REVISED SERIES
BULLETIN No. 2/A - ADMINISTRATIVE ORGANIZATION

This Bulletin incorporates and revises Bulletin No. 2 of August 22, 1945.

Effective October 15, 1945 the administration of the Program of Assistance to Non-Italian Displaced Persons outside of camps will be reorganized into six districts. There will also be changes in the personnel at the Central Office. For your information and guidance we are outlining the administration organization.

HEADQUARTERS OFFICE.

This is the Central Office in Rome, which administers the program over entire Italy. This office is composed of two sections:

- a) The office of the director of the Program, and
- b) the Central Office.

The latter is responsible for all functions involving more than one, or all of the districts, such as central index of recipients, clearances of Grants Certificates for regular assistance, cooperation in the preparation of the monthly recipient pay-rolls, etc. In the Central Office there is also the office of the H.Q. Commissioners' Manager, responsible for coordination of requirements, over-all control and supervision of all commissaries.

The principal staff at the Headquarters Office is as follows:

Miss Helen Montgomery - In charge of the Program
Mr. Maurice Rosen - Adm. Assistant to Miss Montgomery
Mr. Victor Lubicz - Manager of Central Office
Mr. Vojtech Rona - H.Q. Commissioners' Manager.

The Headquarters Office is located in the INA Bldg, in Rome (the UNRRA Italian Mission H.Q.); the telephone is 471,371.

REVISED SERIES

BULLETIN No. 10 - re ASSISTANCE TO JEWISH DISPLACED
PERSONS.

In order to clarify any possible misunderstanding on the functions of our offices in relation to Jewish displaced persons the following is summarized for your information and goes in effect immediately:

1. Displaced persons not in A.C., A.M.G. or U.N.R.R. camps who are members of the various Vocational Training Projects (Hadsharoth) will be considered for outside camps assistance on the same basis as any other displaced person. If found eligible, they will be issued grant certificates and food authorizations (where these are issued) on individual basis, and in all other respects they will receive the same assistance as any other displaced persons outside of camps.
2. Grant certificates issued to such residents of the Vocational Training Projects have to be presented by the individual holder for payment at the specified banks, at the designated time in regular manner and no "block" assistance will be considered or arranged.
3. Where food authorizations are issued, it is permissible to arrange for group collection of food by members of the Vocational Training Projects i.e. instead of each individual coming to the Commissary with his card and collecting his individual rations, it is permissible to arrange for all food authorization cards for any one Vocational Training Project to be presented at the given Commissary as a group and receive bulk issues of food represented by the individual rations.
4. All Vocational Training Projects are considered by U.N.R.R. to be under the co-ordination of the A.J.D.C. (American Joint Distribution Committee). Accordingly, all requests for additional and/or special supplies or assistance for such Vocational Training Projects or for groups planning to organize a Vocational Project will be made to U.N.R.R. only through the A.J.D.C.
5. All other special requests for supplies for Jewish displaced persons whether individually or by organized groups will be made through the A.J.D.C. Accordingly all requests made to you by any Jewish groups should be referred to the A.J.D.C.
6. Representatives of the A.J.D.C. are located as follows:
 - Rome: A.J.D.C. Office - Benjamin R. Brook
Via Umbra, 2
 - Bari: A.J.D.C. Office - Mr. Julius Levine

REVISED SERIES

BULLETIN No. 9 - re RESETTLEMENT AND PAYMENT OF GRANTS.

In Bulletin No. 7 in the section on Resettlement Registration, a mention was made of the procedure which would be followed in resettling displaced persons in former places of residence in Italy. This procedure applies to groups for which the arrangements are effected by the appropriate Local Offices and the Repatriation Section. In these instances the Local Office from which the clients are departing, and the Local Office to which they are being resettled, are both aware of the move.

Besides these group movements, there seem to be an increasing number of individual movements resulting in confusion on the part of the clients. In order to clarify this situation the following is presented:

- a) Local Office in the place of departure must notify the client that although we will facilitate the movement of the client (by providing transport to organized groups and food rations where there are issued) we will not and cannot guarantee uninterrupted payments of grants. Furthermore each client must be notified that he must apply for a new assistance grant at the Local Office in the place of resettlement and that such grant will be made at the rates existing in the place of resettlement (and not at the old rate whether this is lower or higher) and that the new grant will be paid only for two monthly periods in the place of resettlement. The assistance given to displaced persons under this program is not a permanent assistance, but only during the period prior to repatriation on resettlement. When a client returns to his former place of residence he is no longer displaced and not eligible to assistance beyond the two months' period. The Local Office in the place of departure must then issue a Discontinuance, showing that client has moved to the place of former residence.
- b) Local Office in the place of resettlement. Upon application by the client the Local Office will issue a new Grant Certificate at its own rates of assistance. It will collect from the client the old Grant Certificate, food authorization, etc, if this had not already been done at the office of departure. These records will then be transmitted immediately to the Central Hq, together with a Discontinuance of the grant at the former Local Office.

Since only two months grants will be paid to persons resettled at their former place of residence, it will be necessary for the Local Office in the place of resettlement to prepare at the same time that a new Grant Certificate is made, a Discontinuance of the same grant two months later. (For example if the new Grant Certificate is issued effective November 1945, the Discontinuance will be issued simultaneously effective with the month of January 1946.) It will be the responsibility of the issuing office (the Local Office at the place of resettlement) to see that these Discontinuances are transmitted to the Central Hq at the proper time to make them effective.

Clients should be discouraged from writing to the Central Hq to obtain their "checks" for months during which they missed payments because of movement. This type of correspondence becomes very burdensome and is quite useless.

BULLETIN No. 8 - re EMPLOYEES' ATTENDANCE RECORDS.

This Bulletin contains new material relating to internal operations and controls.

