SUBJECT: TRANSPORT OF FOOD TO PRIMARY SCHOOL TEACHERS.

Follow up our telephone communication of 20/06/95, I have the pleasure to forward to you the total quantity of Food, to be delivered in each Prefecture for the food Aid Programme to the Teachers of the Primary schools.

Note that distribution has already been carried out in KIBUNGO and GITARAMA should start this week. As we mentioned this morning, this crucial distribution has been already delayed for more than a month and both WFP and the Ministry of EDUCATION do have at present not the means for transporting the above quantities in the different Schools.

We would be extremely grateful if your organisation could help us in this crucial moment. If you could agree on the principle, I would be glad to discuss with you and the Ministry of Education about details of transport in each concerned Prefecture.

Awaiting for your response, I remain,

* by whom? UNAMIR
* amount of food? in tons?

LETTER OF APPRECIATION - DONATION OF MOSQUITO NETS

Reference: My request dated 8 Jun 95

1. In view of the increase in the incidence of malaria cases recorded lately in the orphanages in Sector 4, the Humanitarian Officer requested additional mosquito nets at reference for the children. A first batch of 75 mosquito nets had been already donated previously, however due to the poor condition of the windows and of the buildings in general, a second batch of nets was desirable. The Orphanage Committee of 95 FLSG has agreed to provide the orphanages of Sector 4C with an additional 80 mosquito nets.

2. The mosquito nets were distributed based on the specific needs of the establishments. 40 were donated to the Nyamasheke Orphanage which is administered by German Emergency Doctors and 40 to the Apeeduc Orphelinat de la Miséricorde (located in Kamembe) administered by Médecins du Monde. The other orphanages already received some from the first batch.

3. I would like to take this opportunity to express my gratitude on behalf of the orphanages staff, Médecins du Monde, German Emergency Doctors and especially on behalf of the children for the fine work and great devotion showed by the four members of the Orphanage Committee namely: Capt Hagar, MWO Lanteigne, PO1 Baker and Sgt Gignac. It is believed that these mosquito nets coupled with the recent fumigation of the facilities will dramatically decrease the current high incidence of malaria cases and other diseases.

4. As already discussed with the Committee, the members are more than welcome to visit the four orphanages at a time convenient for them. The four establishments being: Kirambo (MDM), Nyamasheke (GED), Apeeduc (MDM) and Rusayo (MDM).

5. For any queries, visit arrangements or information, please contact the Humanitarian Officer or Lt(N) S. Giguère at Sector 4C MILOB HQ in Kamembe, tel #11211 or through the Ethiobatt fax #11241. On VHF radio Channel 12, please use callsign CGH (HumanO) or CG3A (Lt(N) Giguère).

BLR WATER TANKER IN UNAMIR SCRAPYARD

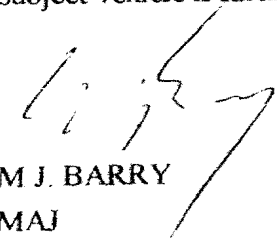

References:

A. CHAO Inter Office Memorandum dated 11 Apr 95

1. At Reference A it was advised that ICRC wish to take possession of a water tanker "Calabrese" #BC9 claimed to be currently located in the UNAMIR scrapyard.

2. I have visited the scrapyard and have been unable to locate any vehicle remotely resembling the subject vehicle.

3. It is recommended that ICRC be advised and that they be requested to identify the subject vehicle if further action is required.

INTER OFFICE MEMORANDUM

TO: DCOS SUPPORT

FROM: CHAO

DATE: 11 APRIL 1995

SUBJECT: REQUEST FOR WRITE OFF - BLR WATER TANKER IN UNAMIR SCRAPYARD

1. THE ICRC IS CURRENTLY IN THE PROCESS OF CONVERTING SOME OF ITS LIGHTER TRUCKS INTO WATER TANKER. THIS WILL ENABLE THEM TO DISTRIBUTE POTABLE DRINKING WATER TO THE RWANDESE POPULATION IN THE MORE REMOTE AREA OF THE COUNTRY.

2. CURRENTLY UNAMIR HAS IN ITS SCRAPYARD, IN THE INDUSTRIAL PARK IN GIKONDO, AN OLD 5000 LITERS WATER TANKER WHICH IS BEYOND LOCAL REPAIRS ("CALABRESE" #BC9). ICRC HAS REQUESTED UNAMIR, THROUGH OUR OFFICE, THAT WE HAND IT OVER TO THEM AS SCRAP METAL SO THAT THEY CAN USE IT IN THEIR TRUCK CONVERSION PROJECT.

3. FOR YOUR CONSIDERATION

Subject: SUSTAINMENT RATIONS

1. Attached find UNREO direction for the use of the " sustainment rations " scheduled to arrive in theatre.
2. UNHCR is interested in using all available rations.
3. Mr Ray Omproy of UNHCR has a plan in place to use the rations in conjunction with the Ministry of Education. He is prepared to accept the containers presently available. He requests that they be delivered to the UNHCR at their MAGERWA warehouse in KIGALI.
4. He has been advised to contact your offices direct for further deliveries and arrangements concerning retention of the containers.
5. Regards.

Dear Sir,

Enclosed find a request from UNHCR for supplemental rations and containers. We have agreed that it would be the best to support the educational program of the Ministry of Education through UNHCR. For any further arrangements, please contact Mr Ray Omproy of UNHCR.

Thank you for your cooperation.

Sincerely,

Elizabeth Stanic

TO: MR. RANDOLPH KENT, UNREO
FROM: MR. WILBERT VAN HOVELL, ACTING REPRESENTATIVE, UNHCR
OUR REF: HCRRWA/LOG/095/280
SUBJECT: SUPPLEMENTAL RATION PACKS

This office is interested in receiving the available stocks of supplemental rations which have been offered to UNHCR and WFP (through a note addressed to UNREO).

It is our understanding that there are now approximately ten containers of ration packs available in Kigali, with additional consignments due-in over the next few weeks. While we have the necessary capacity for storage and distribution of this commodity we would request UNAMIR's assistance in delivering the consignments to our warehouse in Gikondo. We would also request as many of the containers as could be made available. These could be provided on a loan basis if necessary.

We intend to distribute the major bulk of Rations to support the Ministry of Education's upcoming high school re-opening program.

We would be grateful if UNAMIR were to liaise with Mr. Ray Omphroy of our Logistics Office to coordinate the details in this matter.

We appreciate your collaboration.

Subject: DISTRIBUTION AND USE OF SUSTAINMENT RATIONS

Reference: A. A/CHAO memo dated 15 Mar 95

1. Reference A requested that a portion of the 52 sea containers of sustainment rations be allocated to Sector 5 as soon as possible, in order to help alleviate an acute food shortage apparently caused by WFP running out funds. In response to this request ten sea containers of sustainment rations were authorised for release to UNHCR in Kigali for use in Sector 5.
2. It has become apparent that the management of the remaining sustainment rations should be done by UNHCR against their priorities and those of the possible contingencies (Goma volcanoes and Burundi). Therefore, the remaining sustainment rations are to be allocated to UNHCR for their use as they see fit. UNHCR are to liaise with CILM/G4 for the movement/transport of sea containers as required.
3. If further information is required please do not hesitate to contact me on Ext: 11148.

