UNAMIR - MINUAR
MILOB GP HQ

TO : FORCE HQ

Date : 11 Oct 94

FROM : MILOB GP HQ

Ref : PLANS 31/94

SUBJECT : STATUS OF MISSION AGREEMENT

Reference. A. Administrative Circular No 007/94 dated 11 Oct 94.

1. Most of the comments touch on those areas where implementation is not proceeding smoothly hampering MILOBs operations.
2. The comments shall be presented as below:
 - a. Paragraph 1 and 6. Movement control in terms of restrictions imposed on MILOBs in some Sectors by the Government Soldiers in the pretext of security on UNAMIR personnel, thereby hampering MILOBs operations leaves a lot to be desired on. It is very difficult to conclude that MILOBs investigations on violations are correct, accurate, complete and to the point because of the delays in reaction time contributed by the said control/restriction measures. MILOBs in some Sectors have been subjected to Government soldier searches either in their living accommodation or at road blocks. In addition, the security of MILOB's working and living accommodation should be the responsibility of the government where UNAMIR formed troops are not available.
 - b. Paragraph 10. Most if not all MILOB Sector HQs are accommodated in schools. Most of the schools are reopening. Almost all the accommodation facilities around such centres where MILOBs are deployed have been occupied by RPA. Cooperation with RPA Comds to provide office accommodation has been very difficult. It is anticipated that by Jan 95, MILOBs will be experiencing many difficulties in their operations if the situation is not addressed soon.
3. It is requested that these paragraphs be adjusted to suit MILOB functions.
