NOTE TO MS. MALCORRA

2015 DPI Training Programme for Palestinian Journalists:
Request for photo opportunity with the Secretary-General

The Department of Public Information is organizing its annual training programme for young Palestinian journalists at United Nations Headquarters. This year, eleven Palestinian journalists are expected to participate in the programme, which will take place from 16 November to 18 December.

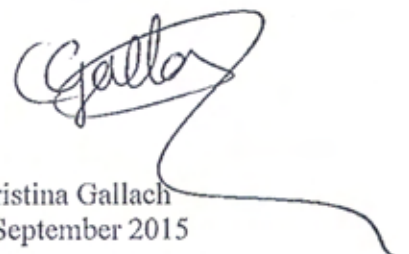

During the five-week programme, participants will attend briefings by UN officials and interact with representatives of UN programmes and specialized agencies. In addition, they will take part in specially designed skills workshops with a variety of experts that will focus on the new tools and techniques of audio-visual and digital journalism. They will also spend a week in Washington, D.C., where they will meet with officials at the US State Department and attend workshops and briefings with a number of media outlets and NGOs.

The journalists' visit to UN Headquarters coincides with that of two officials from the Palestinian Authority who are attending a training course arranged by the Department of Political Affairs.

As in previous years, we would be grateful if a joint photo opportunity with the Secretary-General could be arranged for both sets of trainees at any time other than the week of 30 November, when they will be in Washington, D.C.. The participants would be most honoured if the Secretary-General's schedule would allow for a brief moment for this photo opportunity.

Thank you.
