Franse regering staat alleen met controversieel plan

Italië weigert troepen voor ingrijpen Ruanda

AFP, Reuter

KIGALI

Italië zal geen troepen leveren voor de door Frankrijk geplande humanitaire interventie in Ruanda. Dit heeft minister van Defensie Cesare Previti zondag in Rome gezegd. Italië is het enige westerse land dat een verzoek in overweging had genomen om troepen bij te dragen.

'De Fransen zijn bezig met een unilaterale actie en we zijn niet van plan daaraan deel te nemen', zei Previti voor de staatstelevisie. Hij zei dat Italië wel bereid is deel te nemen aan een multilaterale interventie in Ruanda.

Het Franse plan stuit op fel verzet van de Tutsi-minderheid in Ruanda, die gedecimeerd is door de massaslachtingen van de afgelopen maanden. Volgens de Tutsi's heeft Frankrijk de Hutu-regering bewapend die opdracht gaf tot de massamoorden op Tutsi's.

De Franse president Mitterrand zei zaterdag dat de totstandkoming van een 'humanitaire verdedigingsmacht' voor Ruanda een kwestie 'van uren of dagen' is. Mitterrand verklaarde dat twee of drie Afrikaanse landen positief hebben gereageerd op het verzoek om troepen bij te dragen. 'Ik wacht nog op duidelijke antwoorden van Europese landen', aldus Mitterrand tijdens een Unesco-congres in Parijs. 'Maar hoe het ook zij, wij zullen het doen. Ieder uur telt.'

Tot de Franse interventie werd zaterdag formeel besloten tijdens een bijeenkomst van ondermeer premier Balladur, minister van Defensie Léotard en leden van de generale staf. In een communiqué werd gezegd dat Frankrijk besloten heeft 'de noodzakelijke middelen naar de Ruandese grenzen te sturen om mensenlevens te redden'

Verdere details werden niet verstrekt, maar verwacht wordt dat Frankrijk zelf duizend tot tweeduizend manschappen wil leveren. Zij zullen in eerste instantie gestationeerd worden aan de grens tussen Ruanda en Zaire. Frankrijk loopt hiermee vooruit op de reeds geplande uitbreiding van de huidige VN-macht in Ruanda (Unamir) van 490 tot 5500 man. VN-functionarissen denken dat dit niet voor eind juli geconcretiseerd kan worden.

Overigens benadrukte de Franse minister van Buitenlandse Zaken Juppé zaterdagavond dat Frankrijk niets zal doen zonder toestemming van de Verenigde Naties. Hij zei te hopen dat de Veiligheidsraad van de VN uiterlijk woensdag een uitspraak doet over een Franse resolutie waarin tot interventie wordt opgeroepen.

'We zullen niets doen zonder groen licht van de Verenigde Naties voor deze operatie met een strikt humanitair doel', zei Juppé tijdens een bezoek aan Senegal, het enige land dat tot nu toe in het openbaar troepen heeft toegezegd.

In de resolutie vraagt Frankrijk uit hoofde van artikel 7 van het VN-Handvest, dat gewold goedkeurt, toestemming voor de operatie. Kennelijk zal Frankrijk zelf het bevel voeren. Volgens de resolutie blijft de operatie 'beperkt tot de overgangsperiode gedurende welke Unamir niet in staat zal zijn haar mandaat effectief uit te voeren.'

VN-secretaris-generaal Boutros Ghali heeft positief gereageerd op het plan. De Verenigde Staten en België, de voormalige koloniale heerser in Ruanda, hebben laten weten logistieke steun te kunnen leveren. Hoewel het enthousiasme voor het Franse plan gering is, lijkt geen van de drie andere permanente leden van de V-raad van zins zijn vetorecht te gebruiken.

In Frankrijk zelf bestaat brede steun voor het plan. Maar de organisatie Médecins sans Frontières, die voor het eerst in zijn geschiedenis tot een militaire interventie opriep, verklaarde dat Frankrijk zelf zich wegens zijn recente rol in Ruanda beter zou kunnen beperken tot logistieke en financiële steun.

Inwoners Sarajevo putten moed uit Mozarts requiem

SARAJEVO, maandag

Ze kwamen om het requiem voor Sarajevo te zingen. Maar wat een rouwbetuiging voor de door oorlog en dood geteisterde stad had moeten worden, werd een opvoering van hoop.

Nog voordat sterdirigent Zubin Mehta, de wereldberoemde tenor Jose Carreras en andere muzikale beroemdheden nog maar een noot van het Requiem van Mozart hadden laten horen, stonden de inwoners van Sarajevo al op de barrikaden om het orkest te belonen met een daverend applaus.

Dat het orkest nog niet aan de echte uitvoering was toegekomen, maar slechts een generale repetitie speelde, kon de inwoners niet schelen. Al evenmin dat de tenor zijn stem spaarde voor de echte uitvoering en dat het Symfonie Orkest van Sarajevo door de oorlog veel van zijn leden had verloren.

Het concert werd uitgevoerd in de Nationale Bibliotheek, die aan het begin van de oorlog zwaar beschadigd raakte. Met de opbrengst wil men humanitaire hulp in de vorm van voedsel en medicijnen verlenen aan alle getroffenen van de oorlog, die, naar het zich laat aanzien, sterk aan het afnemen is sinds negen dagen geleden een bestand werd gesloten.

Op het slagveld in Bosnië-Herzegovina is het gisteren „relatief rustig" gebleven. De Verenigde Naties meldden dat de gevechten die het bestand dreigden te ondergraven, in intensiteit afnamen.

In het midden van Bosnië vochten de moslims met Servische troepen om de controle over een weg tussen de steden Tuzla en Zenica, twee bolwerken van de moslims. Volgens de leider van de Bosnische Serviërs heeft het moslim-offensief duizenden Serviërs op de vlucht gejaagd.

Sluipschutters hebben gisteren in Sarajevo een chauffeur van een vrachtwagen doodgeschoten. Kort daarvoor was het tramverkeer in de Bosnische hoofdstad al tot stilstand gekomen nadat een kind licht gewond was gemaakt door een kogel van een sluipschutter.

Sinds de Serviërs onder bedreiging van de NAVO in februari hun zware wapens rond Sarajevo terugtrokken, hebben sluipschutters sporadisch nog slachtoffers gemaakt. (Reuter/AP)

Parijs gaat in Rwanda interventie uitleggen

5/6

Cocon Crisisstaf
121/66

PARIJS, maandag

Parijs stuurt een speciale afgezant naar Rwanda om de leiders van het door Tutsi geleide rebellenleger RPF ervan te overtuigen dat de 2000 Franse soldaten slechts „humanitaire" taken zullen uitvoeren.

Het RPF heeft furieus gereageerd op het plan van Parijs om een interventiemacht te sturen die een eind moet maken aan de slachtingen onder de burgerbevolking. Volgens de rebellen is Frankrijk deels verantwoordelijk voor de slachtpartijen omdat het in het verleden de Hutu-milities zou hebben getraind en bewapend. Het RPF heeft laten weten de Franse interventiemacht te zullen beschouwen als de vijand en dienovereenkomstig te zullen handelen.

Een woordvoerster van het Franse ministerie van Buitenlandse Zaken zei gisteren dat de Franse ambassadeur in Rwanda, Jean Michel Marlaud, zou proberen om de RPF te overtuigen van de goede bedoelingen van Parijs. Maar, zo voegde zij eraan toe, „Marlaud zal zeker niet de instemming en steun van de strijdende partijen zoeken".

Volgens Frankrijk is de afwijzende houding van het RPF het gevolg van een reeks van misverstanden. De Franse interventiemacht zal zich vooral concentreren op het beschermen van de Tutsi-minderheid in die gebieden die nog onder controle staan van het door de Hutu geleide regeringsleger.

Voordat Parijs de troepenmacht van zo'n 2000 soldaten naar Rwanda zal sturen, zal eerst de Veiligheidsraad van de VN het groene licht moeten geven voor de operatie. Verwacht wordt dat dit al vannacht of morgennacht kan gebeuren.

De Franse interventiemacht zal Rwanda via de grens met Zaïre binnentrekken. Andere grensovergangen, zoals met Oeganda of Boeroendi zijn uitgesloten omdat de regeringen in deze landen op de hand van het RPF zijn en de Fransen dan moeteen door gebieden zouden moeten die onder controle van de rebellen staan.

Franse legerleiders houden echter rekening met de mogelijkheid dat de soldaten zich naar binnen moeten vechten. Om die reden zou de goed bewapende troepenmacht dan odk hoofdzakelijk bestaan uit commando's o.a. afkomstig uit het Franse Vreemdelingen Legioen en ondersteund worden door gevechtshelikopters.

Parijs toonde zich het afgelopen weekeinde uitermate geïrriteerd over het gebrek aan steun voor het Franse plan bij de leden van de Westeuropese Unie (WEU). Charles Pasqua, de Franse minister van Binnenlandse Zaken, was geshockeerd door de houding van de WEU en zei dat de internationale gemeenschap „zich in haar geheel verantwoordelijk moet voelen" voor het bloedvergieten.

De Verenigde Naties evacueerden zaterdag nog 300 burgers uit Kigali. De evacuatie was eerder deze week opgeschort wegens de aanhoudende strijd. Zaterdagmorgen lukte het evenwel om 150 Tutsi en even zoveel Hutu uit de gevarenzones weg te halen. Onder voortdurend geweervuur werden de vluchtelingen aan de frontlijn tegen elkaar gerulld, aldus de VN. (Reuter/AFP)

Israël werkt aan regeling met Libanon

Van onze correspondent

JERUZALEM, maandag

Israël werkt aan een voorstel voor een tussentijdse vredesregeling met Libanon, meldt de Israëlische krant Ha'aretz.

Volgens Israëlische functionarissen is een interim-oplossing met Libanon mogelijk door de vooruitgang op het Israëlisch-Syrische spoor. Ondanks de negatieve uitspraken in het openbaar, zeiden leden van het Amerikaanse bemiddelingsteam dat er vorderingen zijn gemaakt tussen Jeruzalem en Damascus.

Israël eist dat de guerrillastrijders van de pro-Iraanse Hezbollah-beweging worden ontwapend en dat het Libanese leger de rust en orde in Zuid-Libanon herstelt. Als dit inderdaad het geval is, zal Israël de aftocht blazen uit de bezette veiligheidszone.

Intussen wordt de Hezbollah niet met rust gelaten. Israëlische gevechtsvliegtuigen bombardeerden gisteren opnieuw Hezbollah-stellingen in Zuid-Libanon. Er zouden geen gewonden zijn. Het was de twintigste aanval dit jaar. Eerder deze maand vielen bij een Israëlische legeractie tegen de Hezbollah in Oost-Libanon vijftig doden.

Geallieerde legers uit Westen nemen afscheid in Berlijn

Van onze correspondent

BONN

Opnieuw militair vlagvertoon in de Duitse hoofdstad. Een week na het afscheid van het Russische opperbevel in Wünsdorf namen de drie westelijke geallieerden zaterdag met een parade afscheid van Berlijn. Een kleine 80 duizend toeschouwers stonden langs de Straat van de 17e Juni, waar Amerikanen, Britten en Fransen vooral een muzikale show verzorgden.

Hoogtepunt was de verschijning van een oude Dakota boven de Brandenburger Toren. Met dit type vliegtuigen – 'Rosinenbomber' genoemd – werden de (West)Berlijners in 1948-'50 van voedsel en brandstof voorzien, toen de Sovjets de stad met een blokkade van de buitenwereld hadden afgegrendeld.

De romp van een dergelijk toestel kreeg tevens een centrale plek in het vorige week geopende museum van de geschiedenis van de Bondsrepubliek in Bonn. De Berlijnse blokkade betekende een definitieve breuk met de Sovjets en min of meer de bezegeling van een nog veertig jaar durende Duitse deling. Op 3 oktober 1990 sloot de DDR – voorheen 'Russische Bezettingszone' – zich aan bij de Bondsrepubliek.

De parade betekent overigens nog niet het definitieve afscheid. Alsof de stad er geen genoeg van kan krijgen, vinden de komende weken nog meer optochten plaats met als sluitstuk een parade op 31 augustus van de Russen in aanwezigheid van president Jeltsin en kanselier Kohl, een week later gevolgd door de laatste parade van de drie westelijke geallieerden onder het oog van hun regeringsleiders. In tegenstelling tot de Russen blijven zij met een bescheiden en hoofdzakelijk Amerikaanse troepenmacht op Duitse bodem.

MEDICAL REPORT

1. INTRODUCTION

Three hospitals were visited on the 18th June in Kampala. They were appointed as the best ones according to the local authorities.
a. NILE Hospital (Private);
b. KISEKKA FOUNDATION Hospital (Private);
c. MULAGO Hospital (Government)

2. NILE HOSPITAL
Offers only radiologic and clinical assistance.
Adr: POBox 3478 - Port Bell road - Bugolobi
Tel: 041 220151/220153

3. KISEKKA HOSPITAL
Offers clinical, general surgery and dental assistance.
Adr: POBox 2226 - Old Kampala
Tel: 041 244654

4. MULAGO HOSPITAL
Offers clinical, orthopaedic and neurological surgery.
Tel: 041 554008 - after working hours.
541250 - Dr KABGWA, Director
fax 541250.

5. CONCLUSIONS

a. For dental assistance, UNOMUR personnel could use the KISEKKA Hospital, which is also used by some foreign people in Kampala.
b. The only hospital capable to offer specialized treatment is MULAGO hospital, however it suffers from lack of disposable material like gloves, needles, etc; it could be used for simple orthopaedic cases that do not require surgery. It has also ambulance service which can be requested through the above telephone number.
c. I suggest that besides those options (dental and ortophaedic), the patients with surgical needs should be evacuated to NAIROBI ASAP.
d. ENTEBBE Airport also has an ambulance service 24 hours basis.

1. GEN SITUATION. THE NIGHT WAS RELATIVELY CALM IN THE EAST, AND SOUTHERN PARTS OF THE CITY. RPF CONTINUED TO HARASS AND ISOLATE RGF POSITIONS WITH ARTY/MORTAR, HMG AND SAs FIRE WHICH DREW RETALIATORY FIRE FROM THE RGF. THE INTERHAMWE/MILITIA ACTIVITIES ARE STILL ON THE INCREASE WHILE THEY CONTINUE TO CONTROL ROAD BLOCKS AND CHECK POINTS JOINTLY WITH THE GENDARMERIE IN RGF AREAS IN THE CITY. THE SITUATION AT ST PAUL AND STE FAMILLE WAS VERY CALM OVERNIGHT. IN THE SOUTH, FIGHTING IS REPORTED ON THE OUTSKIRTS OF BUTARE. NO CHANGES IN THE SITUATION IN THE NORTH. THERE ARE REPORTS OF FIGHTING IN AND AROUND RUHENGERI. TRANSFER OF DISPLACED PERSON WILL CONTINUE THIS MORNING DEPENDING ON THE SECURITY SITUATION. TWO MILOB TEAMS LEFT FOR KAGITUMBA WITH PERSONNEL PROCEEDING TO NAIROBI. THE ROAD LIFT OF APCs AND OTHER EQUIPMENT ARRIVING IN ENTEBBE TO KIGALI REMAIN UNCLEAR BY RPF FOR THE PAST TWO DAYS. REQUEST WAS MADE TO RPF TO ALLOW THE APCs COME TO KIGALI. RPF HAS NOT YET GIVEN CLEARANCE.

