UNAMIR - MINUAR

NATIONS UNIES

MISSION POUR L'ASSISTANCE AU RWANDA

TO : All MILOBS Sectors (Humanitarian Officers)

FROM : HAC, UNAMIR HQ

DATE : 20 NOV 95

FILE : 5000.1(HAC)/A/1

SUBJECT : HUMANITARIAN ASSISTANCE TO ORPHANAGES

1. This Cell has been informed by the SRSG that a certain Embassy has some funds available that could be used on Humanitarian projects and assistance to institutions such as orphanages, hospitals etc.

2. Sector Humanitarian Officers are therefore requested to forward as soon as possible to HAC a list of the following:

a. Orphanage/Commune.

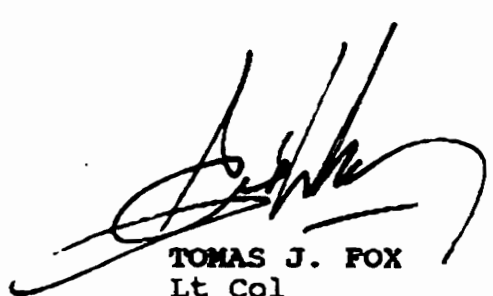

b. Number of Orphans.

c. Basic Needs such as Beds, mattresses, bedsheets and blankets.

3. Several Sectors have already sent in submissions on the above, however if they feel that there are other items needed by orphanages in their sectors, then it is to be submitted quickly.

4. All submissions are requested to be at this Cell not later than today 1630 hrs. Please note that previous requests of this nature were not received resulting in the short time limitation.

5. Best regards.

SUBJECT: CONTINGENCY PLAN FOR MASSIVE FORCED REPATRIATION

1. Senior UNHCR and HRFOR officials anticipate a massive forced repatriation of refugees from Zaire towards the end of this year. The exact date of this exercise is unknown.
2. Despite the uncertainty regarding the extension of the UNAMIR Mandate, it might be valuable to establish a contingency plan for the smooth reception and resettlement of all returnees involved.
3. You are therefore requested to liaise with UN Agencies and NGOs in your respective sectors to discuss modalities of the exercise if this problem should crop up.
4. You are also to draw up a contingency plan to facilitate the smooth reception of the expected mass influx of refugees for discussion with the DCMO.
5. Your subject plan should be ready not later than 27 NOV 95. For your necessary action please.

From: The Youth Ministry Representative in Kibuye

TO: UNAMIR Representative in Kibuye

Sir,

I would like to invite you to help our youth in a football competition organised on Kibuye Prefecture level. All communal teams and two RPA teams will participate.

If possible, we would like to get material support in order to organise the youth in these difficult moments following the genocide and massacre undergone by our country. This would also help us to organise the prefecture football team.

Looking forward to your answer,

The Ministry of youth Representation
BAHATI SAWA Alexandre.

From: The Ministry of Youth Representative

To: - All Bourgmestres

- All NGOs Representatives in KIRUYU

- All different services Representatives in KIRUYU.

Object: supporting sports activities in KIRUYU Prefecture

Through KIRUYU Prefecture Prefect (Préfet)

I would like to invite you to ~~become~~ one of the sports Committee in order to organise the football competition from October 21, 1995 to December 30, 1995

We would like to thank you in advance for your participation and support to the youth under the auspices of KIRUYU Prefect and Lieutenant Colonel A. KAREBE.

Expressing profound gratitude and wishing you success.

The Ministry of youth Representative

BAHATI SAWA Alexandre.

From : The Representative of the Ministry of youth
To : To all the youth-in-charge on the Commune level

Object : Football Competition organisation and schedule

Sir,

This is to inform you that we have organised the Competition Committee, rules and schedule.

I. Committee members

1. Honor President : Kibuye Prefecture Prefect.
2. President : Lieutenant Colonel A. KAREBA
3. Vice-President : Father Jean Baptiste.
4. Treasurer : SAWA BAHATI, Alexandre
5. Members : All Bourgmestres
6. Technical Counselors : All the Coaches

II Rules

1. Eleven (11) teams are participating to the competition.
2. The losing team is eliminated. This is the same for the team which doesn't come to the playground as indicated by the schedule.
3. If a team is late for no reason, it will be fined 5,000 Rw. Frs and walk-over of 3 goals.
4. The teams must arrive at 15:00 and Kick off at 15:30
5. After two yellow cards, the player is sanctioned by a red card.
6. A player will play for only one team.

III Referees Comitee.

- President : 'GASANA

- 3 Civilians

- 3 RPA Soldiers.

IV. The Competition Winning team will receive a cup (trophy)

V The driver who will drop the youth-in-charge will be paid 1,500 Rw frs. The youth-in-charge will also be paid 1,500 Rw frs.

The Competition Schedule

Date			Teams	Playground

SUBJECT : CONSTRUCTION OF WATER POINTS

1. A number of water points have been identified by the Contingents and MILOBS for construction/rehabilitation. A list is attached.

2. The respective contingents, assisted by MILOBS Sectors, are requested to undertake the task of activation of the water points in their AOR. Materials will have to be arranged from within own available resources and the prefecture resources/UN agencies and NGOs working in the area. Technical advice will be provided by Force Engineers, if required. In case of some major resource requirement at some water points, the specific cases may be projected to HAC with details of requirements.

3. Best regards.

Capt Allasan

1. We have always talked about having identified 10 water points in our Sector. How come we are not on this list?

Ecole Normal technique
B.P. 7
Kibuye, Rwanda

Lt. Col. Webster Chomba
Sector Commander, UNAMIR
Kibuye, Rwanda

Dear Sir:

As you are aware, our school prepares students to teach in primary schools and eventually in technical secondary schools. At present we have 200 students, almost all resident.

Before the war the school was well equipped. Among other materials we had television and video cassette player, together with a good supply of video cassettes very useful in teaching and in broadening the horizons of our students. When our sisters were evacuated in June, the French forces that occupied the school sent many of these materials to Goma to prevent their being stolen or damaged.

One of our sisters recently passed by Goma to explore the possibility of recovering these materials. She learned that it is impossible to pass the border with such items. She also learned that the large container in which they are stored had been broken into, but only small items had been taken out.

The container is still in storage with the Bernardine Sisters who operate Lycée AMANI. We hope that the MINOIR might be able to bring it by helicopter to Rwanda, if possible even to Kibuye. We ask that you forward this request to your fellow officer in Goma.

Whether or not you are able to do this, I take this occasion to express our deep appreciation for your interest and your kindness shown on many occasions. You have certainly facilitated the very difficult task of operating a boarding school in the present situation of Rwanda.

