Mr. A. Raykundalia
PX Manager
Angelica Imex
Kigali, Rwanda

Sir,

Over the past couple of weeks CMC staff have been trying to complete an audit of your documentation submitted for verification of your three-percent refund to UNAMIR. However, it is proving to be an impossible task due to serious flaws in your books and records with regard to the following:

- a. there are no records of actual merchandise purchases, only total dollar values against an ID Card number;
- b. your documentation states that you have US\$ 111,077.50 in stock. However, when UNAMIR staff requested a copy of your stock holdings at the time of their stock check, no records were available; and
- c. no documents regarding imports are in your possession.

To comply with para 3.08 of the Contract you are to implement the following NLT 29 September 1995:

- a. all purchases are to be accompanied by a sales receipt describing merchandise purchased with one copy going to the customer and one copy being held on file;
- b. a system must be set-up whereas you record all incoming and outgoing merchandise on a master document (assistance is available at CMC to aid you in setting up a program);
- c. physical stock checks are to be carried out on a regular intervals (minimum quarterly) and the results compared against your master document for incoming and outgoing merchandise; and
- d. all records regarding imports are to be available for inspection.

.../2

If by the 29 September 1995 you are not in compliance with the above, it will be considered a breach of Contract which will leave us no alternative but to enact para 5.02.

Yours Sincerely;

G. Brière

SUBJECT: ACCESS TO PX

1. This memo is to inform you that the decision with regard to who have access to the PX has been received from the SRSG Office (ref A).
2. This subject has been the object of several discussions and debates. After consideration and taking in account the content of the SOMA, the SRSG has determined that **only** the following personnel will have access to the UNAMIR PX:
 - a. members of UNAMIR's military and civilian component (holders of **UNAMIR dark blue ID cards**)¹; and
 - b. other international staff members of United Nations agencies (holders of **UN Laissez Passes**)².
3. All action addressees are requested to inform the personnel under their jurisdiction of this decision. These new guidelines are effective 17 Sep 95.
4. For the PX manager: the accessibility criterions provided at paragraph 2 of ref B are replaced by the guidelines enumerated in this letter.

¹Locally recruited staff **are not authorized** to have access to the PX (holders of light blue ID cards).

²Access control procedures for international UN staff not in possession of a UN Laissez Passes will be the object of a separate document which will be published shortly.

OFFICE OF THE SRSG

UNAMIR

Following a request from Mr. Briere of our Contract Management Cell (CMC), we would appreciate it if you could provide us with a final decision on the right of access to the UNAMIR commissary located at the Trafipro complex. In this regard, I attach for your information a copy of a Note I prepared on the subject which was submitted to you previously. In particular, we would appreciate clarification on the rights of access by UNAMIR contractors since they are not, strictly speaking, considered members of UNAMIR.

Mr. Briere also seeks your guidance on the right of access to Chez Lando and the Belgian Village (the latter for the weekly Happy Hours only) to the catering facilities provided by our MGT caterers, since the food and beverages sold at these establishments are also imported duty-free. I have advised Mr. Briere that there is no provision in the Status of Mission Agreement (SOMA) covering this issue as the SOMA only refers to UNAMIR's right to "establish, maintain and operate commissaries at its headquarters, camps and posts". Rather, I stated that I believe the matter was a CMC issue and should be decided according to the terms of the contract between UNAMIR and MGT. For your information, paragraph 26 of this contract states:

Access to the Hirer's premises, including the premises assigned to the Caterer, is limited to the approved employees of the Caterer and to any others specifically authorised by the Hirer in furtherance of the objects of this contract.

Please inform us if you have any preference in terms of allowing access to these premises to our contractors, members of the diplomatic community and NGO international personnel.

Thank you.

I agree with recommendations in para 7 of Mr. Rafii's note. Basically the PX may be utilised by UNAMIR & UN Agency privileged staff (locals are not privileged). We may not open the PX to diplomats because for just if Rwanda has so requested and we must respect their wishes.

As regards MGT, I would like an examination of their matter. Prima facie I do not see the need for such strict controls to MGT and non privileged visitors could be invited as guests to MGT catering. So long as advantage is not openly taken, we can be flexible.

