TO SIILASVUO, JERUSALEM
FROM GUYER/URQUHART
DATE 2 NOVEMBER 1971
NUMBER 1072

2582

Reference UNTSO 2538 para. 1.

1. What is the basis for establishing east-west line through Canal Marker Km.10 as southernmost limits for movement of Egyptian fishing boats? Have parties agreed to this modus vivendi and, if so, when?
2. We would appreciate receiving a sketch map or an overlay describing El Mallaha Lake area bounded by Canal from OP Green to Port Fuad to the west, Km.10 line to the south, and Mediterranean coastline to the north, preferably in scale 1:50,000. Please indicate if possible easternmost Egyptian position and westernmost Israeli position on sea coast.
