Note to Mr. Nambiar

Presentation by the Korean Engineering Company, MINUSTAH //

1. During our visit to MINUSTAH last week for the commemoration of our colleagues and friends who perished in the earthquake in Haiti one year ago, Assistant Secretary-General Banbury and I paid a visit to, amongst others, the Korean Engineering Company based in Léogâne. This Company delivers extremely valuable services to the Mission and the people of Haiti. It is, indeed, a prime example of the kind of enabling capabilities our missions need but often lack.
2. The Company Commander, Col. Park Sungho, showed us an eight-minute video about the efforts of the Company, a copy of which is provided on the attached hard drive, at their request, for the Secretary-General's attention. Your assistance in enabling the Secretary-General to watch this video would be appreciated.