2. POLITICAL ACTIVITIES. STATEMENTS CONTINUE TO BE ISSUED BY THE POLITICAL LEADERSHIP OF BOTH SIDES FOR AND AGAINST THE FRENCH INTERVENTION. TENSION CONTINUES TO GROW IN BURUNDI.

3. FACTIONAL ACTIVITIES.

A. RPF. RPF CONTINUED THEIR PRESSURE ON RGF POSITIONS IN KYCHIRU, NYAMIRAMBO, KIMIHURURA AND THE CITY CENTRE WITH ARTY/MORTAR, HMG AND SAs FIRE EARLY THIS MORNING. FIGHTING IS REPORTED TO BE INTENSE IN NYAMIRAMBO AND IN THE VALLEY TO THE NORTH OF STE FAMILLE. THE ADVANCE SOUTH CONTINUES TOWARDS BUTARE AND KIBUYE. SPORADIC EXCHANGES OF FIRE WERE REPORTED AROUND RUHENGERI WITH NO SIGNIFICANT CHANGES IN DISPOSITIONS OF TROOPS.

B. RGF. RGF CONTINUED TO DEFEND THEIR POSITIONS WITHIN THE CITY AND RETALIATED TO RPF FIRES WITH MORTARS, HMG AND SMALL ARMS FIRE. FORTIFICATION OF THEIR POSITIONS CONTINUED IN KYCHIRU, NYAMIRAMBO, KIMIHURURA AND THE CITY CENTRE.

C. MILITIA. THE ACTIVITIES OF THE MILITIA/INTERHAMWE ARE ON THE INCREASE IN RGF CONTROLLED AREAS AND POSE A THREAT TO CIVILIANS AND CHILDREN IN REFUGEE CAMPS.

4. OWN MILITARY ACTIVITIES

A. FORCE HQ. NORMAL ROUTINE WAS CONDUCTED. STAFF BRIEF WAS CONDUCTED AT 1900 HRS. STAFF PREPARATIONS TO RECEIVE TROOPS/EQUIPMENT OF THE EXPANDED UNAMIR FORCE CONTINUE TO BE MADE. THE FC IS SCHEDULED TO MEET WITH GEN KAGAME TO DISCUSS THE MOVEMENT OF TROOPS/EQUIPMENT FROM NAIROBI TO KIGALI THROUGH RPF LINES. SECOND PROGRESS REPORT OF THE SECRETARY-GENERAL ON THE UNITED NATIONS OBSERVER MISSION UGANDA-RWANDA

I. INTRODUCTION

1. The present report is submitted in pursuance of paragraph 2 of Security Council resolution 891 (1993) of 20 December 1993, by which the Council decided to extend the mandate of the United Nations Observer Mission Uganda-Rwanda (UNOMUR) for a period of six months from 22 December 1993 to 21 June 1994. The present report covers the period since my last report to the Security Council on UNOMUR of 15 December 1993 (S/26878).

2. UNOMUR was established with the adoption of resolution 846 (1993) by the Security Council on 22 June 1993. The mission was mandated to deploy on the Ugandan side of the border with Rwanda in order to verify that no military assistance reached Rwanda, focusing primarily in that regard on transit or transport, by roads or tracks which could accommodate vehicles, of lethal weapons and ammunition across the border, as well as any other material that could be of military use.

II. DEPLOYMENT AND ACTIVITIES

3. As of 3 June 1994, UNOMUR consisted of 81 military observers from the following countries: Bangladesh (20), Botswana (9), Brazil (13), Hungary (4), Netherlands (10), Senegal (10) Slovakia (5) and Zimbabwe (10). In addition, the mission included 11 international civilian and 7 locally recruited staff performing a variety of substantive and administrative support tasks.

4. The drastic change in the overall situation in Rwanda, sparked by the deaths of the presidents of Rwanda and Burundi in a suspicious plane crash in Kigali on 6 April, and resulting in the resumption of hostilities in that country, affected not only the operations of the United Nations Assistance Mission for Rwanda (UNAMIR), but also UNOMUR's monitoring operations on Uganda's border with Rwanda. Prior to the resumption of hostilities in Rwanda, UNOMUR had restricted its monitoring activities in Uganda along the area of the border with Rwanda which was controlled by the Rwandese Patriotic Front (RPF). As pointed out in my report of 15 December (S/26878), UNOMUR's deployment and

UNOMUR KABALE 94- 6-20 3:10 UNAMIR - MINUAR 12129633390 UNOMUR RADIO ROOM:#10 RAD:UNOOM;#10

operational activities mainly covered two major and three secondary crossing sites stretching from Sabinio volcano in the west to Lubirizi in the east on the Ugandan side of the border (see attached map).

5. Following the resumption of the civil war in Rwanda, RPF was able to gain control of the entire border with Uganda. It therefore became evident that in order for UNOMUR to fulfil its mandate, the mission would be required to extend its observation and monitoring activities along the whole border, up to Mirama Hills on the eastern part of the Ugandan side of the border, a distance of some 170 kilometres from Sabinio volcano to the west. Moreover, it was not possible for UNOMUR to investigate in a credible manner the increasing number of allegations being received that troops and support equipment were crossing the Ugandan border into Rwanda without monitoring the entire border. While UNOMUR's movements to the areas in the north-east and west beyond the mission's original area of operation were not restricted, attempts were made to restrict UNOMUR patrols eastward in the Mirama Hills area. After discussions between the UNOMUR Acting Chief Military Observer and the Ugandan military authorities at Kampala on 2 May, UNOMUR received clearance to monitor this area by both ground and air patrols. Accordingly, with effect from 14 May 1994, UNOMUR has been able to monitor the entire border between Uganda and Rwanda.

6. UNOMUR carries out its tasks essentially through patrolling, monitoring and surveillance of the whole stretch of the operational area, involving both mobile and fixed observations as well as on-site investigations of suspected cross-border traffic. Since the resumption of the fighting in Rwanda, UNOMUR's surveillance activities have been especially vigorous and have enabled it to investigate to allegations of arms flows into Rwanda through its border with Uganda.

7. The recent extension of UNOMUR's monitoring activities to the whole border has necessitated the readjustment of tasks and the reassignment of military observers in the operational area. Consequently, the headquarters staff at Kabale has been reduced from 14 to 9 currently to permit the creation of additional monitoring teams, with the remaining headquarters personnel also participating, as appropriate, in patrolling and other monitoring assignments. To help meet the increased operational requirements, UNOMUR currently maintains seven observation posts and checkpoints manned on a 24-hour basis, as opposed to two previously.

8. In carrying out its monitoring mandate, UNOMUR is currently performing a number of specific tasks, including, inter alia:

(a) Fixed 24-hour manned observation through the two main crossing sites at Katuna and Cyanika and the secondary crossing points at Bigega, Lubirizi, Kafunzo, Kashekye and Mirama Hills;

(b) Random day and night mobile patrols to cover routes or tracks which require surveillance;

(c) Random day and night foot patrols covering areas which also require surveillance but are inaccessible by mobile/vehicle patrols;

(d) Random aerial day patrols involving the airlift by helicopters of military observers into areas of high elevation for a clearer view and observation of routes leading to the border;

(e) Random aerial day surveillance by helicopter of the border areas and routes. Such surveillance is often conducted by mission commanders and staff to monitor movements along the border and routes leading to the border.

9. The arrival in the mission area of three helicopters in early April has strengthened UNOMUR's overall operational capacity. However, ground features and weather conditions do not permit safe operations of civilian-contracted helicopters at night. Therefore, the helicopters are currently used primarily for daytime aerial surveillance, patrolling and reconnaissance. They are also used for emergency medical evacuation purposes and for rapid deployment of military observers to selected remote and difficult-to-reach observation posts to monitor suspected crossing sites by day or night.

10. I am glad to report that, in general, UNOMUR's activities in pursuance of its mandate have been effective. In my last report to the Council (S/26878), I noted that any clandestine cross-border traffic had decreased appreciably and that, at that time, movement was restricted and only along well-used routes across the border. I furthermore reported that there was no evidence of any significant traffic in armaments. Despite the resumption of hostilities in Rwanda, the situation of cross-border traffic from Uganda into Rwanda does not appear to have changed during the reporting period, and no movement of armaments or armed personnel has been detected by UNOMUR.

III. FINANCIAL ASPECTS

11. As indicated in my report on the financing of UNAMIR (A/48/837), the administrative costs related to the military observers and civilian personnel of UNOMUR, with effect from 22 December 1993, are included in the cost estimates for the maintenance of UNAMIR. The General Assembly, by its resolution 48/248 of 5 April 1994, authorized the Secretary-General to enter into commitments at a monthly rate not to exceed $9,082,600 gross per month for the period from 5 April to 31 October 1994, for the maintenance of both operations. Should the Council decide to continue the mandate of UNOMUR as recommended in paragraph 14 below, the resources required for its maintenance would be obtained from the level authorized by the Assembly in its resolution 48/248.

IV. OBSERVATIONS AND RECOMMENDATIONS

12. It is now nearly a year since the Security Council decided to establish UNOMUR and almost 10 months since the mission was fully deployed in its operational area. UNOMUR was intended to create an atmosphere conducive to a negotiated settlement of the Rwandese conflict and to underscore the importance that the international community attaches to the maintenance of peace and security in the region. This observer mission has contributed to the climate of stability in the area and has been particularly critical in recent months, as

UNAMIR has sought to defuse tensions resulting from the resumption of hostilities in Rwanda.

13. As a result of the dramatically changed situation in Rwanda, both the priorities and the requirements of the international community have evolved. It should be recalled in this connection that the Security Council, by its resolution 918 (1994) of 17 May 1994, decided to expand the strength of UNAMIR to 5,500 all ranks to enable it to contribute to the security and protection of persons at risk in Rwanda and to provide security and support for the distribution of relief supplies and humanitarian relief operations. Under resolution 918 (1994), the Council, acting under Chapter VII of the Charter of the United Nations, also decided to place an embargo on the delivery of arms, ammunition and related material to Rwanda. In addition, the Council established a Committee to coordinate with Member States on the action taken by them to implement the embargo.

14. Under these circumstances, there appears to be little rationale for monitoring one of Rwanda's borders and not the others. At the same time, however, the issue of arms flows is one of the major areas of concern in the cease-fire talks, which are being held under the auspices of UNAMIR. As UNOMUR's activities allow UNAMIR to address, at least to some degree, the issue of outside interference in the Rwandese civil war, I believe that UNOMUR should continue its monitoring activities until an effective cease-fire has been established. I therefore recommend that UNOMUR's mandate be renewed for a period of three months. During this period, the number of military observers would be reduced by phases, adjusting to operational requirements. UNOMUR would be closed down by 21 September. I would report on the completion of this process to the Security Council.

15. In conclusion, I would like to express my appreciation to the Government of Uganda for the cooperation and assistance it has extended to UNOMUR. I also wish to pay tribute to both the military and the civilian personnel of UNOMUR for the professionalism and dedication with which they have carried out their tasks.

FROM: UNAMIR, KIGALI.

SITREP COVERING PERIOD 190600B JUNE TO 191800B JUNE 94.

1. GEN SITUATION. HOSTILITIES BETWEEN THE TWO WARRING FACTIONS IN KIGALI STARTED EARLY THIS MORNING WITH EXCHANGES OF ARTY/MORTAR AND SMALL ARMS FIRE WHICH CONTINUED THROUGHOUT THE DAY. THE MAIN AREAS OF FIGHTING WERE IN KIMIHURURA, KACYIRU, KIMISANGE, KIYOVU AND THE CITY CENTER. ONE SHELL LANDED WITHIN THE ICRC HOSPITAL KILLING ONE LOCAL STAFF AND WOUNDING SOME OTHERS. SOME SHELLS ALSO LANDED CLOSE TO HOTEL MILLES COLLINS. THE RPF ADVANCE SOUTH CONTINUES TOWARDS KIBUYE IN THE SOUTHWEST OF THE COUNTRY. THERE ARE NO MAJOR CHANGES IN THE DISPOSITIONS OF TROOPS IN THE NORTH OF THE COUNTRY. THE INFLUX OF DISPLACED PERSONS TO THE NORTH WEST TOWARDS GISENYI CONTINUES. THE EXERCISE ON THE TRANSFER OF DISPLACED PERSONS WAS SUSPENDED TODAY DUE TO SECURITY REASONS. THE HUMAN RIGHTS TEAM HAD AUDIENCE WITH THE RPF IN BYUMBA. ABOUT 400 ZAIROIS WERE EVACUATED TODAY BY THE RGF TO GOMA (ZAIRE) FROM KIGALI.

2. POLITICAL ACTIVITIES. RTLM HAS DENOUNCED THE SHELLING OF BILYOGO SUBURB OF KIGALI TODAY. THE RADIO ALSO SAID THAT ALL RPF SYMPATHIZERS WHO SURVIVED THE SHELLING WILL BE KILLED BY THE MILITIA/INTERHAMWE. THE DEBATE ON THE FRENCH INITIATIVE CONTINUES. MR BERNARD KOUCHNER MET THE CHAIRMAN OF RPF IN MULINDI TODAY.

3. FACTIONAL ACTIVITIES.

A. RPF. THE RPF SQUEEZE ON THE CITY CONTINUED THROUGHOUT THE DAY. RGF POSITION IN KIMIHURURA, KACYIRU NYAMIRAMDO AND THE CITY CENTER WERE THE MAIN AREAS OF FIGHTING TODAY. THEY ARE REPORTED TO HAVE INFLICTED HEAVY CASUALTIES ON THE RGF IN THE FIGHTING. THEIR ADVANCE IN THE SOUTH CONTINUES WEST TOWARDS KIBUYE. THE RPF IS REPORTED TO BE REINFORCING THEIR TROOPS AND BRINGING MILITARY SUPPLIES TO THE KIGALI. THERE IS NO CHANGE IN DISPOSITIONS IN THE NORTH.