28 March, 1994

Mr Randolph Kent
UNREO Head of Mission
Kigali, Rwanda

Sir,

The enclosed was given to Milob Sector 3 HQ in GITARAMA by representatives of the Rwandese Ministry of Education requesting assistance in re-furbishing schools throughout the prefecture. They have included a detailed list of their needs.

It is requested that you determine whether a UN or NGO is capable and willing to support the Prefecture of Gitarama in this area.

Once HAC has received a reply from your offices we will advise Milob HQ Sector 3 accordingly.

We look forward to a reply to this request at your earliest convenience.

Mr Randolph Kent
UNREO Head of Mission
Kigali, Rwanda

Sir,

The attached correspondence from MILOB HQ Sector 4B advises of a severe shortage of food and medicine at the Centre de Sante Crete Zaire dispensary in commune RUTSIRO GR 3183. As the correspondence indicates CARITAS has in the past supported this dispensary. Their needs can be found on the second page of the attachment.

It is requested that your offices liaise with CARITAS to determine any action they plan to implement concerning this matter or, should you wish, HAC would be willing to liaise direct with CARITAS.

We would appreciate a feedback on this request at your earliest convenience.

HAC, KIGALI

FROM: MILOB SECT 5
TO: HAC, KIGALI
INFO: MILOB GP HQ
SUBJECT: TRANSFER OF ORPHANS FROM KIBUYE ORPHANAGE
DATE: 12 MAR 95

1. Refer humanitarian conference held earlier this month at your Headquarters.

2. It was brought out by the Chief Humanitarian Officer that the orphanage in Kibuye wanted to transfer a number of orphans to other orphanages elsewhere in the country, since this orphanage was overcrowded and low on resources.

3. This is for your information that MSF-Belgium, which runs an orphanage consisting of 50 orphans at Murara (2015) has been contacted on this issue. They have shown willingness to examine this issue and take on additional load from Kibuye after consulting MSF Kibuye. Additionally, Food-for-the-Hungry International has shown an interest in this project and is willing to provide aid for the additional orphans coming in.

4. In view of the above, you are requested to liaise with the Ministry of Rehabilitation and Kibuye orphanage for the same. In case approved, a date can be fixed for the MSF-Belgium representative of Gisenyi to meet the orphanage authorities in Kibuye.

Sir,

The attached correspondence from UNAMIR MILOB HQ concerns discussions held with the SRSG and MILOB HQ Sector 4B, KIBUYE on 13 March, 1995 whereby UNAMIR assistance to the prefecture was discussed.

Prior to taking action on the request using UNAMIR resources, we would request you forward details of any action UNREO may be able to initiate through co-ordination with UN and NGO agencies.

Based on UNREO's ability to respond to the request, UNAMIR will action the request in support of UN and NGO agencies or independently within the resources of the Force.

We would appreciate a feedback on this request at your earliest convenience.

Mr Randolph Kent
UNREO Head of Mission
Kigali, Rwanda

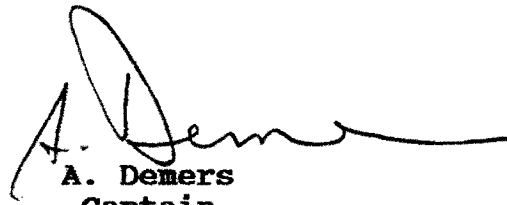

Sir,

UNAMIR is currently in the process of receiving a large amount of "sustainment rations" to be used as a reserve of food for contingencies. Presently we have in KIGALI, at the MAGERWA warehouse, 10 sea containers of rations (i.e. 100,000 individual rations). UNAMIR has approved the release of these rations for distribution to the local population of RWANDA effective immediately. Both UNHCR and WFP have shown interest in this project and have approached the UNAMIR civilian logistic officer to get control of these rations.

HAC would appreciate if your office could provide us with directions as to which agency would be best suited to receive these rations for further distribution to the field.

UNAMIR would be ready to help in transporting these rations, but would prefer if the designated agency(ies) could get them directly from the MAGERWA compound in KIGALI using their own transport resources.

We would appreciate a feedback on your plan at your earliest convenience.

INTER OFFICE MEMORANDUM

FROM: HAC OPS

TO: D/COS OPS

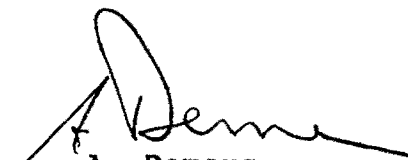

INFO: CC LOG O

DATE: 15 Mar 1995

SUBJECT: SHORTAGE OF FOOD SECTOR 5

ref: a. CHAO conference 3 Mar 95
b. HA MILOB SECTOR 5, dated 12 Mar 95 (attached)

1. At ref a. Sector 5 HA MILOB indicated that the situation regarding the food distribution in the sector was becoming critical, ref b. indicates that the food situation in Sector 5 has become so acute, that the present distribution is being done at a drastically reduced scale. This problem highlights the fact that WFP only has a (+/-) 2 weeks reserve of food for the RWANDA / BURUNDI area (UNREO estimate).
2. UNAMIR is in the process of receiving 52 sea containers of "sustenance rations", CC Log O reports that we already have in KIGALI more than 20 of these containers and that WFP has received 5 containers to date.
3. HAC recommend that a portion of the sustenance rations be sent to sector 5 as soon as possible in order to help in improving the situation for the general population. These rations could also be distributed, as an interim measure, at the two GISENYI reception centers until UNHCR/UNREO can address the problems of the returnees in that area.
4. For your consideration.

HAC, KIGALI

FROM: MILOB SECT 5
TO: HAC, KIGALI
INFO: MILOB GP HQ,
UNHCR GISENYI

SUBJECT: SHORTAGE OF FOOD IN SECT 5

DATE: 12 MAR 95

1. Refer Humanitarian conference held earlier this month, at your HQ.
2. It had been projected by the undersigned that the food distribution programme in this sector was suffering, because there is apparently, no more food with the WFP, as of now. In response to this, the Chief Humanitarian Officer had informed us that about 52 containers of Sustenance Rations were available, to be supplied to this Sector.
3. It is once again clarified that food shortage in this sector has become so acute, that the present distribution is being done at a drastically reduced scale. Only one commune has been covered so far, while food has been placed in two other places for distribution. If the situation continues, then this programme has to be shelved. The implications of this, in face of the continuous stream of refugees coming in from Goma, need hardly be spelt out. There is an urgent need for items like corn, beans and oil.
4. In view of the above, the following may please be clarified:
 - A. Possibility of releasing sustenance rations to Sector 5 for distribution to the needy in the communes under supervision of UNHCR Gisenyi.
 - B. In case released, the time frame in which these rations could be released.
 - C. The nature of these rations; ie the contents of sustenance rations.
5. An early action is requested keeping in mind the urgency of the situation. Storage place has already been identified, as desired, should the stock be released.