NOTE TO EXECUTIVE DIRECTOR

1. I am writing to clarify the issue regarding access to the UNAMIR commissary located at the Trafipro complex in Kigali. According to paragraph 15 of the Status of Mission Agreement (SOMA) signed between the United Nations and the Government of Rwanda:

The Government recognizes the right of UNAMIR in particular:

(b) To establish, maintain and operate commissaries at its headquarters, camps, posts for the benefit of the members of UNAMIR, but not of locally recruited personnel...The Special Representative shall take all necessary measures to prevent abuse of such commissaries and the sale or resale of such goods to persons other than members of UNAMIR, and he shall give sympathetic consideration to observations or requests of the Government concerning the operation of the commissaries.

2. Although I was not involved in any aspects of the negotiations preceding the establishment of the UNAMIR commissary, the file indicates that a draft supplemental agreement to the SOMA was sent to the Rwandese Ministry of Foreign Affairs on 26 October 1994 to formalise and facilitate the operation of the commissary. The file does not contain a final signed version of the supplemental agreement, but under article II (1) of the text, it is proposed that:

3. The following categories of persons shall have access to the Commissary:

(a) Members of UNAMIR and other officials of the United Nations who are attached to United Nations Agencies in Rwanda;

7 (b) Members of diplomatic missions accredited to Rwanda who have diplomatic status;

120 (c) Such other persons as may be agreed upon from time to time.

Also, paragraph 2 of the same article provides:

UNAMIR shall communicate to the Government a list of persons having access to the Commissary under paragraph (1) (b) above and shall revise such list from time to time as may be necessary.

4. The SRSG received a letter dated 22 May 1995 from the Minister of Foreign Affairs stating the Government's official position on the commissary. In this letter, the Minister objected to allowing members of the diplomatic community in Rwanda access to the UNAMIR commissary. He stated that access should be restricted to members of UNAMIR and other members of the United Nations working in Rwanda.

5. According to the provisions of the contract signed on 26 May 1995 between UNAMIR and the commissary operator, Angelica Imex, Ltd., the commissary shall operate "for the benefit of the United Nations personnel and such other personnel as the government of Rwanda, in its own description, may authorize." It is interesting to note, however, that the contract extends access to the commissary beyond United Nations personnel to "such other personnel as may be authorized to do so from time to time by UNAMIR Force Commander and/or Chief Administrative Officer." This provision of the contract appears to extend beyond the scope of the SOMA, as well as the directives issued by the Rwandese Government regarding access to the UNAMIR commissary. Interestingly enough, paragraph 1.01 of the contract contradicts the above and specifies that "[a]ccess to purchase merchandise...shall be strictly limited to UNAMIR personnel only."

6. The CAO, Mr. Oziel, in a letter dated 26 July 1995, advised the manager of the commissary that : "For purposes of control, all UNAMIR personnel who have dark blue or green UNAMIR ID cards or UN Laissez Passes (for the other UN Agencies) are authorized to buy at the PX shop." I now learn that members of the U.N. demining team have also requested access to the commissary.

7. I would like to propose that we bring a measure of order to the above confusion regarding the right of access to the UNAMIR commissary at Trafipro. In this regard, I think it is important to bring to the attention of our administration that the UNAMIR commissary is available to the following individuals only:

- members of UNAMIR's military and civilian component (excluding locally-recruited staff)
- other international staff members of United Nations agencies

8. We should stress that UNAMIR contractors (possessing green UNAMIR ID cards) are not allowed access to the commissary nor any other individual, unless prior written authorization has been obtained from the Rwandese Government. My concern is that by abusing this privilege, we will most likely lose it.

SUBJECT: PX PRICES

1. As you are aware, we have put a lot of pressure on Angelica to review, amongst other things, their pricing policy in order that their prices be in line with the price list in the contract they signed with us.
2. Angelica did indeed take the steps to modify the prices for the items listed in the contract. However, I am still receiving many complaints of UNAMIR personnel saying that several items are too expensive compared to the prices they can find on the local market. One complaint which I received quite often also is that the prices of some items were changing many times.
3. This issue was discussed with your predecessor, Mr J. Parnell, on several occasions and I asked him to investigate. So far, Mr Parnell did not have the time to take actions as he had many other urgent issues to address. However, this problem can not wait any longer to be examined.
4. Therefore, the PX Committee must be formed ASAP in order to examine this matter. This Committee should have a representative of every UNAMIR Components and will act as the Chairman. This Committee should be similar to the one for the Catering contract and in fact could be composed of the same members.
5. The Committee will need to: survey the local market in order to see the prices of the items sold there, open Angelica books to examine their cost prices, see what are their profit margins, etc. Angelica Director, Mr A. Raykundalia, should also be invited by the Committee to explain his pricing policy. The Committee will then have to examine the whole issue and to formulate their recommendations to me. I will then sent my recommendations to the CAO for his approval.
6. The Committee report should be completed and forwarded to my attention by 16 Sept 95. I would like to meet with you before you start this project to give you the details of the different complaints which were made to me in the past few weeks.

