

THE  
United Nations  
Population Award

an affirmation by the international community  
IS PRESENTED TO

Ms. Adrienne Germain

IN recognition of her pioneering contribution in linking population policies with the status of women, as far back as 1975; as well as for her contribution to reshaping the global agenda on women's health and human rights; for elaborating and championing the concept of "reproductive health"; for her extensive writing in the area of family planning and reproductive health; for her active contribution to the global efforts to improve the status and health of women and girls, including promoting their rights, and for her role as an advocate in building networks around the world for the promotion of sexual and reproductive health and reproductive rights.