The following goes into effect immediately for all offices except Naples and Bari Local Assistance Offices and respective Commissaries.

I. - TIME KEEPING PROCEDURE FOR THE LOCAL ASSISTANCE OFFICES AND COMMISSARIES PERSONNEL.

Under present arrangements this Office prepares the Daily Time Sheets automatically indicating full attendance by the personnel of the Local Assistance Offices and Commissaries in Rome and outside of Rome.

In order to avoid delays in salary payments to personnel outside of Rome, this Office will continue to prepare Daily Time Sheet at the completion of a payroll period and payment will be made in the usual way on the basis of such Time Sheets.

Effective September 1, 1945, you are required to maintain detailed attendance records in your own office. Your local attendance records (Time Sheets) must be transmitted to the H.Q. Office on the 15th and the last day of each month. Adjustments for over or underpayment of salaries for the preceding period will then be made on the basis of the Time Sheets submitted by you.

II. INSTRUCTIONS FOR PREPARATION OF DAILY TIME SHEETS.

1. On the left-hand upper corner write the name and location of your office (Example: Local Assistance Office at Salerno). Then indicate the month and year in the proper space.

2. When the Daily Time Sheet is being prepared for the first fortnight of the month, the number: 16-31 must be crossed out. When the Daily Time Sheet is being prepared for the second fortnight of the month, the numbers: 1-15 must be crossed out.

3. The names (Surname and First Name) of the employees must be entered alphabetically in the column: NAME.

4. Attendance and absence indicated on these forms must represent the Local Officer's personal knowledge on the specific day for which the attendance or absence was reported for each employee. The following symbols shall be used:

- v - On duty; s - Sick leave; wop - Leave without pay
- c - Compensatory overtime leave (An employee taking compensatory time off for overtime must be listed on the Daily Time Sheet as on compensatory overtime leave, i.e. by the entering of the symbol "C").

Weekly day off must be left blank.

When an employee is absent for part of a day this will be shown by inserting the appropriate absence symbol and a diagonal showing part-time attendance (for example: v/s) with a more detailed explanation in the REMARKS column.

5. In the REMARKS column should be noted, when necessary, any explanation concerning the employee's attendance or absence. Examples:

- (a) When a new employee first reports for duty, this fact shall be noted in the REMARKS column as follows:
Entered on duty (abbreviated - e.o.d.) 25 September 1945
- (b) When an employee becomes separated from UNRRA, this fact shall be noted in the REMARKS column as follows: Resigned (Separated, Suspended) 25 September 1945.

6. The Daily Time Sheet signed by the attendance clerk, marked with a date and approved by the local Officer in charge must be transmitted to this Office as said above para 1.

REVISED SERIES
BULLETIN No. 7 - re REPATRIATION and RESETTLEMENT

This Bulletin is new material

Effective immediately all Local Assistance Offices are enlisted in the cooperation with the Repatriation Section of the Displaced Persons Division of UNRRA. In this respect the Local Assistance Officers are called upon to utilize the records maintained in the Local Assistance Offices to furnish the required information as soon as possible.

As a preliminary step in the repatriation and resettlement the Local Assistance Officers will register the persons who receive assistance through their Offices. This registration is of two categories:

I. Repatriation Registration:

The purpose of this registration is to learn the nationality of the registrant and the country and locality to which he wishes to proceed. Your Office will consult the Forms IT/DP 1 "Assistance Application and Record", paragraph IV, column (c) and line VII, and proceed to register those United Nations nationals and others assisted who, under paragraph VII of the aforementioned form, have indicated that they desire to return to their home country, that is, the country of which they are citizens or alien residents.

This registration for repatriation will be made on the form DP-2; the following instructions should be followed:

1. If the record of the recipient shows that at the time of application he claimed to be stateless while he has had a nationality before the outbreak of war, the claimed nationality should be filled in with the word "stateless" added, e.g. Polish-stateless, Spanish-stateless, etc. This status will be examined at Headquarters.
2. All available information called for on the form DP-2 must be filled in as required and applicable.
3. The DP-2 cards upon completion are to be sent without delay to the Repatriation Office of this Headquarters which will then form groups according to countries of destination for submission to the national authorities to ascertain repatriability.
4. The Local Assistance Offices will be informed of the classification of the repatriables and non-repatriables of their registrants and of the numbers of visas granted and refused.

II. Resettlement Registration:

Attempts will be made to return to their Italian residences those refugees who have been able to establish a temporary residence in Italy and therefore, for one reason or another, are not anxious to return either to their home country nor the country of their former residence prior to their intrusion into Italy. Under this group may

be classified all those who, under section VII of the "Assistance Application and Record" form, have declared themselves unwilling to return to their home country or country of their legal residence.

A separate registration will be made for this group on a mimeographed form provided for the purpose. All information called for on the form should be given as completely as possible.

These forms upon completion will be sent without delay to the Repatriation Office of this Headquarters. Results of this registration will then be processed by the Repatriation Office.

Lists of cases will be grouped according to destination, e.g. all refugees desirous of returning to Milan on the same sheet or sheets; all cases destined for Bologna on the same sheet or sheets. The information file will then be transmitted, through Headquarters, to the local office of the destination point for checking. As soon as the applicants have been cleared by the Assistance Office at the destination point, serious attempts will be made to have them shipped to their new destination. It is planned to stop financial assistance given to such applicants two months after arrival at their new destination. Additional information on this point will be furnished you at the appropriate time.

All the necessary forms of both kinds are transmitted to you simultaneously.

REVISED SERIES

BULLETIN No.6 - re ISSUANCE AND PAYMENT OF GRANTS.

