SUBJECT: ALLOCATION OF VEHICLES TO OPS BRANCH

1. The Ops Branch is facing functional problems due to shortage of minimum essential vehs. The details of vehs as per composition of the branch are given in Appendix attached.
2. The following points emerge out from the Appendix and CTO's records:
 - a. In the CTO's record, Mitsubishi Mini Bus No 222 is shown against Ops Branch where as it is being utilized for Force Welfare Office(i.e., Post Office).
 - b. The vehs of DCOS(OPS) and G3 OPS have been withdrawn without replacements. The veh of G3 OPS has been sent to Liberia.
 - c. No replacement has been given for the veh No 522 which met with an accident and is in workshop since 06 Jan 96.
 - d. ADCOS(OPS) and G2 Info are without vehs.
3. In view of above it is recommended that atleast two vehs be released to ADCOS(OPS) and G2 Info. ~~immediately~~.

:ALLOCATION PLAN OF FHQ AT TRAFIPRO.

1. Reference: SO Accn letter No ANNC/026 dated 06 Feb 96.
2. It is seen from the allocation plan of FHQ at Trafipro, that no room has been earmarked for the Info branch as also the Ops Room and the duty officers living room have been merged into one. This gives me the impression that with the expiry of the mandate there would be no requirement of an Info branch and the Ops Room would be manned only during the day. I maybe wrong in my assessment, but if I am right then I should be informed accordingly. If however my misgivings are correct then a fresh reappraisal be carried out and the following additional rooms be allotted to the Ops Branch.

(a)	Ops Room.	One additional room.
(b)	G2 Info/Clks	One room.
3. Best regards.

SUBJECT: G3 AIR REPLACEMENT - 6 FEB 96

Reference: MILOB/POST/6433.39 28 Oct 95

1. As per reference, Sqn Ldr Kit Caesar of Air Ops Cell Kigali was trained in the job of G3 Air to act as a replacement for Maj Sundman during his absence from G3 Air duties.
2. This is to confirm that Maj Sundman may be proceeding on a week's leave and repatriation to Canada on 9 and 15 Feb respectively and that Sqn Ldr Caesar will be required for duty as the new G3 Air effective 8 Feb 96. To ensure continuous G3 Air operation, Sqn Ldr Kit Caesar is required for a two day handover commencing the 6 Feb 96.
3. As the above has already been coordinated between Maj Sundman and Sqn Ldr Kit Caesar, this memo is to officially request his transfer to the G3 Air cell. If the Canadian government agrees to extend Maj Sundman until the 15 Mar 96, Sqn Ldr Caesar will not be required for duty as the new G3 Air.
4. Submitted for your necessary action.

**INSTRUCTIONS ON TRANSPORT SUPPORT TO UNHCR FOR
THE MOVEMENT OF REFUGEES, LIKELY TO COMMENCE IN
THE FIRST WEEK OF JAN 96**

General

1. In view of the forthcoming possible repatriation of Rwandan refugees from Zaire, it is pertinent to be prepared for such a contingency. It is likely to start in the first week of Jan 1996. Large number of vehicles will be required to transport the refugees from the border crossing points to the transit camps and further to their home communes. UNAMIR has committed to provide transport support within its capability.

Responsibility

2. a. **Responsibility to Provide Transport.** It is attached as Annex A.
- b. **Earmarking of Transport at the Crossing Points.** Attached as Annex B.

Miscellaneous

3. **Warning Notice.** All contributing contingents will keep the transport and personnel at 06 hrs NOTICE TO MOVE.
4. **Method of Operation.** Once the move is ordered by the Ops Branch, transport should move out within 06 hrs of the receipt of message. It will report to the NICOY locations in Gisenyi and Nyundo respectively. The transport will only be used for the movement of refugees from the border crossing points at Cyangugu and Gisenyi to the Transit Camps established by UNHCR. UNHCR transport will be used for the movement beyond the transit camps to the home communes.
5. **Command and Control.** The CO NICOY will command the operation in both his sectors on behalf of UNAMIR. He should carry out liaison with UNHCR representative in the two sectors.
6. **Passage of Info.** The Ops branch will be kept informed of the latest situation at all the time by the CO NICOY.
7. **Communication.** CO NICOY will establish suitable communication support for the operation in both his sectors.