B. RGF. THE RGF CONTINUED TO DEFEND THEIR POSITIONS WITHIN THE CITY. THEY ARE REPORTED TO HAVE SUSTAINED HEAVY CASUALTIES IN TODAY'S EXCHANGES PARTICULARLY IN NYAMIRAMBO. THEY CONTINUE TO GRADUALLY LOSE GROUND TO THE RPF IN THE CITY AND TO THE SOUTH WEST. NO MAJOR CHANGES IN THEIR DISPOSITION IN KIGALI AND IN THE NORTH. INDICATIONS ARE THAT EFFORTS ARE NOW BEING CONCENTRATED AROUND GISENYI AND CYANGUGU.

C. MILITIA. THEY ARE REPORTED TO HAVE FOUGHT SIDE BY SIDE WITH THE RGF IN NYAMIRAMBO TODAY. THEIR ACTIVITIES CONTINUE TO BE ON THE INCREASE IN RGF CONTROLLED AREAS.

4. OWN MILITARY ACTIVITIES

A. FORCE HQ. NORMAL ROUTINE STAFF WORK WAS CONDUCTED

DURING THE PERIOD. FC'S STAFF BRIEF WAS CONDUCTED AT 0700 HRS. MR BERNARD KOUCHNER HAD A MEETING WITH THE COS RGF AT HOTEL DIPLOMAT THIS MORNING. HE ALSO MET THE CHAIRMAN OF RPF AT MULINDI THIS AFTERNOON. THE FC ADDRESSED ALL BANGLADESHI OFFICERS AT THE AMAHORO STADIUM THIS AFTERNOON. THE EXERCISE ON THE TRANSFER OF DISPLACED PERSONS COULD NOT BE CARRIED OUT TODAY DUE TO THE HEAVY EXCHANGES OF FIRE WITHIN THE CITY.

B. **UNOMUR** A SIX MEMBER TEAM HEADED BY THE US AMBASSADOR TO RWANDA VISITED THE UNOMUR MISSION HQ ON 18 JUNE 94. HE WAS ACCOMPANIED BY THE DEFENCE ATTACHE ACCREDITED TO UGANDA AND A COLONEL FROM THE PENTAGON. THE AMBASSADOR EXPRESSED HIS CONCERN ABOUT THE MOVEMENT OF ARMS INTO RWANDA THROUGH ZAIRE. ROUTINE PATROLS WERE CONDUCTED DURING THE PERIOD. 46 VEHICLES CROSSED THE BORDER INTO RWANDA WITH 608 PASSENGERS. 477 OF WHOM WERE REFUGEES. FROM RWANDA INTO UGANDA 46 VEHICLES CROSSED WITH 169 PASSENGERS INCLUDING 9 REFUGEES. TEAMS HAVE BEEN PUT IN PLACE TO FACILITATE THE SMOOTH MOVEMENT OF UNAMIR TROOPS AND EQUIPMENT THROUGH UGANDA.

C. **GHANBATT**. PROVIDED SECURITY AT KIA, AMAHORO STADIUM AND FORCE HQ. PROTECTION AND HUMANITARIAN ASSISTANCE WAS ALSO GIVEN TO DISPLACED PERSONS LOCATED AT THE KIA AND THE STADIUM. ESCORTS WERE ALSO PROVIDED FOR OTHER DUTIES DURING THE PERIOD.

D. **TUN PL** CONTINUED TO PROVIDE SECURITY TO DISPLACED PERSONS AT MERIDIEN HOTEL, KING FAISAL HOSPITAL AND HOTEL MILLES COLLINS.

E. **MILOB**. MILOB TEAMS WERE EMPLOYED FOR THE FOLLOWING DUTIES DURING THE PERIOD:

(1) ONE TEAM ESCORTED MR KOUCHNER TO HOTEL DIPLOMAT TO MEET RGF COS.

(2) TWO TEAMS ESCORTED UNAMIR PERSONNEL FROM KIGALI TO KAGITUMBA AND RETURNED WITH THOSE COMING FROM NAIROBI THROUGH ENTEBBE.

5. **UNCIVPOL**. THEIR INTEGRATION WITH THE MILOBS FOR THE TIME BEING HAS COMMENCED.

6. **HUMANITARIAN ACTIVITIES**. THE TRANSFER OF DISPLACED PERSONS COULD NOT BE CARRIED OUT TODAY DUE TO HEAVY FIGHTING IN THE CITY. THE UNICEF VACCINATION PROGRAM CONTINUED AT KING FAISAL HOSPITAL. HAC AND UN NGO REPRESENTATIVES WERE NOT ALLOWED TO GO TO KABALE FOR PREPARATIONS TO CARRY OUT HUMANITARIAN ACTIVITIES IN RPF CONTROLLED AREAS.

Naleven van het bestand in Bosnië steeds moeizamer

SARAJEVO, 18 JUNI. VN-functionarissen zijn bezorgd over het toenemend aantal schendingen van het bestand dat een week geleden in Bosnië tot stand werd gebracht. Vooral in het noordwesten van Bosnië neemt de strijd in hevigheid toe. De Serviërs maakten melding van een aanval door het Bosnische regeringsleger op de door hen beheerste corridor in dat gebied. De commandant van de VN-troepen, luitenant-generaal Sir Michael Rose, deed gisteravond een beroep op de partijen de strijd te staken.

De eerste week sinds het door VN-bemiddeling tot stand gebrachte staakt-het-vuren is relatief rustig verlopen. Afgelopen donderdag werd er echter weer met artillerie geschoten bij de stad Maglaj, terwijl bij Brčko met tanks en mitrailleurs werd gevuurd.

Hulpverleners in Angola vrij

LUANDA, 18 JUNI. Een groot deel van de 56 medewerkers van internationale hulporganisaties, van wie de Angolese regeringsgezinde media hadden gemeld dat ze werden vastgehouden door de onafhankelijkheidsbeweging UNITA, zijn gisteren veilig teruggekeerd in de Angolese hoofdstad Luanda.

De hulpverleners, onder wie medewerkers van het Wereldvoedselprogramma van de Verenigde Naties en de Franse organisatie Artsen zonder Grenzen, zouden sinds woensdag zijn vastgehouden in het bolwerk van UNITA, de in de centrale hooglanden gelegen stad Huambo. Dat leidde tot protesten, onder meer van de Amerikaanse regering.

Een woordvoerder van UNITA ontkende echter dat de organisatie hulpverleners vasthield. De hulpverleners vlogen woensdag naar Huambo om te onderhandelen over hervatting van de hulpvluchten waarvoor UNITA sinds maandag toestemming weigert.

Een woordvoerder van UNITA zei dat acht hulpverleners, onder wie een functionaris van de Verenigde Naties, naar Huambo waren gekomen zonder eerst contact op te nemen met UNITA. Volgens UNITA waren zij daarop in Huambo gestrand en verhinderen bombardementen hun terugkeer. (Reuter)

WEU reageert lauw op Frans voorstel Rwanda

Door onze correspondent WIM BRUMMELMAN

BRUSSEL, 18 JUNI. Frankrijk en Italië zijn mogelijk bereid 1.500 à 2.000 militairen beschikbaar te stellen voor een snelle interventie in Rwanda. Maar het is uiterst twijfelachtig of andere lidstaten van de Westeuropese Unie (WEU), ook bereid zijn om soldaten te leveren voor zo'n vredesoperatie.

Dat bleek gistermiddag na afloop van spoedberaad van de WEU-ambassadeurs in Brussel. De WEU is een Europees samenwerkingsverband op defensiegebied. Volgende week dinsdag komen de diplomaten opnieuw bijeen en dan moet er meer duidelijkheid komen over de beschikbaarheid van WEU-troepen. Ook moeten er dan meer concrete plannen op tafel liggen over een actie die wordt gecoördineerd door de WEU.

De Belgische ministerraad besliste gisteren al om geen militairen te sturen. België wil wel logistieke ondersteuning verlenen en het land zal 100 miljoen frank (5,5 miljoen gulden) uittrekken voor hulp aan de slachtoffers van de volkerenmoord in Rwanda.

Het WEU-beraad volgde op het initiatief dat Frankrijk de afgelopen dagen heeft gelanceerd om „een humanitaire interventie van korte duur" te ondernemen. Die missie zou onder vlag van de Verenigde Naties moeten worden uitgevoerd. Parijs wil dat ook andere lidstaten van de WEU meedoen. Technisch of militair is een Franse solo-actie wel mogelijk, maar politiek niet, aldus de Franse minister van buitenlandse zaken, Juppé. Het Rwandees Patriottisch Front (RPF) is fel tegen inmenging van Frankrijk.

nieuwe VN-verzoeken om bijstand zou honoreren. Ook Nederland voelt er weinig voor om soldaten naar Rwanda te sturen.
Tot zover onze correspondent.

□ Aan het begin van de volgende week zal Frankrijk de instemming van de Verenigde Naties proberen te krijgen voor de beoogde humanitaire operatie in Rwanda, aldus een Franse diplomaat in New York. Gisteren is het Franse voorstel al informeel voorgelegd aan de leden aan de Veiligheidsraad, die daarop „over het algemeen positief hebben gereageerd", aldus de betrokken diplomaat. Eerder had secretaris-generaal Boutros-Ghali al zijn steun betuigd aan het Franse plan.

Pogingen van de Verenigde Naties om vredesonderhandelingen tot stand te brengen tussen het Rwandese leger en de opstandelingen van het RPF, mislukten gisteren nadat een VN-militair was gedood door een granaat die was afgeschoten door het RPF nadat en een Hutu eenheid een hotel in de hoofdstad Kigali had bestormd waarin vluchtelingen waren gehuisvest. De commandant van de VN-strijdkrachten in Rwanda, de Canadese generaal Romeo Dallaire, zei dat binnenkort een nieuw tijdstip voor overleg zal worden bepaald. „De besprekingen stokten vanwege de gebeurtenissen van vandaag", aldus de generaal.

Hutu-milities bestormden gisteren het Mille Collines-hotel in het centrum van de Rwandese hoofdstad Kigali op zoek naar leden van de Tutsi-minderheid. Dat gebeurde kort nadat een eenheid van het RPF in een korte actie zeshonderd vluchtelingen uit het centrum van de stad had weggehaald. De Hutu-militie trok zich terug na een interventie van het regeringsleger die werd uitgevoerd op verzoek van de Verenigde Naties. Niemand raakte daarbij gewond. De wacht bij het hotel zou nu versterkt zijn.

Een Uruguayaans lid van de VN-macht werd twintig kilometer ten noorden van de hoofdstad Kigali gedood. „Het voorval had plaats achter de linies van het RPF. Het RPF is ons de antwoorden op onze vragen over het incident nog schuldig", aldus generaal Dallaire. Het RPF gaf geen blijk in de gevond toe voor de dood van de VN-militair verantwoordelijk te zijn. De VN hebben gevraagd om een vredesmacht van 5.500 man in Rwanda, maar tot dusver is secretaris-generaal Boutros-Ghali er niet in geslaagd om dat aantal bijeen te krijgen. De secretaris-generaal van de WEU, W. van Eekelen, zei gisteren na afloop van de bijeenkomst dat een eventuele Europese bijdrage moet worden beschouwd als tussenoplossing, zolang niet voldoende blauwhelmen uit Afrikaanse landen beschikbaar zijn. Maar of er wel sprake zal zijn van een formele WEU-actie en welke landen eraan mee zullen doen, is nu nog onduidelijk, aldus Van Eekelen. Een mogelijkheid is dat VN-blauwhelmen vanuit Somalië zullen worden ingezet in Rwanda. Onder andere Griekenland, Turkije, Italië en Spanje hebben daar troepen gelegerd onder VN-vlag.

Dat België geen soldaten wil sturen is geen verrassing. Begin april werden in Kigali tien Belgische blauwhelmen vermoord. Minister Delcroix van defensie zei toen dat zijn land voorlopig geen

Nog geen Oosteuropeanen bij Navo-oefening

De meeste landen van het voormalige Warschaupact hebben het *Partnership for Peace*-initiatief van de NAVO inmiddels ondertekend, maar daadwerkelijke samenwerking tussen de legers van Oost en West zal nog lang op zich laten wachten. In Duitsland werd deze week geoefend volgens de gebruikelijke scenario's.

Door MENNO STEKETEE

PFERDSFELD, 18 JUNI. De luchtmachtbasis Pferdsfeld staat nergens op de kaart aangegeven. Verscholen in de naaldbossen van de Pfalz, ten oosten van Luxemburg, verraden alleen de bordjes die waarschuwen voor laag overvliegende vliegtuigen de ligging van dit grote NAVO-vliegveld. Achter de zandzakken, het prikkeldraad, de schildwachten en de borden *Fotografierverbot!* speelde zich afgelopen week een deel van de grote NAVO-oefening Central Enterprise '94 af. Vanaf deze basis stegen regelmatig Duitse Phantom-onderscheppingsjagers op om boven het hun toegewezen doelgebied te patrouilleren.

Central Enterprise '94 was een oefening in luchtverdediging. Gevechtsvliegtuigen van de landen van de denkbeeldige 'Inner Coalition' — voor de gelegenheid bestaande uit Nederland, België en een groot deel van het vroegere West-Duitsland — hadden tot taak indringers uit het luchtruim te verjagen. In een strook van Karlsruhe tot Kiel waren ook tientallen luchtafweer-batterijen bij de oefening betrokken. De potentiële aanvallers konden uit alle richtingen worden verwacht. Zelfs Amerikaanse B-52 zware bommenwerpers hadden een rol in het scenario gekregen.

Een scenario dat nóch in tactieken, nóch in rolbezetting, ook maar iets leek te verschillen van de draaiboeken van tien jaar geleden, toen de Koude Oorlog nog in volle gang was. De vraag lijkt daarom gerechtvaardigd waarom in het kader van de veranderde politieke verhoudingen geen luchtmachteenheden zijn uitgenodigd van de landen van het voormalige Warschaupact. Was het de afgelopen twee jaar in het NAVO-hoofdkwartier in Brussel niet een komen en gaan van Tsjechische, Poolse en Hongaarse militaire delegaties? Hebben veel voormalige Oostbloklanden zich niet met een zekere gretigheid ingeschreven voor het *Partnership*? En werd niet al geoefend op kleine schaal?

Op het NAVO-hoofdkwartier in het Belgische Mons is onlangs een werkgroep ingericht waarin Westerse en Oosteuropese militairen voorbereidingen treffen voor samenwerking binnen het *Partnership for Peace*-programma dat zij hebben ondertekend. Een eerste oefening van enkele Oosteuropese en Nederlandse eenheden staat voor oktober op de agenda. Maar ondanks deze voorbereidingen lijkt substantiële samenwerking bij internationale conflicten tussen de twee voormalige vijanden uit de Koude Oorlog nog vele jaren verwijderd. Het verschil in uitrusting, organisatie en mentaliteit zijn daar volgens betrokken militairen de belangrijkste oorzaken van.

