17 December 2010

Dear Dr Migiro,

I have the honour of requesting your presence at the official launch and first meeting of the *Commission on Information & Accountability for Women's and Children's Health*, to take place at the World Health Organization (WHO) headquarters in Geneva, Switzerland, on 26 January 2011 in the morning. The establishment of the *Commission on Information & Accountability for Women's and Children's Health* by WHO occurred at the request of the United Nations Secretary-General, who will join us in person for the launch.

As indicated in my earlier correspondence, the time-limited Commission will provide guidance on reporting and accountability on women's and children's health and make recommendations on the actions to be taken by the global community of partners.

This first meeting of the Commissioners will include a review of draft papers developed by the two Working Groups. I would be grateful if you could designate a focal point with whom my team in WHO would be in regular contact. If you cannot be present in person at the first meeting, this person could attend as your alternate, with an observer capacity.

For further details on the technical content of the meeting, please contact Dr Marie-Paule Kieny, Assistant Director-General, Innovation, Information, Evidence and Research (kienym@who.int). Enquiries regarding logistic details and the name and contact of your focal point should be directed to Mrs Ramesh Shademani (shademanir@who.int). I do hope that you will be able to join us at this important event and I look forward to working with you on developing the work of the Commission further.

Yours sincerely,

Dr Margaret Chan
Director-General
