Excellency,

I wish to thank you for your letter, received on 18 July 2013, on your recent visit to the Republic of Korea.

I am pleased that Mozambique is benefiting from the experience of the New Village Movement. Your intention to focus on women and youth is commendable and demonstrates your foresight. Both tend to be multipliers of growth and forces of innovation.

I hope that the fruitful cooperation between Mozambique and the Republic of Korea will continue.

Please accept, Excellency, the assurances of my highest consideration.

Mr. Secretary-General,

I write to express my gratitude for the role you played, advocating Mozambique as a country to cooperate with which you passionately, tactfully and skillfully undertook with the Korean President, HE Excellency Madam Park Geun-hye, as well as with other Korean agencies and influential individuals in the political, social and economic life of your great country. Indeed, your valuable contribution paved the way for the resounding success we achieved in this Official Visit which started with the official bilateral talks on the 100<sup>th</sup> day of accession of Madam President, a historical coincidence indeed!

In particular, we left South Korea with a clear understanding of the New Village Movement. Given the fact that the principles behind this Movement will form part of the cooperation package we have agreed upon, they will certainly propel our own programme called 7 million metical investment fund in Mozambique. This is a programme intended to raise our peoples' self-esteem, promote entrepreneurship, particularly among women and the youth, generate more jobs and increase production in rural and urban areas.