INTER-OFFICE MEMORANDUM

28 July 1995

TO: Mr C. Ouziel, CAO

INFO: Mr W. Clive, CISS
Mr M. Ncube, C BOI
Mr J. Parnell, CAA 5
LCol S. Dunn, G3 Plans
Mr A. Raykundalia, PX Director

FROM: Mr G. Brière, CCM *MB*

REF: 5000.21 (Plans) memo dated 26 July 95

SUBJECT: ACCESS TO UNAMIR PX BY US DEMINING TEAM

1. Please find a request (ref) to give the authorization to the members of the United States demining team to have access to UNAMIR PX. I have discussed the matter with Mr Ncube and it was decided to refer the matter to your attention for a decision.
2. Paragraph 5 of the definition section of "UNAMIR Personnel" in the Contract states that: "persons falling within one of the following categories:
 5. Such other personnel as may be authorized to do so from time to time by UNAMIR Force Commander and/or Chief Administrative Officer"
3. These military personnel have been sent in Rwanda in a humanitarian role following a bilateral agreement signed between the United States and Rwanda to help this country to clear mines. G3 Plans informed me that the FC has given the authorization to these military personnel to have access to all UNAMIR premises.
4. Considering the role of these individuals in Rwanda, I recommend that you give them the authorization to have access to our PX as per the article quoted above. I also recommend that we notify the Government if you approve this request.

5. G3 Plans and PX manager have been notified that this personnel could not be admitted in the PX until a decision has been made by you.

6. In my absence on leave, Mr Albert A CCM and Mr Parnell will deal with this matter and they can be reached at extension 11015. Please inform one of them of your decision and they will notify all concerned persons.

Sir,

1. I have received your letter dated 21 July 95. I have asked the Chief Contract Management to visit your shop and to discuss with you the different issues related to the operation of the PX. Myself and my colleagues are very pleased with the price reductions you have effected and I thank you for your constructive response.
2. Concerning the access to the PX, I have reviewed the definition of "UNAMIR personnel" at page two of the Contract. For purpose of control, all UNAMIR personnel who have dark blue or green UNAMIR ID cards or UN Laissez Passes (for the other UN Agencies) are authorized to buy at the PX shop. Those in possession of a light blue (UNAMIR Local National employees) or a yellow ID cards are not authorized to enter the PX shop. Please put a sign outside the PX shop providing this information. You are also encouraged to visit the other UN Agencies (UNICEF, UNHCR, UNDP, UNREO, WFP,...) to inform them that they are welcome in the PX shop. I trust that these guidelines will be easier to follow and that you will strictly adhere to them.
3. In the case of the personnel required to operate your shop, we have reviewed the request you formulated in your letter. We agree with your demand to have one Manager and one Director present in the shop at any given time. Both Directors can keep their ID cards but they should only be present occasionally at the same time in the PX.
4. With regard to the liability of UNAMIR in the case of the robbery of your shop on the night of the 8 July to the 9 July 95, I have requested my Legal Advisor to provide me his advice on the matter. He is still examining the issue and, as indicated to you in my letter dated 18 July 95, I will revert to you as soon as I obtain his legal opinion.

5. In conclusion, we are satisfied of the actions that you took to rectify the problems which were brought to your attention. We are confident that both, UNAMIR and Angelica, will benefit from these changes.

SUBJECT: OPENING OF UNAMIR DUTY FREE SHOP AT TRAFIPRO COMPLEX

I am pleased to announce that the UNAMIR authorized contractor will open a duty free sales facility on 23 May, 1995 inside the Trafipro complex in the building next to the water purification plant.