Administration

8. Admin instructions are being issued separately. by DCOS SP.

MINUTES OF FC'S CONFERENCE WITH UNIT/SECTOR COMMANDERS HELD
AT UNAMIR HQ BRIEFING ROOM ON 23 DEC 95

In Attendance : SRSG

Present : FC - Chairman
Unit/Sector Commanders
UNAMIR HQ Staff Officers
SO2 Ops - Secretary

ITEM 1 - SRSG'S POINTS

1. The SRSG announced the appointment of Brig KS Sivakumar as the Acting FC and Col Fletcher as the Chief of Staff. He informed the house that the deployment plan for the new mandate had been approved in principle, although no written confirmation had been received from UNNY. UNAMIR, now on its last lap, had been a noticeably successful mission - a fact accepted even by the Rwandese President. He reiterated that this success story should continue till the end and urged all to maintain a high standard of discipline and dedication to duty. Giving out the salient aspects of the new mandate, the SRSG emphasized that support for the return of refugees was the key issue to be addressed.

ITEM 2 - FC'S POINTS

New Mandate

2. The FC gave out the highlights of the three previous mandates and emphasized that the strength had been reduced from an all time high of 5500 to 1400. The new mandate had removed all security related tasks except that of UN personnel, property and the International Tribunal. Consequently, the forces will be deployed to ensure continuity and ease of command and control. Although majority of the troops in sectors will be phased out in a graduated manner, some presence will be maintained in terms of logistic bases to assist in the repatriation of the refugees.

*Seen
ASU
27/12*

3. **Recommendations.** The following salient aspects of the recommendations forwarded to UNNY for their approval, were highlighted by the FC :-

(a) All troops will be concentrated in Kigali except a Coy (NICOY) which will be split between Nyundo and Shagasha.

(b) 1200 formed troops will comprise of NICOY, GHANCOY (for security of the Tribunal), elements of INDBATT, Engineers and Signals. In addition there will be 140 MILOBS, 30 HQ Staff and 30 Military Police personnel.

4. **MILOBS.** The focus will be on the repatriation of refugees and monitoring their move from the borders to their home communes. There will be no formed troop sectors as all troops will be located in Kigali. MILOB Sectors will be redrawn as given below :-

(a) Sector 1 - Kigali, Kibungo and Byumba.

(b) Sector 2 - Gitarama and Kibuye.

(c) Sector 3 - Butare and Gikongoro.

(d) Sector 4 - Cyangugu.

(e) Sector 5 - Gisenyi and Ruhengiri.

5. **Downsizing.** The reduction of the strength to the required number of 1400 will be achieved by 31 Jan 95.

(a) **MILOBS.** MILOBS will be repatriated by 07 Jan 95 as the recommendations to repatriate them as per their DDM has not been agreed to by the UNNY. However, certain key appointments are being retained for continuity and functional needs.

(b) **Troops.** As per the recommendations forwarded, contingents will be repatriated as under :-

(i) MALICOY - 07 Jan 95

(ii) MALAWICOY - 17 Jan 95

(iii) GHANCOY - 27 Jan 95

(iv) Elements of
INDBATT - 30 Jan 95

6. Liquidation. The FC stated that the detailed liquidation instructions have been issued and all concerned must start planning accordingly. All contingent cdrs were asked to start segregating into different lots their contingent owned equipment, UN equipment, equipment to be moved by air and stores to be sent to the port of disembarkation. The FC emphasized that the contingents would move out of their respective AORs only once their equipment had reached Kigali and that all accommodation being vacated will be repaired and necessary clearances obtained from the concerned authorities. He stated that all administrative arrangements have been catered for troops staying on till Apr 95 except NORMED whose facilities will be available only till 29 Mar 95, after which, aero medical evacuation to Nairobi will be catered for in case required.

Conclusion

7. The FC reiterated that the last lap is always the most difficult and now was the time to ensure that the highest of standards are maintained. He said that though there has not been a single battle casualty, a number of lives had been lost in vehicle accidents due to rash and negligent driving. The FC asked all unit cdrs to be extra vigilant and cautious in this last phase of the mission. He said that it was important that UNAMIR withdraws with dignity and grace and that everybody's efforts should be towards this end. Cordial relations with the RPA and the locals must be maintained and all pending bills with the Government must be cleared before final repatriation.

