UNFPA

4 August 2009

Dear Dr. Migiro,

Thank you for your letter of 20 July 2009 and your update on the Global Impact and Vulnerability Alert System (GIVAS).

UNFPA remains committed to making the GIVAS operational. I am pleased to confirm our interest in seconding one staff member to support the project manager.

We are looking forward to receiving the terms of reference for this position, as well as for the team of consultants who will operationalize the major components of the GIVAS so that we can identify possible candidates among our colleagues and partners.

With kind regards,

with personal appreciation.

Yours sincerely,

Thoraya Ahmed Obaid