Sincerely yours,

Sister Andrée FRANCOIS
Prefect of Studies, E.N.T.
(Sisters of St. Mary)

FILE : 5000.1(HAC)/A/1

SUBJECT : HUMANITARIAN ASSISTANCE

1. A Spanish NGO, BEHAR BIDASOA, has expressed interest in providing some items as plastic plates and mugs, soap and tea spoons for Rwandese orphans.
2. They want to donate these items through UNAMIR, to ensure that these reach the real beneficiaries i.e the orphans. For this purpose they have requested for the figures of current requirements of these items.
3. Accordingly, you are requested to send in the requirements of the above mentioned items in the orphanages in your AOR.
4. Best regards.

Date: 16 Oct 95

Subject : REPAIR OF BRIDGES

1. A number of requests are being received at HAC for repair of bridges despite the known position of lack of bridging equipment/repair resources with UNAMIR as well as MINITRAPE.

2. You are requested to send in the request only if the items needed for repairs are made available by the prefecture/commune or some other agencies. As a general rule only log bridges may be considered repairable. For repair of log bridges, logs are required for replacing the damaged ones and wooden planks for fixing over the logs. Only if availability of these items can be coordinated, should a request be forwarded to HAC.

3. Best regards.

Mabanza, le 8/11/1995

N° 0261/04.09.01/2

Monsieur le Préfet de Préfecture
K I B U Y E.

Monsieur le Préfet,

Suite à ma lettre N°0257/04.09.01/2
du 6/11/1995, adressée au Commandant de la MINUAR à KIBUYE; le même
Commandant, accompagné de l'officier qui était en mission en Commune
Mabanza lors de l'incident dans le secteur NGOMA, sont venus me trouver
au bureau Communal ce 8/11/1995.

Nous avons examiné, ensemble les
points contenus dans la précitée, qui faisaient objet de divergences.
Ils sont d'accord que pour une bonne collaboration, lors d'une mission
dans les secteurs de notre commune, ils aviseront les autorités, même pour
la Distribution des aides.

Le fait d'avoir transporté le blessé
KAYIHURA, et ne pas nous avoir avisé pour une durée allant de 2 au 6/11/95
relève de l'état du blessé qui exigeait l'extrême urgence comme l'explique
l'officier qui était sur les lieux.

Du reste, nous sommes prêts à aller
de l'avant tout en privilégiant l'esprit d'entente et de Collaboration.

BOURGMESTRE DE LA COMMUNE MABANZA
ABIMANA Mathias

MINUTES OF UHAAG MEETING OF WEDNESDAY 30 OCTOBER 95

HELD AT 0930 HRS IN UNAMIR CONFERENCE ROOM

PRESENT :	Lt Col T J Fox	Chairman
	Maj T Pitre	FHQ Ops
	Maj S Agarwal	FEO
	Maj von Bulow	FMO
	Maj S K Prasad	Secretary

ITEM I - INTRODUCTION

1. The Chairman welcomed all participants and opened the meeting at 0935 hrs.

ITEM II - MINUTES OF LAST MEETING

2. The Secretary read out the minutes of the last meeting.

ITEM III - POINTS FROM LAST MEETING

3. **Dozer Tasks**. The FEO informed that a dozer was being moved from Kibuye to Gikongoro canal site as one low-bed trailer had been hired by the Administration. Another dozer would be moved out from Byumba to Butare subsequently.
4. **Bailey Bridge at Gashora**. The FEO informed that transportation of bridging material from Kigali to Gashora was continuing with Force Engineer Company transport.
5. **Security Fencing at Butare Rehabilitation School**. The FEO informed that security fencing of the complete school area is not possible with the resources available. Provision of a simple barbed wire fence will in any case not be very effective. Also, the funds presently available for the School can not cater for construction of a security wall or fencing.
6. **Orphanage Tents at Nemba, Ruhengeri**. The FEO informed that he had visited the orphanage and that the Nigerian Company will be able to undertake the task of dismantling and reerection of the two tents there. In case of requirement of technical advice/assistance the Force Engineer Company will provide that.

Action - FEO / NICOY

ITEM IV - REQUESTS DEALT WITH BY HAC

7. **Transportation Requests**. Following transportation requests accepted by H A C were forwarded to DCOS OPS :-

- (a) Transportation of iron sheets from Kigali to Mukarange, Kibungo (CARITAS).
- (b) Transportation of electric transformers from Kigali to SAVE School, Butare (Sector 3B).

Action - G3 OPS

8. **Electric Repairs at Rusatira, Butare**. A request was received from Rusatira commune, through Sector 3B, for electrical repairs at the commune office. The request is being undertaken by the Force Engineers.

Action - FEO

9. **Medical Support to Health Centers**. A request was received from Sector 2A for medical support to health centers at Gituza and Mulindi. The request has been directed to MDM for necessary assistance.

10. **Support to Orphanages**. H A C has approached a Spanish NGO BEHAR BIDASOA for support to orphanages. The NGO has agreed to provide plastic plates, mugs and cutlery items. A consolidated requirement from the orphanages will be forwarded to the NGO for assistance.

ITEM V - REQUESTS CONSIDERED BY UHAAG

11. **Transportation Request for Conveyance of Seeds**. W F P had requested for urgent transport support to move seeds from their warehouse to communes in Kigali prefecture as the sowing season is getting past. The request was for moving 65 tons of seeds. The Group agreed to provide transport as an one time measure and to a limited extent of transporting upto 20 tons.

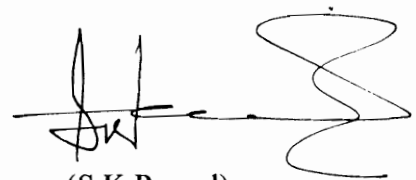

Action - G3 OPS

12. **Repair of Bridge at Nyamutera**. A request was received from Ruhengeri prefecture for urgent repairs to the bridge at Nyamutera on the road Gitarama - Ruhengeri. FEO informed that a recce had already been carried out and a report including list of stores required had been submitted. Repairs could be undertaken only once MINITRAPE or some other agency was able to provide the required stores.

13. **Provision of Televisions/VCRs for HRFOR**. HRFOR had requested for ten televisions and VCRs for its ten field offices in Rwanda for educational purposes and information campaigns. As UNAMIR does not presently hold such surplus stores the request was not accepted.

