'assurer une sécurité aérienne efficace si nous avons en plus le souci de savoir nos familles sans protection.

Veuillez agréer Monsieur mes sincères salutations.

The Swedish Foreign Office has brought to my attention that according to reliable information from Switzerland one or more persons, in all likelihood Europeans, are preparing an attack against my life.

This kind of threat is of course not new - I have indeed received several messages of the same kind in recent times. However, it might be wise to sharpen the attention, especially as regards my car and private house. I am thinking above all of my wife and of my two boys arriving here Monday night the 18th.

INTER - OFFICE MEMORANDUM

8 November 1961

A: Dr. Sture Linner, Officer-in-Charge
DE: Margaret Wiener
OBJET:

SL

I wish to advise you that I have just found, locked away in a cupboard on the sixth floor, the "Incoming Code Cables" file which I reported as lost in June of this year. The file disappeared shortly after Mr. Gardiner's trip to Stanleyville on which I accompanied him carrying this file among others. It has now been found together with other papers found in the rooms once occupied by Mr. Gardiner and myself.

The file contained cables from the Secretary-General to Mr. Abbas and to yourself dated from 27 March 1961 to 7 May 1961 and relevant to Mr. Gardiner's mission. The originals of the same cables are contained in your own files.

I advised Mr. Gardiner, and Mr. Poujoulat of the reappearance of the file. I also notified Security and the Code Room accordingly.

Mr. P.J. Hazou, Chief of General Services

N. Kanakarathne, Legal Adviser

Issue of special permanent passes for entry to the Royal Building

1. In view of the triangular correspondence on the above matter between the Chief Security Officer, Mr. J. Poujoulat, Personal Assistant to the Officer-in-charge, and yourself, relating to the above, Mr. Poujoulat has requested the Legal Adviser to address his mind to the correct principles and procedures which would govern this question.
2. Since the Security Service of the United Nations comes within the administrative jurisdiction of the Chief of General Services, it is my opinion that the procedures relating to the actual issue of passes should be under your personal direction and all instructions to the Security Service relating to such procedures should issue from you. Decisions regarding the persons to whom such special permanent passes should be issued belong, as a matter of policy, to the 6th floor. The Personal Assistant to the Officer-in-charge is, in my opinion, the only authority by whom decisions should be made regarding any request by non-UN personnel for special permanent passes for entry into the Royal.
3. Since the whole purpose of Security is to maintain at the lowest possible minimum the number of non-ONUC personnel having access to the Building, special permanent passes should be kept to the barest minimum necessary.
4. The following guiding rules should be observed in regard to this matter.

(a) Foreign diplomatic missions

As a matter of courtesy the senior members of some of the diplomatic missions with which ONUC has had to maintain close liaison have been issued with special permanent passes in the past. This is quite in order and those to whom special passes have already been issued in this category could continue to exercise that privilege. Any new requests by Members of the diplomatic missions should be referred to the Personal Assistant to the Officer-in-charge.

(b) Members of the Central Congolese Government

Some Members of the Government, Deputies and certain officials of the Central Government have reason to visit the Headquarters frequently enough to justify their being issued with special

permanent passes. In this category too the decision as to whether any individual applicant for a special permanent pass should receive one should lie with the Personal Assistant to the Officer-in-charge. Under no circumstances should any Congolese politician or political figure be issued with a special permanent pass without express authority of the Personal Assistant to the Officer-in-charge.

(c) Private individuals

Private individuals seeking entry to the Royal to interview any official or to meet any official on official business should be requested to report to the Security Office, which will then communicate with the official named by the visitor and obtain clearance as to whether or not the visitor should be permitted to enter the Building. If such clearance is received the visitor should be given a temporary pass bearing date of issue and valid only for that visit and to see only that official. That pass should be handed back by the visitor to the Security Office before he leaves the Building.

5. The above rules will naturally not apply to bona fide residents of the apartments in Block D of the Building who, I presume, have been issued by you with permanent passes to enter the Building. However, strict measures should be taken to see that these passes are not transferred and that they are returned to the Security Office when such residents finally terminate their residence in the Building.

6. It should also be brought to the notice of the Senior Representatives of the Specialized Agencies that special permanent passes cannot be issued to individuals who may from time to time have to enter the Building to meet them. Each of such visits should be covered by a special temporary pass valid only for that visit.