Sir,

This office has received the attached report from our Commander Sector 1 in BYUMBA, indicating the need for support for the community work on roads within the BYUMBA prefecture. WFP is already supporting the project by providing "Food for Work". However the requirements for provision of tools still exist.

The items needed are as follows:

a. Hoes	100;
b. Shovels	50;
c. Wheelbarrow	20;
d. Picks	20;
e. Slashes	
(for cutting grass)	50;
f. Machetes	10; and
g. Axes	10.

If the UN Agencies and the NGO community are unable to address the problem, then feel free to request the assistance of UNAMIR and the Force will assist where possible.

Re. AMENAGEMENT DE LA VILLE DE BYUMBA

Dear Sir,

WFP are pleased to be able to support your project as per the proposal issued last week, subject to the following conditions :-

- 1) Approval for the project is gained from the Prefecture Project Vetting Committee.
- 2) MINITRAPE and UNIMIR agree to fund the non food items (Cash payments for supervisory staff and Tools respectively) as per the proposal.
- 3) MINITRAPE agree to provide any transport for the food as deemed necessary.
- 4) MINITRAPE provide a monthly and final report to WFP giving details of work completed and food distribution, along with a general description of the achievements of the project.
- 5) It is understood that WFPs' contribution is limited to that stated in the proposal, i.e. a maximum of
6.400 MT Maize Grains
4.000 MT Beans
0.960 MT Vegetable Oil
- 6) While WFP will make every effort to supply this food it cannot guarantee it, as conditions may intervene beyond its' control.
- 7) Deliveries of food ex-store at a minimum interval of two weeks, taken from the start of work.

Final approval to be given on receipt of agreements by the above mentioned parties.

Yours Sincerely

Tom Glue, WFP Field Programme Officer, Byumba.

①
March, 1995

Mr Randolph Kent
UNREO Head of Mission Rwanda
Kigali, Rwanda

Sir,

This office has received the attached report from our MILOB Commander Sector 5 in GISENYI. The report contains a serious humanitarian requirement of about 11 000 caseload of mainly the '59 / '60 refugees/returnees and who are located in GISENYI and awaiting relocation. The recent unfortunate incident of looting the WFP trucks can be attributed to the conditions of this category of returnees.

We request your office confirm the requirement and that if warranted, necessary co-ordination be made with the humanitarian community to address the problems. The problem of augmenting the food supply and better quality are a priority. Suffice it to say that UNAMIR is currently addressing the problem of the septic tank.

Unamir will appreciate a feedback on actions taken at your earliest convenience.

DATE: 28-2-95

SUBJECT: CONDITION OF RETURNEES RECEPTION CENTRES IN GISENYI

GENERAL

1. The reception centres located at the Nursing School Complex and College, at GISENYI have of late, become source of concern due to their sensitivity, resulting from the numerous problems that they are burdened with. These reception centres house a total of about 11,000 old case loads (59/60 refugees) who are landless and have been awaiting resettlement ~~of~~ by the government for the last three to four months. The frustration of these unfortunate returnees has manifested itself in the looting of the WFP trucks on the 18 - 19 Feb 95 and lately in the angry demonstration on 28th Feb 95.

INCIDENT ON 28 FEB 95

2. On 28 February 1995, a group of people from the reception centre (old cases) and returnees (new cases) staged an angry demonstration at the Grand Barrier asking for additional food, cooking sets etc. They were placated for the time being by the UNHCR Chief of GISENYI and CARE workers. 20 kitchen sets have just been issued to the returnees in the reception centre at the nursing school. Simultaneously, precautionary measures in terms of marshalling of gendarme and RPA security and patrolling by TUNBATT was arranged by the MILOBS. Subsequent visit to the reception centre revealed numerous problems of the returnees.

PROBLEMS

3. The problems being faced by the returnees (old caseload) in the reception centre are as follows:

a. The weekly supply of food is being issued is not sufficient to last the whole week.

b. The type of corn being distributed by the WFP is very hard and ^{not} easily digestible. This has led to stomach complications/upset amongst a very large number of the people, especially pregnant women and children.

c. Chronic diseases like malaria and dysentery are very common in the reception centres.

d. Most of the children are suffering from malnutrition and serious skin diseases.

e. The septic tank in the vicinity of the reception centre is full and blocked. There are no facilities to drain/empty same. This could lead to epidemic like cholera.

f. The existing dispensary and hospital at GISENYI cannot take on the additional load of these reception centres. They accept only very few patients, whereas, the number of sick daily is far too large.

g. Lack of good food, poor sanitation, sickness and waiting for resettlement have all combined to make the people a frustrated and desperate lot who are likely to run wild at the slightest provocation/pretext.

STEPS BEING TAKEN TO ALLEVIATE PROBLEMS AT LOCAL LEVEL

4. The following steps are being taken:

a. The UNHCR Chief GISENYI, talked to the returnees at the reception centre on 28 Feb 95. MILOBS were also present. An appeal was made to the people to remain disciplined and calm to prevent unnecessary violence. An assurance was given to try and solve the health problems by coordinating with MSF. Similarly, efforts would be made to get a better variety of corn which is edible.

b. Effort is being made to avail of the facilities of the Brown and Roots to clean/empty the septic tanks.

c. Coordination is being carried out to get doctors from MSF and ICRC to make weekly visits to the camp to cater for their medical needs. They are also being asked to carry out personal hygiene awareness programme for the reception centres.

d. Regular dialogue on weekly basis is being planned by the MILOBS/UNHCR, firstly to monitor the problems of the reception centre and secondly to feel the pulse of the people.

e. The security of the soft spots/flash points in the town is being stepped up in liaison with the gendarme and RPA. Patrolling by TUNBATT is being implemented.

RECOMMENDATION

5. The following are the recommendations, which need to be taken at the appropriate level:

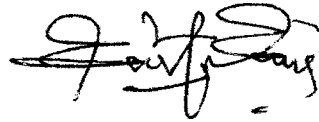

a. There is need to take up the need for rapid resettlement of the inhabitants of the reception centre, with the Ministry of Rehabilitation, at a quick time frame. The longer the returnees stay in reception centres, greater the

chances of recurrence of riots/looting.

b. There is need for some one with authority from the government to visit these reception centres and make some firm commitments.

c. The need to increase the rations of food has been expressed time and again. The same be examined at appropriate level.

d. Only Brown and Roots has the facilities to carry out cleaning of the septic tanks. Appropriate liaison be carried out at Force HQ level to make these facilities available at the earliest, to avoid outbreak of epidemic.

MEMORANDUM

To: Lieutenant-Colonel R.M. Manzi CHAO UNAMIR HQ	Date: March 25, 1995
From: Randolph Kent  UN Humanitarian Coordinator Kigali - Rwanda	File:
Total Pages: 1	
Subject : HUMANITARIAN ASSISTANCE TO THE PREFECT OF KIBUYE	

Thank you very much for your letter of 24 March concerning the discussions held with the SRSG and MILOB HQ Sector 4B, Kibuye.