ITEM VI - CONCLUSION

14. The meeting concluded at 1010 hrs.

WEEKLY HUMANITARIAN REPORT FOR THE PERIOD 30 SEP - 06 OCT 95

GENERAL SITUATION

1. The humanitarian situation during the week was observed to be improving but at a slow pace. Agricultural activity in the country has started and is likely to pick up momentum as the time passes. Rate of return of refugees is still low and hence is giving time to the agencies as UNHCR to prepare for better handling of the situation later. The condition in the prisons is likely to improve with the expansion of number of prisons, but only if the prisoners are allowed to use the new accommodations. Seems that the use of the spaces habilitated for that is limited to showing improvements but only when some visitors appear.

HAC ACTIVITIES

2. The requests dealt with by HAC during the week were:

a. **Transportation Request.** The following transportation requests were undertaken for assistance:

- (1) Food (22 tons) from Gitarama to Kayenzi commune for WFP.
- (2) Aid items (5 tons) from Kigali to Byumba for Sisters of the Holy Spirit.
- (3) Fertilisers (55 tons) from Kigali to Gitarama for Prefecture office.
- (4) Gravel (10 tons) for Byumba transit centre for NGO GOAL.

b. **Dismantling of Orphanage Tents.** A request received from Sector 5A for dismantling of two big tents at Nemba Orphanage was sent to Force Engineers for action.

3. **UHAAG.** The following requests were considered by the UHAAG meeting on 04 Oct 95.

a. **Repair of X-ray Machine and Generator in Muranda Hospital.** The X-ray machine and generator at Muranda hospital in Kibuye requires repairs. The FMO informed that UNAMIR does

not have any medical technicians and so cannot undertake repairs of the X-ray machine.

b. Provision of Generator and Electrical Repairs in Urumuli Orphanage. Sector 2A has requested for a 15 - 25 KVA generator and electrical repairs at Urumuli Orphanage in Kibali commune, Byumba. However as the cost assessed by technicians has come to approximately US \$7000 the project cannot be undertaken due to lack of funds.

c. Land Levelling for Play Grounds. A request was received from Sector 3B for levelling of land for play grounds for schools in Nyabisindu and Shyanda communes in Butare. The FEO informed that the task could be undertaken by dozers when returning from Gikongoro. He however projected the problem of trailers for moving the dozers as the present contract of UNAMIR for these had expired. The CAO rep informed that alternate means were being worked out.

d. Donation/Loan of Light Vehicles to UNHCR. The CAO rep put up a request from UNHCR for donation/loaning of 44 light vehicles, for escort duties and field operations, for the forthcoming repatriation exercise. The request was rejected as presently UNAMIR does not hold any surplus vehicles.

e. Provision of Medicines to Communes. A number of requests had been received from communes for provision of medicines, especially common requirements as chloroquine etc. The FMO informed that at present the stocks with UNAMIR are just sufficient for UNAMIR requirements and no medicines can be donated. However, the humanitarian assistance was being provided by the Regimental Aid Posts of the battalion/companies.

4. Sector 1A

a. Sector Humanitarian Activities. During this period the sector actively assisted in contacting NGOs for supply of seeds to communes. A visit by a medical team of UNAMIR was also arranged to Butamwa commune. Details of major activities carried out are as follows:

(1) Seeds got through the effort of the European Community office for Agriculture were transported to Butamwa commune in transport provided by INDBATT.

(2) Medicines supplied by government of India were presented to the Bourgemestre and medical attendant of Butamwa commune medical centre. A medical treatment camp was later organised in Mewindo sector (0181) where approximately 120 patients were treated by the Indian Medical team.

(3) The new prison being constructed at Remera (9790) in Rubungo commune has been completed. However it has not been occupied yet. The orphanage at Masaka which has 250 orphans was visited and to be adequately sponsored by Compassion International.

(4) Ndera transit camp was visited where arrangements for returnees were found satisfactory. A total of 504 fresh returnees arrived in the camp over the past week out of which 461 left for their home communes.

(5) At Dihiro transit camp, there were 15 returnees in the camp. It was observed that work was in progress to increase the number of returnees that could be accommodated in the camp.

(6) The distribution of food to needy people by Red Cross was observed in Gashora and Ngeda communes. A total of 122 returnees arrived from Burundi via Rutete over the past week.

(7) The repair of the existing water supply scheme in Gikoro has been done by OXFAM Quebec. The medical centre at Gikoro is being adequately maintained by German Red Cross.

b. General Living Conditions

(1) Housing. Available houses in most accessible communes have been occupied, however there are still houses available in remote areas. UNHCR is providing one plastic sheet per family of five people at Gashora as an interim measure.

(2) Education. Most schools have re-opened but lack basic teaching materials and furniture.

(3) Farming Activities. The humanitarian team is attempting to procure seeds for distribution in certain areas of Shyonggi, Gikoro and Gikomero communes.

c. People with Special Needs

(1) Hospitals. The medical centre at Mugambazi Commune was supported by ECHO. The NGO has since withdrawn its support. The hospital lacks medicines and needs urgent support from some NGOs.

5. Sector 1B

a. Sector Humanitarian Activities. The following activities

were carried out:

(1) Delivery of 19 boxes of UNICEF schooling material from Gitarama to the of Kayenzi, Nyakabanda and Ntongwe.

(2) Transportation of 14 tonnes fertilisers from Kigali which was distributed to Runda commune (9882), Musambira commune (8274) and Nyamabuye commune (7570). INDBATT provided 4 trucks for the task.

b. General Living Conditions

(1) Food. Food still remains one of the main problems reported from various communes. Food donated by WFP has already been distributed in all the communes.

(2) Water. Water situation in Gitarama town has normalised for the time being.

(3) Housing. "Agency Rwandese for Development and Cooperation" (ARDEC), a Rwandese NGO, is constructing houses in Runda commune (9882). They planned to construct 764 houses in that commune of which 100 had reportedly been constructed.

(4) Farming Activities. Shortage of agricultural implements and seeds still remains one of the main problems reported from various communes. Agricultural department of the Prefecture still requires to transport 18 tons of fertilizers from Kigali to Gitarama which is likely to be completed in the coming week.

c. People With Special Needs

(1) Orphanages. Ruli orphanage at Nyamabuye commune (7570) run by CONCERN has closed down and merged with Gitarama orphanage also run by CONCERN.

(2) Refugees. A total of 1074 returnees were confirmed to have reported to the commune within the week of which one died and 31 under detention.

d. Relations with NGOs. The request for transportation of 25 tons of food from Gitarama to Kayenzi commune (8389) made by the representatives of MSF, ICRC, CONCERN and ACIST "Salvation Army" is likely to be executed in the coming week.

6. Sector 2A

a. Sector Humanitarian Activities. The following tasks were carried out:

(1) Provision of two pick-ups from sector 2A resources to Kibali commune for the distribution of household items to returnees in the Gatebe sector (9432) on 6 Oct 95.

