UNAMIR - MINUAR

To: Ambassador Shaharyar Khan SRSG	From: Zouaoui Benamadi Head, UNAMIR Radio Unit
Originator: Manasse Mugabo UNAMIR Journalist	Date: April 25, 1995

DAILY REPORT ON RADIO RWANDA PROGRAMMES

Kigali, April 25, 1995 - President Pasteur Bizimungu of Rwanda on Monday opened a 4-day meeting to work out a new educational policy in Rwanda. The meeting is gathering many experts on education, representatives of several Ministries, MPs and educators.

In his speech on the occasion, the Rwandese Minister of Primary and Secondary Education, Mr. Pierre Celestin Rwigema, said that new strategies would be taken to rectify the mistakes formerly committed in educational system in Rwanda.

- President Pasteur Bizimungu, who was accompanied by the Rwandese Vice-President Paul Kagame, the Minister for Interior, Mr. Seth Sendashonga and the Deputy Prime Minister, Colonel Alexis Kanyarengwe, on Monday visited Kigali rural prefecture. Speaking at Kabuga, President Bizimungu warned against ethnic and regionalist bigotry which he said, was the source of genocide.

Vice-President Paul Kagame reminded in his speech that security was not a matter of the Government alone, and that it concerned every Rwandese. He warned against people spreading rumours causing insecurity in the country.

- President Bizimungu on Monday held a press conference in Kigali to give clarifications on the events in Kibeho. Speaking at the news conference which was attended by national as well as international journalists, president Bizimungu expressed his regrets over the events in Kibeho and expressed his condolences to the bereaved families. He however expressed his dissatisfaction over the dramatisation of the events by the foreign media. He rejected the death toll of 8,000 people killed and said that only between 200 and 300 people were killed. He announced that those people were killed in an exchange of fire between Interahamwe militia in Kibeho camp and Government soldiers.

- In Gikongoro prefecture, all the camps for displaced people including the one of Kamana were closed on Monday, and were virtually empty. Only one man remained in Kamana camp because when he was asked by soldiers where his home was, he responded that his

home was Heaven. Only a group of criminals remained on Monday in Kibeho in a building where they found refuge, and refused to go home. Only one camp for Burundian refugees and another for genocide survivors remain in Gikongoro.

- The United Nations Development Programme (UNDP) on Monday released a USD 1 million aid package donated by the United Nations from its Special Trust Fund for Rwanda, to assist the returning internally displaced people. The money will be used to buy vehicles, jerrycans, sheeting covers, and office equipments.

- The Rwandese Prime Minister, Mr. Faustin Twagiramungu, on Sunday returned home from an official visit in Denmark, where he held talks with Danish officials on cooperation with Rwanda.

In his interview with Radio Rwanda, Mr. Twagiramungu said that Denmark had only pledged to give its aid to Rwanda through NGOs, and UN agencies.

- The Rwandese Foreign Minister, Mr. Anastase Gasana on Monday received Bishop Jonathan Ruhumuliza of the Rwandese Episcopalian Church. He briefed the Rwandese Minister about preparations for the visit by the Archbishop of Canterbury, who will visit Rwanda from next 9 May to 13 May.

- Two workers of a foreign NGO have been arrested for investigations after security forces seized in their car a letter written by the Former Rwandese interim President, Mr. Theodore Sindikubwabo, to the Chef de Camp of an IDPs camp in Gikongoro, urging displaced people to resist orders to return home.