ITEM 3 - G4 LOG

8. The G4 Log gave out the detailed revised liquidation plan and explained the four phases of the liquidation, the sequence and the tentative time schedule.

9. Recommendations. The G4 Log recommended that the liquidation documents be signed at the earliest so the process could be initiated.

ITEM 4 - SECTORS 1 TO 3

10. The Sector Cdrs gave out details of tasks carried out during the period by their respective units, since the last conf.

ITEM 5 - SECTOR 4

11. The Sector Cdr gave out details of the sabotage activities which were reported in his Sector. He also recommended that details of the new mandate should also be given to the UNHCR and other UN agencies.

12. FC's Comments. The FC directed the Sector Cdr to gather all relevant information on the sabotage activities of 22 Dec 95 and forward a detailed report.

ITEM 6 - SECTOR 5

13. The Sector Cdr gave out details of tasks carried out during the period since the last conference. On a query regarding the continuance of his section of troops deployed on Mt Karongi, the FC clarified that his troops would soon be relieved of this task.

ITEM 7 - FORCE ENGINEER COY

14. The officiating Coy Cdr gave out details of tasks carried out during the period since the last conference.

ITEM - 8 - CISS

15. The CISS asked all concerned to inform all humanitarian tasks that had been completed so that they could be publicized. He further assured all support to troops during the liquidation. He also emphasized the need to repair and clean all accommodation and take all necessary clearances before final eviction.

ITEM 9 - SRSG'S CLOSING REMARKS

16. The SRSG reiterated that there was need to increase humanitarian tasks being undertaken and all these must be projected to ensure adequate publicity. He highlighted the differences in the MILOB tasking under the new mandate and emphasized that MILOB reporting was an essential requirement for correct assessment of the situation. There was a need to bridge the gap between the RPA and the various UN agencies so that the void which will be created by the withdrawal of UNAMIR does not hamper the developmental work being undertaken by these NGOs. The SRSG then gave out the political situation in the neighboring countries and recommended that the deployment of the formed troops should be flexible so as to cater for return of refugees from Tanzania and Burundi also.

ITEM 10 - FC'S CLOSING REMARKS

17. The FC thanked the SRSG for his views and reiterated the fact that we must be seen as doing something within the resources

available. He finally wished everyone a Merry X Mas and a Happy New Year.

INTER OFFICE MEMO

FROM : ~~DCOS(OPS)~~ *annunzio fall*
TO : DFC/COS
INFO : MA TO FC
DCOS(SP)
DATE : 14 DECEMBER, 1995
SUBJECT : REDEPLOYMENT IN UNAMIR AO
AND ALLOCATION OF TPS TO
CONTINGENTS IN THE AO

1. The points for consideration regarding the above subject are

- a. The allotment of forces to the Contingents.
- b. The redemarcation of the sectors in UNAMIR AO.

ALLOTMENT OF TPS

2. Please refer to my earlier memo to you on the multinational nature of the UNAMIR Force and note that the recent proposal to UN NY does not reflect this aspect where MALICOY and MALAWICOY have not been allotted any tps or area in the AO and are to deinduct.
3. I am sure that this can only be decided by the UN NY in consultation with the contributing countries. Our plan should therefore include the two countries for them to decide otherwise.
4. I must say also that the numbers given to the two remaining countries (Ghana and Nigeria) are too small. If they are to be Indep Coys the figures of 135 and 133 must be increased at least to 150 each respectively.
5. I must say that I do not see the justification for having 540 tps for the Indian Contingent aside the allotment of 202 and 90 to the Engr Coy and Sig elements respectively (which I endorse for that has been specified in the mandate). The only justification I see here is the creation of the rather too large a sector (Sector 1) where the Indbatt is to operate.
6. I think that the sectors as existing should not be changed and that all the contributing countries must be given responsibilities.