Op Pferdsfeld legt een Britse majoor uit: „Men denkt over het algemeen dat samenwerking een kwestie is van het aanschaffen van dezelfde communicatiesystemen en van apparatuur om vliegtuigen te identificeren. Maar er

17/6/94

6/6

komt veel meer bij kijken. Zoiets banaals als de taal is bijvoorbeeld een groot probleem. En NAVO-vliegtuigen moeten lang kunnen patrouilleren. Daarvoor is bijtanken vaak noodzakelijk. De luchtmachten van de Oosteuropese landen vliegen in MiG's die daartoe niet zijn uitgerust. En dat zal door geldgebrek waarschijnlijk ook nog jaren op zich laten wachten."

'Zoiets banaals als de taal is bijvoorbeeld een groot probleem'

Dat de Hongaarse luchtmacht voor Deny Flight — de NAVO-operatie die naleving van het vliegverbod in het Bosnische luchtruim controleert — nu AWACS-radarvliegtuigen beschermt doet daar niets af aan af. „Een stuk nationaal luchtruim verdedigen is heel wat anders dan echte samenwerking, zoals die boven Bosnië bestaat tussen bijvoorbeeld de Nederlandse luchtmacht en de onze."

Een Duitse Phantom-piloot die bij Central Enterprise betrokken is, drukt het krachtiger uit. Zijn op Pferdsfeld gestationeerde squadron zal in 1997 in het kader van de verregaande bezuinigingen op defensiegebied moeten fuseren met een squadron MiG-29's. Die relatief nieuwe toestellen van Russische makelij, waarmee ook veel Oosteuropese luchtmachten vliegen, heeft Duitsland geërfd van de Oostduitse luchtmacht. „Het belangrijkste gebrek van de MiG is zijn korte bereik van niet meer dan 400 kilometer. Mijn oude Phantom kan vele malen meer."

Ook over de elektronica is hij niet te spreken. „De radar is eigenlijk een *piece of shit*. Hij kan verschillende doelen tegelijk in de gaten houden, maar in een luchtgevecht niet meer dan één."

De plaatsvervangend bevelhebber van de Koninklijke Luchtmacht, de generaal Ben Droste, sluit zich daar desgevraagd, zij het in mildere termen, bij aan. „Oosteuropese luchtmacht-onderdelen deel laten uitmaken van samenwerkende NAVO-eenheden gaat ongetwijfeld jaren duren. Aan operatie Deny Flight zullen bijvoorbeeld binnenkort, naar alle waarschijnlijkheid ook Spaanse F/A-18 jachtbommenwerpers meedoen. Spanje is al sinds 1982 lid van de NAVO en oefent vaak. Toch verwachten we dat zelfs die Spaanse piloten nog langdurig grondig zullen moeten worden ingewerkt. De complexiteit van luchtoperaties wordt nog wel eens onderschat."

Tijdens Central Enterprise valt niet alleen op een enkele luchtmachtbasis terughoudendheid te bespeuren over de praktische invulling van *Partnership for Peace*. Ook bij andere strijdmachtonderdelen is nog veel scepsis over samenwerking met het voormalige Oostblok. Onder andere een compagnie Britse troepen bezocht vorige maand een Pools trainingscentrum. Amerikaanse helikopters repeteerden in de Siberische taiga zoekacties, zogeheten *search-and-rescue* operaties. En ook nog tijdens Central Enterprise lieten Duitse schepen zich op de Oostzee in het kader van de gelieerde oefening *Baltops '94* door Russische tankschepen op volle zee van brandstof voorzien. Maar volgens betrokken militairen ging het hierbij slechts om vingeroefeningen die weinig om het lijf hadden.

Central Enterprise was de spil van veie andere zijdelingse oefeningen. In het kader van zo'n oefening, *Special Event*, sprongen op de reusachtige *Truppenübungsplatz* bij Hohenfels in Beieren vijfhonderd Duitse parachutisten uit acht Amerikaanse Hercules-transportvliegtuigen. Zij kwamen volgens het scenario onder VN-vlag de jonge democratie Vilsiakia geheten, te hulp. Dat landje werd bedreigd door het leger van de voormalige Volksrepubliek. Danubië en twee milities, van verschillende etnische samensteiling. De parallel met Bosnië lag er, kortom, duimendik bovenop. Maar ondanks de aanwezigheid van Oekraïense en Russische troepen in het voormalige Joegoslavië vielen de Oosteuropese eenheden ook op dit oefenterrein op door afwezigheid. De Duitse generaal Pacholke, chefstaf van de NAVO-landstrijdkrachten in Centraal-Europa, sluit zich aan bij zijn collega's: „We onderhouden goede contacten met onze Oosteuropese collega's. We brengen elkaar beleefdheidsbezoeken en wisselen zelfs delegaties uit. Maar er moet nog veel water door de zee voor we Oosteuropese troepen voor grote multinationale oefeningen uitnodigen", aldus Pacholke. „Niet alleen is hun uitrusting ouderwets, ook hun mentaliteit past niet goed bij de onze. Doordat hun organisatie volgens Sovjet-lijnen is opgezet is het nemen van initiatief hen vreemd. Dat alles maakt het uitnodigen van hun strijdkrachtonderdelen volkomen prematuur."

Subject: Audit Assignment Nos. H94/015 and 024 - Audit of the United Nations Assistance Mission in Rwanda (UNAMIR) and the United Nations Observer Mission Uganda-Rwanda (UNOMUR)

I. INTRODUCTION

1. An audit of the United Nations Assistance Mission in Rwanda (UNAMIR) was carried out in Kigali, Rwanda during the period 22 March 1994 to 6 April 1994. Our field work included a visit to the office of the United Nations Observer Mission in Uganda/Rwanda (UNOMUR). We also conducted audit work at Headquarters, New York both before and after our field visit. Our field audit work, scheduled to end 12 April 1994, was cut short by the violence which broke out in Rwanda on 6 April 1994 and resulted in our evacuation from this country on 11 April 1994.

2. During the course of our field work, we issued three audit observations to the UNAMIR Officer-in-Charge, and one to the Senior Administrative Officer in UNOMUR. Due to the situation in Rwanda we have not received any responses to our audit observations. This report includes additional observations which were developed after our return to New York Headquarters. Although the future of UNAMIR and UNOMUR is not known at this time, we believe you should be aware of the problems identified so they can be avoided should the mission be re-deployed. Further, some of the problems we identified may exist in other missions and our recommendations are therefore addressed to FOD for action where appropriate.

II. BACKGROUND INFORMATION ON UNAMIR/UNOMUR

3. UNOMUR was established on 22 June 1993 on the Ugandan side of the border with the mandate to monitor the Uganda-Rwanda border to verify that no military assistance reached Rwanda. The initial period for the mission was six months, and was extended in December 1993 for an additional period of six months. The resolution extending UNOMUR also provided for the administrative integration of UNOMUR with UNAMIR.

4. UNAMIR was established on 5 October 1993 with a six-month mandate to contribute to the establishment and maintenance of a climate conducive to the secure installation and subsequent operation of a transitional Government in Rwanda. UNAMIR was extended for an additional four months on 5 April 1994. Due to the civil strife in Rwanda, the Security Council on 21 April 1994 adjusted the mandate of UNAMIR to act as an intermediary between the parties in that country in an attempt to secure a cease-fire, to assist in the resumption of humanitarian relief, and to monitor and report on developments in Rwanda.

5. UNOMUR's cost for the period from 22 June to 21 December 1993 was estimated at US$4,392,900. UNAMIR's cost for the period from 5 October 1993 to 4 April 1994 was estimated at US$48,413,800. This figure includes administrative costs related to the integration of UNOMUR for the period 22 December 1993 through 4 April 1994.

6. UNAMIR/UNOMUR's staffing under the combined budget was estimated to include 127 international staff (26 professional and 101 Field and General Service) and 68 locally recruited staff. With the change in mandate, the Security Council authorized a force level of approximately 270.

III. AUDIT SCOPE AND OBJECTIVES

7. The audit focused on the administrative and financial aspects of UNAMIR, with a one-day site visit to UNOMUR, and included an evaluation of the adequacy and effectiveness of the internal controls exercised by the Mission. We interviewed key personnel and conducted tests of records and procedures in order to assess:

(a) the reliability and integrity of financial and operating information;

(b) compliance with the Organization's rules, regulations and standard operating procedures;

(c) the adequacy of safeguarding assets; and

(d) whether resources were utilized efficiently, economically and effectively.

IV. SUMMARY OF AUDIT FINDINGS

8. Generally we found: internal control weaknesses; that the Mission was not complying with some financial and other rules and regulations; and assets, particularly cash, were not adequately safeguarded. Our major findings include the following:

(a) There were unauthorized bank accounts (paras. 10-12;

(b) Petty cash funds were not properly established or operated (paras. 13-18);

(c) There was a shortage of travellers cheques (paras. 19-23;

(d) Delays in implementing the SUN System (paras. 24-31);

(e) UNOMUR and UNAMIR were not integrated as required by a Security Council resolution (paras. 32-35)

(f) Local staff improperly employed (paras. 36-41);

(g) Salary expense incurred for local staff improperly accounted for(paras. 42-45);

(h) REALITY system for procurement needs refinement (paras. 46-49);

(i) Potential overpayment of MSA (paras. 50-51);

(j) Vehicle use not defined (paras. 52-53);

(k) UNOMUR procurement practices need improvement (paras. 54-56);

(l) Inadequate property control (paras. 57-60); and

(m) Contingent-owned property records are inadequate (paras. 61-64).

V. DETAILED FINDINGS AND RECOMMENDATIONS

9. Due to the outbreak of violence in Rwanda all routine Mission operations had to be suspended as of the night of 6 April 1994. As

a result we could not formally close out our audit work with an exit conference, nor could the Officer-in-Charge (OIC) formally reply to our audit observations.

Unauthorized bank accounts

10. At both UNAMIR and UNOMUR we found that bank accounts were opened without the proper authorization from Headquarters (audit observations 1 and 1.1, attached). In UNAMIR there was one account not authorized, and in UNOMUR we determined that 2 of 3 bank accounts were not properly authorized. Documentation in the files was unclear as to the necessity for the additional accounts.

11. While correspondence in UNAMIR files indicated that Headquarters and the Mission were trying to resolve the questionable bank account, Headquarters appears to have indirectly approved it by depositing funds into the unauthorized account.

> If UNAMIR is re-deployed, it is crucial that FOD assure that only properly authorized bank accounts be opened.

12. With respect to the unauthorized bank accounts opened by UNOMUR, we recommended an immediate assessment of the need for the additional bank accounts and action to secure, with FOD's approval, the Treasurer's authorization for the accounts. On 8 April 1994 UNOMUR requested FOD's concurrence to formally establish the additional bank accounts which were already operational.

> We recommend FOD to follow-up with UNOMUR to ensure that all bank accounts are properly authorized.

Petty cash funds not properly established or operated

13. Our audit found that UNAMIR had established seven petty cash imprest funds totalling US$8,400.00 without the Headquarter's authorization as required by Section 7.05 paragraph .053(b) of the United Nations Finance Manual. We also determined that UNOMUR had established a US$1,000.00 petty cash imprest fund without the proper authority. Further, it appears that UNOMUR's fund level was increased to US$2,000.00, also without proper authorization.

14. Personnel in the Finance Section of UNAMIR indicated they assumed they had the authority to establish petty cash imprest funds as part of the authority delegated to them as finance officers. While we recognize the need for petty cash imprest funds, authority to establish them rests with the Director of the Accounts Division. In the absence of appropriate authorization, there is no assurance of the propriety of petty cash imprest funds at either UNAMIR or UNOMUR.

15. In response to the audit observations we issued, the finance officer at UNAMIR and the Senior Administrative Officer at UNOMUR agreed to submit respective requests to the Director of the Accounts Division to secure his formal approval of all petty cash imprest funds that are currently operational.

It is recommended that FOD:

(i) follow-up with UNOMUR to ensure that the petty cash imprest fund has the proper authorization from the Director of the Accounts Division; and

(ii) assure that if UNAMIR is either re-deployed to Rwanda, or operates for a time in Nairobi, Kenya, needed petty cash funds be submitted for authorization.

16. Paragraph .061(c), Section 7.06 of the United Nations Finance Manual sets forth procedures to be followed by petty cash imprest holders. Our examination of petty cash imprest funds records disclosed the following shortcomings and/or non-compliance with some of the procedures.

(a) Not all pertinent documents such as petty cash operating procedures were kept in the permanent file by the respective custodians as required;

(b) In some instances, a permanent record of disbursements was not properly prepared;

(c) Some custodians commingled petty cash funds with their personal cash;

(d) With respect to two petty cash imprest funds, the imprest holders spent more than the imprest levels;

(e) Custodians were not provided with safes or other means for safeguarding the petty cash funds; and

(f) Several individual payments through the petty cash funds exceeded the normally authorized limit of the equivalent of US$50.00.

17. In an audit observation issued to the UNAMIR OIC with respect to the operations of the imprest petty cash funds, we noted that one cause contributing to the non-compliance with some of the procedures was the lack of supervisory oversight. We believe that if supervisors had conducted periodic reviews and surprise counts of cash they would have detected commingling of funds and problems with record keeping. With respect to petty cash transactions exceeding the authorized limit, the petty cash holders told us that

exigency of service was the reason. Failure to replenish funds in accordance with procedures contributed to exceeding the imprest level.

18. In order to ensure that petty cash imprest funds are properly safeguarded and operated in accordance with all rules and regulations at UNOMUR, and UNAMIR if re-deployed,

We recommend that FOD:

(i) follow-up with the Mission's finance officer to assure that the petty cash custodian has a proper means for securing the funds; and

(ii) advise the Mission's finance officer to develop supervisory controls to include periodic reviews of records and surprise cash counts.

Shortage of travellers cheques

19. Mission Subsistence Allowance (MSA) to UNAMIR international staff and military observers was paid in United States dollar travellers cheques. This method of payment was made because of a shortage of US dollars in Rwanda. Approximately a week before the month-end UNAMIR would notify New York of its MSA requirements. A wire transfer from a New York Bank would be made to the Mission's United States Dollar Account with Banque Commerciale du Rwanda. A bank cheque would then be issued by UNAMIR to purchase Thomas Cook travellers cheques at a cost of one per cent of the total value. UNAMIR's cashier took custody of the unsigned travellers cheques which she subsequently disbursed to the international staff and military observers as MSA. Between 9 November 1993 and 24 March 1994 we determined that UNAMIR purchased travellers cheques totalling US$3,870,100.

20. We found that control over UNAMIR's travellers cheques was inadequate. Records showing traveller cheque numbers and denomination purchased and subsequently disbursed were improperly maintained.