This Bulletin is new material in this form; it replaces the "Procedure of Payments" memo of June 23, and replaces second part of Bulletin 4 of May 24, 1945. It also summarizes the most important points of the "Instructions for Preparation of Grant Certificate" and the instructions for "Preparation of Payment Voucher for Emergency Assistance Grants."

The growth in the volume of this program in the last two months makes it necessary to revise and standardize certain procedures. Effective immediately the instructions contained herein must be followed in order to avoid delays or possibly even complete lapses of payments to needy recipients.

I. GENERAL PAYMENT PROCEDURE.

On the basis of the Grant Certificates forwarded to this Office, a separate payroll is prepared for each Province. On this payroll are listed first those persons who are residing in the provincial capital, and then those resident in other localities of the Province. The locality of residence but not the street address is shown on our payroll to the Bank of Italy.

This payroll is handed to the Bank of Italy every month, and is forwarded by it without delay to its branch offices in the provincial capitals of the provinces concerned, together with necessary instructions.

On the basis of these instructions the Bank of Italy pays directly the amount shown on the payroll to the assisted persons resident in the provincial capital, obtaining from them signature on the payroll.

For persons residing in localities other than the provincial capital, the Bank of Italy (the provincial branch) prepares a receipt in duplicate and sends this receipt with an "order to pay" to a bank in the locality of the assisted person. The Bank of Italy uses first its own branches, then branches of the Banco di Napoli, and lastly branches of other banks or agencies. Finally in the locality has no bank or agency the payment is arranged for by the Bank of Italy through the mayor or the post office of the locality. Accordingly at present payments can be made at practically any locality.

All payees must present the green copy of the Grant Certificate to obtain payment. Payments are made in full amounts indicated, without deductions for revenue or bank fees.

II. GRANT CERTIFICATE.

1. General: This headquarters cannot expedite Grant Certificates which are incomplete, illegible or inconsistent. Much needless correspondence and delays are caused by careless

preparation of these forms. It must be remembered that the Grant Certificate is a document on the basis of which are paid substantial sums of money and accordingly it must be complete and accurate. Below are given some new instructions and also some explanations of items on which errors occur.

2. Birth date of Payee: This is a new item which it is necessary to add to facilitate identification of persons in our central records. Effective immediately all new or renewed Grant Certificates will incorporate the birth date of the person to whom payment is to be made. This item will be inserted on the Grant Certificate form in the space over the double line above the Date item. The day, month, and the last two numbers of the year of birth will be shown. For example person born on 3 March 1898 will have this item recorded in the proper space as follows:
3 - III - 98.

3. Name and Signature: It has been noted very often that the name and the signature are spelt differently. If the signature is clear, and the difference is very apparent, this may lead to a refusal of the bank to pay. The person filling out the grant certificate should always check on the signature and correct the name where it is misspelled, in accordance with the signature. (An exception of this rule would be made only in those cases where the name of the assisted is already misspelled on his identification document.)

4. Locality of Payment: Many Local Assistance Offices continue to give the name of Chieftown of the Province as locality of payment, although the residence of the client is far away from that town. In some cases the client would have to spend the greater part of the assistance for travel expenses to collect it. It is emphasized that the locality of residence of a client should always be indicated as locality of payment, except in those cases where the client for particular reasons desires to be paid a locality other than his residence.

Because of the paying arrangements now made with the Bank of Italy, payments may be effected in all localities. (See General Payment Procedure above.) Accordingly when issuing a Grant Certificate, inquire from the payee whether there is a Bank of Italy branch, or Banco di Napoli branch, or finally any other banking agency in the locality in which he resides. This is the order of priority of banks used for payment of assistance. If there are no banks in the locality where the client resides, he may prefer to go to a near town, where there is a bank. In that event the locality of payment would be the town in vicinity of the client's residence. Remember also that the payment can be effected either through the Mayor or through the Post Office in any locality. If that is the client's choice, simply indicate the name of the locality and the Province.

5. Payments to persons unable to write: Under present arrangements an illiterate must sign the Grant Certificate with a cross in the presence of 2 witnesses. The witnesses must design the Grant Certificate and must again be present and sign as witnesses when the illiterate assisted collects the assistance money. This means unnecessary loss of time and a possible source of complications. An alternate procedure is suggested. Whenever a Grant Certificate is issued to an illiterate, arrange with him to come to your office on a given day and hour. This should be the same for all persons unable to write. On the agreed day, all persons can be taken to the bank by the Local Assistance Officer, who can sign as a witness for all of them.

6. Alternate Payees and "Pay to": An alternate signature should be put on a grant certificate only if it is absolutely necessary, that two persons be enabled to collect the money. The formula "PAY TO" will be used where it is not desired to enable the assisted to collect the money personally (minors, incompetents, etc.).

7. Payment without documents: Quite often, particularly recently, Grant Certificate had to be issued to displaced persons who have no documents with which to prove their identity. The bank requires the payee to show his copy of the Grant Certificate and also some document establishing his identity. When a Grant Certificate is issued to a person without such documents, it will be necessary to write on the back of the Grant Certificate (also on the back of the green copy) the following in Italian:

LA FIRMA DELL'ASSISTITO E' STATA APPOSTA IN PRESENZA DEL RAPPRESENTANTE DELL'UNRRA E SOSTITUISCE PERTANTO I DOCUMENTI PERSONALI DEI QUALI L'ASSISTITO E' SPROVVISTO.

This means: The assisted has signed this document in the presence of the UNRRA representative and his signature substitutes for his documents of identity.

The Bank of Italy has already issued instructions to its branch offices to pay under this arrangement after a careful check of the signature. This procedure should be used where deemed necessary but with all precautions, because the Bank of Italy is not responsible for payments made in this manner.