UN RESTRICTED

7. It is pertinent to seek clarification on the position of Ghanbatt Band of 25 pers who are additional to any figure allotted to Ghanbatt in the context of the present mandate. The additional figure of 25 handsman is not a bilateral agreement between Ghana and Rwandan Govt but an officially concluded issue with UNAMIR, Rwandan Govt and UN NY.

DEPLOYMENT IN SECTORS

8. Regarding the non deployment in the Prefectures as mentioned by you as given by the Rwandese Govt, I comment that this non deployment in the Prefectures has not been mentioned in the mandate any where and therefore we should not take this instruction from outside the mandate. Should the argument be that we have no security responsibility, we must say that we have the responsibility to protect our own selves and assets.

CONCLUSION

9. I have reflected on the plan for the allotment of tps to contributing countries as well as the redemarcation of the UNAMIR AO which you gave to me on 13 Dec 95 for comments and have these critical areas for consideration.

a. That the plan of allotment of tps to contributing countries is not representational and that figures allotted to Ghanbatt and Nicoy are too small whereas what is allotted to Indbatt is too large.

b. That all the contributing countries presently in the AO can have tps allotted to them and be maintained in the AO if Indbatt figures are to be reduced.

c. That we cannot eliminate any contributing country from our plans except on advise of UN NY in consultation with the contributing countries.

d. That the redemarcation of the AO is not necessary and that perhaps the creation of the rather too unwieldy Sector 1 is to justify the rather fat formed tps figures allotted to Indbatt.

e. That the assertion that UNAMIR should not deploy into Prefectures as given by the Rwandese Govt is not part of the mandate and that should not be the basis for the redemarcation. This they must resolve with UN NY.

f. That the deployment (intended) of only a Coy to take care of Shagasha and Gisenyi Sectors (New Deployment) must be reconsidered and allotted a Coy + or two.

UN RESTRICTED

9. What must be of concern is also the re-allocation of resources especially vehicles (First line and Second line SP) to the deployed tps in view of the emphasis placed on safe return and resettlement of refugees in the new mandate.

10. The issue of the strength of the Ghanaian Bandsmen additional to strength of Depl/Indep tps must be clarified.

11. It must be noted also that by the mandate the use of the Ghancoy to provide security for the International Tribunal is an interim one, which makes the stay of the Ghancoy throughout this present mandate uncertain.

SUBJECT : PROVISION OF SECURITY TO THE INTERNATIONAL TRIBUNAL

1. It is for your info that the International Tribunal would be conducting an investigation in Kibuye for a period of two months with effect from 22 Dec 95. In order to ensure their security during the period of the investigation, your unit is required to provide a guard of a pl strength at Kibuye. The guard will be operational by 1800 hrs on 22 Dec 95.

2. A recce of the proposed camp site for the platoon will be conducted on 18 Dec 95 and a feed back will be given to this office. Any adm/lgs requirement for setting up the camp, will be forwarded direct to DCOS SP under intimation to this office. The point of contact in the International Tribunal is Mr Andrew Tomson for further details.

3. Indbatt will take over the static security duties of UN installations at Magerwa, B & R HQ and the UN Service Station on intimation after your assessment of the situation.

4. MILOB HQ Sector 5C Only You are requested to liaise with the Prefect of Kibuye and the RPA Bn comdr and obtain written permission for the troops to move into the area of the investigations.

ASST SUPT THOMAS ADDI - CIVPOL SECTOR 4
2/LT B G SAENDA - SECRETARY

INTRODUCTION

1. At the commencement of the meeting the sector 4 commander welcomed all present to Malawi Coy location. He indicated that it was a privilege to host the conference and that all should feel relaxed to ask for any services required. He went on further to say that it had not been easy to prepare to host the conference due to the set up of the camp and hostile weather. The delegates were informed that the accomodation of the conference was still under construction. At this juncture he asked the DCOS (OPS) to open the meeting.

OPENING REMARKS

2. General. The DCOS (OPS) thanked the Sector Commander formed troops and Milobs Commander for organising the conference. He stated that it has been barely a month since the last conference and not much had changed but hoped that the issues raised had been looked into.

3. MANDATE As regards the mandate the DCOS (OPS) stated that there is no news about the mandate, whether being extended or not. But it had been clearly indicated that the Rwandese government does not want to see the mandate extended. He said at the time the security council was still debating on the issue.