21. The Chief Finance Officer (CFO) advised us that when she reported to the Mission in February 1994 she requested that the cashier do a reconciliation of the travellers cheques. It revealed a shortage of US$1,025. Our subsequent reconciliation revealed an additional shortage of US$100, for a total shortage between 9 November 1993 and 6 April 1994 of US$1,125. We noted that the CFO (who subsequently was appointed Officer-in-Charge, Administration) had requested UNAMIR's Chief of Security to investigate the losses. The investigation was on-going when the conflict in Rwanda broke out.

22. Because inadequate records were kept when the cashier discovered the loss of some travellers cheques she was not able to identify the lost cheque numbers so a claim to Thomas Cook could be made. In addition, the loss was not reported to the Controller as required by United Nations Financial Rule 109.5.

23. We support the use of travellers cheques to pay MSA in a country with either a shortage of US dollars, or no banking facilities, provides a measure of security because if the cheques are lost or stolen they can be replaced. However, accurate records must be kept. Our recommendations in this regard are applicable to any Mission, and should be applied to UNAMIR, depending on its future.

We recommend that:

(i) FOD direct Missions where there is a shortage of US dollars or poor or no banking facilities to issue US-dollar travellers cheques to pay MSA;

(ii) where travellers cheques are used, FOD assure that proper controls and records are in place; and

(iii) the investigation of the missing travellers cheques be completed, and depending on the outcome either make adjusting entries to the books, or recover the loss from the cashier.

Delays in implementing the Sun System

24. The installation of the SUN system (a standard financial information system to be used in all peace-keeping missions) was taking place in UNAMIR at the time of our audit work, some four months after the start of the mission.

25. According to personnel in the EDP Support Section of the Accounts Division, the SUN System was not installed at the start of the mission for several reasons including the fact that the purchase of a site license for using the system at UNAMIR was precluded by not having an approved budget when the mission began. In addition, adequate hardware was unavailable because negotiations between FOD and the vendor were in progress at the time the Mission started.

26. Although the full-scale version of the SUN System was not available, a small-scale version had been sent to UNAMIR in November 1993. However, it was never used. Despite the fact that UNAMIR's chief accountant had received training in this System, he used another information system. Because that chief accountant had

been repatriated due to a medical condition, we were unable to determine why he did not use the small-scale version of the SUN System.

27. Using the other system resulted in more manual work than would have been required under the SUN System. In addition, the format of the data was incompatible with the Headquarters information systems resulting in additional work at Headquarters to absorb UNAMIR financial data. Further, the system was less reliable with respect to data integrity.

28. One of the SUN System's modules, PROGEN, is used to calculate MSA payments, and includes certain controls to verify the accuracy of the amounts to be paid. For example, PROGEN facilitates the cross-checking of entitlements with attendance records and automatically makes adjustments where needed. While this can be done manually, it is cumbersome and errors are more likely to occur. Failure to install the SUN system at the start of mission added to the potential for Mission Subsistence Allowance (MSA) overpayments.

29. PROGEN became operational at UNAMIR at the end of March 1994. Although all entitlements from the first day of the mission were recalculated and payment recoveries were made where needed, it is not possible at present to positively determine that no overpayment occurred.

30. A reliable financial recording and reporting system is an essential requirement of any mission. We believe every effort should have been made to install the SUN System at UNAMIR at the start of the mission. The reasons provided in paragraph 25 above are unacceptable justifications for failure to install the SUN System in a timely manner. The system, by its very nature (portable and easy to install and use) should be ready for shipment to a new mission at any time. Failure to assure that the system was installed put UNAMIR in a position of having to use unauthorized systems for financial reporting purposes.

31. FOD and the Accounts Division are jointly responsible for the SUN System. The Accounts Division is responsible for the development, installation, training and support of the system. FOD is responsible for procurement of hardware and software, as well as for budgeting the installation projects of the SUN System.

By separate memorandum we are requesting the Accounts Division, in cooperation with FOD, to make sure that at least a basic (small scale) version of the SUN System is available for shipment to any new mission, at any time, and to improve its monitoring procedures over the status of implementation of the system in field offices as needed, so to make impossible the implementation of any non-authorized system.

It is therefore recommended that the implementation of a financial recording and reporting system receive due priority by FOD, so that it becomes part of the initial set up activities of each mission.

UNOMUR was not integrated with UNAMIR

32. The administrative integration of UNAMIR and UNOMUR as required by the Security Council in December 1993 had not taken place as of the time of our audit. Failure to integrate the two missions resulted in inaccurate financial reports as well as a lack of control and monitoring of UNOMUR activities.

33. During our audit visit to the UNOMUR office in Kabale, we noted that on 23 February 1994 UNOMUR had submitted to UNAMIR its budget estimate for the period 1 January - 4 April 1994. However, UNAMIR had not recorded any obligations to encumber the budget items for UNOMUR. Further, UNOMUR's expenses, although reported to UNAMIR were not integrated in UNAMIR's financial reports. As a result, total expenditures reported by UNAMIR for January 1994 were understated. Likewise, the unencumbered balance as at 31 January 1994 against the sub-allotment was overstated. Financial reports for February and March 1994 were not available at the time of our audit, but UNAMIR's finance section personnel told us they did not have UNOMUR's expenses for integration.

34. Although we were unable to complete our audit work in this area, preliminary information indicated that administratively UNOMUR and UNAMIR continued to function as independent entities. For example, UNOMUR procurement actions did not come through UNAMIR with the result being that requisitions and purchase orders were not in the REALITY procurement information system. Further, UNAMIR did not have a complete inventory of vehicles and other non-expendable items in UNOMUR.

35. The OIC stated that neither she nor the prior CAO had received any direction from FOD with respect to the integration of the two missions. In fact, the sub-allotment advice prepared by FOD did not show separate allocations by expenditure code for UNAMIR and UNOMUR. We recognize that the integration of two missions is not a usual occurrence. However, we believe that FOD should have provided some guidance to UNAMIR on how to accomplish the integration, particularly in the financial aspects. We also recognize that the future of the missions is uncertain. However, should UNAMIR be re-deployed and integrated with UNOMUR

We recommend that FOD:

(i) provide sub-allotments to UNAMIR with specific line items for both UNAMIR and UNOMUR; and

(ii) require UNAMIR to fully integrate the administrative and financial offices of UNOMUR.

Local staff improperly employed

36. According to the FOD Field Administration Manual, Chapter 4, Special Service Agreements are used to engage temporary personnel, and are intended for use only where special services are required. Their use is not justified when the nature of the work is continuing and would normally call for appointment to a post under the Staff Regulations and Rules. Despite these specific rules, our audit revealed that local staff employed by UNAMIR and doing work of a routine nature had been hired through Special Service Agreements (SSAs).

37. We were unable to determine why SSAs were used at UNAMIR to hire local staff. However, the Senior Administrative Officer indicated that the former CAO used SSAs to employ local staff based on prior experience in other missions.

38. We discussed the use of SSAs with the Chief, Field Personnel Section, FOD. He agreed with our assessment that SSAs were improperly used in UNAMIR, and added that SSAs were also being used for local staff hiring at other missions. He indicated that this practice would soon end because the Office of Human Resource Management (OHRM) has developed and revised the 300 series of staff rules under which local staff would be hired in the future. According to the Chief of Rules, OHRM, the 300 series of staff rules was revised to provide a suitable contractual instrument for hiring of staff for a limited duration. The revised series was provisionally promulgated 1 January 1994. The rules are currently before the Fifth Committee and OHRM expects that the new rules will be implemented in June 1994.

39. We also determined that UNAMIR/UNOMUR had employed local staff exceeding the staffing table. The proposed staffing table for UNAMIR/UNOMUR provided for 68 local staff members. However, according to documents we reviewed, UNAMIR had about 100 local staff and UNOMUR employed seven local staff. Thus, the staffing table was exceeded by 39 local staff, or by about 57 per cent.

40. In addition, our analysis of the status of the 100 local UNAMIR staff on board in March 1994, revealed that 15 were working at UNAMIR headquarters without benefit of any type of United Nations employment contract, and never had a contract with UNAMIR. Among the other 75 local UNAMIR staff, only 17 had contracts which had been signed on the day of or prior to the start of the contract period; 55 had signed their contracts after work began, in some cases one or more months after the start of the contract period; two had no contract extensions covering the payroll period ending

30 March 1994; and one local staff signed a contract on 1 April 1994, but no contract period was specified.

41. Because of internal control requirements and potential liability no one should be allowed to work for the United Nations without a proper contract.

We therefore recommend that FOD direct all peace-keeping missions, including UNAMIR if it is redeployed:

(i) to convert the SSA contracts of local staff to new contracts upon promulgation of the revised 300 series of the Staff Rules;

(ii) to use the revised 300 series when hiring new local staff for jobs which are of a routine nature at the Mission;

(iii) to employ local staff only after a proper contract has been executed;

(iv) to limit the use of SSAs to temporary situations as outlined in the Field Administration Manual; and

(v) to assure that staffing levels are not exceeded by monitoring staffing tables and comparing them with the number of staff actually hired.

We further recommend that FOD issue a policy statement concerning use of SSAs in peace-keeping missions.

Salary expense for local staff incurred

42. We determined that UNAMIR incorrectly accounted for expenses for salaries of some local staff. Fifteen local staff were working for UNAMIR under a service contract with the Government of Rwanda. The workers had been government employees at a hotel which subsequently became UNAMIR Headquarters. Under the terms of that contract, the hotel staff would continue to work at the hotel and be paid by the Rwandan government. UNAMIR paid the monthly contract fee of US$3,500.00 for November and December 1993. However, UNAMIR subsequently determined that the government had not paid the workers.

43. Upon learning of the situation, UNAMIR paid the local staff their wages for the months of November and December 1993. These wages were recorded by the Finance Section as an account receivable from the Government of Rwanda. In addition, the 15 workers were paid for January and February 1994 with the expenses for these

payrolls also being charged to a receivable from the government of Rwanda. The March 1994 payments to the hotel workers had not been paid as of 6 April 1994, but were due.

44. With respect to the November and December 1993 payments, we agree that a receivable should have been recorded. The Government of Rwanda had accepted the monthly contract payments and should have paid the workers. Therefore, UNAMIR had a reasonable expectation to be reimbursed by the Government of Rwanda. However, with respect to the January and February 1994 payroll expenses there was no basis to assume reasonable expectation of collection from the Government of Rwanda. UNAMIR had not paid the contract fee for those months and thus the Government of Rwanda could not be expected to pay the workers.

45. We found no evidence that the Mission attempted to collect the receivable set up for November and December 1993 payments. Given the current situation in Rwanda, it is improbable that any receivable from the Government of Rwanda will be collected. However, the accounting records of the mission should be corrected. It is our understanding that such records are currently in Nairobi, Kenya, and therefore

We recommend that FOD direct UNAMIR to:

(i) determine the collectibility of the receivable for November and December, and initiate write off action if deemed uncollectible;

(ii) make adjusting entries for the receivable recorded for January and February to record the payments to the 15 hotel workers as local staff payroll expenses; and

(iii) record March payments to the hotel staff, if they were made, as local staff payroll expenses.

REALITY system for procurement needs refinement

46. The REALITY System is an information system designed to handle procurement activities. Generally, it raises a requisition and purchase order, and enables the requisitioner and the Procurement Section to monitor their respective procurement budgets. This system had been installed at UNAMIR at the beginning of the mission. However, the system broke down and it became non-operational for about six weeks (between the end of December 1993 and mid February 1994). As a result, the manual preparation of requisitions and purchase orders was required. Our audit revealed

that the breakdown occurred due to a combination of the following:

a. Unfamiliarity of the UNAMIR field personnel with the system maintenance procedures;

b. Inability of UN Headquarters to extend needed help on a timely basis; and

c. The lack of system documentation which would assist users in identifying and correcting problems.

47. When the system became operational again, the manually prepared requisitions and purchase orders had to be entered into the system. This was necessary to maintain data consistency particularly that of sequential numbering of purchase orders to provide an audit trail. This added work could have been avoided had the problems identified in paragraph 46 above been addressed up-front.

48. While the REALITY System is designed to handle procurement information, the SUN System has a module, SUN Business, which is designed to handle financial aspects of procurement activity. At present there is no linkage between the two systems. As a result, a fundamental question is raised with respect to which system should be used to handle certain financial aspects of the procurement activities (tracking of vendors invoices and payments). Until this question is resolved at the Headquarters level, Missions which have both REALITY and SUN Business are required to enter the same data into each system.

49. UNAMIR users of the system also stated that there has been an exchange of correspondence between UNAMIR and FOD identifying some other problems with REALITY. The correspondence indicates that UNAMIR is of the opinion that not all operational requirements of the procurement activity have been addressed by the system.

We recommended that FOD assure that for all missions with REALITY:

(i) The operational features of the system be enhanced to properly address operational requirements of procurement activities in the field;

(ii) Proper documentation be prepared to support the use and maintenance procedures of the system;

(iii) The determination of the nature and functions of the relationship and link(s) between it and the SUN Business module be expedited; and

(iv) A back-up system, including equipment and files, be in place in case of equipment failure.

Potential overpayment of MSA

50. While in Rwanda, we were advised that overpayment of MSA to a certain Military Observer (MILOB), Mr. Tikoca of Fiji, had apparently been made. We were also told that the MILOB maintained that he had been fully entitled to the payments received, and he had initiated an exchange of correspondence between himself and Headquarters on this matter.

51. As of the end of March 1994, the matter had not been resolved and UNAMIR did not recover the alleged overpayment from the MILOB's March 1994 MSA payment. Due to events in Rwanda we were unable to fully pursue this matter. However, we believe that since FOD had become involved with the problem, follow-up action should be taken.

We recommend that FOD review the situation and take appropriate action to recover any overpayment that might have occurred.

Vehicle use not defined

52. It is the responsibility of the CAO to issue mission-wide administrative instructions governing all aspects of the use of United Nations vehicles. Our audit revealed that during the first four months of the mission, UNAMIR had not issued any guidance governing the use of United Nations owned vehicles (audit observation 2) as required by the FOD Field Administration Manual.

53. We had recommended that both a "Driver's Handbook" as well as Administrative Instructions addressing the use of United Nations owned vehicles, including the definition of liberty miles, be issued to ensure that all vehicle operators were aware of their responsibilities and liabilities. As of 6 April 1994, neither had been issued.

Should UNAMIR be redeployed, we recommend that FOD direct the CAO to issue all required vehicle-use administrative instructions/handbooks.

UNOMUR procurement practices need improvement

54. Our review of UNOMUR's expenditures disclosed that repairs and spare parts for its vehicles were procured from one local workshop without benefit of a contract or purchase order. We also determined that from November 1993 through March 1994 UNOMUR

obtained approximately US$3,910.00 worth of goods and services from this workshop.

55. This practice is not in accordance with United Nations Financial Rule 110.22(a)(i). This rule requires written contracts or purchase orders when goods and services exceeding the equivalent of an aggregate amount of US$2,500 or more are procured from a single contractor or vendor. Based on our limited work at UNOMUR, it appears that the procurement staff were unaware of this rule. However, the staff indicated they would enter into a service contract with the vendor.