8. Payments to Sick Persons: Sick persons, residing in or outside of the provincial capital, who have received the Grant Certificate and cannot go to the bank to collect their cash assistance because of illness, will be paid by checks on CREDITO ITALIANO Assegno Circolare, sent by mail directly from Rome. In order to secure this kind of payment Local Officers should send to this office a list of sick persons residing under their jurisdiction, to whom Grant Certificate have been issued, with the following items: Case No., Surname and First Name, Address, Month, Amount. Such list must be received in Rome not later than the 8th of the month for which the payment is intended.

9. Amount of Grant: The amount for which a Grant Certificate is issued, is shown in the body of the form in figures, following the words "rate of Lira.....". It must be repeated in words at the bottom of the Grant Certificate. This can be written in English or Italian, but must be legible so that there is no doubt as to the amount authorized.

10. Transmittal of Grant Certificates: The preparation of the assistance payrolls begins on the first day of each month in Rome. You will understand that delays in transmittals of Grant Certificates to this Office make it difficult to prepare the payrolls and to assure prompt payments of assistance. Transmit all Grant Certificates, whether new grants, increases, decreases or discontinuances, without delay and before the end of the month preceding the month of intended payment.

11. How to stop payments: Branch Offices of the Bank of Italy will stop a payment on the payroll only on order from their Central Administration; the Central Administration will give such an order only on request of UNRRA HQ. Therefore, at present, the quickest way to stop a payment, is to send a discontinuance to this office. In really critical cases it will be possible for this office to have the payment stopped by wire, through the Bank of Italy.

In the near future we expect to work out an agreement with the bank, making it possible for the Local Assistance Officer to stop payment directly at the local bank branch.

12. Checking of Payments: Each month, each Local Assistance Office receives the appropriate section of the monthly assistance payroll. This gives you a list of the clients in your territory. We also send you a list of the clients who have not collected their grant so that you can check on the reasons and issue a Discontinuance if necessary.

III. EMERGENCY GRANTS.

This section revises instructions previously issued separately, only in so far as the number of copies and the procedure of payment is concerned. In all other respects the "Instructions for Preparation of Payment Voucher for Emergency Assistance Grants" must be followed. It is necessary to call attention to this, because many "Payment Vouchers" reach this H.Q. without case number, address, nationality, internment status, number of dependents, etc. The Vouchers must be typed or written in legible hand (preferably BLOCK printed, if not typewritten).

Emergency grant procedures are now of only two types:

(1) In localities where there is an UNRRA Finance Officer. In such places the emergency payments are made by the Finance Officer on the basis of a properly prepared "Payment Voucher". In these localities the Local Assistance Officer will prepare the "Payment Voucher" form in two copies. The original will be given to the client to present to the Finance Officer, who will retain same after payment. The duplicate will be transmitted to the Rome H.Q. where it will be used to establish the central record for the client. Emergency payments must be recorded in the "Assistance Application and Record" and accordingly there is no need for additional copies to be made for records of the Local Assistance Offices.

2. In all other localities. In Local Assistance Offices where there is no UNRRA Finance Officer, the "Payment Voucher" form is prepared in original only. This form must be signed by the person for whom the Emergency Grant is intended. The original is then transmitted to the Rome H.Q. Here it is recorded and check for the desired amount, payable to the recipient is obtained. The check is then mailed by the Rome H.Q. either directly to the recipient, or to the Local Assistance Officer, depending upon whether or not the latter method was requested.

It is not necessary to prepare additional copies of the "Payment Voucher" for reasons already given above.

BULLETIN No. 5 - 10 MONTHLY REPORTS

This Bulletin is new material.

Because of the increase in the number of offices and the growth of the program, it is necessary to formalize the reporting. The following goes into effect immediately:

Reports must be submitted by each Local Assistance Office for the total territory (Provinces) covered. The coverage of each Local Assistance Office is given in Bulletin 2.

Reports may be submitted through the Displaced Persons Officer of the District, or they may be submitted directly to the Rome Headquarters, depending on the arrangements made by the D.P. Officers. The reports must, however, reach this H.Q. by the 10th day of the month following the month covered by the report. (For example, the August 1945 reports must be in the Rome H.Q. by September 10, 1945).

Each report submitted must show the month covered and the Local Assistance Office from which the report originates.

At present only two reports are required for each month from each Local Assistance Office; these are:

(1) The Daily Financial Report Form ONCE a month for the LAST working day of the month. This must show the "current total" as of the last working day of the month and must give:

- a) The number of cases on the last day
- b) The number of persons in these cases
- c) The total emergency payments made only during the month reported. (This item is not cumulative from month to month).
- d) The Regular assistance payments in effect on the last day.
- e) The total number of persons issued food during the month.
- f) The total number of persons issued clothing during the month.

The report may be submitted on the regular form or it may be in the form of a memorandum giving all of the required information.

(2) The Monthly Statistical Report

This report must be complete, must have all of the items called for, must give the nationality breakdown, and must have totals at the bottom of the sheet.

This is the only means through which it is possible to determine the number of openings and closings in each Local Assistance Office, and since the "Daily" report is required only as of the last day of the month, the monthly report must be accurate and complete.

Reports on Inventories and other reports on the activities of the Commissaries will continue to be submitted as heretofore.

BULLETIN NO.4 -- re ELIGIBILITY FOR FOOD, MEDICAL CARE, CLOTHING

This bulletin replaces No.13 of June 16 and No.15 of August 4, 1945.

In order to maintain equitable treatment and to encourage acceptance of paying employment, eligibility for Food Issue, Medical Care and Clothing Issue is modified as follows:

Effective immediately any person who would be eligible for UNRRA assistance but because of his earnings is found ineligible for the CASH grant, will nevertheless be considered eligible for Food Issue (if made in the locality), Medical Care and Clothing Issue for himself and his family.

This applies only in cases where earnings are the sole cause of ineligibility for the CASH grant. It does not apply in cases where CASH grant cannot be made because of excessive other income or resources.