2/.....

4. LIQUIDATION OF MISSION PLAN. The DCOS (OPS) announced the plan that had been worked out by a liquidation team for the closure of the mission if the mandate is not extended. The whole liquidation process would last for 97 days. Outlined are sector dates in the liquidation plan.

1. Sector 3 D + 30 - D + 37
2. Sector 2 D + 30 - D + 42
3. Sector 5 D + 30 - D + 47
4. Sector 4 D + 37 - D + 53
5. Sector 1 D + 81 - D + 97
6. Ghancoy2 D + 51 - D + 68

5. SECURITY SITUATION. The house was informed about the uneasy calm situation. There were a number of incidents especially in Kigali Sector. The DCOS (OPS) stated that there is an increase in armed robbery and mine incidents. Stealing of personal property and vehicle parts was also being practiced. He compelled to all to be more vigilant and be more security concious.

6. HELICOPTER FLEET It was stated that the number of helis is now held up to 3. Milobs and formed troops were asked to make full utilization of the flying hours for essential tasks only both administrative and operational.

7. THANKS He thanked the Sectors that received VIPs on behalf of the Force Headquarters within the month and had briefed or conducted them around. Finally he wished all fruitful deliberations.

MILOB SECTOR 4 COMMANDER BRIEF

8. General. The Sector Commander Milobs gave a brief back ground of the sector. He stated that prefecture is largely dominated by hutus. The population of the prefecture was 58500 before the war and it reduced to 425000 after the war. A total number of 68000 were killed during 1994 genocide of which 85% were tutsis. There are about 60000 refugees in Zairean refugee camps from Cyangugu prefecture alone.

9. FRGF/INTERAHAMWE ACTIVITIES From northern sub sector of Nyamasheke Activities are mainly infiltrations from Ijwi Island into the communes and Nyungwe Forest. The security problems experienced in this Sector are attributed mainly to the activities of FRGF/Interahamwe and RPA. A number of incidents ranging from robberies, indiscriminate killings, sabotage, Antipersonnel mine and ambushes had occured over the last few months. It was reported, however, that there has been a decrease in the level of reported incidents since June, 1995. In the sub sector of Cyangugu (Kamembe) FRGF activities are mainly acts of sabotage (electric pylons) cattle rustling, political killings and antipersonnel mine attacks. The southern sub sector of Bugarama activities by FRGF include harrasment of locals,

3/.....

stealing of farm products and livestock, killings and attempts on lives of political figures in the area.

10. RPA/LOCALS There are two Battalions of RPA deployed in sector 4.

- a. 101 Battalion. HQ at Bugarama cite and responsible for the southern part of Cyangugu prefecture.
- b. 157 Battalion. HQ at Kamembe sector and responsible for northern sector of the prefecture.

The RPA had acquired three patrol boats to patrol lake Kivu and deter any infiltration attempts from Ijwi Island. The prefecture is dominated by the activities of these two Battalions ranging from mobile and foot patrols at platoon and section levels. Presently the RPA appears to be in total control of the prefecture and presents a formidable threat to FRGF aspirations. Commune meetings are held periodically by RPA in conjunction with Commune administrators at various communes.

11. UN AGENCIES/NGOs There are some 20 UN Agencies and NGOs in this sector assisting the Government of Rwanda in various ways. These range from hospitals, schools, judicial system, orphanages, waterpoints, structural constructional works. The presence of the Malawi Company and Milobs in the sector has provided a secured climate for these organizations.

12. MILOBS/UNCIVPOL/MALAWI. ACIVPOL detachment highly cooperates with Milobs in their operations and assists in investigative tasks. There are three sub sectors into which the Milobs have been deployed into. There is the Sub Sector in Nyamasheke and southern Sub Sector at Bugarama cite and another in the centre in Cyangugu. All various communes are covered during the day and there is a quick reaction to incidents and information, due to this deployment. Malawi Company has a very good relationship with Milobs in all operational and administrative matters as well as RPA and UN Agencies and NGOs.