56. The Chief Procurement Officer (CPO) in UNAMIR told us that on a recent visit to UNOMUR, he discovered that UNOMUR was not preparing requisitions or purchase orders for goods and services procured. It appears that UNOMUR staff are unaware of procurement regulations in general. The CPO indicated he would be working with the UNOMUR procurement staff to correct the problem.

> We recommend that FOD advise the Senior Administrative Officer of UNOMUR to comply with all relevant United Nations financial and procurement rules and regulations.

Inadequate property control

57. Financial Rule 110.25 requires that complete and accurate records be maintained of supplies, equipment and other property purchased. In addition, procedures require non-expendable items be decaled in accordance with the United Nations Field Catalogue. At both UNAMIR and UNOMUR we observed that some non-expendable items were not decaled as required. Failure to properly identify items as UN-owned may result in an inability to hold anyone accountable in the event of loss, misuse, or misappropriation.

58. As reported in paragraph 34 above, UNAMIR did not have a complete inventory of vehicles and other non-expendable items in UNOMUR. Not only does UNAMIR not have a complete UNOMUR inventory, but we determined that UNOMUR also does not have a complete inventory of its non-expendable property.

59. On a test-check basis we reviewed UNOMUR's UN-owned property records of non-expendable property. We noted that although each activity centre was maintaining some records of its inventory items, there was no record of non-expendable properties consolidating all inventory items with details of their location. As a result, there is no assurance that all non-expendable properties are recorded and properly accounted for at UNOMUR.

60. Our review indicated that failure to consolidate inventory records at UNOMUR was due in part to the lack of staff. While UNOMUR's staffing table as of April 1994 indicated a post for

property control and inventory records, claims and investigations, it was vacant. UNOMUR officials indicated they were waiting for advice from UNAMIR before filling the post, but did not assign anyone in the interim.

We recommend that:

(i) FOD assure that the vacant property control post at UNOMUR is filled, and the staff member be directed to update and make a complete inventory listing and decal all non-expendable items in accordance with the UN Field Catalogue, and

(ii) if UNAMIR is redeployed, the inventory records of UNOMUR be merged with those of UNAMIR.

Contingent-owned property records are inadequate

61. Our review of the records for contingent-owned equipment (COE) located at UNAMIR revealed several problems. With respect to COE brought in by the Belgium contingent, we noted that an in-survey was not conducted, as required, upon arrival of the equipment in the mission area. We also noted that the property listing provided to UNAMIR was incomplete with respect to the year of manufacture of equipment related to catering and messing, communications, tentage and engineering. In addition, wheeled vehicles had no value shown, and some had no year of make recorded. We also noted that arrival dates in the mission area were not shown for some trailers and generators.

62. We also determined that the vehicle inventory completed by the Bangladesh contingent was inaccurate. Generally, the market value of the vehicles upon entering the mission area was listed as the same as the original cost, despite the fact that the vehicles were several years old.

63. Failure to have accurate records with respect to COE can result in a problem at the close of a mission because contingent-owned equipment is subject to depreciation payments to the troop-contributing countries. In order to calculate depreciation payments, accurate documentation with respect to the quantity, condition and value of the COE, as well as the dates of entry and exit of items to and from the mission area is necessary, and in fact such documentation is required by FOD's Field Administration Manual.

64. Because of the outbreak of civil war in Rwanda and the subsequent change in mandate, claims for depreciation of COE may come sooner than anticipated from the troop-contributing countries. In addition, if COE had to be abandoned, other claims may be made

to the United Nations by the troop-contributing countries. It is therefore imperative that COE information be available.

> We therefore recommend that FOD direct the UNAMIR staff currently working in Nairobi, Kenya to make every effort to recover any COE inventory lists which may have been left in Rwanda, and try to update them. In the event the listings are no longer available, FOD should work with representatives of the troop-contributing countries to ascertain what COE had been brought into the mission area.

VI. ACKNOWLEDGEMENT

65. I wish to express our appreciation for the assistance and cooperation extended to the auditors during the audit.

AUDIT OBSERVATIONS AND RECOMMENDATIONS	AUDITEE'S COMMENTS AND/OR CORRECTIVE ACTION TAKEN
1. As part of our audit we reviewed UNAMIR's bank accounts which are currently in operation. We noted that the following three bank accounts were opened and operated with Banque Commerciale du Rwanda: Bank Account No. — Type of account 010-11206-02-42 U.S Dollar Account 010-11206-01-41 Non-Convertible Account 010-12206-03-43 Convertible Account 2. By a memorandum dated 24 November 1993, the United Nations Treasurer authorized Banque Commerciale du Rwanda to open two bank accounts: 010-11206-01-41 (Non-Convertible Account) and 010-12206-03-43 (Convertible Account) as official bank accounts of UNAMIR. 3. U.S account No. 010-[illegible]-08-42 with the same bank without prior authorisation from Headquarters and informed Field Operations Division (FOD) on 3 December 1993 to "pass this information to the Office of the Treasury".

4. The opening of this bank account was not in accordance with UN Financial Rule 108.1 which states that only the United Nations Controller or "those United Nations officials authorized by him shall establish such official bank accounts as may be required for the transactions of United Nations business...".

5. We noted several correspondences sent by UNAMIR to FOD for the formal opening of U.S dollar account with Banque Commerciale du Rwanda. On 14 December 1993 the United Nations Treasurer replied to UNAMIR saying "we are not sure why Banque Commerciale du Rwanda took the liberty of opening U.S dollar account for UNAMIR. A U.S dollar account was not requested nor is it my intention to authorise one." The Treasurer sought for a detailed explanation in order to formalise the opening of the bank account. On 17 December 1993 UNAMIR wrote to FOD justifying the opening of this bank account and to close the convertible

...United Nations ...ivision informed UNAMIR of the transfer of US$630,000 to U.S dollar account 010-11206-02-42 with Banque commerciale du Rwanda saying "this remittance was approved by D. Wengart (Treasurer) only as a temporary measure to meet...urgent needs". UN Financial Rule 108.1 requires the formal establishment of any official bank account irrespective of how long it is intended to be operative.

7. We also noted that at least two other remittances totalling US$3.5 million were transferred to this account from headquarters. Meanwhile, UNAMIR regarded the transfer of money to the U.S dollar account with Banque Commerciale du Rwanda as the authority formalizing the opening of the bank account and even sought confirmation of the Treasurer through FCO to that effect. However, UNAMIR has not received an approval formalizing the opening of this bank account.

1. Chapter 12, Section 10.1 of the FOD Field Administrative Manual states that the CAO shall be responsible for issuing a "Driver's Handbook". The handbook, which is provided by FOD, should be modified to fit conditions prevailing in UNAMIR. 2. The purpose of the Driver's Handbook is to provide information to operators of UN-owned vehicles to assure safe operation of the vehicle, and outline the operators' responsibilities for vehicles assigned to them. 3. Our audit revealed that a Driver's Handbook has not been issued. Without the handbook, drivers do not have a ready reference with respect to speed limits, driving regulations of the host country and the United Nations, or procedures to follow if the

vehicle is in an accident. We therefore recommend that

(i) the OIC, with the assistance of the Chief Transport Officer, immediately develop a Driver's Handbook for UNAMIR and issue it to all drivers of UNAMIR vehicles.

(ii) a copy of the handbook be given to the SAO in UNOMUR for development of a similar handbook for UNOMUR staff.

No instructions regarding use of UNAMIR/UNOMUR vehicles

4. United Nations vehicles are provided for official use only. However, according to the FOD Field Administration Manual, United Nations vehicles may be used for liberty and recreation travel within the officially-defined "mission area" and only within reasonable range of mission headquarters.

5. Chapter 12, III, 12.2 of the FOD Field Administration Manual states that "Should a United Nations vehicle.... be used for personal business, costs for use of the vehicle shall be paid or reimbursed to the Organization. Such payments or reimbursements shall be based on mileage, the applicable rates for which shall be the same as those established under ST/AI/224 and its relevant amendments for the purpose of calculating costs for travel by privately-owned vehicles under Staff Rule 107.11. 6. It is the responsibility of the CAO to issue mission-wide administrative instructions governing all aspects of the use of United Nations vehicles.

25

7. Our review of Administrative Instructions and Information Circulares issued by UNAMIR as of 24 March 1994, revealed that only two Administrative Instructions dealing with vehicles have been issued. UNAMIR/AI/05, 22 November 1993, addresses "Persons authorized to travel in UNAMIR/UNOMUR vehicles". The second, UNAMIR/AI/94/005, dated 15 March 1994, addresses the issuance of UNAMIR/UNAMUR driver's permit.

8. No Administrative Instructions have been issued addressing the use of United Nations vehicles for liberty and/or recreational miles for UNAMIR staff. The CTO told us that the prior CAO had drafted an instruction in January 1994, but it was never issued. He also stated that there is currently a draft instruction with the OIC. We did, however, identify an Administrative Instruction issued by the SAO in UNOMUR addressing liberty miles.

9. Without such instructions there exists the possibility that UNAMIR staff are using United Nations vehicles for personal use at United

Nations exposure. We therefore recommend that (i) the OIC immediately issue an Administrative Instruction on the use of UNAMIR/UNOMUR vehicles. Such instruction should include the definition of mission area for purposes of liberty miles, and the rate of reimbursement. (ii) procedures be developed to assure UNAMIR/UNOMUR staff are charged for liberty miles and any other reimbursable costs incurred.	M&F 4253 26

1. As part of our audit we reviewed UNOMUR's bank accounts which are currently in operation. We noted that the following three bank accounts were opened and operated by UNOMUR in Kampala and Kabale:

Bank Account No.	Type of account	Bank
4049665	U.S Dollar	Barclays
4096	Local currency	Uganda Commercial
1346111	Local currency	Barclays

2. By a memorandum dated 23 February 1994, the United Nations Treasurer authorized Barclays bank to open one bank account: 4049665 (US Dollar Account) as official bank account of UNOMUR.

3. Our examination of records in the Finance Section of UNOMUR disclosed that in October 1993 UNOMUR opened additional bank Account No. 4096 with Uganda Commercial bank in Kabale with an introduction by the UNDP office in Kampala.

SITREP COVERING PERIOD 140600 JUN TO 141800H JUN 94.

1. GEN SITUATION. THE DAY PASSED RATHER QUIETLY IN KIGALI WITH LESS OF HOSTILITIES BETWEEN TWO FACTIONS. HARASSING FIRE HOWEVER CONTINUED BETWEEN THE RGF AND RPF FROM THEIR RESPECTIVE POSITIONS IN KIGALI. THERE WERE NO MAJOR CHANGES IN THE DISPOSITIONS OF THE TWO WARRING FACTIONS IN KIGALI AND AS WELL NORTH OF THE COUNTRY. GITARAMA IN THE SOUTH IS NOW UNDER FULL CONTROL OF RPF. HIGH INFLUX OF REFUGEES WERE REPORTED IN CYANGUGU FROM GITARAMA AND BUTARE. MILITIA AND INTERHAMWE CONTINUE TO MAN SOME ROAD BLOCKS AND CHECK POINTS IN RGF CONTROLLED AREAS IN THE CITY. THE EXERCISE ON TRANSFER OF DISPLACED PERSONS WERE SUSPENDED DUE TO SECURITY REASON. BETWEEN 1400 HRS TO 1500 HRS INTERHAMWE / MILITIA HAVE TAKEN AWAY 40 CHILDREN AGED BETWEEN 13 TO 18 YEARS FROM ST PAUL TO AN UNKNOWN DESTINATION. INVESTIGATION BY MILOBs ON THIS ISSUE CONDUCTED BUT MILITIA DID NOT ALLOW THEM TO INVESTIGATE. HOWEVER FURTHER INVESTIGATION WILL BE MADE TOMORROW. SEVENTH TRIPARTITE CEASE FIRE MEETING WAS HELD AT FORCE HQ UNDER THE CHAIRMANSHIP OF THE DFC. THE MEETING ENDED WITH OUT ANY SIGNIFICANT PROGRESS. THE NEXT MEETING WILL BE HELD ON 16 JUNE 94.

2. POLITICAL ACTIVITIES NOTHING TO REPORT.

3. FACTIONAL ACTIVITIES.

A. RPF. AFTER CAPTURING GITARAMA, RPF IS NOW IN MUCH BETTER POSITION. THEY CONTINUED TO PUT PRESSURE ON THE RGF POCKETS LEFT IN THE CITY BY CONSTANT HARASSING FIRE. MORALE OF RPF SEEM TO BE VERY HIGH AND APPEARS TO BE MORE CONFIDENT TO TAKE RGF POSITIONS ONE AFTER ANOTHER.

B. RGF. AFTER LOSING GITARAMA, RGF MAY FIND IT DIFFICULT TO HOLD KIGALI. THEIR MORALE SEEM TO BE ABSOLUTELY SHATTERED. IT IS ALSO REPORTED THAT RGF ARE RUNNING SERIOUS SHORTAGE OF AMMUNITION AND FUEL THOUGH THEY ARE CONTINUING TO RETALIATE RPF FIRE TO DEFEND THEIR POSITIONS WITHIN KIGALI CITY. INFORMATION ALSO REVEALED THAT THERE COULD BE A SERIOUS COMMAND SET BACK IN RGF ANY TIME IN KIGALI.

C. MILITIA. CONTINUE TO MAN SOME CHECK POINTS IN RGF CONTROLLED AREAS IN THE CITY.

4. OWN MILITARY ACTIVITIES

A. FORCE HQ. NORMAL ROUTINE WORKS WERE CONDUCTED. STAFF BRIEFING WAS CONDUCTED BY THE DFC AT 0700 HRS. DFC CHAIRED THE SEVENTH ROUND OF CEASE FIRE TALKS. THE MEETING ENDED WITHOUT ANY SIGNIFICANT PROGRESS. THE NEXT MEETING IS SCHEDULED ON 16 JUNE 94. OPERATION ON TRANSFERRING DISPLACED PERSONS WERE SUSPENDED TODAY DUE TO SECURITY REASON.

B. UNOMUR. AREA OF OPERATION IS CALM. ROUTINE PATROLS WERE CARRIED OUT IN AOR. 46 VEHICLES CROSSED THE BORDER INTO RWANDA WITH 406 PASSENGERS INCLUDING 309 REFUGEES. 60 VEHICLES CROSSED INTO UGANDA WITH 252 PASSENGERS. ON 13 JUNE IN CYANIKA BORDER CROSSING POINT, RPF DID NOT ALLOW RWANDESE TO CROSS UGANDA. IT WAS THE FIRST TIME THAT IT HAPPENED AFTER THE RPF HAVE TAKEN OVER THE CONTROL OF THE AREA. TWO HELICOPTERS ARE PRESENTLY OPERATIONAL.