BULLETIN No.3 - re DEDUCTION OF EARNINGS

This Bulletin replaces No.3 of May 21,1945.

Please correct effective immediately the amount of non-deductible earnings shown at present on page 4 of the mimeographed plan. Until further notice the second sentence in the paragraph on Earnings should read: "However, of the total earnings 50% or monthly earnings of each person is considered exempt and is not deducted, provided that no exempt earnings will be less than Lit. 1,000 per month per working person, nor more than Lit. 3,000 per month per working person."

For example: a) If a person's earnings were Lit. 1,500, we would exempt the minimum amount, that is, Lit. 1,000, and deduct the remaining Lit. 500.

b) If a person's earnings were Lit. 7,000 per month, we would exempt the maximum amount, that is, Lit. 3,000, and deduct the remaining Lit. 4,000.

Please see that these revisions are incorporated by your staff in the proper place of the mimeographed instructions in English as well as in Italian.

BULLETIN No.1 - re ISSUANCE OF BULLETINS

This Bulletin replaces No.9 of May 21, 1945.

Since these bulletins are policy guides for all local assistance offices and since they are required in larger numbers than heretofore, they will be re-leased in mimeographed form and all applicable subjects will be reissued in this Revised Series. Upon receipt of each Revised Series bulletin you are to discard the bulletin thus replaced and must guide yourself strictly in accord with the policies transmitted in the Revised Series.

The Revised Series bulletins will be mimeographed in sufficient numbers (at present 100 copies) to provide each D.P. Officer 25 copies. These will be directed to Milano, Rome and Naples. The D.P. Officers in charge will be responsible for redistribution of the bulletins to the local offices in appropriate quantities. If you should find this number insufficient for your needs, please advise this Headquarters and additional copies will be provided. There is to be no local reproduction of the bulletins; your needs will be supplied from this H.Q.

Policies promulgated in the bulletins are binding on the D.P. Officers and all local assistance offices. If changes or deviations seem desirable, because of a particular local situation, they must be cleared with this H.Q. and cannot be put in effect until after specific approval is secured.

BULLETIN No. 14. FOOD ISSUE

This bulletin is to be considered in connection with bulletin No. 10 and (15 June 1945) Supplement to Bulletin No 10.

Effective with the food issue for 2 week period starting 13 August 45 in Rome and for 4 week period starting 26 August 45 in Bari and Naples, the food issue will be in accordance with the attached Food Issue scale only.

No other scale will be used from the above effective dates, and this scale will remain in effect until revoked or changed.

Each one of the rations represents a total unit and is not supplemental to another ration unit. For example clients entitled to No. 60 ration receive only that ration and not in combination with any other number.

BULLETIN No. 13. EMPLOYMENT EARNINGS & FOOD ISSUE

This bulletin is to be considered in connection with instructions contained in Bulletin No. 3. (21 May, 1945) It is applicable only in areas where commissaries are in operation, therefore at present this bulletin applies to BARI, NAPLES and ROME.

In view of the fact that there had been some complaints to the effect that some displaced persons do not accept paying employment because their earnings would disqualify them from receiving the UNRRA food issue, the following policy is put into effect immediately:

1) In all cases where a client would be eligible for UNRRA assistance, but because of his earnings is found ineligible even for the food issue, such food issue will be provided to himself and members of his family:

2) This applies only in cases where earnings are involved and not for other income or resources.-

BULLETIN No. 12: MEDICAL AND DENTAL PROGRAM.

I. Arrangements have been completed in some areas for provision of needed Medical and / or dental care to clients of the program of Assistance to Non-Italian Displaced persons.

When clients indicate need of medical care, the local UNRRA representative should complete the attached authorization in duplicate, retaining one copy for the office files and giving the other copy to the client to present to the ambulatorio, hospital or clinic. Since only a medical practitioner is qualified to decide whether or not an individual needs medical care, the local Officer must prepare medical or dental referrals for all eligible clients requesting such care.

The needed care will be determined and provided in or thru the Institutions listed on attachment A. This list will be revised periodically as other institutions are added.

The Medical Authorization (copy of which is attached as a sample) is valid for a period not to be exceed one month. Persons requesting additional authorization must return to the UNRRA office each successive month to secure these authorizations.

It is suggested that at the time of your next field visit it may be helpfull if you may arrange a conference with the local UNRRA Displaced Persons representative and the Medico Provinciale to discuss in detail the operation of this plan.

For your information we are enclosing the letter which was sent by the Ministero dell' Interno to authorized physicians and surgeons explaining the procedure by which they will be reimbursed for services rendered.

Under separate cover we are forwarding a supply of medical authorization forms for your distribution to local offices.

Oggetto: ASSISTENZA MEDICO-CHIRURGICA AI DEPORTATI STRANIERI

Per corrispondere all'invito rivolto dall'Amministrazione dell'U.N.R.R.A. e giusta l'intesa con la medesima intervenuta, si comunicano le seguenti istruzioni da seguire nell'assistenza medico-chirurgica, odontoiatrica e farmaceutica a spese di detta Amministrazione ai deportati stranieri in Italia che ne abbiano effettivo bisogno.

L'assistenza può essere prestata in Istituti di cura, in ambulatorio o a domicilio.

Chi la richiede deve presentare una scheda di autorizzazione del tipo qui accluso, fornita dal rappresentante distrettuale dell'U.N.R.R.A. di cui all'unito elenco.

La scheda va riempita in tutti i suoi elementi con ogni esattezza e completezza dal sanitario o dal Direttore dell'Istituto presso cui si effettua l'assistenza.