I am delighted that UNAMIR would be willing to assist the Prefect of Kibuye in the ways outlined in the memorandum (undated) by Major Krishna.

Since I will be on mission until 3 April, I have asked Ms Pat Banks "Officer-in-Charge" to raise this matter at the next Heads of Agencies' meeting on Wednesday 29 March. I am sure she will advise you on agencies' reactions based on that meeting.

My best regards.

UNREO c/o UNDP Compound • BP. 445, Kigali - Rwanda

UNAMIR - MINUAR

①

February, 1995

Mr Randolph Kent
UNREO Head of Mission
Kigali, Rwanda

Sir,

This office has received the attached request for UNAMIR support in providing fuel to the Orphanage Association JA. While the request is modest, the UNAMIR budget does not account for the provision of material aid to NGO agencies operating in Rwanda.

It is requested that you investigate to determine if UNICEF or another NGO can provide the assistance requested. This organization received assistance from UNAMIR during the civil war and as we have not heard from them in some time they may feel that UNAMIR is still the agency to which they must address their needs.

If the UN Agencies and the NGO community are unable to address the problem, then feel free to request the assistance of UNAMIR and the Force will assist where possible.

NREF: TOUSSIGNANT01/011/008/212/95/SA

Au Général Guy TOUSSIGNANT
Commandant des Forces des
Nations Unies au Rwanda

Général,

J'ai l'honneur de recourir à votre personnalité pour solliciter un quota de 800 Litres de Gas Oil (Diésel) pour les groupes électrogènes de nos centres (Kigali et Gitarama).

En effet, suite aux fréquentes coupures d'électricité, les enfants orphelins hébergés dans nos centres mangent dans l'obscurité et en plus parmi eux, il y a des nourrissons qui nécessitent des soins nocturnes.

Notre budget ne nous permet pas d'obtenir les quantités de carburant nécessaires pour les groupes électrogènes, c'est pourquoi nous recourons à votre bienveillance pour demander que, dans le cadre de la mission humanitaire de la MINUAR, il nous soit fourni du carburant pour les générateurs.

Les indications nécessaires pour les générateurs et les bâtiments desservis sont en annexe à la présente.

En attente de la suite que vous voudrez bien réserver à la présente, je vous prie d'agréer, Général, mes respectueux hommages.

Aloys SIMPUNGA
Directeur Général

KIGALI

GENERATEUR	PUISSANCE	BATIMENTS DESSERVIS	CONSOMMATION
1 Générateur LOMBARDIN	6 KVA	1 école(bureaux, dortoirs, classes, réfectoire)	7 L/heure
1 générateur	4 KVA	- Résidence - Quelques classes - Infirmerie - Bâtiment admin.	5 L/heure

GITARAMA

1 générateur	8 KVA	Une école Eclairage publ.	8 L/heure
1 générateur	6 KVA	Quelques bâtiments 1 pompe à eau	7 L/heure

- La consommation journalière est de 27 litres x 2 = 54 L si on considère qu'un considère qu'un groupe électrogène marche deux heures par jour en moyenne.

- La consommation mensuelle est 54 L x 30 = 1620 L
Soit 1620:200 = 8 barrils/mois.

Proposition : 4 barrils fournis par la MINUAR
4 barrils fournis par notre budget.

SUBJECT: REQUEST FOR ASSISTANCE
REOPENING OF SECONDARY SCHOOL

1. Enclosed with is a distress call by Ministry of Education under a covering letter of Ministry of External Affairs requesting material assistance to facilitate the opening of the Secondary schools. As you are aware, the schools were affected as a result of the recent war. A comprehensive list of these requirement is also enclosed.

2. I have been directed to forward the demand to you with the believe that you are suitably placed to handle or coordinate the request.

C

C

V. Son Excellence Monsieur le Représentant
Spécial du Secrétaire Général des
Nations Unies
KIGALI.

Objet :

Demande d'aide pour la
réouverture des écoles
Secondaires.

3/ Couvert de Monsieur le ministre
des Affaires étrangères et de la
Coopération
KIGALI.

Monsieur le Représentant,

Référence faite aux entretiens que
j'ai eus ce lundi 30 janvier 1995 avec une haute délégation
de la MINUAR au sujet de nos besoins en matière d'enseignement,
j'ai l'honneur de soumettre à votre examen une requête d'appui
matériel et financier en vue du redémarrage des écoles secondaires.

Vous me permettez d'abord, Monsieur
le Représentant, de vous signaler que suite à la guerre, la
presque totalité de nos écoles secondaires sont actuellement
dans un état de dénuement total et qu'il faut pour les faire
fonctionner, les rééquiper en moyens matériels et logistiques.

C'est dans ce cadre et en tenant
compte des besoins prioritaires et urgents que je sollicite
votre assistance dans les domaines suivants :

- Affectation temporaire de 10 camions (ou camionnettes) aux
Inspections d'Arrondissement pour le ravitaillement des
écoles ;
- Fonds de fonctionnement des écoles à raison de 500.000 FRW
par école (Total : 500.000 FRW X 112 = 56.000.000 FRW) ;
- Équipement de base pour les écoles :
 - 1 photocopieuse par école (à 112)
 - 1 stencilleuse par école (à 112) ;
- Fournitures de bureaux pour les 112 écoles ;
- Cahiers pour élèves et professeurs ;
- Carburant pour les quelques véhicules de supervision du
Ministère et pour groupes électrogènes de certaines écoles ;

.....

- Denrées alimentaires pour la restauration des élèves.
Il s'agit principalement des articles suivants :
haricot, sucre, huile, lait en poudre, flocons d'avoine,
farine de maïs, sorgho.

Vous voudrez, Monsieur le Représentant, trouver en annexe le document détaillé relatif à la réouverture desdites écoles et duquel sont extraits les éléments qui vous sont soumis. Comme vous pourrez le constater, nos besoins sont énormes et la reprise souhaitée ne saurait être envisageable sans votre concours.

Tout en vous confirmant notre entière disponibilité pour des précisions que vous jugerez nécessaires, j'ose croire, Monsieur le Représentant, que la présente requête retiendra votre particulière attention.

Veuillez agréer, Monsieur le Représentant, l'expression de ma très haute considération.

Rwanda Pierre Célestin,
Ministre de l'Enseignement
Primaire et Secondaire.

OUVERTURE DES ECOLES SECONDAIRES POUR L'ANNEE SCOLAIRE 1994/95

1. Pourquoi l'ouverture du secondaire?

Cinq raisons majeures motivent une telle décision:

- Le Rwanda a perdu une grande partie de ses cadres moyens et supérieurs.
- Toute formation professionnelle et supérieure de qualité nécessite obligatoirement un passage par l'enseignement secondaire.
- Environ 60.000 élèves du secondaire ont vu leur scolarité interrompue.
- Il y a beaucoup d'élèves rwandais qui viennent de rentrer de l'étranger et qui devraient poursuivre leurs études.
- 65.000 élèves environ termineront le primaire fin décembre 1994.