SITREP COVERING PERIOD 170600B JUNE TO 171800B JUNE 94.

1. **GEN SITUATION**. THE GEN SITUATION OBSERVED TO BE VERY TENSED THROUGHOUT THE DAY. HEAVY FIGHTING BEGAN FROM THE DAWN. HEAVY EXCHANGE OF ARTY/MORTAR, HMG AND SAs FIRE BETWEEN THE TWO FACTIONS CONTINUED TILL MIDDAY. THE MAIN AREAS OF FIGHTING WERE AROUND KACHYRU, THE CITY CENTER (NEAR HOTEL MILLIE COLLINS), NYAMIRAMBO AND KIMIHURURA. RPF HAVE CARRIED OUT A RAID AT 0300 HRS AT ST PAUL TO RESCUE TUTSI REFUGEES. MILITIA AND INTERHAMWE RETALIATED BY ATTACKING INHABITANTS OF HOTEL MILLIE COLLINES WHO WERE MOSTLY TUTSIS. THEY WERE VERY HOSTILE AND STARTED FIRING ALL AROUND INDISCRIMINATELY ALSO DRAGGED OUT ALL TUTSIS OUT OF THEIR ROOMS. HOWEVER WITH THE INTERVENTION OF UNAMIR THE SITUATION WAS BROUGHT UNDER CONTROL. TWO MILOB TEAMS WERE PROCEEDING ON A RECCE MISSION TO GISENYI THIS MORNING. AT 1110 HRS, ABOUT 21 KMs FROM KIGALI ON THE WAY TO RUHENGERI, THE LEADING UN VEHICLE WAS DIRECTLY SHOT BY RPG FIRE FROM RPF POSITION. BOTH THE UNMOs WERE SEVERELY INJURED AND BLEEDED EXCESSIVELY. THEY WERE IMMEDIATELY EVACUATED BY THE SECOND UNMO TEAM AND BROUGHT TO ICRC HOSPITAL, KIGALI. MAJOR M J SOSA, UNID 529 OF URUGUAY EXPIRED DURING EVACUATION. MAJOR MUNSHI AHSANUR RAHMAN, UNID 632 OF BANGLADESH WAS IN BAD CONDITION, AFTER NECESSARY TREATMENT THE DECEASED AND THE WOUNDED UNMOs WERE EVACUATED TO NAIROBI BY AIR AT 1530 HRS. THE EIGHT TRIPARTITE CEASE FIRE MEETING WAS HELD AT FORCE HQ UNDER THE CHAIRMANSHIP OF THE DFC. THE MEETING ENDED WITHOUT ANY SIGNIFICANT PROGRESS.

2. **POLITICAL ACTIVITIES.** RPF HAS SAID THAT THEY WOULD NEVER ACCEPT FRENCH TROOPS IN RWANDA. ON THE OTHER RGF HAS WELCOME FRENCH ANNOUNCEMENT.

3. **FACTIONAL ACTIVITIES**.

A. RPF. RPF CONTINUE TO PUT PRESSURE ON RGF POSITIONS IN KACYIRU, NAYAMIRAMBO AND CITY CENTER USING ARTY/MORTAR, HMG AND SAs FIRE. MONT KIGALI, ZARI AND GISOZI REPORTED TO BE UNDER FULL CONTROL OF RPF. THERE ARE NO MAJOR CHANGES IN DISPOSITION AND THE BATTLE SCENARIO IN THE NORTH AND SOUTH. RPF ADVANCE TOWARDS KIBUYE CONTINUED.

B. RGF. CONTINUE TO DEFEND POSITIONS UNDER THEIR CONTROL IN KIGALI. FIGHTING BACK FROM THEIR POSITION WITH THE ELEMENTS OF GENDARMERIE AND MILITIA. THERE ARE NO MAJOR CHANGES IN THE BATTLE SCENARIO IN THE NORTH AND SOUTH.

C. MILITIA. MILITIA/INTERHAMWE CONTINUE TO JOINTLY CONTROL ROAD BLOCKS AND CHECK POINTS IN RGF CONTROL AREAS. MILITIA/INTERHAMWE ATTACKED HOTEL MILLIE COLLINES TO TAKE OUT ALL TUTSIS WHO TOOK REFUGE IN THAT HOTEL.

4. **OWN MILITARY ACTIVITIES**

A. **FORCE HQ**. NORMAL ROUTINE STAFF WORK WAS CONDUCTED

Friday 17 JUNE
SITUATION REPORT # 28

UNAMIR reported that there was heavy fighting in Kigali from 3 O'clock in the morning today. Last night the RPF did a raid on Ste Paul church to evacuate 200 people. They killed a number of Gendarmes in the process. It was reported that the RPF has gone into the King Faisal hospital and taken away some medical supplies.

An Uruguyan soldier was killed and a Bangladeshi soldier seriously injured when they hit a land mine 21 km north of Gisenyi today.

The militia attacked the Hotel Mille Collines today (with approximately 600 people). The UNAMIR Tunisian contingent was outnumbered and forced to draw back. The Rwandan army sent in two tanks and the Gendarmes came to protect the trapped people from the militia. Nobody was injured or killed. However, there is concern about the safety of the population if they are not evacuated.

The BBC reported that the RGF were firing at Gitarama. An MSF exploratory mission going from Kibongo to Gitarama was unable to go very close to the Gitarama-Butare road.

The RPF spokesman in Brussels said yesterday on the BBC that if a French army came to Rwanda they would be treated as a hostile force. Radio Rwanda was also negative about French involvement.

In Ngara district, Tanzania, UNHCR held talks with the refugee leaders in Benaco refugee camp following the problems they have had in the camp the release of the Bourgmestre Mr Jean Baptiste Gatete and other known Rwandese criminals from Tanzanian police custody. The camp elders agreed yesterday that the Rwandese criminals would be moved to another location called Kjuwe. The Tanzanian Minister of Home Affairs and the District Commissioner are in Ngara today looking into the problem. MSF France and Holland have both said that they will not return to the camp is Mr Gatete is there. Minimal food distribution is taking place today in Benaco.

UNHCR has revised the figures for refugees in Tanzania as follows:

Benaco	330,000
Lumasi	8,500
Other Ngara	5,000
Lukole	8,000

3/3

Kamagiro 62,400
Burigi 5,000

UNICEF reported that the numbers of refugees arriving in Ngara district has increased substantially. Over the past 7 days there has been an average of 3,000 people arriving per day. This has led UNHCR to review their planning figure for the region to 500,000.

UNICEF reported that there is concern about the increasing number of Burundi refugees arriving in the area. Over the last week there has been an average of 50 Burundi refugees arriving each day, with 200 arriving on one day.

UNHCR has finalized proposals to establish an in-camp guardian service starting on 16 June. 300 refugee guardians will be linked to between 50-200 Tanzanian police. They will patrol the camp on a regular basis.

69 % of the deaths in Benaco camp are people who come from Rusomo district in Rwanda. Many of the new arrivals are coming in a poor health condition.

UNESCO is collaborating with UNICEF in providing education kits to the refugee camps.

The UN Human Rights Commission has split up and is visiting Ngara and Kigali today.

Subject: (1) Regional Vender Listing for UNOMUR
(2) SUPPORT OF APC REQUIREMENT

Dear Mr. GOLO:

Per a telephone conversation this date with FOD, Mr. HIGHETT, Lockheed Worldwide Support Systems, Inc., is pleased to provide you with the information required for inclusion into the UNOMUR qualified bidders list. We are currently on the CPTS New York list as well as the UNPROFOR bidders list.

Also, we have included a brief overview of Lockheed's capabilities that are of interest to the UNOMER Mission. Specifically, we would like to support the follow-on maintenance and repair retirement for the Armored Personnel Carriers (APCs) provided under a LOA. The APC's have been provided under LOA by the Government of the United States. Our experience with APCs is that when little or no organizational level preventive maintenance is applied, the Maintenance requirement increases over time and the APCs shall not be in a condition for UN use. If personnel receiving the vehicles do not have experience in maintaining them, Lockheed proposes services of our personnel to initially maintain the APCs and to train personnel designated by the UN.

If you have any questions regarding the above, please contact our Cairo, Egypt office, Mr. Robert ATCHESON, FAX 202-2917493 or the undersigned at FAX 817-548-4649.

Sincerely,

J. Wayne TRIMMER
Director, Advanced Programs

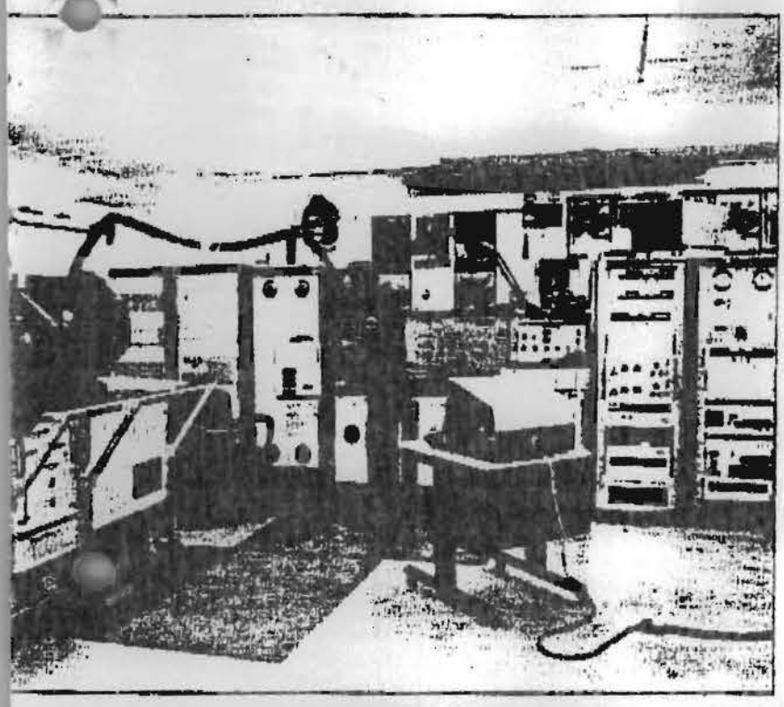
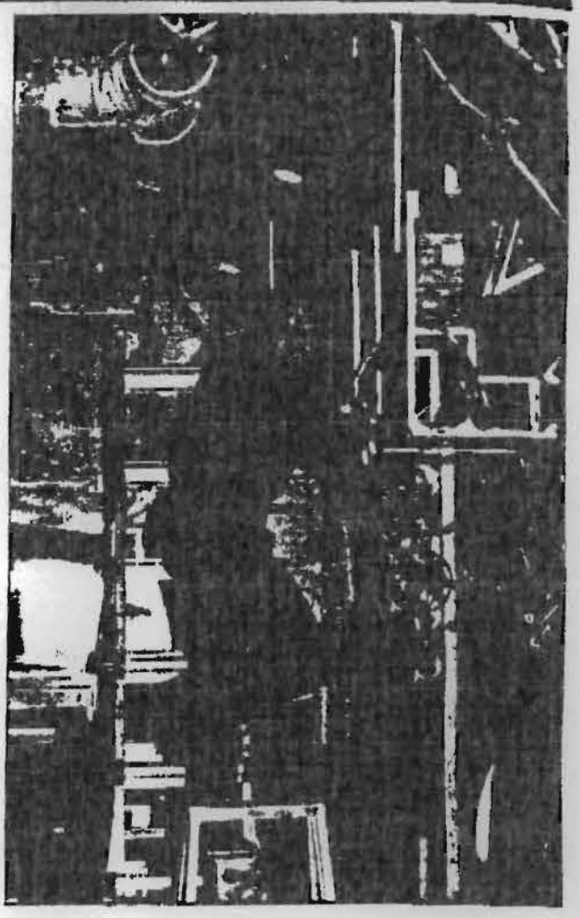
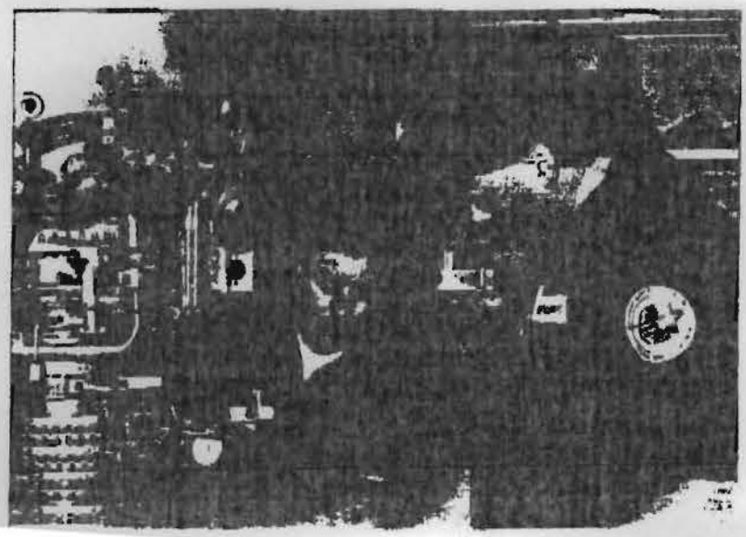
SAO

Lockheed Support Systems, Inc. (LSSI), headquartered in Arlington, Texas, is a wholly owned subsidiary of the Lockheed Corporation. (LSSI) is the service arm of Lockheed and is an industry leader in providing medium technology operation, maintenance and support services to the U.S. Government and private industry. Advantages include:

- *LOW COST*
- *QUICK REACTION*
- *FLEXIBILITY*
- *QUALITY*







Logistics capabilities and experience are available either through Contract Field Teams or competitive contracts.

Contract Field Teams (CFT), an extension of the maintenance assistance capability of government depot facilities, satisfy logistics requirements, both short and long term, that exceed the capability of the user. Orders are issued against an existing contract to provide a quick response alternative for urgent or unforecast surge requirement as well as responsive accomplishment of long term dynamic mission requirements. Skilled technicians can be on site, anywhere in the world, ready to work, in a matter of hours. An added benefit is the flexibility to vary the workforce size or composition upon request without contract change or renegotiation.

Operation Maintenance Services (OMS) can also provide desired maintenance and logistics support. While competition for individual contracts requires longer lead times, LSSI has achieved total success in satisfying customer requirements when contracts are awarded. As with CFTs, skilled technicians are on site, anywhere in the world, ready to work, on the date desired.

LOCKHEED CORPORATION 1993 EARNINGS UP 21 PERCENT; STRONG CASH FLOW, DEBT REDUCTION; DIVIDEND DECLARED

CALABASAS, Calif., Feb. 7, 1994 -- Lockheed Corporation (NYSE: LK) today reported net earnings of $422 million for 1993, a 21 percent increase over 1992's earnings of $348 million. On a per share basis, earnings were $6.70 in 1993 compared with $5.85 in 1992.*

Revenues in 1993 totaled $13.1 billion, up 29 percent over sales of $10.1 billion in 1992. Program profits (before taxes) rose 31 percent in 1993 to $844 million from $644 million in 1992.