Quando la cura medica è ultimata ed è maturato il mese di cura, la scheda sarà debitamente firmata dal paziente e dal sanitario o dal Direttore dell'Istituto che hanno assistito il deportato e, dopo il controllo del medico provinciale, trasmessa dalla Prefettura a questa Direzione Generale di Sanità che la inoltrerà all'Ufficio Centrale dell'U.N.R.R.A. per la liquidazione delle relative competenze da calcolarsi in base alla tariffe provinciali in vigore.

Se il paziente ha bisogno della cura oltre il termine di un mese, la scheda si deve rinnovare sempre per mezzo del rappresentante distrettuale dell'U.N.R.R.A.

Tuttociò premesso si prega richiamare sulle istruzioni, oggetto della presente, l'attenzione dei Sindaci dei Comuni dove esistono deportati del genere ed invitare il medico provinciale a prendere subito contatto con il rappresentante predetto per gli accordi diretti a rendere quanto più possibile spedito il servizio di cui trattasi.

Attendesi ricevere un elenco degli istituti di cura dove presumibilmente possa essere prestata una simile assistenza,

Sarà intanto gradito un cenno di ricevuta e di assicurazione.

TO: ROME DISPLACED PERSONS ASSISTANCE OFFICE
FROM: VLAD. F. RATAY
SUBJECT: SUPPLEMENT TO BULLETIN 10: FOOD ISSUE FOR MEDICAL REASONS.

In order that more appropriate rations may be provided to persons requiring food issues for medical reasons there are established effective today, two new ration issues. The proper "medical ration" type must be indicated on the Food Authorization card.

The present "Ration 20" will be used as the standard ration for persons designated on the medical certificates as tuberculous cases.

The new "Ration 50" will be used as the standard ration for all other Medical cases of persons not living in institutions.

The new "Ration 60" will be used as the standard supplemental ration for all Medical cases living in institutions where complete food requirements are not provided.

The new rations as well as the existing rations are reproduced on the attached sheet for ready reference.-

BULLETIN No 10 - re FOOD ISSUE FOR MEDICAL REASONS

Although this bulletin is for action in the Rome office it is being issued to all offices for information and action only if needed.

I. The D.P.M.S.- G of A.C. has been authorizing issue of supplemental feeds to United Nations Nationals on medical certificates.

II. This function is to be discontinued with the final delivery on 4 June 1945 and is to be taken over by us on the following basis:

a) All recipients of such "medical grounds" supplements will be notified to apply to our Offices.

b) Those who are recipients of our assistance already, or are eligible to receive such assistance will receive the food issue in the regular manner. In all such cases care should be taken that the ration authorized answers the medical needs of the recipient as much as possible. For example if extra milk is needed, ration 30 or 40 may be issued even though the applicant is an adult and would normally be certified for ration 10.

c) Those persons who are not eligible to the assistance because their income and/or resources exceed our budgetary standards may be granted rations for medical reasons. In order to obtain these however, they must obtain from their physician a certificate showing that they are in need of special feeds and that absence of such feed would be dangerous to their health. Besides this the certificate must also specify the kind and quantity of specific feeds needed.

d) Upon presentation of such certificate the office will prepare the regular application form IT/DP-I filling in all of the information called for in sections I thru VII. The other information is not required. - In Section XI will be recorded the fact that this is food issue made on "Medical Certification of need". The client then will be issued the regular food authorization forms on which will be indicated the appropriate ration. This should be the ration most nearly satisfying the food needs indicated on the physician's certificate.

e) All food authorizations issued on this basis will be marked "Medical Certification" in the space normally used for recording the No. in family.

f) All such authorizations will be reviewed at the end of each 14 weeks period; accordingly the spaces indicated by nos. 8 and 9 in the "Period ending" section of the card will be crossed off as invalid. At the expiration of the 14 weeks period a new authorization will be issued if the original medical certificate plainly indicates that the existing condition cannot be remedied during such period. For all other cases a new medical certificate will be required before food authorization is issued.

also see # 14

XII. The food issued for medical reasons does not waive any of the eligibility requirements applicable to the assistance program, except that economic need is waived and medical need is substituted. This means that only non-Italian displaced persons, displaced as a result of the war would be eligible. Also only such persons who are nationals of countries whose governments requested UNRRA's aid, and the stateless persons and for others covered by the specific resolutions. -

BULLETIN No 8 - re IGCR CONVALESCENT HOME.

On May 12 we were notified by the IGCR about the opening of the IGCR Convalescent Home for non-Italian refugees. This Home is a small villa - Villa Sansoni, Route No. 2, 292 Via Cassia, 8 kilometres from Rome. It will be opened on the 31st May. It will house about 40 convalescents and will progressively take 12, then 24, and so on in the first few weeks.

The IGCR WILL BE pleased to receive, available accommodations, any non-Italian Displaced Persons whom you recommend for stay at the Convalescent Home. The minimum stay will be about three weeks and the maximum six weeks.

It is to be for adults only and infections, contagious or mental cases will not be accepted.

There will be a nursing sister resident in the ^{Home} and there will be also a small dispensary.

The names of those recommended for admission are for this time being to be sent to the following address.

Intergovernmental Committee on Refugees - (Convalescent Home)
ALLIED COMMISSION HEADQUARTERS,
APO 394, **CF.**

There is a charge at the rate of 1000 lira for one month's stay which will be made for each convalescent. This charge will be paid on account of the convalescent out of the funds available for assistance to non-Italian Displaced Persons only for ~~these~~ these persons who are referred to the Convalescent Home by the Assistance Officers.

BULLETIN No. 7 . re Identification of nationals.