2. Période d'ouverture

- La session spéciale des finalistes a commencé dans sept écoles en octobre 1994 et se terminera fin décembre 1994; pour trois écoles la session a commencé plus tard et se terminera en janvier 1995.
- L'ouverture de l'année scolaire 1994/95 pour les autres niveaux est prévue au mois de janvier 1995.

3. Organisation de l'année

3.1. Calendrier

Le programme de l'année scolaire comprendra les cours du dernier trimestre de l'année 1993/94 et continuera avec le programme de la nouvelle année scolaire. Certaines matières non adaptées (Umuganda, histoire, civisme, ...) de l'ancien programme seront réaménagées et d'autres allégées dès maintenant.

3.2. Options à ouvrir

Les options prioritaires sont la filière normale primaire (formation des enseignants du primaire), les sciences infirmières, l'agriculture-élevage. Viendront ensuite les sciences, économie et lettres. Compte tenu du manque de matériel les aspects théoriques seront privilégiés en attendant l'équipement progressif des bibliothèques, des laboratoires et des ateliers.

Au jour d'aujourd'hui, l'ouverture d'au moins deux établissements techniques semble une hypothèse réaliste. Toutefois, le budget ci-joint ne prend pas en compte les coûts de fonctionnement spécifiques de ce type d'établissement.

4. Les écoles

Le Mineprisec a demandé, avant le 15 décembre 1994, un rapport descriptif sur l'état des écoles aux inspecteurs d'arrondissement. A partir de ces rapports, le Mineprisec fournira, avant la fin de l'année 1994, un rapport synthétique sur l'état des besoins, notamment pour les infrastructures, les équipements et mobiliers et les fournitures et matériels scolaires.

Aujourd'hui, pour des raisons de disponibilité humaine, matérielle et financière, le Ministère prévoit de se limiter à l'ouverture de 60% des écoles secondaires publiques et libres subsidiées en activité avant avril 1994, soit 67 écoles correspondant à une capacité d'accueil de 36.000 élèves. L'ouverture des écoles privées secondaires n'est pas prise en compte dans ce document mais reste une préoccupation importante du Ministère.

5. Les effectifs

5.1. Les enseignants et l'administration

Suite aux appels du Mineprisec depuis septembre 1994, l'identification des enseignants est en cours, notamment selon deux catégories:

- ceux qui sont restés dans le pays;
- ceux qui rentrent et qui se font enregistrés.

Au premier décembre 1994, le nombre inscrit est de 820 enseignants et le processus d'inscription continue. Il est impossible dès maintenant de prévoir le nombre d'enseignants qui seront inscrits avant l'ouverture des écoles.

Le Ministère procède actuellement à la mise en place de l'administration des écoles, cela en concertation avec les propriétaires pour les écoles libres subsidiées. Les directeurs ont déjà été nommés pour 17 écoles. Le Ministère espère avoir mis en place la direction de 50 établissements scolaires avant la fin du mois de décembre 1994.

Si l'on compte 1 professeur pour 20 élèves, norme habituelle pour le secondaire, cela signifie qu'il y a besoin de 1.800 professeurs.

5.2. Les élèves

L'enregistrement des élèves qui étaient au secondaire en 1993/94 est en cours depuis septembre, notamment selon deux catégories:

- ceux qui sont restés dans le pays; cette inscription se fait chez l'inspecteur d'arrondissement selon des procédures bien déterminées;
- ceux qui rentrent de l'étranger; cette inscription se fait au Ministère ou par le biais des inspections d'arrondissement, selon les mêmes procédures.

Ceux qui sont en dernière année d'enseignement primaire passeront un examen de fin d'études primaires fin décembre 1994. Le Ministère prévoit d'admettre au secondaire jusqu'à 10% des lauréats, en fonction des possibilités.

5.3. Le personnel de soutien

Le personnel de soutien sera mis en place lors de l'ouverture des écoles; leur disponibilité ne devrait pas poser de problème.

Dans ce document, les chiffres des actes du Séminaire sur l'assistance d'urgence et la reconstruction du système éducatif au Rwanda, tenu à Kabusunzu, Kigali, le 7-8 Novembre 1994, ont été ramenés à 60%, parfois avec quelques réajustements.

6. Estimation globale du coût de redémarrage d'urgence de l'enseignement secondaire

6.A. Investissements

6.A.1. Infrastructures

- Réparations d'urgence des bâtiments scolaires estimé à 10.000.000 FRW par établissement 670.000.000 FRW

6.A.2. Véhicules

- Compte tenu de l'isolement des écoles et la nécessité de transport en tout genre (vivres, bois de chauffage, matériels, élèves malades, ...), il est indispensable d'avoir un véhicule tout-usage (pick-up) par école. 4.000.000 FRW x 67 établissements 268.000.000 FRW

6.A.3. Equipement et mobilier

- Matériel technique et de laboratoire d'urgence 2.000.000 FRW x 67 écoles 134.000.000 FRW
- Matériel de cuisine d'urgence 50.000.000 FRW
- Mobilier scolaire (2.000.000 FRW x 67 écoles) 134.000.000 FRW

Total 318.000.000 FRW

6.A.4. Equipement scolaire

- Micro-ordinateurs/imprimantes/stabilisateurs pour 10 écoles x 800.000 FRW 8.000.000 FRW
- Calculatrices programmables pour les élèves 15 par école x 10 écoles x 47.000 FRW 7.000.000 FRW
- Calculatrices ordinaires pour les élèves 15 par école x 50 écoles x 9.300 FRW 7.000.000 FRW
- Machines à écrire (2 par école, 67 écoles) 26.000.000 FRW
- Machines à calculer à rouleau pour l'administration 1 par école, 67 écoles 2.000.000 FRW
- Photocopieuses (1 par école, 67 écoles) 40.000.000 FRW
- Stencileuses (1 par école, 67 écoles) 40.000.000 FRW
- Livres de l'élève: une série de livres pour deux élèves, soit 20.000 FRW pour deux élèves 360.000.000 FRW
- Livres des professeurs 67 écoles x 20 livres x 4.500 FRW par livre 6.000.000 FRW

Total 496.000.000 FRW

6.A.5. Fournitures de couchage

- Matelas et couvertures (36.000 élèves x 20.000 FRW) 720.000.000 FRW

TOTAL DES INVESTISSEMENTS 2.472.000.000 FRW

² Compte tenu de la situation actuelle, il n'est pas prévu de frais d'entretien des infrastructures au cours de l'année de démarrage.

