INFORMATION CIRCULAR

TO: All UNAMIR Military and Civilian Personnel

FROM: Sammy Kum Buo
Officer-in-charge
Office of the SRSG

DATE: 26 April 1995

SUBJECT: Contacts with the Media

As you are aware, the United Nations, through its public information service, attaches great importance to keeping the general public aware of its activities throughout the world. However, such information must be reliable and accurate in order for the Organization to maintain its credibility with the media and the public as a whole. This can only be made possible if each operation or office speaks with one voice and presents a single factual and objective account of the information to be conveyed.

At UNAMIR, the SRSG, as the Secretary-General's representative and head of the mission, presents the official position of the United Nations in Rwanda. Besides his official Spokesman, he can also designate other senior officials at UNAMIR to address the public and the media. This is the official channel for disseminating information on UNAMIR. It is important that this procedure of speaking to the public through an organized channel be respected by all UNAMIR staff, both civilian and military, especially in moments of crisis, so as to avoid the reporting of conflicting accounts in the media. Additionally, all requests for press interviews should be directed through the Spokesman in order to ensure unity and coherence in the presentation of public information. With regard to press releases, these must be approved in advance by the Special Representative before they are issued.

I would like to take this opportunity to remind you of the need to exercise good judgment at all times in the handling of information, especially in view of the special circumstances characterizing a peace-keeping operation.

Your cooperation with regard to the above would be greatly appreciated.

- B. Security of UNAMIR vehs forwarded vide this HQ letter no 3000.12 (Ops) dated 21 Mar 95.
- C. Security Awareness forwarded vide this HQ letter no 3000.12 (Ops) dated 25 Mar 95.
- D. Administrative Instruction No 011/95 dated 27 Mar 95 on Security of UNAMIR Vehicles.

1. In spite of detailed instructions issued periodically by this HQ, it has been noted that there has been an alarming increase in the number of hijackings and thefts of UNAMIR vehicles. In most cases, the loss occurred due to non-compliance of instructions by the person responsible for the vehicle. These incidents occurred for example, by driving alone at night or parking in places having inadequate security, etc.

2. The following points are reiterated for strict compliance:

- a. Vehicles will be locked at all times when individuals leave them. No "attractive" items, such as motorolas etc must be left in the vehicle.
- b. Vehicles will only be parked at places which are safe and adequately guarded.
- c. Individuals will not travel alone nor stay out too late at night. It is advisable that to go out in groups of not less than two or more and where possible, go in convoys of two or more vehicles.
- d. Avoid travelling in civilian clothes; wear a uniform and carry a weapon as the norm.
- e. Avoid driving at night in remote and isolated areas. Know safe streets and routes.
- f. When travelling by car, keep the doors locked.
- g. Do not give lifts to non-UNAMIR personnel at any time. Only halt at road blocks; do not stop when individuals attempt to flag down the vehicle.
- h. Do not park vehicles unattended on streets during hours of darkness or for prolonged periods during daytime, unless securely guarded.

3. This matter has been viewed with serious concern and it has been decided that with immediate effect, loss of UNAMIR vehicles due to non-compliance of the above instructions, will be regarded as being the direct responsibility of the custodian or the driver of the vehicle, who will then have to make financial restitution to the United Nations for such a loss.

4. Your strict adherence to these instructions is anticipated.