(2) UNAMIR Force Engineer Company assisted GOAL (NGO) in clearing a site for a new transit camp at Byumba. The clearing lasted for five days. One bulldozer was used in the work.

(3) The Byumba prefecture was assisted with transport to distribute 2 - 5 tons of beans, maize and cooking oil to returnees in the Kibali commune on 4 Oct 95.

(4) The Bourgmestre of Muhuru commune, Mr Hitimana Timothy requested for a recovery vehicle to recover the commune's accident vehicle at Nyamiyaga GR 155137 on 2 Oct 95.

c. General Living Conditions

(1) Food. ADRA distributed 20 tons of food items within the Muhura commune during the week and are yet to distribute additional 850 kg of food.

(2) Health Care. An outbreak of meningitis-related disease was reported in the Muhura commune. The death toll so far is as follows:

(a) Gahara sector (3004) - 15 people.

(b) Muhura sector (2908) - 03 people.

(c) Rumuli sector (3109) - 09 people.

(3) Farming Activities. Incidents of landmine explosions are keeping farmers off some farmlands in Mukarange, Bwisige, Murambi, Ngarama, Muhura and Cyumba communes.

d. People with Special Needs

(1) Orphanages

(a) Urumuli Orphanage. The population of this centre remained 93 children. Following the visit of the Force Commander to the orphanage on 27 Sep 95, a team from UNAMIR Electrical unit visited the centre to assess the efforts and material requirements for the provision of electrical power to the place. The team assessed that a 15 - 25 KVA generator would be required and also rewiring of the centre would need to be done.

(b) Gakoni Orphanage. The 95 CSMG installed a bigger water pump for the orphanage on 2 Oct 95. The water problem of the centre has thus being solved.

7. Sector 2B

a. Sector Humanitarian Activities. The following major activities were carried out during week:

(1) The Humanitarian team organised the distribution of blankets donated by the Austrian Relief Programme to the hospitals in the prefecture as follows; Kibungo hospital 150, Rwamagana hospital 150 and Rwinkwavu hospital 100.

(2) The Sector Commander went on a special patrol to the resettlement areas in the Nasho belt where the old case load of returnees are being resettled to carry out an on the ground assessment of the situation prevailing there.

b. General Living Conditions

(1) Water. There has been a marginal improvement in the availability of water in the communes due to the continued rains. However, the situation at the Nyakarambi transit camp continued to fluctuate with the UNHCR water source running dry more often than not. Limited tap water was however available from the Kirehe water pump (7547). Mugesera commune (4664) still does not have any suitable water source since the water pump at Kabilizi (5067) continued to be out of order. There is also a requirement of restoring Bunono (5976) water source in Kaborondo commune (6177).

(3) Health Care

(a) The large scale incidence of Meningitis in Rwinkavyu area 6782 has been contained and no fresh cases have been reported. MSF and MEC jointly carried out mass vaccination of over 5,500 people in the area. MSF also carried out a vaccination programme in the Musaza area (6943) for tuberculosis, polio and tetanus. The returnees in Sake commune (4354) have been getting inadequate medical attention during the transit stage as the health centre there is unable to cope up with the increased number of patients.

(b) Immunization for children is being carried at the Kirehe health centre (7547). The health centre at Kaborondo (6177) is anticipating considerable difficulty as the NGO (African Humanitarian Aid)

which till late was supporting it is withdrawing from the area by end October. The case is being taken up with the Region Sanitaire since it is the only health centre in the commune.

(c) The health centres at Rukira (6658) and Bare (5248) are facing an acute shortage of beds and mattresses. This has resulted into many patients sleeping on the floor.

(4) Education. Most of the schools in the prefecture continued to function normally. However, an acute shortage of staff, text books and basic furniture continued to impede smooth functioning of the schools.

(6) Farming. Cultivation activity has picked up all over the prefecture and there are encouraging signs of recently returned returnees forming themselves into cooperatives to quicken the pace.

c. People with Special Needs

(1) Returnees

(a) There were a total of 1417 returnees from Burundi, Tanzania and Zaire respectively. A total number of 9317 returnees recorded in the prefecture during the month of September.

(b) An analysis of the outflow of returnees to the communes reveals that the maximum number of returnees have returned to the communes of Birenga (5959) and Rusumo (7448) while a total number of 2002 old case returnees were resettled in the Nasho area. Some old case load of returnees who are presently occupying houses illegally in the Nyarubuye area (8459) are being moved to the general area north of lake Nasho and south of lake Ihema so that the original new case load of returnees who belong to this area can be resettled there.

(c) The expansion of the Nyakarambi transit camp is proceeding apace. Three of the five huts being constructed at the camp have been completed.

(d) Adequate security of the old case load of returnees being resettled in the Nasho border belt is being ensured by deployment of the RPA in smaller groups in the general area of the settlements.

(e) A team of 12 refugees (four each representing Birenga, Rusumo and Rukira communes arrived from Benaco refugee camp in Tanzania on 5 Oct 95 to carry out an on the spot assessment of the prevailing situation. They were accompanied by UNHCR officials. The team visited Nyarubuye (8459) and Kankobwa (8960) areas on 6 Oct 95.

(f) A meeting on security and voluntary repatriation of refugees from Tanzania was held at Rwamagana (4884) from 4 to 6 Oct 95. The meeting was attended by representatives of Rwanda, Tanzania and UNHCR. Details of decisions taken at the meeting will be forwarded soon after the return of UNHCR officials who have proceeded directly to Ngara in Tanzania after the meeting. However a Rwandese delegation accompanied by UNHCR officials will visit the refugee camps in Tanzania to present a more authentic picture of the prevailing conditions in Rwanda to regate the propaganda being spread by intimidators to counter the smooth voluntary repatriation of refugees.

(2) Prisoners. The newly expanded prison at Nsinda was inaugurated by the President of Rwanda on 4 Oct 95. The ceremony was attended by the SRSG, the Force Commander, seven Ministers and a number of other dignitaries.

d. UN Agencies and NGOs

(1) UNHCR is presently concentrating on resettlement of old case load of returnees in the Nasho area. It is also encouraging the representatives of refugees in Tanzania to assist in voluntary repatriation to Rwanda.

(2) AEF is carrying out the expansion of Nyakarambi transit camp as scheduled, besides carrying out the health screening of the returnees on a regular basis.

(3) ACIST is assisting in cultivation by distributing seeds and implements through the cooperative scheme in the communes of Sake, Birenga, Kigerama and Kabarondo.