You will recall that in effecting our arrangements at the various national missions for operations in the Rome area, we have advised you that the various missions referred to indicate to us their nationals. Under this arrangement it was agreed that a person's nationality would not be certified unless a definite certification by the appropriate national mission was issued to such a person. This time I would recall to your attention the fact that this arrangement still continues and that it is to be used also in the districts in which we are now organizing offices. Specifically the nationals of Greece, Czechoslovakia, Poland, can be considered to be those whose names appear on the respective missions' pay lists under the D.P.R.S.C. Any new applicants would *not* be considered as nationals of these countries unless they present either a valid passport or a certificate stating they had been identified as nationals of their countries.

Whenever practical and as soon as possible assistance should be granted in combination of food issue and cash grants.

As soon as food is being issued in any locality, the cash grants in that locality must be reduced by ~~that~~ a proportionate amount. This means that all cash grants will be reduced by the same amount and that no full cash grants will be given whether the client desires food issues or not.

BULLETIN No. 5: INTERPRETATION OF RESOLUTION 57

The following information has been received from Washington:

Resolution 57 does not require paying countries to pay for imported supplies given to their displaced nationals in an enemy or ex - enemy territory and UNRRA will not ask for such payment for supplies furnished in Italy.

This means that neither cash assistance nor food nor other imported supplies issued to nationals of any of the United Nations as ~~an~~ assistance under the non-Italian Displaced Persons Assistance Program in Italy, will be subject to repayment by the governments of such United Nations, whether they are now classified as "paying" or "non-paying" countries.

BULLETIN No 4; ASSISTANCE TO ELIGIBLE PERSONS CONFINED TO THEIR
HOMES

IN many cases applicants or recipients are confined to their homes, making it impossible for them to procure their food issues and obtain the grants at the designated bank.

In these cases arrangements may be made for delivery of food issues by a representative of the local office. Both copies of the food authorization card should be in the possession of the representative at the time the food is being collected and loaded at the commissary. Upon delivery of the food issue to the recipient, both copies should be signed by the recipient. One copy (the one normally held by the recipient) should be returned to him and the commissary copy should be returned to the commissary.

Arrangements for payments of cash grants must be worked out with the bank. In cases in which the recipient is permanently confined to his home, or in which the recipient is working and cannot appear at the bank personally, arrangements should be made at the time the Certificate of Grant is issued, for alternate signatures. Both of these should be given in the proper space and so indicated.

In cases where it may be impossible for the recipient to appear at the bank because of temporary illness - in other words where arrangements cannot be made ahead of time through the above "alternate signature" means - it will be necessary to make temporary arrangements applicable only to the one monthly period. In that event it will be necessary to procure from the designated recipient his copy of the Grant Certificate. Then prepare a memo to the bank, listing the names and a month of grants to be collected, and authorizing the local representative to collect these grants for the recipients. It will then be necessary to provide an auxiliary receipt to be signed by the recipient upon receipt of this grant from the local representatives.

Although all of these arrangements should be held down to the minimum, they can and should be utilized when necessary in order that recipients do not suffer through no fault of their own.

BULLETIN No 3. REVISION OF STANDARDS OF ASSISTANCE - EARNINGS

Please correct effective immediately the amount of non- deductible earnings shown at present on page 4 of the mimeographed plan. Until further notice the second sentence in the paragraph on earnings should read: "However, of the total earnings 50% of monthly earnings of each person is considered exempt and is not deducted providing that no exempt earnings will be less than Lire 1,000 per month per working person nor more than Lire 3,000 per month per working person."

To illustrate with an example, if a person's earnings are 3,000 Lire we would deduct Lire 1,500 and consider the other Lire 1,500 as exempt from deduction. If a person's earnings are 7,000 lire per month we would consider exempt the maximum of 3,000 lire and balance of Lire 4,000 would be deductible. If a person's earnings were 1,500 lire we would exempt the minimum amount, that is 1,000 lire, and only 500 lire would be deductible.

(deduct the remaining 500 Lire)

Please see that these revisions are incorporated by your staff on the proper place in the mimeographed instructions in English as well as in ITALIAN.

As of today, not having information to the contrary, we assume that assistance can be granted to nationals of the countries which made their request to the Administration. As you know, these cover Belgium, Czechoslovakia, France, Greece, Luxembourg, Norway and Poland.

Besides these there were in this group also the Netherlands and Yugoslavia but, in accordance with developments to date, assistance to these nationals is not yet clarified.

From the nations whose governments have not made a request to the Administration as yet we have been advised only by the Ambassador of the United States of America and by the Chargé d'Affaires of Mexico. According to these advices, the Government of the United States has its own arrangements and does not request our cooperation in this connection. Accordingly, should any American citizens apply for assistance they should be referred to their own national representative (letter 3 April 1945).

As regards assistance to Mexican citizens in Italy, we are still awaiting definite word from the Chargé d'Affaires, who in turn is awaiting instructions from his Government (letter 2 April 1945).

As you know, some non-Italian displaced persons in camps not under UNRRA jurisdiction are receiving cash payments through the ICOR and /or through the National Missions. In the Rome area this would cover the Cine Citta camp (the displaced persons side only) in other areas there still is the camp at Aversa and at Bari.

As soon as any camps come under our jurisdiction, the question of cash payments will have to be resolved and if any cash payment are made they would be made on a predetermined uniform basis and by the camp director.

In Rome we will be concerned chiefly with the question of cash assistance to non-Italian displaced persons at Cine Citta'. The award of cash grants to non-Italian displaced persons residents at Cine Citta will be determined on a uniform budgetary basis. Our maximum for one person in the Rome area is lire 4600 per month; this item covers food at lire 3000, rent at Lire 700, fuel and light (including candles, etc,) and all other miscellaneous items at Lire 900.

Since the persons residing at Cine Citta receive food, shelter, fuel, etc. as part of their camp accommodation, we can grant a supplementary cash grant only for the " miscellaneous" items. Until further determination and also issues of clothing, etc. we should limit this amount to Lire 500. per person per month. This rate will apply only to the first and second person in each family. thereafter the rate would be Lire 200 per person per month.

