Subject: Please pass to Secretary-General Ban Ki-moon before his visit to Iran

Mr. Secretary General,

I am an Iranian citizen, and as a concerned Iranian I would like to invite you to visit Mr. Mir Hussein Mousavi during your stay in Tehran for the 16th Non-aligned Movement (NAM) summit. Mr. Mousavi, the opposition leader, was recently hospitalized due to heart complications after 15 months of house arrest.

As you are aware, the ruling authoritarian powers have denied Dr. Shaheed the opportunity to visit the country and denied the findings of Dr. Shaheed's reports, including the existence of political prisoners in Iran. They have even gone so far as to make the ludicrous claims that the 2009 election in Iran has been the most democratic election in the world, and that Mr. Mousavi, Mr. Karrubi and Mrs. Rahnavard are not under house arrest.

Your participation at the NAM Summit will provide a unique opportunity to expose the claims as false. The freedom-loving people of Iran expect the Secretary General of the United Nations, in fulfillment of the solemn responsibilities entrusted to him under the Charter, to utilize his visit to the country to meet with Mr. Mousavi, Mr. Karrubi and Mrs. Rahnavard and representatives of illegally banned civil and political organizations.

You excellency,

The democratic aspirations and the just demands of the Iranian people |/