13. SIGNIFICANT INCIDENTS. Some of the incidents of the past few months are as follows :-

- a. Acts of sabotage.
 1. 05 September - pylons (2) at Nyarushishi transit camp, Gisuma Commune.
 2. 24 September - Pylon in Cyete Sector Cyimbongo.
 3. 10 October - Pylon winteko Sector Cyimbongo Commune.

4/.....

b. Antipersonnel mine.

1. 03 September - 26 year old lost his left leg at Rusizi 1.
2. 14 September - 16 year old girl lost her left leg below the knee Rusizi 1.
3. 18 October - 16 year old lost one leg whilst working in the field in Muhari Sector, Kamembe Commune.
4. 22 October - A Jogger lost his leg in Muhari Sector in Kamembe Commune.

c. Ambush

1. On Saturday, 21st October, 1995 Suzuki Jeep carrying a Military Intelligence Officer of the RPA involved with civilian security and his driver was ambushed at Karambo Cell 2 Kilometres east of Gisakura tea factory inside the Nyungwe Forest. It was a deliberate ambush and the Military Intelligence Officer who was the co-diver was seriously wounded. He was evacuated to Kigali Hospital the following day. No one has so far been apprehended in connection with the incidents.

14. REFUGEES. Refugees in this Sector arrive at four official points. Uvira (Zaire) Gombaniro (Burundi border points) Rusizi 1 and 2. The following figures are available for the last four months :-

- a August - 8,492 (Peak period 21 - 24 August)
- b. October - 1,181
- c. November - 614

15. The simultaneous return of 1959 cases and 1994 cases in Cyangugu prefecture is creating problems of housing and land distribution. The old case load are facing problems such as acquiring their old property and land as such the old cases are given the vacant land and houses of the 1994 refugees. When the former owners of the 1994 return the 1959 returnees are asked to construct new houses for themselves. Some of the new caseload are asked to be perching with their relatives.

16. The following transit camps have been established to
5/.....

accomodate the returnees from Zaire and Burundi :-

- a. Nyagatare - 6 - 10,000
- b. Nyarushishi - 20 - 28,000
- c. Bugarama cite - 3 - 5,000

17. The security of the camps is provided by RPA . However some of the warehouse which belong to the UN Agencies are being guarded by Malawi Company.

18. ASSESSMENT - FRGF. The FRGF does not posses the force preparedness to launch any major operations in Sector 4, nor does it posses the individual and collective training to operate beyond company level operations.

19. RPA The level of force preparedness of the RPA is improving day by day. It was stated that they have proven superior strategically and tactically to FRGF following the Iwawa operations of 05 November, 1995. The Milob Sector Commander further stated this operation has demonstrated that the RPA are better than FRGF. Thus there is high morale built in the RPA Camps. Any attacks that might be organised by the FRGF can be easily quenched. Sector 4 therefore believes that the tide is slowly but surely turning faror of RPA and will further increase with acquistion of night observation devices (NODs) and night goggles. Lastly at communal level the establishment of a communal police is paramount to complete a pproper division of responsibilities and functions between RPA Gendamerie and communal police to achieve national security and aphoid maintainance of public.

20. LIQUIDATION OF UNAMIR

- a. The uncertainty of security in the post UNAMIR era are looming large among the local population of Cyanguugu. The Sector Commander Milobs stated that in Sector 4 the return of refugees may greatly reduce or possibly halt a while immediately UNAMIR pulls out and may only resume when they are very certain on security.
- b. UN Agencies and NGOs are also likely to reduce their strength and minimise their operations in Cyanguugu while pulling possibly to Kigali for security reasons.

G3 ENGINEERS BRIEF

21. G3 Engineers informed the house about the Rwandan Demining Agency which has been formed in Kigali. There is company of at least 100 poersonnel who were trained by the US Demining Instructors. He asked the Contingents to conduct joint adventures of mine awareness with the Demining Agency.

6/.....

22. He further stated that Contingents should get intouch with their FSA and make good early preparations for the liquidation plan. They should make necessary details for the sorting out of stores.

95 CMSG BRIEF

23. The house was informed that teams have been told to segregate the equipment of UN and Contingents own equipment. He implored to all that 95 CMSG should be furnished with all details at its earliest for them to have time to prepare all transportation and other administrative arrangements. He advised all those present that Contingents should not hesitate to ask for recovery and transport. He informed them that all assests were available. He stated that Log OPs is ready to assist and help in all logistical matters.