8. Sector 3A

a. Sector Humanitarian Activities. This sector coordinated all HAC activities in the secteurs. There has been requests by the prefect for UNAMIR to repaint all their former locations. The prefect is also asking UNAMIR to help the prefecture to rehabilitate the bridge that links Musebeya commune (4033) and Muko commune (3841). The bridge is of

vital importance to own patrols between these two communes.

b. General Living Conditions. The general living conditions in all the communes patrolled this week is satisfactory. However the locals are asking for farm impliments which are not adequately supplied by NGOs. The locals are also living under fear of random arrest by the RPA which has been going on in Mubuga commune (5202) of late. The matter has been reported to the HR for further investigations.

c. People with Special Needs. The hospital at Cyanika (5630) needs an ambulance as the present arrangement of calling for a vehicle from CARITAS, at Gikongoro, when required, is not satisfactory.

9. Sector 3B

a. Sector Humanitarian Activities. Following are the activities observed/carried out by the MILOBS teams:

(1) On 27 Sep 95 a large crowd gathered at the commune HQ for distribution of rations by ICRC. However the programme could not be carried out as the ICRC trucks could not cross the Butare - Kigembe bridge. The dimensions of the bridge for its repair have been ascertained by the engr det and passed on to the HQ for possible repairs. The Bourgemastre of the commune was changed on the 30 Sep 95.

(2) Reference letter no 5000.1(HAC)/OPS/37 dated 19 Sep 95 regarding minor prisoner, a team went to Muramba (893469) and spoke with the father of the boy Sindagaya. The wife of the man died in the month of Aug 95 and he has to manage four children in the house. It is difficult to visit his son in Ntongwe cachot which is 12 hours journey from his house. He requested that his son be moved to the Muyira cachet. The Bourgemaster has agreed to do necessary arrangement for transferring the child in his commune.

b. Agricultural. Locals found carrying on with normal agricultural activities in preparations for the new planting season due to rain. Cultivation of beans are in progress. Normal activity was seen in the commercial places.

c. Situation in Rehabilitation School, Butare. The Force Engr Coy has completed the following aspects of work on the rehabilitation centre:

(1) Work on the sanitation system.

(2) Work on water supply line.

(3) Work on repair of main power.

d. The centre is in urgent need of a security fence around the complex. At the moment it is very difficult to control the children from sneaking out unnoticed.

e. NGOs Activities by Communes. The following are the NGOs activities by communes:

(1) Muganza. LWF an NGO were seen in the commune with 2 x truck loaded with food awaiting for distribution.

(2) Kigembe. WFP and Feed the Children have promised to assist the commune by providing food to the work force who are building house for the returnees.

(3) Nyakizu. ICRC distributed food at Rutowe sector for 4000 people at the scale of 2 per family. The scale of items per person are, maize 2kg, cooking oil 1.5kg, beans 4kg and soap.

f. Detainees State by Commune. The following are the changes/information on detainees by commune to our last report:

(1) Mugusa - 246. Document of 200 detainees have been completed and awaiting transfer to other prison.

(2) Ruhashya - Commune authority requested to shift 100 inmates from the cachot to other prison.

(3) Nyakizu - Presently there are 120 prisoners in the cachot.

g. State of Returnees. The reported figures of returnees to the commune during the period under review are Ngoma 6, Shyanda 2, Kibayi 21, Mugusa 27, Kigembe 3, Muyaga 42, Muganza 15, Gishamvu 30, Nyaruhengeri 27, Ndora 13 and Nyakizu 27.

10. Sector 4

a. Sector Humanitarian Activities

(1) On Monday 02 Oct, during weekly meeting at the Human Rights office at Cyangugu. NGOs expressed their concern over the ambush by unidentified men on the Kigali - Cyangugu road on 30 Sep 95. They were advised not to proceed through the forest at awkward hours. They were also told about the instruction on mines and explosives to be imparted by a team from Force Engr Company on 18 Oct 95.

(2) Refugees were reported crossing at an unofficial crossing point from Burundi, in that sector. They were directly dispersing to their communes without any registration by UNHCR or the commune authorities. The Humanitarian Officer visited the UNHCR offices at Kamembe to advise them of this development.

(3) The list of recipients given by the commune authorities to the ICRC does not reflect the reality of the ground situation hence the paucity in food supply. A new survey is being undertaken by the ICRC in the commune in the near future.

(4) There are at least 60 minors in the various prisons in the prefecture. Efforts are underway to obtain their names and other necessary particulars.

(5) Sub sector Humanitarian Officers were appointed to better the coordination of HAC activities in the sector. There is a weekly meeting planned of all these officers to coordinate the efforts.

(6) The Malawi Company provided trucks to the RPA for the transportation of rations for five days. Three medical personnel from Malawi Company attached to Gihundwe hospital treated 65 inpatients and approximately 212 outpatients. At their Medical Aid Post at Shagasha, the Malawi Company treated 58 patients.

b. General Living Conditions

(1) Food. As per estimates received from the office of the Prefect, there is an urgent need of 500 tons of foodstuffs and about 5 tons of milk powder (for the children) for the 3000 returnees in the prefecture.

(2) Water. There are a total of 20 water points in Karangera commune. These points cater for families in the area. The number ranging from 11 to 36 families. All these points need rehabilitation.

(3) Health Care. The MDM hospital at the Bugarama transit camp is now operational 24 hours a day. MDM has requested MILOBS to assist in the evacuation to Gihundwe hospital when required.

c. People with Special Needs

(1) Orphans

(a) There are a total of 14,175 orphans in the prefecture. Only 788 of them are currently housed

in the four orphanages available while others are living with various families.

(b) In Karengera commune there are 1086 orphans as a result of the 1994 genocide. They stay with relatives. There is no orphanage in the commune. These orphans need school uniforms, school books, food and money to pay school fees.

(2) Handicap/Elderly/IDPs

(a) There are 15,299 widows in the prefecture. These ladies need 2000 houses for resettlement. In addition 60,000 roofing sheets, 8000 sets of cooking utensils and 4000 jerricans are needed for their rehabilitation.

(b) The women complained that assistance was not equally distributed to the widows in the communes. The traditional network of support from the extended family was undermined by the genocide and war. Many men died and the widows and their children are an extremely vulnerable group. Experiments at Day-care centres have been unsuccessful as there is a general lack of confidence in neighbours. The Prefet wishes to open at least one agricultural and cattle cooperative in each commune for these women. He needs 1,000,000 RF to set up each of these cooperatives.

(c) There are 1000 persons handicapped in the prefecture. For them also the Prefet wishes to open a cooperative costing approximately 1,000,000 RF.

