PROPOSAL

as discussed.

-----

**The SRSG Steering Committee for Rwanda**

Overall **political** (as different from **operational**) direction of rehabilitation activities, resettlement of refugees, security, human rights, to ensure a United Nations **coherent** policy in Rwanda

Participation in and provision of inputs for bilateral assistance (eg. improved coordination with European Union and other donors)

Alignment of Engineer corps operations with UN Agencies operational activities

Alignment of activities in the areas of reconciliation

Pooling of resources in radio broadcasting operations, air and transportation assets etc.

Reactivation of the Secretary General Trust Fund

Note. The Steering committee should act as an action oriented body, not as an information exchange or coordinating body. Though it is understood that agencies have their own chain of command with their respective Headquarters, the Steering Committee would be taking decisions **prior to** submission of packages to respective HQs and would provide its **endorsement** to different courses of action advised by the respective agency representatives.