SECTOR 1 INDBATT

24. Situation in Sector 1 is generally stable. However there are a few acts of banditry activities. There has been sa number of incidents suspectedly carried out by RPA. These range from cash looting and armed robbery. It was reported that in Gitarama masked men in uniform had beaten 7 sisters. It was said they were looking for a spanish father who is allegedly accused of being an accomplice of the Interahamwe.

25. A number of armed robbery in this Sector are carried out by armed men and in uniform. The house was informed of the new deployment of RPA Battalion in Kigali.

The 67th Battalion which was undergoing training in Butare is now being deployed in Kigali, Sector 1A. There were only 2 mines discovered in Kigali and were destroyed by RPA. Lastly he thanked Ghanbatt and Mala'wi Coy for hospitality given to Indbatt troops when they visited these Contingents.

SECTOR 2 GHANBATT BRIEF

26. Ghanbatt has started repacking of own Contingents equipment in readiness of for liquidation and possible air move.

27. The return of refugees is not so significant in Kibungu. However there seems to be an increase in population which indicates a possible number of returnees.

28. The humanitarian activities range from medical support to transportation of materials.

29. There are several military activities which are being conducted in Sector 2. He stated that surbodinate officers join the Milobs on their patrols. All ranks have been warned of the increasing number of robberies and have been asked to remain vigilant. They have also increased their sentry rosters.

30. The OPs officer asked the DCOS OPs if it is possible for the Contingent's equipment to moved by c - 130.

7/.....

The DCOS retaliated by informing him that it was not possible now. They should wait for the liquidation plan.

SECTOR 3 MALICOY BRIEF

31. The Sector is generally calm. There haven't been any incidents reported so far. It was mentioned however that a number of humanitarian activities had been carried out. Malicoy had been able to assist the RPA with transport and its medical staff had been treating locals at company aid post at least twice a week.

SECTOR 4 MALAWI COY BRIEF

32. There have been a number of incidents going on in this Sector. However the operations officer Malalwi Company stated that since much had already been said by Sector 4 Milob Commander, he will talk much on the humanitarian activities carried out in the Sector.

- a. Kagano 1. Transport was provided to IRC to transport constructional materials to Nyamasheke.
2. Transport was provided to RPA for transportation of RATS to their various Units in Nyamasheke area.
- b. Bugumya Commune - Transport was provided to concern to ferry gravel from Nyagatare to Nyarushishi transit camp.
- c. Kirambo Commune - Medical personnel were deployed at Yowe to assist in antipolio vaccination campaign carried out from 20.11.95 to 27.11.95.
- d. Gisuma Commune - Transport to IRC for the transportation of constructional materials from Kamembe to Gisuma.
- e. Karengera Commune - 1. Medical personnel are also deployed in Bweyeye for the antipolio vaccination campaign from 20.11.95 to 27.11.95.
2. Transport was provided to IRC for transportation of constructional materials.
- f. A vehicle has been assigned to Gisuma Commune for transportation of gravel in the road maintenance between Bushenge market and Gashirabwoba, twice a week.

SECOTR 5 NICOY BRIEF

33. The situation is relatively calm with a few incidents occurring.
8/.....

39. He asked all Sectors to keep preparing for mission closure till word of mission extension is disseminated.

40. Lastly he pointed out that all Sectors should have maps showing areas of all other Sectors for ease of briefing during conference like this one.

At the closure of the meeting he wished all safe return to Sectors and informed them that next conference will be notified later.

SUBJECT:

NON ACCEPTANCE OF ENGR AND TPT REQUESTS FROM
RWANDESE GOVT AND LOCAL AGENCIES

1. Their are several requests being made by various government agencies as well as local organisations for engr tasks which involve movement of engr equipment to different locations. Similarly a large No of requests are made for providing transport to these organisations which are met by using contingent first line tpt.

2. With the imminent mision closure, the contingents are presently preparing both COE as well as UNOE for shipment. This makes deployment of these equipment for tasks as mentioned above difficult.

2.