6.B. Frais opérationnels

6.B.1. Transport

- Carburant et entretien pour 67 véhicules x 800.000 FRW 53.600.000 FRW

6.B.2. Fournitures et matériels scolaires

- Fournitures de bureau (67 écoles x 200.000 FRW) 13.400.000 FRW
- Cahiers de l'élève (20 cahiers x 36.000 élèves x 60 FRW) 43.200.000 FRW
- Cahiers des professeurs (10 cahiers x 1.800 professeurs x 60 FRW) 1.100.000 FRW
- Craies (450 FRW par boîte x 5 boîtes par an x 1800 professeurs) 4.000.000 FRW

Total 61.700.000 FRW

6.B.3. Besoins alimentaires des élèves

- Ration équilibrée de 2.200 à 2.400 kcal/jour pour 36.000 élèves, établie à partir des denrées suivantes: haricot, sorgho, riz, sucre, lait en poudre, huile, sel, farine de maïs (jaune), farine de blé, flacon d'avoine, féculents (tubercules) 660.000.000 FRW

6.B.4. Rémunération du personnel

- Salaires des 1800 professeurs + 5 administratifs par école x 67 écoles x 30.000 FRW/mois x 12 mois 769.000.000 FRW
- Salaires du personnel de soutien 15 par école x 67 écoles x 15.000 FRW/mois x 12 mois 181.000.000 FRW

6.B.5. Frais de fonctionnement divers

- 67 écoles x 500.000 FRW x 3 trimestres par an 100.500.000 FRW

C Total 1.050.500.000 FRW

TOTAL DES FRAIS OPERATIONELS 1.725.300.000 FRW

6.C. Unité de Coordination, suivi et évaluation

Pour la direction de l'enseignement secondaire concernant l'inspection, l'organisation et l'administration de 67 établissements scolaires et la gestion des enseignants et de la population scolaire.

- Transport (location 2100 US\$/mois x 12 mois + 4000l de carburant x 200 FRW/l)	5.800.000 FRW
- Equipement et matériel de bureau	1.600.000 FRW
- Examen national de fin d'étude secondaire ³ (6000 élèves par an)	2.600.000 FRW
- Transport lors des examens, location de trois véhicules 70 US\$/jour x 3 x 15 jours + 50l x 200 FRW/l x 3	1.100.000 FRW
TOTAL DES FRAIS DE COORDINATION	11.100.000 FRW
TOTAL GENERAL DU REDEMARRAGE	4.308.900.000 FRW

Le coût par élève se chiffre à US\$ pour les investissements et à US\$ pour les frais opérationels de l'année de démarrage.

³ Fournitures diverses, impression des examens et diplomes, indemnités de la commission nationale des examinateurs et dépenses diverses.

Colonel
CHAO

Dear Colonel Iliya,

Thank you for your memo dated 26 January 1995. This matter was discussed at our Heads of Agencies meeting, held on 01 February. UNHCR informed that its representative visited Byumba region the previous day, and stated that the matters that you raised were well in hand. The UNHCR representative felt that no additional help was required.

From all of us, however, your offer is greatly appreciated, and should your assistance be required in future, I am sure UNHCR will get in touch with you.

Best regards.

Randolph Kent
UN Humanitarian Coordinator
UNREO Kigali

Mr Randolph Kent
UNREO Head of Mission
Kigali, Rwanda

Sir,

The HAC has sent a patrol to investigate the humanitarian requirement present at the UNHCR/ADRA Reception Centre at MATIMBA which is located just south of the KAGITUMBA border crossing point with Uganda. The initial report on humanitarian requirements was reported by the UNAMIR MILOB Commander of Sector 1 and was forwarded to your offices on 26 January, 1995.

It is requested that the recommendations contained in the attached patrol report be actioned through your offices as necessary.

If the UN Agencies and the NGO community are unable to address the problem, then feel free to request the assistance of UNAMIR and the Force will assist where possible.

S. Iliya
Colonel

INTER OFFICE MEMORANDUM

To: FHQ (Ops)

From: HAC

Info: FC/DFC/Comd Sec 1/UNREO

Date: 1 Feb 1995

Subject: HAC REPORT MATIMBA RECEPTION CENTER

ref: a. Request from sector 1 dated 22 jan 95
b. Request from HAC to UNREO dated jan 95

1. On 31 Jan 95, HAC Ops conducted a vehicle patrol in Sector 1. The aim of the patrol was to visit the reception center in MATIMBA (GR TD1475) following a request for humanitarian aid made by sector 1 (ref a.).

2. The patrol was conducted by Maj B. Mande and Capt P.F.A. Demers of the HAC.

3. The route taken by the patrol was as follows:
KIGALI-BYUMBA-KIGALI-RWAMAGANA-KAGITUMBA-RWAMAGANA-KIGALI.

4. Meetings were held with the MILOBS Ops Officer sector 1 (Maj Ashish Ghosh) and with Mr Nunyandamutsa Philippe, the assistant manager for ADRA MATIMBA reception center.

5. At BYUMBA, the Ops O sector 1 indicated that the reception center received up to 700 returnees a day and that 400 to 450 returnees were staying there for up to two weeks waiting for onward movement to their home communes. He also stated that WFP was now supplying the center with food on a regular basis but he noted some problems regarding the water, health, plastic sheeting and blankets situation.

MATIMBA

6. The reception center in MATIMBA is staffed by 8 representatives from ADRA as well as some local workers. Security is provided on site by the RPA and the relations between the RPA and the local population was reported by Mr Nunyandamutsa as good. Also the MILOBS patrols visit the center from time to time. The center consist of one large tent for food storage and of 7 smaller modular/improvised type tents for shelter. There is also a small garden used by the ADRA staff as a teaching aid to demonstrate to the returnees proper agricultural techniques for the area. Registration of the returnees as well as their final destination in Rwanda is done at the border by the government/NGOs.

7. On the average 400 to 500 returnees go trough the center daily with the majority going straight into the AKAGERA National

Park (especially in the area between the AKAGERA river and the MUVUMBA river) with large herds of cattle. Presently the reception center distributes a 7 day food package as a one time issue to the returnees and provides shelter for up to 450 people for 3 to 14 days.

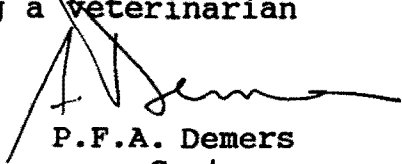

8. The reception center is in need of the following:

- a. FOOD: WFP is providing maize, beans and oil on a regular basis to the reception center. Mr Munyandamutsa stated that maize took too long to cook, since the area is lacking in firewood maize meal would therefore be more suitable for this reception center.
- b. MEDICAL CARE: Currently there is no one providing medical care for the reception center. There is a health center in the area of Nyahwishongwezi (GR TD1280) but the two local medics cannot cover the reception center adequately.
- c. WATER: There is no water source close by. A water bladder needs to be installed in order to supply the reception center.
- d. PLASTIC SHEETING, BLANKET, COOKING UTENSILS, JERRY CANS: These items are available at other reception centers in the country as part of the "welcome home" package given to IDPs. However these items are not available at the Matimba reception center.
- e. VETERINARIAN CARE: Because of the large number of cattle coming in the country through that region, regular visits from a veterinarian to this area as a preventive measures against any outbreak of disease would be helpful to the returnees.

