Due to customs requirements, it is anticipated that the convoy will depart on Wednesday 27 December 1995 arriving at the Rwanda/Uganda border at approximately 1000hrs.

2. It is requested that you advise your security personnel of the convoy and request priority of passage across the border. I understand that convoy details are to passed onto LTCOL Karenzi Karake and also to OIC border security, Kazoora Steven.

3. Find attached a list of the APCs to be moved, details of the commercial carriers and their exact load will be advised not later than Friday 22 December 1995.

4. Your assistance in easing the border crossing is greatly appreciated.

5. Regards Jan.

SUBJECT: MOVEMENT OF APCs AND BTRs

REF A: Converse Maj Karmade/Capt Ndahiro (RPA LOs) and Jan McMillan of 11 Dec 95.

1. Vide ref A, the following was agreed to:

a. APCs and BTRs would be checked on the ground, commencing 1000hrs 12 Dec 95;
b. Customs officials would be present at the check;
c. On completion of each check APCs and BTRs would be locked and customs sealed;
d. All keys would be handed to CMCC;
e. Customs seals would not be tampered with; and
f. Procurement sect would request mobilisation of commercial vehs as soon as checks commenced;

2. There are a total of 65 APCs and 8 BTRs to move to the Port of Mombasa, it is estimated the checks will take up to approximately 2 or 3 days to check.

3. On completion of the checks the loading will take approx four days to load. Customs officials are to then clear all paper work for commercial carriers, drivers and loads. Please note that customs can only complete an average of 15 clearances a day, it will therefore, take approx another 5 full working days to complete the clearances. It is estimated that the convoy will depart between 27 and 30 Dec 95 however, I will advise departure date when known.

4. As discussed an MCC rep will pick up the Gendarmerie rep and Customs official from HQ UNAMIR at 1000hrs 12 Dec 95 at which time the clearances will commence.

5. Your assistance is greatly appreciated.

REF A: MCC/APC-748/JM dated 08 December 1995

1. As you are aware I was advised by yourself on Fri 08 Dec 95, that a meeting had occurred between UN and Governmental officials in reference to the movement of APCs and BTRs. Vide ref A, I advised Joseph, the RPA LO that the officials had agreed to check the equipment on the ground prior to loading onto commercial vehicles.

2. Mr Emby (MCC rep) spoke to Joseph in reference to the clearances and was advised by Joseph that he would not accept the memo, that we should load onto commercial vehs first and that he needed to speak to "someone" about this.

3. I have attempted a number of times to have these items cleared however, it is apparent that Joseph or at least the RPA LOs working in the HQ are obstructing the movement of the APCs/BTRs.

4. It is recommended that the LOs, the Governmental officials and members from either the CAOs or SRSGs office discuss the current situation. It appears that there is a break down in communication and all relevant parties are not talking to each other.

5. At this stage the MCC can do nothing to move the APCs.

6. Waiting your advice.

SUBJECT: MOVEMENT OF APCs AND BTRs

1. As you are aware the MCC has been tasked to move 65 APCs from Kigali, Rwanda to the Port of Mombasa, Kenya for onforwarding by vessel to Brindisi, Italy. There are also 8 BTRs which will be moved by vessel to Dhaka, Bangladesh.

2. The MCC was recently advised that the procedures for the clearance of equipment to be moved out of the country had been amended, and that the Gendarmerie would only check equipment once it had been loaded onto commercial carriers. I advised your office that this procedure was unacceptable to the UN and requested that all items be checked prior to loading.

3. A meeting was held on Tuesday 05 December 1995 between UN and Rwandese Governmental officials, at which time the Governmental officials advised that the APCs and BTRs could be checked by Gendarmerie and Customs officials prior to them being loaded onto commercial carriers. The officials also advised that they did not know why the procedures had changed and that it would be rectified.

4. It is therefore requested that the checks be conducted commencing 1000hrs Monday 11 December 1995. It is requested you confirm availability to the MCC on ext 11100 so as the Customs officials can also be confirmed.

5. Your assistance is greatly appreciated.

NATIONS UNIES
MISSION POUR L'ASSISTANCE AU RWANDA

December 4, 1995

Dear Mr. Dusaidi,

You will recall that our recent weekly meetings the question of the shipment of 65 APCs was discussed. On that occasion you kindly assured us that the Rwandese Authorities had no objection to the transfer out of Rwanda of these APCs and would cooperate fully in facilitating that operation.

In this connection it has come to my attention that the UNAMIR's office in charge of the transfer is experiencing some difficulties in respect of the procedure to be followed for the clearance of the APCs.

Previously all items to be moved from Kigali were cleared prior to being loaded on commercial transport carriers. This procedure is important as loaded vehicles should not be idle, incurring demurrage charges.

The new procedure as conveyed to UNAMIR by Captain Joseph Ndahiro, RPA Liaison Officer, which provides that the APCs would be cleared only after they have been loaded onto the commercial carriers, may result in costly delays.

I should therefore be grateful if you would kindly review the situation with a view to allowing these APCs to be cleared before they are loaded.