3. It is, therefore, suggested that requests for engr tasks as well as for tpt are restricted to emergencies only. Also certain parameters can be laid down for the employment of these resources as follows:-

(a) Engr Resources. Any engr equipment which is deployed outside Kigali should return on the same day. This is required because a task involving overnight stay needs several administrative arrangements to be made which should be avoided. In addition any task involving movement of engr plant for more than 30 kms should not be accepted to avoid dependence on the low bed trailers which are very heavily committed.

(b) First Line Tpt. Any movement where turn around is more than 24 h should not be accepted. Also the maximum load that could be accepted for lifting should not exceed 20 tons, involving maximum 7 vehs.

4. This schedule should be effective from 30 Nov 95.

5. You are requested to confirm your concurrence to the above suggestions so that HAC could be informed accordingly.

UNITED NATIONS

ASSISTANCE MISSION FOR RWANDA

UNAMIR - MINUAR

NATIONS UNIES

MISSION POUR L'ASSISTANCE AU RWANDA

File No 3000.3/OPS/1

Date: 20 NOV 95

To: RPA LO TO UNAMIR

From: DCOS OPS

Info: DFC/COS UNAMIR

Subject: RPA SECURITY INCIDENT AT PRESIDENTIAL HANGAR

1. On Friday 16 Nov 95, Rwandese translator for MILOBs Kibuye, Uwicyenza M. Josee #214, was to be transported by helicopter from Kigali to Kibuye. When she tried to board the helicopter, she was prevented in doing so by the RPA security at Presidential Hangar. The RPA security threatened to arrest her if she boarded the helicopter. Efforts by MOVCON on her behalf were to no avail. Josee missed the helicopter for Kibuye and reported back to G3 Air for re-booking on Saturday's flight.

2. G3 Air and Josee went to the UNAMIR RPA LO and related the incident to Capt George. Capt George then telephoned airport security to resolve the incident. Capt George was perplexed about the incident and said that there should be no similar problems with her boarding the helicopter the following day.

3. Unfortunately, Josee encountered the same security problem the following morning, when the RPA security again moved to prevent Josee from boarding the helicopter. This time two Kibuye MILOBs and MOVCON personnel interceded and prevented the RPA security from doing so.

4. This is contrary to the agreement of last June, which allows the RPA security personnel to check Rwandese workers identity card but not to restrict or prevent them from entering the helipad and boarding the helicopter if they have genuine UN identity cards. It is hoped that the necessary steps will be taken to prevent such occurrences.

Objet : Transfert de
prisonniers

KIGALI

Mon Colonel,

J'ai programmé le transfert de 3.000 détenus de la prison de Kibungu et de 400 détenus de la prison de Byumba, vers la prison de Nsinda à partir du vendredi 17 novembre 1995.

J'ai recours à vous pour que vous mettiez à notre disposition des camions pour le déplacement de ces détenus.

Le Ministère de la Justice mène les contacts nécessaires pour que des militaires soient disponibilisés par le Ministère de la Défense pour escorter les détenus lors des transferts.

Veuillez agréer, Mon Colonel, l'expression de ma haute considération.

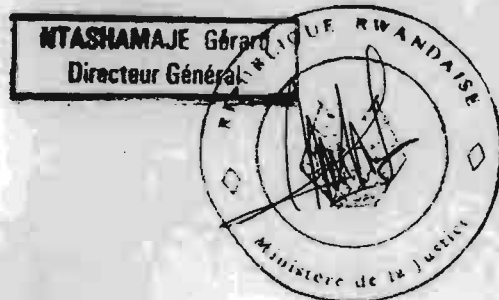

Le Ministre de la Justice,

MUKAMURENZI Marthe

DATE: 21 Oct 95

SUBJECT: SECURITY GUARD

1. This HQ had been informed of many theft cases in the Brown and Root facilities.
2. Thefts may increase with the forthcoming end of the Mission.
3. Therefore guards at the various points must be more vigilant and will apply to the following measures:
 - a. Searches must be conducted on vehicles.
 - b. Any large container bags or Boxes with vehs or being handled by workers after closing must be checked.
 - c. Patrols within the perimeters are to be conducted more frequently.
4. For necessary action.