In cases where applications receive food and lodging ,etc. similar adjustments should be made.

Subject: Emergency Grants in Repatriation Cases.

In Rome at this time there appear cases of our clients who have bona-fide arrangements for return to their home lands. In many instances the clients cannot avail themselves of these arrangements unless they are ready to depart almost immediately, which in turn makes it impossible for them to call at the Bank for their assistance payment. In order to facilitate repatriation in such cases we shall use the following procedure:

(1) Clients who make such arrangements will produce the official certificates and permits issued to them by their Government's representatives for purpose of travel. Only when such permits are produced will we assume that such arrangements are bona-fide.

(2) Such clients then must surrender their regular grant certificates (which will be cancelled) and will be issued an Emergency Grant Certificate in the same amount. The Emergency Certificate will be used in the same manner as ordinary Emergency Grants.

(3) Food issues - regularly authorized to such clients - may be made for two weeks' period in advance of the period under issue. The Food Authorization will be endorsed to this effect by the Local Office and will be surrendered to the Commissary at the time of the final issue of food.

The above procedure covers only bona-fide repatriation cases and is not to be applied to travel within Italy.

NOTE: Although this procedure applies at present only to the Rome office, it is being sent to all Displaced Persons Officers for information.

REVISED SERIES
BULLETIN No. 11. re MONTHLY REPORTS

This Bulletin replaces Bulletin No. 5 Revised Series of August 23, 1944.

Effective immediately the following statistical forms are to be used:

Daily Assistance Report

Monthly Statistical Report

The Daily Assistance Report replaces the Daily Financial Report.

Reports must be submitted by each Local Assistance Office for the total territory (Provinces) covered. The coverage of each Local Assistance Office is given in Bulletin No. 2/A.

The period for which reports have^{to} be prepared starts on the 21st day of the resp. month and ends on the 20th day of the following month. For example the report for April covers the period from 21.3. to 20.4.1946.

Reports may be submitted thru the Displaced Persons Officer of the District, or they may be submitted directly to the Rome H.Q. depending on the arrangements made by the District Officers. The reports must, however, reach the H.Q. by the 25th day of each month.

1. DAILY ASSISTANCE REPORT.

replacing the Daily Financial Report in effect until 20.3.1946.

Instruction of preparation of the Daily Assistance Report are given below:

(a) Each report submitted must show on the right top the monthly period covered and the L.A.O. from which the report originates. Insert after "Monthly Period" for example: 21.3.46 - 20.4.46.

(b) Month and Date.

Insert the corresponding month on the 21st day (for example: 21/3) and the following month on the 1st day (for example 1/4)

(c) Applications.

Insert daily the number of cases "accepted" and the number of cases "rejected".

(d) Grant Certificates.

To be filled in in the usual manner.

(e) Emergency Payments.

Only payments made during the reporting period need to be inserted.

(f) Food.

The correct number of persons served with food during the reporting period is required. Insert daily the number of persons to whom new food cards have been issued and also the number of persons from whom the food-cards have been with-drawn. In the third column under FOOD show the net Daily Total.

(g) Clothing.

Insert only the number of persons to whom clothing has been issued during the reporting period.

(h) Medical Care.

Insert daily the number of persons referred for medical care.

(i) Camp Referrals.

Insert daily the number of persons referred to camp care.

NOTE: Please note carefully that only in the following four columns should the total for the preceeding reporting period be brought forward in the spaces provided:

Grant Certificates: Daily Total under cases
Daily Total under persons
Daily Total under amounts
Food : Daily Total under persons.

2. MONTHLY STATISTICAL REPORT.

The form for this report remains unchanged.

- (a) Number of cases and number of persons sub (1) to (6) means all persons assisted in any way by UNRRA and does not refer to cash assistance only. Therefore the figures given sub (5) on this report need not be identical with any figures submitted on the Daily Assistance Report.
- (b) Nationality-Breakdown on this report - see the memo from the H.Q. Central Office of April 9th, 1946.

- . -

It must be pointed out that reports as stated above must be dispatched from each Local Assistance Office by the 22nd of each month owing to the fact that Rome H.Q. Central Office has to prepare and to submit a summary report not later than the last day of each month.

Subject: Requested Food Allocation Ration Scale.

The list of food which you submitted to us has been analyzed and distributed into an effective ration scale for four distinct population groups. The scale is presented in the form of three tables. The first table presents the quantity of foods in terms of grams per capita per week which will afford an adequate dietary for the following groups: (1) pregnant and lactating women and children 11-17 years of age; (2) men and women over 18 years of age; (3) children 4-10 years of age; and (4) children 0-3 years of age. These groups have essentially different physiologic needs.

In Table II the same food allowances are presented in terms of ounces per capita week. Table III is an incomplete or partial scale indicating the number of units necessary per capita per week for each of the four different groups in terms of standard containers; only the principal food items have been noted.

All three tables have been derived from the same basic ration scale; consequently, they all supply, on a per capita per week basis, the same quantities of a given food. To facilitate procurement and distribution, the figures have been rounded off and duplicated wherever possible, but the actual values differ in the three tables by not more than 30 grams per week.

The British Embassy,
Rome.
9th June, 1945.

Sir,

With reference to your letter of the 26th March, I am directed by the British Ambassador to express the gratitude of His Majesty's Government to the United Nations Relief and Rehabilitation Administration for their offer to assume responsibility for displaced British subjects in Italy.

2. I am to state, however, that since the number of displaced British subjects in Italy is extremely small, His Majesty's Government do not wish to avail themselves of this offer and have already made the necessary arrangements for their care and repatriation.

I am, Sir,

Your obedient Servant,

A.C.E. Malcolm.