(3) Refugees. A total of 280 voluntary returnees arrived at the Nyagatare transit camp within the period while 253 people were despatched from the camp to their various communes.

11. Sector 5A

a. Sector Humanitarian Activities

(1) On 2 Oct 95 an Engineer team from Force HQ was escorted to assess the extent of damage done to the bridge in Nyamutera which links Ruhengeri/Gitarama towards its repair.

(2) The Ntaruka hydro electric central power station will not be operational as scheduled due to parts being

awaited from France which are likely to be received in two weeks time. It will take them a month to install the parts.

b. General Living Conditions

(1) Food. ARP has distributed food for their local workers in Nkumba commune on 3 Oct 95. 21 Families (of 121 persons) in Nkumba commune are in need of food. They returned from Zaire in Aug 95. WFP and UNHCR have been advised.

(2) Water. The water shortage along the northern communes is likely to be solved in the near future. ICRC has mostly finished works regarding the pipe system installation and now each commune is responsible for the cleaning of the pipe system because the system is more than 30 years old is necessary to clean the pipes often.

(3) Health Care. MSF and STC are working hard to improve the health situation throughout the Ruhengeri prefecture. However the quality of health care provided is poor due to the lack of qualified personnel and transportation for the sick people.

(4) Housing. The earmarked land for resettlement in Kayange sector (8045) of Butaro commune is being cleared. The returnees will build their own houses. Each family will be allocated 6 by 6 metres for houses and 80 by 80 for farming. Iron sheets for the houses have already been delivered. ARP and CARITAS continue with their programmes of house construction in Cyeru, Butaro, Mukingo and Kigombe communes.

(5) Farming Activities

(a) In Gatonde commune ARP issued some hoes. One woman reported to the Counsellor of Cyebumba (2099) asked for money from her if she wanted a hoe. This was reported to ARP rep who was at the commune offices.

(b) UNHCR will distribute agricultural material like seeds, beans and hoes through ARP in the prefecture for the returnees who have returned after Jun 95.

c. People with Special Needs

(1) Orphanages

(a) SALEM Rwanda transit centre informed that three 18-month old children were brought to the centre from Gitara sector (6845) in Kidaho commune. These healthy children were abandoned.

(b) 'SOEUR DE MARIE' orphanage at Ruhengeri requested for a vehicle for the orphanage in order to carry out with the food transportation and medical evacuation.

(2) Refugees

(a) In Nkumba commune 7 families of 1994 returnees have returned to the commune since 25 Sep 95.

(b) In Nyarutovu commune 211 returnees of 1994 have arrived there so far.

(c) Six returnees of 1994 were visited in Kigombe commune. They reported that their property was intact. Presently they are engaged in farming. Life was quite comfortable to them.

d. Miscellaneous

(1) In Nyakinama commune prison there are 12 people in connection with stealing. The IPJ mentioned that stealing has increased in the past week attributed to unemployment.

(2) The Accountant of the Kinigi commune reported that they used 2.5 million Francs to repair the commune offices. They no longer have money to pay the workers. They are looking for financial assistance.

12. Sector 5B

a. Sector Humanitarian Activities. Activities for the week included constant monitoring of the situation in Nkamira transit camp where the sea containers have been moved to improve space in the camp.

b. General Living Conditions

(1) Water. A water/sanitation meeting will hold on 19 Oct at the MINIREISO offices. Representatives of the ICRC and other implementing partners are to be in attendance as well as UNAMIR representatives.

c. People with Special Needs. As more and more of the returnees attempt to resettle or reoccupy their homes the

constant problems of land allocation and resources to begin farming pop up.

d. NGOs

(1) COOPI. Continues its work with the development of the two transit camps.

(2) ICRC. Will open a local office within the next two weeks.

e. UN Agencies. UNHCR continues with the work of receiving and transportation of returnees.

f. Local Authorities. A visit to the Kora camp was made by both local and national authorities. It appears that these camps will be moving possibly to the Ruhengeri area.

13. Sector 5C

a. Sector Humanitarian Activities

(1) On 3 Oct 95 the Humanitarian Officer visited Bwiza with the directeur de la region sanitaire de Kibuye, docteur Camille Munyangabe to plan medical support for returnees living in Bwiza (3088). He picked up medical supplies which he will deliver on Wed 4 Oct 95 by helicopter and to monitor their situation. In addition this flight will deliver 500 kg of seeds.

(2) On 4 Oct 95 Humanitarian support comprising med from UNAMIR, 500 kgs of seed from PAM and 100 kgs of plastic roofing sheets from UNHCR were delivered by helicopter to Bwiza. This was in response to a request made last week by local authorities. Representatives from MSF and PAM, UNHCR and UNAMIR accompanied the supplies and also assessed the health situation, building of shelters and the possible provision of "food for work" respectively.

b. General Living Conditions

(1) Food. The WFP is the principal food distributor here. They continue to provide food primary to:

(a) FFW on Kibuye water project, Gisovu tea plantation and Bwakira seed multiplication project.

(b) Orphanages in Kibuye (Enfants du Monde), Gishyita and Manbanza.

(c) In-patients in Kibuye, Kilinda and Mugonero hospitals.

(d) Supplementary food to nutrition centres in Rwamatamu, Gisovu and Bwakira.

(e) Returnees as directed by UNHCR.

(2) WFP continues to face difficulties in distributing the required quantities of food to needy areas in the prefecture due to frequent breakdowns of their trucks resulting from the poor quality of the roads in the prefecture. This has resulted in a virtual stand-still in WFP's operations. A request for assistance to this effect has been made. It is anticipated that this type of support may be required monthly.

(3) In Rutsiro commune NGOs are still hesitant to transport aid because of the previous mines incidents. This has reduced significantly the flow of aids into this commune. The RPA, local government and our MILOBS have driven this route and consider the main road into this commune to be clear of mines and safe for normal travel. This has been passed on to NGOs at our weekly security briefings. However children continue to be the prime concern for aid.

(4) Agriculture. The local government and NGOs continued to encourage the rehabilitation of Kibuye's agricultural sector in the hope of restoring self-sufficiency. Beans, sweet potatoes, mixed vegetables and sorghum continued to be the staple crops in Kibuye. Cash crops continue to recover especially coffee, banana and tea productions which are increasing modestly.

(5) Water and Sanitation. ICRC made progress in repairing broken pipes and improving the availability of water. They are installing new water points monthly, however, shortfalls in water still occur daily throughout the Prefecture. The use of UNAMIR resources to establish 10 water points in the prefecture is being coordinated.