For the fourth quarter, Lockheed's net earnings were $135 million, or $2.13 per share, compared with $119 million, or $1.95 per share, in the same period of 1992. Fourth quarter 1993 sales of $3.7 billion were 28 percent above 1992's $2.9 billion.

"1993 was an outstanding year for Lockheed, with strong financial and operating performance," said Daniel M. Tellep, Chairman and Chief Executive Officer. "We had a solid increase in earnings, generated substantial cash flow and significantly reduced

outstanding debt. More important, our shareholders realized a total return of 25 percent, well above the return for the overall market."

Tellep said the corporation's acquisition of Lockheed Fort Worth Co. in the first quarter of 1993 enhanced its position in the military aircraft market and was the primary factor in year-over-year sales and earnings growth.

"Lockheed Fort Worth Co. is performing extremely well," Tellep said. "With a firm backlog of nearly 600 F-16 tactical fighter aircraft, the Fort Worth Co. will continue to have a very positive influence on our future earnings and cash flow."

Tellep noted that the substantial cash flow in 1993 enabled Lockheed to reduce outstanding debt by more than $400 million, well ahead of plan. Lockheed's net debt to capital ratio was close to 48 percent at the time of the Fort Worth Co. acquisition and by year-end was down to 42 percent.

"As we continue to generate significant cash, debt reduction remains a high priority," Tellep said. "Our strong cash flow and rapidly improving debt position also give us the flexibility to explore other means to enhance shareholder value, including strategically and financially attractive acquisitions."

At year-end, total backlog was $26.9 billion, nearly 50 percent higher than the $18.4 billion backlog at the end of 1992. Funded sign-ups of new and follow-on orders were $17.4 billion in 1993, up more than 70 percent compared with the $10.2 billion realized in 1992. Funded backlog increased to $13.2 billion at year-end 1993, up from $8.9 billion the previous year.

(MORE)

Though defense remains the core of Lockheed's revenue base, the percentage of nondefense business grew to 35 percent in 1993. Included in this amount, sales to foreign governments accounted for 13 percent of total revenues, up sharply from 8 percent in 1992.

At the end of 1993, total Lockheed employment was 83,500, down from 91,600 just after the Fort Worth acquisition was completed.

In a separate action, Lockheed's Board of Directors today declared a quarterly dividend of 53 cents per share to holders of the corporation's common stock. The dividend is payable March 7, 1994, to shareholders of record Feb. 21, 1994.

Lockheed, headquartered in Calabasas, is a world leader in defense and space systems technology, design and production of military aircraft, missiles, electronic systems and satellites, as well as a wide range of government and commercial aeronautical, space, environmental and engineering services.

INTEROFFICE MEMORANDUM MEMORANDUM INTERIEUR

TO: Mr. Denis G. Beissel, Deputy Director
A: Field Operations Divison, DPKO

DATE: 10 June 1994

REFERENCE:

THROUGH S/C DE

FROM: Thomas A. Bieler, Chief
DE: Insurance Section, OPPBF

SUBJECT: Renewal of the Worldwide Vehicle Liability Insurance Programme,
OBJET: 1 June 1994 to 31 May 1995, AIU Policy No. 80-0263452

1. I am pleased to inform you that the Worldwide Vehicle Liability Insurance programme has been renewed with the American International Underwriters (AIU) for the policy year 1 June 1994 to 31 May 1995. The terms and conditions of the renewal policy are the same as for the expired policy period with AIU. However, we have been able to achieve a reduction of 5 per cent in premium in most cases.

2. With the exception of the insurance provisions relating to specific areas (see para. 5 below), the worldwide vehicle liability programme will continue to provide Excess and Difference-in-Conditions (Excess/DIC) coverage for United Nations and specialized agency vehicle fleets throughout the world. The limit per occurrence under the new policy remains unchanged at $1 million combined single limit for bodily injury/death and property damage. The new AIU policy commenced on 1 June 1994 and will expire on 31 May 1995. The policy number is 80-0263452. The renewal premium for vehicles insured under the Excess/DIC component of the policy is $57 per annum.

Excess/DIC coverage

3. In countries where local vehicle liability insurance is purchased, the worldwide policy provides Excess/DIC coverage. It is structured to supplement the local vehicle liability coverage mandated by local law in the individual countries. In countries where local insurance is not available and hence cannot be purchased or where only partial third-party liability coverage is obtainable, the worldwide coverage becomes primary insurance under the DIC feature for purposes of reimbursement of losses, even though it is not admitted insurance for legal purposes in those countries.

4. The worldwide policy will not satisfy, by itself, the requirements of vehicle liability insurance required by local law. Therefore, the policy cannot be used for the registration of vehicles or in the case of accident. Legislation mandating the purchase of vehicle liability insurance coverage must be complied with through the purchase locally of at least the legal minimum limits of liability. The local coverage would therefore satisfy the United Nations/Agency's obligation to comply with local law and the worldwide insurance policy would cover, in such cases, liability over and above what is

/...

4

payable by the local insurer, within the limits of the worldwide policy. It is important to stress, however, that the DIC feature, whereby the AIU policy becomes primary if local third-party insurance is unobtainable, applies only as an exception to the norm and only in the case of small vehicle fleets. If groups of vehicles in your Division's fleet(s) operate in areas in which locally acquired primary insurance is not obtainable, you must inform the Insurance Section at Headquarters of the countries and number of vehicles concerned. In such cases, we will take the matter up directly with AIU. Some additional premium charge may be involved in such circumstances in order to ensure the maintenance of appropriate vehicle third-party liability protection.

Primary coverage

5. Last year, primary or "first dollar" coverage was established in several locations where local underlying insurance could either not be acquired or was not effective. The locations and related premium rates for the renewal period are as follows:

Israel/Lebanon/Syria	- $375 per vehicle, down from $395 last year
Cambodia	- $190 per vehicle, down from $200 last year
Mozambique	- $166 per vehicle, down from $175 last year
Somalia	- $199 per vehicle, down from $209 last year
former Yugoslavia	- $362 per vehicle, down from $375 last year

The most significant feature of the renewal of the Worldwide third-party vehicle liability insurance programme for 1994/1995 is the fact that coverage for military-type vehicles (MTV's) at a reasonable premium rate has been achieved. While armoured personnel carriers (APC's) are the predominant vehicle type in this group, road hazard coverage is available also for reconnaissance vehicles and tanks. However, it should be noted that the coverage for MTV's, while having the same $1 million limit as for other types of vehicles, does not apply to off-road activities or activities of a specifically military nature or the destruction of roads or bridges caused by tracked vehicles nor will there be coverage for liability arising from military war games, military field exercises, military maneuvers or similar activities involving the use of live ammunition whether directed by or at an insured vehicle. The annual premium for MTV's at all locations is $400 on a primary coverage basis.

Claims

6. Claims handling procedures in the renewal period are the same as for the prior year. The list of AIU claim offices around the world was distributed to all offices and entities participating in the Worldwide vehicle liability programme last year, and is still valid. Should you have any question in this regard, please contact my office. As heretofore, in countries where AIU has no claims office, the nearest claim or regional office should be contacted. The information required by AIU for claim reporting is annexed to this memorandum. It is essential that the name, address and telephone/fax number of the local United Nations/Agency official to contact in regard to any claim report be clearly indicated in the initial report to AIU of any accident.

/...

7. The special privilege for immediate settlement of claims feature is maintained in the renewal AIU policy. The settlement limit continues to be $3,500. The contractual provision relating to this feature is as follows:

> "It is agreed that the Insured may pay reasonable expenses in connection with the settlement of third party claims insured under this policy provided that such authority shall be limited to Three Thousand Five Hundred ($3,500) per settlement and shall apply only to those geographical areas wherein the company does not maintain a duly authorized claims representative."

As heretofore, such third-party claim settlements must be authorized by the Head of the local United Nations/Agency office and are subject to the proviso that there is proven liability on the part of the United Nations/Agency. A signed release must also be obtained from the third-party absolving the United Nations/Agency from any further costs in relation to the vehicle accident. The accident report, claim documents, record of settlement paid and copy of the signed release should then be sent to the relevant AIU claim or regional office. That office will then arrange the reimbursement of the paid claim directly with the office concerned.

8. The worldwide vehicle liability insurance policy provides coverage for third-party bodily injury or death and/or damage to third-party vehicles or property where negligence on the part of the United Nations/Agency has been established. The policy also provides third-party passenger coverage. The policy coverage applies worldwide. Vehicles in the United States of America, its territories and/or possessions, and Canada are covered under the new policy provided that their coverage period does not exceed thirty days during the policy period commencing with the date of arrival of the named insured or of the vehicle, whichever shall first occur.

9. The worlwide vehicle liability insurance policy does not cover the cost of damages to United Nations/Agency owned or loaned vehicles. The United Nations, as a matter of established policy, is self-insured for the risks of damage, fire, theft, etc., to its own vehicles.

Premium billing

10. Attached to this communication is a copy of the invoice(s) issued by our broker, Marsh & McLennan, in respect of FOD vehicle fleets. The billing is based on the vehicle count reported by your office to the Insurance Section in connection with the annual worldwide vehicle census conducted in March 1994. IT IS ESSENTIAL THAT THE BILLED PREMIUM BE RECEIVED BY MARSH & MCLENNAN NO LATER THAN 30 JUNE 1994. LATE PAYMENT WILL RESULT IN AN AUTOMATIC COVERAGE TERMINATION NOTICE FROM THE INSURER FOR THE WHOLE PROGRAMME, NOT JUST YOUR FLEET(S). You may remit payment to Marsh & McLennan directly to the address indicated at the bottom left corner of the invoice(s), in which case, kindly transmit a copy of the payment voucher to my office for our records. Alternatively, you may fax directly to my attention the account to which your premium payment is to be charged and we will remit payment directly to Marsh & McLennan on your behalf and debit your account by IOV. The Insurance Section

/...

6

fax number is (212) 963-4222. If you choose to remit payment this way, please be sure to provide my office with the relevant charge account information no later than 24 June 1994.

11. Under the terms of the contract, a small variation, whether an increase or a decrease, in the size of your fleet(s) will not trigger any premium adjustment, although all fleet changes must be reported to my office. However, any change in fleet size of 5 per cent or more from the base count (i.e., the March census count) will trigger a billing adjustment, either an additional charge or a pro-rated credit. It is, therefore, most important that you report to my office all changes in size of your fleets promptly. You should continue to use the census form for submitting such reports and make clear the month in which such changes in fleet size take effect. If significant numbers of vehicles in your fleet(s) are taken off-road (i.e., are demobilized or put in storage), not to be returned to road service, kindly report accordingly to my office as a pro-rated premium credit may be applicable.

FROM: UNAMIR, KIGALI.

SITREP COVERING PERIOD 151800B JUN TO 160600B JUN 94.

1. GEN SITUATION. THE NIGHT WAS OBSERVED TO BE RELATIVELY CALM WITHIN THE CITY. EARLY THIS MORNING, EXCHANGES OF ARTY/MORTAR AND HMG FIRE RESUMED FROM RPF POSITIONS LOCATED NORTH - EAST OF THE CITY TOWARDS THE PRESIDENTIAL GUARD POSITIONS LOCATED AT KYCHIKIRU. RGF RETALIATED WITH MORTARS, HMG AND SAs FIRE. IN RGF CONTROLLED AREAS, THE MILITIA/INTERHAMWE CONTINUE TO THREATEN INNOCENT CIVILIANS INCLUDING CHILDREN. RPF CONTINUES TO GAIN MORE GROUND IN THE SOUTH AFTER THE CAPTURE OF GITARAMA. NO MAJOR CHANGES IN DISPOSITIONS OF WARRING FACTIONS IN THE NORTH. FC RETURNS TO KIGALI TODAY FROM KABALE. HE PLANS TO MEET THE CHAIRMAN OF THE RPF AT MULINDI BEFORE PROCEEDING TO KIGALI. THE DFC IS SCHEDULED TO CHAIR THE EIGHTH ROUND OF CEASE FIRE TALKS BETWEEN RPF AND RGF LATER THIS MORNING. A MEETING IS SCHEDULED TO BE HELD WITH THE PREFECT OF KIGALI ON THE RESUMPTION OF THE TRANSFER OF DISPLACED PERSONS.

2. POLITICAL ACTIVITIES. THE RWANDESE INTERIM PRIME MINISTER IS REPORTED TO HAVE HELD TALKS WITH OTHER AFRICAN POLITICAL LEADERS YESTERDAY. DURING THE MEETING HE OUTLINED THE PRIORITIES OF HIS GOVERNMENT AS: PACIFICATION, NEGOTIATIONS WITH THE RPF TO END THE WAR AND THEN PROCEED WITH THE IMPLEMENTATION OF THE ARUSHA AGREEMENT, AND THEN HUMANITARIAN ASSISTANCE TO REDUCE THE CURRENT HUMAN SUFFERING IN RWANDA. HE HOWEVER SAID THAT THE PRESSING ISSUE AT THE MOMENT IS AN END TO THE WAR. POLITICAL TENSION IS SAID TO BE MOUNTING IN NEIGHBORING ZAIRE AND BURUNDI. IT IS REPORTED THAT A CEASE FIRE AGREEMENT HAS BEEN SIGNED BETWEEN THE WARRING FACTIONS IN TUNIS, BOTH SIDES HOWEVER SAY THAT THEY HAVE NO OFFICIAL INFORMATION ON THIS.

3. FACTIONAL ACTIVITIES.

A. RPF. RPF RESUMED THE PRESSURE ON RGF POSITIONS EARLY THIS MORNING WITH ARTY/MORTAR, HMG AND SAs FIRE. THE POSITIONS OF ELEMENTS OF THE PRESIDENTIAL GUARDS AT KYCHUKIRU WERE THEIR MAIN TARGET. CONSOLIDATION CONTINUED AROUND GITARAMA AS THEY CONTINUED TO GAIN MORE GROUND. NO CHANGES IN DISPOSITIONS IN THE NORTH OF THE COUNTRY.

B. RGF. RGF FORCES CONTINUE TO FALL BACK FROM THEIR POSITIONS IN KYCHIKIRU AND THE CITY CENTRE. THEIR MORALE CONTINUES TO FALL AFTER THE LOSS OF GITARAMA. THERE ARE NO CHANGES IN THEIR DISPOSITION IN THE NORTH.

C. MILITIA. THE ACTIVITIES OF THE MILITIA/INTERHAMWE CONTINUE TO A POSE THREAT TO INNOCENT CIVILIANS AND CHILDREN IN THE CITY.