Mr. Claude Dusaidi
Political Adviser
Ministry of Defence
Kigali (Rwanda)

I should also like to take this opportunity to reassure you that our understanding in respect of the shipment of pieces equipment requested by your Government remains valid. Until a decision is taken by Headquarters on your request, we shall refrain from moving equipment out of Rwanda. The only exception would be items required immediately for Peace Keeping Operations in other U.N. missions for which I would, personally, sign the request.

I thank you for your cooperation in the matter.

SUBJECT: MOVEMENT OF UNOE.

REF A: MCC/UNOE-725/JM dated 22 November 1995
B: Converse Jan/Joseph 24 November 1995
C: MCC/UNOE-721A/JM dated 24 November 1995

1. Ref A gave a sitrep on the movement of UNOE. The items in question were Generators, Electrical items and APCs.

2. Vide ref B, I was advised by Joseph, the RPA LO that the procedures for the movement of cargo had now changed and that we were to load the APCs onto commercial road transport and then the Gendarmerie would clear the APCs for movement. Joseph gave me his verbal assurance that the APCs would be cleared on the day they were loaded and that there would be no delays. I again requested that we gain clearances prior to loading commencing and explained the reasons for this. Joseph would not agree to this procedure.

A

3. During the same conversation I requested clearances for the movement of the Generators and Electrical items. Joseph very quickly said that there would be no movement of the Generators and Electrical items, he said I had to wait until a decision had been made as to what was to be donated to the Rwandese Government.

B

4. Vide ref C, I drafted a memo for signature for the RPA assuring UNAMIR that there would be no delays in the clearance of the APCs. Joseph refused to sign the memo attached. He again verbally advised that there would be no delays and that he was responsible for the clearances and would ensure that they were done as promised.

5. At this stage I believe we will have to take the RPA at their word and commence loading the APCs as soon as we can mobilise the commercial vehicles.

6. In regards to the movement of Generators and Electrical items. There is still no light.

7. For your information/action.

1. Vide ref A, the MCC requested that a Gendarmerie be available to check sixty five APCs which were to be moved to Mombasa for onforwarding to the United Nations Logistic Base, Brindisi Italy. Previously all items to be moved from Kigali are checked prior to being loaded on commercial transport carriers. This procedure is important so loaded vehicles are not lying idle, incurring demurrage charges to the United Nations and missing the vessel they are to be moved by.

2. Vide ref B, you advised that the procedures have now changed and that the APCs are to be loaded onto commercial carriers first, then you will provide a Gendarmerie to assist with clearances.

3. You also advised that there would be no delays and that the vehicles will be cleared the day of loading. Please note that this is extremely important so no delays are incurred.

4. It is requested that you supervise the checking and that the APCs be cleared quickly as you have advised.

Subject: Release of UNAMIR's APCs to Rwandese forces

1. You will recall that at a meeting held on 23 August 1995, a delegation of RPA Officers led by Mr. Claude Dusaidi requested that UNAMIR's APCs be released to the Rwandese forces at the end of the Mission. On that subject, the attached cable was sent to New York.

2. In this connection, I have requested Lt.Col. Chabir to provide us with more details about the type, number and status of the APCs currently in UNAMIR's possession. A list is herewith attached which you may wish to forward to New York.

SUBJECT: MOVEMENT OF APC CONVOY THROUGH KENYA	

1. AS A RESULT OF A RECENT UNHQ DIRECTIVE UNAMIR HAS BEEN REQUESTED TO MOVE 65 APCS FROM KIGALI TO THE PORT OF MOMBASA IN KENYA. THIS WILL ENTAIL THE MOVEMENT OF 33 FLAT BED SEMI TRAILERS CARRYING THE APCS.

2. PLANNING HAS ONLY JUST COMMENCED BUT IT IS EXPECTED THAT THE CONVOY WILL MOVE AS TWO CONVOYS, 1-2 DAYS APART. THEY WILL ENTER KENYA AT THE MALABA BORDER CROSSING POINT AND TAKE THE ROUTE TO MOMBASA VIA NAIROBI.

3. WE ARE STILL WAITING FOR THE ALLOCATION OF THE CONTRACTOR FOR THE MOVE AND THEREFORE IT IS DIFFICULT TO ESTIMATE THE DATE THAT THE CONVOYS WILL ENTER KENYA HOWEVER THEY SHOULD ARRIVE OVER THE PERIOD 15-25 NOV 95. WILL KEEP YOU UPDATED ON THE ETA OF THE CONVOYS AS THE DATES BECOME FIRMER.

4. THERE WILL BE NO AMMUNITION OR WEAPONS IN THE CONVOY. IT IS PLANNED TO FLY THESE ITEMS INTO MOMBASA WHEN THE SHIP IS DUE TO COMMENCE LOADING.

5. ATTACHED IS THE LIST OF THE REGISTRATION NUMBERS OF THE APCS.

6. PLEASE FORWARD THIS ADVICE TO THE KENYAN GOVT VIA UNDP AND REQUEST THE ALLOCATION OF A CLEARANCE APPROVAL TO TRANSIT THROUGH KENYA.

7. THE SHORT NOTICE IS REGRETTED BUT THIS IS DUE TO LATE ADVICE FROM UNHQ.