(6) Education. Many schools require rehabilitation work to be carried out on the buildings, furniture and equipment. Other concerns remain the need for paper, pencils, exercise books and other educational materials, inadequate pay for teachers, a requirement for nutritional supplements for students and teachers, as well as the need for balls, toys and playground equipment to make learning interesting and fun for students.

(7) Prisons. The only prison in Kibuye now houses approximately 2100 people. This facility was designed to hold 250 people so the problems of over crowding, poor hygiene and poor nutrition makes the quality of life very

difficult for the inmates. A proper security fence around the prison is still required to improve the quality of life for inmates as this will allow them to expand out of their cramped quarters. There is need to arrange an engineer recce of this facility so see if UNAMIR can provide this fence or at the least find another agency to provide this fence.

(8) Returnees. The monitoring of the 500 returnee families in Bwiza (SC 3088) this week is significant in Kibuye. The mine incidents previously reported in Rutsiro commune continue to cause NGOs to restrict their movement in this commune. As a result of this, food aid and medical supplies are not getting through to people in need. Medical supplies should be delivered by road as usual.

CONCLUSION

14. The humanitarian condition is likely to improve with increased activity by agencies and organisations. However the prospect of large influx of refugees can unsettle the social balance which has started to set in. It will also put a stress on the resources of aid donors and the security situation. Present on going preparations for this influx is inadequate considering the magnitude of the likely problems. However, it is expected that the preparedness state will improve soon.

The 19th Of October, 1995

The UNAMIR Sector
Commander in KIBUYE.

Subject : Request for

transport
assistance.

Sir,

We adress to you this request, applying
for a truck which can help one of our Prefet Deputies who
is shifting from Kigali to Kibuye on sunday the 22nd
October, 1995.

Please accept our sincere appreciation
for your alway cooperation.

Your faithfully,

The Prefet of Kibuye
Assiel KABERA

P.O Ignace BANYAGA
The Prefet Deputy.

Capt Little / Allassan

1. Write a Ltr to HAC

a. Request Use of truck for
deliverance of essentials to the
Communes in KIBUYE-Secteur.

b. I discussed with Maj Prasad
(HAC) & did Little. We can use
the truck to bring in the items for

for 21/10/95.

Subject : IMPROVING THE QUALITY OF LIFE FOR
INMATES AT KIBUYE PRISON

Reference:

A. 5000.1(HAC)/A/1 dated 25 Sep 95.

1. Please be informed that the prison in Kibuye now has about 2000 inmates as against its established capacity for 250 people. The concomitant fall out of this apparent overcrowding are poor hygiene and nutrition which drastically reduce the quality of life for inmates thereat.
2. It will be recalled that a request was made vide reference A for a proper security fencing of the prison. This was envisaged to facilitate the allowance of the inmates to expand out of their cramped up cells.
3. You are please requested to expeditiously accord this humanitarian request the highest priority/attention it deserves.

FILE: 5000.1(HUM O)

FROM : MILOBS SECTOR 5C- KIBUYE

DATE: 25 September 95

SUBJECT: REQUEST FOR HUMANITARIAN SUPPORT-
GENERATOR REPAIR KIBUYE HOSPITAL

REFERENCE: My request for generator repair, dated 8 Sep 95

1. The generator at the Kibuye hospital does not work and is in urgent need of repair. We have experienced power outages frequently which resulted in unnecessary loss of services and could have resulted in unnecessary loss of life. For example a cesarian delivery was underway at night when the power went out and the delivery was completed by candle light. In addition perishable medications and medical test equipment require a reliable uninterrupted source of power.

2. This hospital has attempted to have this generator repaired or replaced through their normal administrative channels without success for the past one year. MSF and SDR are the NGO's which run this hospital.

3. It is requested that UNAMIR provide these parts and a technician to repair this generator as discussed at reference. The generator is a HATZ DIESEL ENGINE, TYPE 2M40H-1560C. MSF's technician informed them previously that it required a new starter and dynamo. This is available through GTZ Company in Kigali (address and phone number not available). The contact person there is a Mr Udo.

4. This generator is a high priority in the Kibuye prefecture and if UNAMIR could complete this project it would provide an excellent service to our citizens and secondly improve our credibility in supporting our new mandate and improve our relations in this prefecture. This generator has been unserviceable for too long and action is required immediately.

5. For your action.

RE: UN SOURCE INSTALLMENT (HAC)

DATE: SEPTEMBER 25, 1995

THE FOLLOWING ARE MY RECOMMENDATIONS FOR THE UN WATER SOURCES YOU AND I DISCUSSED AS OF SEPTEMBER 23, 1995.:

USE LOCAL STRUCTURES

- WORK WITH A COMMUNAL OR SECTORAL FONTANIER ON THE SOURCE
- ALLOW THE BERGERMIESTER TO CHOOSE THE SITE WITH ADVICE FROM THE FONTANIER
- ENCOURAGE VOLUNTEER WORK FOR MOST OF THE WORK...THE DIGGING AND COVERING. (THIS INVESTS THE PEOPLE IN THE SOURCE WHICH USUALLY MEANS THEY WILL FEEL MORE INCLINED TO MAINTAIN IT.)

SHOULD YOU CARE TO FURTHER DISCUSS THIS, I WILL BE GLAD TO OFFER MORE INPUT. HOWEVER I STRESS THAT THE ABOVE POINTS ARE VERY IMPORTANT TO FOLLOW SO AS TO ENCOURAGE THE LOCAL STRUCTURE AND VOLUNTEER WORK SPIRIT.

TO : Sector Commander 5C
FROM : HAC
DATE : 24 Nov 95
FILE : 5000.1(HAC)/A/1
SUBJECT : REQUEST FOR HUMANITARIAN ASSISTANCE

Reference:

A. Your letter dated 18 Nov 95.

1. In reference A, you had requested for blankets. I will need to clarify several points with you regarding your letter requesting for assistance dated 18 Nov 95 in which you had requested for blankets.

a. Firstly we do not have the blankets, but we have requested all NGOs for assistance and the "Austrian Relief Service" have kindly donated several thousand which have been distributed by MILOBS in the various sectors according to the receipt of requests on a first come first serve basis. Blankets will therefore be issued to your sector once they become available.

b. In regards to the relationship between the Prefect and UNAMIR, please note that the Prefecture citizens and their authorities have received a tremendous amount of assistance from UNAMIR. A complete list of this assistance will be forwarded to you in due course. This list is to convince the prefect and other authorities that the UN is trying its best to provide as much as it can despite the limited resources it has not only to Kibuye but to Rwanda as a whole. It is sad to note here that despite these assistance they are still not satisfied and appreciate very little even arresting people and putting them in jail for speaking to UNAMIR. Assistance rendered to date is even to the extent of providing the Prefect of Kibuye with a UNAMIR vehicle which is serviced at the workshop when it is due, that should be a good point of contention.