RECOMMENDATION

9. It is recommended that UNREO coordinate the following:

- a. Regular visits by a medical doctor from any of the NGOs be made at the reception center. Preferably a health center be established for the returnees;
- b. Installation of a water bladder is required;
- c. Provision of plastic sheeting, blankets, cook sets and jerry cans; and
- d. Exploring the possibility with the Morris Animal Foundation (or any of the NGOs) of sending a veterinarian team to this area.

Enclosures: Préfet de Kibuye letter dated 21 Jan 95

21 Jan. 1995

Attn: Major General G.C. Toussignant OMM CD
FORCE Commander

From: Kabera Asiel,
Préfet de Kibuye

Your excellency, let me wish you a
prosperous new year and God's ~~best~~
blessings in all your endeavors.

I had planned a courtesy visit to
your office but at last minute
I fell sick, malaria is putting me
down badly. Now, as you promised
me if you could give me those office
equipments to UN FSI who is coming
to Kigali. Thank you also for
the car its helping me very
much, I also need 5 tyres for
it

Thank you again,
Yours truly,

26 January, 1995

Mr Randolph Kent
UNREO Head of Mission
Kigali, Rwanda

Sir,

This office has received the attached report from our Commander Sector 1 in BYUMBA, indicating an urgent and serious humanitarian requirement in the UNHCR/ADRA Reception Centre at MATIMBA which located just south of the KAGITUMBA border crossing point with Uganda.

It is requested that your offices confirm the requirement and that if warranted the necessary co-ordination be conducted with the humanitarian community to address the problem.

If the UN Agencies and the NGO community are unable to address the problem, then feel free to request the assistance of UNAMIR and the Force will assist where possible.

S. Iliya

From : Sector 1 HQ(BYUMBA) **Date :** 22 Jan 95
Ref : Fax Msg No - Ops /Hum/22/01/02

SUBJECT : REQUEST FOR HELP FROM UNAMIR

1. Ref our Sitreps of 19, 20, 21 and 22 Jan 95.
2. There is a sudden influx of returnees from Uganda across the Kagitumba border checkpoint. the ADRA and UNHCR have established a Reception Centre at Matimba, to receive and hold them for a short duration, before onward despatch. Presently approx 450 returnees are staying there. The living conditions and sanitary situation therein are appalling and far from satisfactory. Immediate intervention and action by UNAMIR authorities is required to stall an epidemic like situation. There is an urgent requirement to provide the following :-
 - (a) Drinking Water.
 - (b) Plastic sheeting as roofing material.
 - (c) Innoculation against diseases.
 - (d) Blankets.
 - (e) Food.
3. The above have not yet been provided. this letter is forwarded for your perusal and further necessary action please.
4. Best Regards.

Fax: 873-161-1624

November 10, 1994,

To: Officer in charge,
UNAMIR,
Ghanbat, RILIMA.

From: Abul Kalam,
Project Officer WES, 
UNICEF REO,
Kigali.

Subject: Management of Rilima Water Purification Plant.

I have the pleasure to request your collaboration in the management of our Water Purification Plant currently located at the Lake Mugesera in Rilima. It might be necessary to let you know that this plant was donated to UNICEF by Australian Govt. and was installed on August 7, 1994. A local person was trained to operate it, and since then it has not been very easy to constantly oversee and monitor the activities of the plant considering the fact that it is just one the numerous areas of concern at this time of complex emergency in the country.

The plant was temporarily installed at this lake to provide drinking water to the population of Rilima and neighbourhood pending when the Karege water station, which served these areas before the war becomes operational. There is no doubt that the personnel in charge is taking undue advantage of being in charge to misuse this plant. For example the quality of treated water from this plant has been consistently depreciating due to carelessness. Moreover, the batteries, diesel and tools for the plant, are being misused. This is totally unacceptable to UNICEF!

We would be glad therefore if you can take over the management of the purification plant in the following areas:-

- To serve as a focal point between the local personnel and UNICEF.
- To ensure that the local personnel are best applied to their responsibilities, drinking points for cattle relocated, residual chlorine and pH are at acceptable levels and plant operating in a clean environment.
- UNICEF will continue to provide chemicals, diesel and salaries for the local personnel.

We count on your support and collaboration to achieve this cause.

Thanks and regards.

TO : UNAMIR FC

Subject : Needs for Rwerere's people

Ref: SITREP Covering the period 13th of November 94 08^h00 TO 16^h00

On the November the 11th we have received a letter from the Bourgmestre of Rwerere Commune asking for his assistant, a meeting with TUNBATT Commander on November the 13th in order to discuss the problems of his Commune. In fact on November the 13th, at about 10.30. Mr MUVYAKARAGWE MAHESI PAUL The Rwerere Bourgmestre assistant came to TUNBATT HQ and after laying out his problems he left the attached list showing the needs of the 80.000 people of his Commune. He insisted, in order to obtain to his population what they need, because they are short, of everything. A Copy of the attached list will be sent to, PIO, Care and UNHCR representation in GISENYI.

A quarter later a team of RPA came to the TUNBATT HQ looking for the assistant and they asked about the purpose of his visit. When they saw the request they left the Camps.

Subject: KARENGE WATER PLANT

1. A Mr Adriaan Mol and a Mr Philip van Dyk of the agency ZOA visited the HAC today to request UNAMIR assistance in supporting their project in restoring water to the BUGESERA area. Together with UNICEF and ELECTROGAZ they have set up three large generators to run the plant which is located in KARENGE. The water will be supplied to BICUMBI, KATHARA and KANOMBE.

2. They require the following support from the UN

- a. UNAMIR transport assets to carry a 5000 liter and a 12,000 liter fuel tank to KARANGE. Both tanks will be empty. The transport would be required at the Log Base for 1000 hrs 21 Nov 94 and from there ZOA will escort the trucks to pick up the tanks and deliver them to KARANGE.
- b. UNDP is requested to respond as to their ability to fund the fuel supply required to operate the system on a regular basis.

Bien cher Léonard,

Enfin j'ai trouvé une occasion pour
t'atteindre. J'ai été terriblement contente avec tes nouvelles.
Martine pensait que tu étais tué comme tant d'autres.
Mais le fait que tu vis est si bien, si bien.

Martine est au Canada, à Québec.
Elle habite avec Mbabazi dans un petit appartement meublé,
elle a même le téléphone. Son adresse est la suivante:

Mukamugira Martine

Rue Giroux 306 apt 2

G1K 5G3 Québec Québec

CANADA

Tél. 001-418-5294873

J'ai mis retournée au Rwanda au mois de juin pour essayer
de trouver des nouvelles de vous tous. Là, à Rutare, près de
Byumba, j'ai trouvé une cousine de Martine, Kayitesi, qui
a vu comment vos enfants ont été tués dans une église à
Ruhomga. Elle disait qu'elle est presque la seule qui a pu
échapper. As-tu déjà trouvé une confirmation?

Cher Léonard, ce qui s'est passé est terrible, je ne trouve pas
d'explication pour ces massacres. Ça nous dépasse complètement.