Subject: Routing of Correspondence on Policy Matters

1. The Chief Administrative Officer has drawn my attention to a letter which you had written to Mr. Poujoulat on the question of issue of special passes. He directs that such matters should be referred to me for whatever action I may deem necessary.
2. In this connection, while I sincerely appreciate your well-intentioned efforts to lessen my burden as much as possible, I am sure you will readily agree with me that all correspondence on policy matters should, as a rule, emanate from my office and not from individual heads of units under my control. I have absolutely no objection if the unit heads deal directly with other branches on questions of an operational nature, and as a matter of fact, I have been encouraging them to do so. However, I have no doubt whatsoever in mind, neither would you if you were in my place, that questions of policy, promotion, change of classification, repatriation, renewal of contracts and the like must, of necessity, emanate from my office.
3. Furthermore, I would like to assure you that this memorandum is intended only to establish proper procedure concerning the general policy which, if followed uniformly, will result in the smooth functioning of all units of the General Services.
4. In view of the above, I would like you to instruct all the Security Officers that they should not address other branches or individuals directly but only through you for appropriate action by me, where necessary.

Subject : Special Passes

I have been recently asked to authorize the issue of special ONUC passes entitling their owners to enter the compound of the Royal.

2. This request came to me from the Chief Security Officer through the Chief of General Services Officer with an indication that heretofore Mr. de Reynier was authorizing the issue of these passes.

3. As you will note from the attached letter from Mr. Tomalin, dated 21st October, these documents are issued mostly to Diplomatic and Consular visitors. There does not appear to be any rules and regulations controlling their issue nor are they given for any specific length of time.

4. I believe it is important we should have some instruction covering this question of special passes.

2. We have no record of any instructions issued in regards to the issue of these passes previously they were controlled by Mr. Hazou and it appears that he later delegated a Mr. J. de Reynier to this duty.
3. In checking our terms of reference on issuing passes I discovered that Mr. de Reynier had left the mission and therefore I asked Mr. Hazou for further instructions.

1. Pursuant to your instructions an investigation was made into the delivery of a priority nations cable on 15 Oct. 61.

2. It was alleged that the cable concerned arrived from 57 Canadian Signals on receipt by signature, to Security at 2330 hours 15 Oct. 61 this is confirmed by our daily occurrence book entry.

"Received Priority Nation cable from Canadian signal for Dr. Linner 4-5-6-7-8/15 ELLEO 39 15/10/61 2330 Nagai, Attention Mr. Rosati, Delivered by S/O Morris, Rosati".

3. A previous message was received by you that messages should be held until the morning of Oct. 16.

Yes | "Message received from Mr. Poujoulat said that all kinds of cable which address to Dr. Linner should be kept in the Security Office until morning of Oct. 16th (15/10/61, 2315 hrs. Nagai)".

4. S/O Nagai was Team Leader on duty. He has stated that he passed the cable to S/O Rosati the oncoming Team Leader. This has been confirmed.

No | 5. S/O Rosati states he passed the cable to S/O Morris for delivery. At 0720 hrs 16 Oct. S/O Morris delivered cables no. 7202, 7201, 7205, 7204 and 7203 for which he received a receipt attached as annex 1. S/O Morris states that he also delivered the cable in question at that time but did not obtain a receipt.

6. In order to avoid further incidents of this nature special instructions are being issued through the medium of Security standing orders a copy of these instructions will be sent to you in due course.

1. A report of a similar nature was made to this HQ at the beginning of July. 4 R Malay at KINDU were asked to investigate. The results were that the fears were uncalled for and the Head of CPL has denied completely that his men have been ill-treated.
2. It is agreed that the replacements for those at present in KINDU are overdue and that those selected by CPL are unacceptable to the local authorities. The MSF tried to intervene but this was disrupted when the battalion moved to North KATANGA.
3. To convince the local authorities the desirability of replacing the present CPL employees needs tact, patience and a lot of talking. To achieve this, the present MSF detachment commander must first gain the confidence of these authorities. This will take time, as he only took over from 4 R Malay on 16 July.
4. When 4 R Malay was in KINDU, two companies were deployed at the airfield, two companies less a platoon in the town (based at LEUFOLD II) and a platoon across the river. 6 R Malay have only one company and this is based at the airfield, due to its importance. Unless more troops are available, it is tactically unsound to penny-packet the present company.
5. The question of security of non-Congolese not only in KINDU but the whole of the MAHIMA district is rather a concern to this HQ. Requests are continually being made to this HQ for more security. These requests include the WHO doctors, telecommunication experts and other UN personnel. It is difficult for this HQ to give this assurance, due to lack of troops. It took the whole battalion of 4 R Malay together with a Recce Squadron just under two months to stabilise MAHIMA District. Now there is only one company for the whole district.
6. Some thoughts on how MAHIMA District can be tackled are outlined in reference 'C'.