2. In the meantime we will endeavour to acquire more blankets from NGOs which will be issued to you for distribution by MILOBS in your sector.

3. Best regards.

DATE : 22 SEP 95

SUBJECT : IDENTIFICATION AND CONSTRUCTION OF WATER POINTS

1. It has been intimated that in most of the communes in the country, no drinking water points exist as these were destroyed during the war. Consequently, the locals use the same places for washing, bathing and collection of drinking water which leads to health and hygiene problems.
2. In view of the above it was decided in the last UHAAG meeting that UNAMIR would undertake rehabilitation of selected water points by constructing small cemented tanks for collection of clean water and putting 2-3m long steel pipes.
3. You are therefore requested to identify and propose ten spring fed water points in each of your sectors and forward the proposals to HAC at this HQ by 01 Oct 95. Technical advice if any will be provided by the Force Engr Coy.
4. For necessary action.

SUBJECT : IDENTIFICATION AND CONSTRUCTION OF WATER POINTS

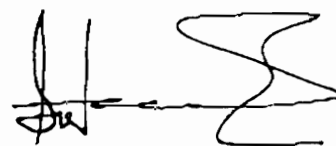

1. A large number of natural springs are available in the hills of Rwanda and are being used by the local population for collection of drinking water. No water points presently exist at these springs, a number of them having been destroyed during the war. Presently the same places are being used for washing, bathing and collection of drinking water. This is leading to health and hygiene problems.

2. A requirement to construct a few simple water points across the country was considered and approved at the UHAAG meeting of 19 Sep 95. The project is to be undertaken by the contingents under the direction of the FEO and the Force Engineer Company. Each water point is to consist of a simple stone and cement receptacle for collection of clean water and a small steel pipe.

3. You are requested to identify and propose ten spring fed water points in each of your sectors. The proposals should reach HAC before 01 Oct 95.

Monsieur le Responsable des Observateurs
Militaires (MILOBS) de la MINUAR
KIBUYE

Monsieur le Responsable,

J'ai l'honneur de porter à votre connaissance
que vous êtes désigné membre du comité de crise en Préfecture de Kibuye
chargé de l'accueil des réfugiés qui rentrent des pays d'asile.

Ainsi, vous êtes chargé entre autre de leur
faciliter les moyens de vivre au camp de transit qui est prévu à
Nyamishaba en attendant leur acheminement dans leurs communes
d'origines. Les premiers arrivent le 28.8.95. Une réunion de contact
sera tenue à la Préfecture des leur arrivée.

Le Sous-Préfet chargé des Affaires
Administratives et Juridiques à la Préfecture assurera la
Coordination des activités du comité.

Le Préfet de Préfecture KIBUYE
KABERA Assiel.-

DATE : 28 Aug 95

SUBJECT : REPORT ON IMPORTANT ISSUES FOR SRSG's OFFICE

1. Kindly refer to Sect Commanders Conference held on 25 Aug 95 in Sect 1A (GITARAMA).
2. During the Sect Commanders Conference a number of issues were discussed related to the security situation in Rwanda and the problems connected with the repatriation of refugees from Zaire. These refugees are being brought to Border posts in Gisenyi and Cyangugu under the arrangements of UNHCR/ Zairean authorities. From border they are taken to Transit camps using UNAMIR transport. At the Transit camps they are held for limited period. From the Transit camps they are being transported to their home communes by UNHCR. In this process each stage plays an important role and needs adequate resources. It is important that UN and other agencies involved in the repatriation be fully conversant with the facilities available, shortcomings and resources required to make this process a success. SRSG had desired that MILOBs should obtain various data related to these issues. In view of foregoing you are requested to obtain following data and forward the same to us by 10 Sept 95 for our information :-
 - (a) Transit Camp.
 - (i) Existing capacity.
 - (ii) Facilities available.
 - (iii) Possibilities of expansion and the expanded capacity.
 - (iv) Additional place(s) for establishment of transit camp(s), their capacity and effort required, time frame and agency involved.
 - (b) Communes. Communes that are / likely to be affected by the influx of refugees:-
 - (i) Food, water, medical ,housing and other related problems.
 - (ii) Number of refugees arrived so far and where have they been settled?
 - (iii) Agencies assisting the commune, type of assistance and its adequacy.
 - (iv) Existence or other wise of any crisis management cell and the advance preparations if any by commune officials.

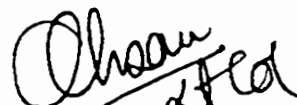

TOR: 24/11/10
20

2

- (c) **Prisons.**
 - (i) Number of prisons and the inmates prefecture/commune wise.
 - (ii) Existing problems.
 - (iii) Possibilities of expanding their capacity.
 - (iv) Rough cost of expansion and material required.
 - (v) Alternate location for construction.
- (d) **Judiciary System in Prefecture.**
 - (i) Existing facilities and cases so far dealt after the war.
 - (ii) Requirements.
 - (iii) Whether any screening has been done in the prisons. If so, when and how many were released?
- (e) **Radio UNAMIR.**
 - (i) Whether the Radio UNAMIR is heard all over your Prefecture.
 - (ii) Whether Radio UNAMIR is heard in the nearby camps across the border (if info available).
- (f) **Housing.**
 - (i) Is there any housing policy of the Govt?
 - (ii) How far is it being implemented on ground?
 - (iii) Difficulties being faced.

3. **Monitoring Movement of Returnees.** It is important to monitor the movement of returnees right up to their settlement in their home communes. Following data should be obtained and forwarded as follows:-

- (a) **Daily SITREP.**
 - (i) Total number of returnees arrived in the Sect/Prefecture.
 - (ii) Total number in transit camp(s) in Prefecture/communes.
 - (iii) Total number of returnees sent to various communes.
 - (iv) Number of returnees left at Transit camps (Gisenyi & Cyangugu).
- (b) **Weekly Report.** At the end of the week, as at 1900 hrs on Saturday to reach this HQ by 1600 hrs on Sunday, to include above figures consolidated for the whole week. It should also include their settlement in sects within the commune.
- 4. **Monthly Report.** A monthly consolidated report should be prepared to include details as given in sub paras 2 (a), (b), (c), (f) and 3(a), (b) at the end of the month and should be forwarded to this HQ by 03 of each month.
- 4. **Bridge in Sect 2B.**
 - (a) Location of the Bridge in question.
 - (b) Extent of damage.
 - (c) Its importance for the returnees from Tanzania.
 - (d) Suggestions for its reconstruction/repair.