Martine a vu tuer ses amis et amies, elle a perdu ses enfants, elle
ne veut pas retourner au Rwanda, Léonard. J'espère que tu la
comprends bien. Elle a trouvé des moyens pour étudier, elle finit
son école secondaire. Elle demande de la rejoindre au Canada.
Le Canada est d'accord pour la recevoir. Essaie de t'informer
au HCR.

Mbabazi va bien, elle va donner une garderie avec d'autres enfants.

WIFE: MUKANYONGA MARTINE

DAUGHTER: MBABAZI (3 years)

ZEN

SUBJ: SITREP NO.15 FROM 141800 TO 151800 MAR 95

1. GENERAL SITUATION. THE GEN REMAINS UNSTABLE BUT CALM. PEOPLE IN KAGIKONGORO AREA GRID 8315 COMPLAIN OF PERSISTENT BANDITRY ATTACKS. THE LAST KNOWN ATTACK OCCURRED ON 11 MAR WHERE THEY USED GRENADES AND RIFLES. ETHIOBAT LOC AT GRID 7817 HAS MENTIONED THEY ARE INCREASING PATROLS IN THE AREA. LOCALS BELIEVE BANDITS COME FROM ZAIRE. IT IS REPORTED THAT RADIO RWANDA IMPLIED TODAY THAT A SENIOR MINISTER IN THE GOVT (POSSIBLY PRIME MINISTER) DESIRED THE WITHDRAWAL OF UNAMIR TROOPS FROM CYANGUGU. CONFIRM. A MUDSLIDE IN THE FOREST 91 KM WEST OF BUTARE PREVENTED ALL TRAFFIC FROM PASSING THIS MORNING. THE SIT STILL EXISTED AT 1700 HRS, BUT IT IS KNOWN THAT MOTORISTS/LOCALS WERE DOING WHAT WAS POSSIBLE. IT IS NOT KNOWN WHETHER THE ROAD IS PASSABLE AT TIME OF SITREP.

2. FACTIONAL ACTIVITIES.

A. RPA.

(1) RPA LT AT KAMEMBE AIRPORT WARNED FORCE COMMANDERS DRIVER AND GUARDS THAT THEY COULD BE ARRESTED AND VEH SEIZED BECAUSE THEY HAD A UN FLAG MOUNTED ON THE VEH. MILOBS LIAISED WITH THE LT AND STATED THAT FLAGS COULD BE FLOWN ON VEH IAW UNAMIR FC DIRECTION AND WE WOULD COMPLY WITH UNAMIR DIRECTION FIRST AND FOREMOST; HOWEVER, UNTIL THE FC WAS BRIEFED WE WOULD LEAVE THE FLAG OFF FOR THAT MOMENT. RPA STATED THAT IT WAS DIRECTED BY THE MINISTER OF DEFENCE AND THAT FLAGS FLOWN ON VEH IN TIME OF PEACE INSINUATED INSECURITY IN THE COUNTRY. MILOBS QUESTIONED RPA LT'S DEFINITION OF SECURITY AND IF A UN FLAG ON UNAMIR VEH COULD IMPLY MORE INSECURITY THAN GUNS MOUNTED ON UNAMIR VEH, WHICH APPARENTLY ARE OK WITH RPA. BEFORE THE DISCUSSION CONTINUES WITH LOCAL RPA THIS WEEK, 4C REQ DIRECTION THAT THE FLYING OF FLAGS ON UNAMIR VEH, PARTICULARLY THE FC'S AND CMO VEH, ETC, IS AUTH.

(2) SEVERAL ROUNDS WERE FIRED IN THE AIR IN ISHARA PENINSULA LAST NIGHT APPROX 2330-0100 HRS. IT SEEMS THAT RPA RECV MONEY YESTERDAY AND WERE DOING SOME CARELESS CELEBRATING.

B. RGF. NTR

C. MILITIA. FAMILIES IN CHARAKURA GR 9005 APPEAR TO BE VISITED APPROX EVERY TWO WEEKS BY BANDITS/MILITIA. IT SEEMS ONLY WOMEN AND CHILDREN LIVE THERE AND THE MEN LIVE IN BURUNDI. RPA/GENDARME ARE AWARE BUT SEEM UNABLE TO CUT OFF PENETRATION INTO THE AREA. REGARDING GRENADE INCIDENT IN BUGARAMA REPORTED 13 MARCH, RPA BELIEVE BANDITS CAME FROM BURUNDI, WHICH MILOBS AT BUGARAMA SUBSECTOR AGREE AS LIKELY.

3. CIVIL AFFAIRS.

4. OWN ACTIVITIES.

A. PATROL REPORTS ISSUED SEPARATELY AS REQR.

5. HUMANITARIAN.

A. ONLY TWO PERS CROSSED FROM ZAIRE TODAY AT RUZIZI ONE.

B. TOTAL OF 17 REFUGEES WAITING TPT AT BUGARAMA.

C. ORPHANAGES IN THE SECTOR NEED PROTECTION FROM MALARIA

CARRYING MOSQUITOES. KAMEMBE ORPHANAGE HAD TWO CHILDREN DIE THIS WEEK FROM MALARIA, AND HAVE MANY SICK AT THE MOMENT. NETTING, SCREENS FOR THE WINDOWS AND REPELLENT WOULD BE AN OBVIOUS ASSET. ETHIOBAT DOES NOT HAVE THIS RESOURCE, REQ HAC ADVISE IF THIS STUFF IS AVAL IN SOME WAY. NUMBERS AND REQRS CAN BE FWD ON DEMAND.

6. LOGISTICS.

A. VEH 1021 NOW 630 KM OVER MAINT SCHEDULE.

B. VEH 1127 AND 1070 REMAIN IN WORKSHOP. 1061 BOOKED IN 13 MARCH. 1021 WILL BE FWD TO KIGALI WHEN 1070 OR 1127 ARE RELEASED FROM SHOP. 1282 LAND CRUISER HAS STARTER PROBLEM. REQ LOG OFFR ARRANGE FOR A STARTER FOR LAND CRUISER BE RELEASED FROM SHOP FOR TPT TO SECTOR WHERE ETHIOBAT MAY BE ABLE TO INSTALL IT.

C. STILL AWAITING SITREP ON OUR REQ FOR 2 OF THE 15 VEH ISSUED TO MILOBS FROM CTO AND REQ FOR MOTORCYCLES. PLEASE ADVISE

D. SUB-SECTOR IN NYAMASHEKE REQ TO RENT A SECOND HOME/OFFICE GR 987 390 DUE TO ADDITIONAL MILOB. CONFIRM IF ANOTHER BASE STATION RADIO WOULD BE AVAILABLE FOR PLACEMENT.

7. MISC.

A. THIS SECTOR REQ AN OFFICIAL CORRESPONDENCE REGARDING THE PLACEMENT OF CIVPOL UNDER COMMAND OF MILOB SECTOR COMD 4C. IF THIS IS STILL PLANNED AND CORRESPONDANCE IS RECV, WE REQ A LIST OF WHAT THEIR MANDATE INCLUDES IN TERMS OF THE PARAMETERS OF RESPONSIBILITIES OF CIVPOL TMS DEPL IN A SECTOR.