It is extremely important for all personnel to understand that every item on sale in this new shop is for the exclusive use of UN personnel and cannot be resold or bartered.

All personnel, civilian and military alike, are advised that anyone found to be reselling or bartering duty free goods will be reported to the SRSG or to the Force Commander, and disciplinary action will be initiated.

A valid UNAMIR identity card must be shown and the ID number shall be recorded by the cashier each time items are paid for. Only US dollars will be accepted as payment for the items on sale in the duty free store. The duty free shop is not opened to UNAMIR local personnel.

Please note that a special register will be maintained of all customers who purchase electronic products and other items that have traditionally been considered 'attractive' for resale on the open market.

Note for file: Commissary

The Director of Foreign Trade at the Ministry of Commerce, Industry and Handicrafts, Mr. François SINDAYIGAYA, came to see me yesterday, 24 November 1994, on our proposed Supplemental Agreement on the establishment of UNAMIR's Commissary, prior to his advising the Rwandese Government on their response to our proposal.

We discussed each provision of the draft in detail. They have no objections to the Commissary; in fact, the Director showed some enthusiasm for it, particularly the possibility that they could request access for senior Government Officials (through Article II.1.c). The following were their main concerns:

Persons entitled to use the Commissary - His office has no objections to extending the Commissary to members of other UN agencies (Article II.1.a).

But they do have some reservations - although not strongly - to extending it to members of diplomatic missions (para 1.b). If they agree on that point, they would add to para.2 that the list of diplomats so entitled should be submitted to them for approval (rather than for information).

Question of Control - Their most important concern is to prevent abuse of the Commissary. First, they were of the view that the categories of goods to be imported were too many; but their main concern here was to avoid importation in commercial quantities. They would expect UNAMIR to control that. Second, they were concerned about possible sales to persons not entitled. Third, they were concerned about the quantity of goods that eligible persons could purchase at any one time.

Although they noted (and agreed) with the provision in Article I requiring the SRSg to issue regulations on controls as required by the Mission Status Agreement, they wanted more specific controls to be spelt out in the Agreement, particularly on the second and third concerns above. They will propose an additional provision on this issue for our consideration.

The Concessionaire(s) to run the Commissary - They wanted detailed information on the status of the concessionaire(s) and their staff and families; their freedom to engage in other activities; whether they would be allowed a profit from the

Commissary and to what extent; and what controls UNAMIR would have on their commercial and any other activities (I got the impression that the recent case of the ECONOMAT employee who was deported was at the back of all this).

I informed him that these issues would normally be dealt with in a separate contract negotiated by the Administration. I called Mr. Golo at that time and arranged a meeting for further discussions on this. SUBJECT: UNAMIR's Commissary

.....

The attached Note Verbale addressed to the Ministry of Foreign Affairs informing them of the establishment of Concession Stores by UNAMIR was sent to the SRSB's Office for "initialling and stamping".

Please note, first of all, that the role of the SRSB goes beyond that of initialling and stamping of correspondence with the Government of Rwanda. Such correspondence, where it relates to the privileges and immunities of UNAMIR under the **Status of Mission Agreement**, must actually issue from the Office of the SRSB.

With regard to the Note Verbale, I appreciate the fact that it may be faster to merely inform the Government and then proceed to establish the Commissary. But if the Government raises questions about details, we would not have achieved that objective. One obvious question, for instance, is what types of goods are to be imported for the Commissary. These are not specified, and could be a source of disputes in future particularly in view of the security sensitivities of the Government and the fact that we will be relying on third parties (contractors) to bring in those goods.

Furthermore, there are doubts as to whether the staff of the contractors brought in to operate the Commissary will be protected by the provisions of the **Status of Mission Agreement**, as they do not fall under any of the categories of UNAMIR personnel defined in that Agreement. It may therefore be safer to make specific provision for them.

Please also note that, above all, the SRSB is directly responsible to the Government to ensure that the Commissary is operated in accordance with the **Status of Mission Agreement**.

..... In view of these and other concerns, I would prefer that the establishment of UNAMIR's Commissary be placed on a firmer foundation, by means of a Supplemental Agreement to the Status of Mission Agreement. A draft of such Supplemental Agreement, based on that used by the United Nations Office in Nairobi, is attached for your information. This draft is being transmitted today to the Ministry of Foreign Affairs for their consideration.
