SUSPECTED RPA VIOLATION OF DMZ

1. SITREPS SUGGEST RPA ENCROACHMENT UPON/VIOLATION OF SECTOR 4/DMZ BOUNDARY. RPA DENIES THIS AS IT IS CONTRARY TO RPA/UNAMIR AGREEMENT AND SUGGEST THAT SIGHTINGS MAY BE OF FORMER RGF SOLDIERS/MILITIA. IT IS IMPORTANT TO POSITIVELY IDENTIFY THOSE INVOLVED.

2. TO THOSE ENDS GHANBATT AND FRAFBATT ARE TO IMMEDIATELY BEGIN TO:

A. PATROL THE BUFFER ZONE(IE 2KM WIDE STRIP BOUNDED ON THE EAST BY THE BOUNDARY) MORE ACTIVELY/FREQUENTLY. PTL STRENGTHS/ROUTES/TIMINGS TO BE VARIED AS MUCH AS POSSIBLE. NIGHT PTLs/OBSERVATION POSTS/LISTENING POSTS TO BE USED, AND

B. PLACE MAXIMUM EMPHASIS ON IDENTIFICATION OF PERS INVOLVED RATHER THAN INTERCEPTION OR SPEED OF ACTION. THIS WILL INVOLVE OBSERVATION FROM A DISTANCE, STEALTH, LYING IN WAIT, USE OF PHOTOGRAPHY, ETC.. IDENT SHOULD EMPHASISE WPNS, UNIFORMS, HEAD-DRESS(INCL COLOUR), ETC..

SUBJECT: HUMANITARIAN SITREP NO 2

1. ALL AVAILABLE INFORMATION IS IN DAILY SITREPS OF TACTICAL HQ BUTARE. WHEN I HAVE STH IMPORTANT AND URGENT I WILL WRITE DIRECTLY TO HAC.

2. BUTARE MUNICIPALITY IS CURRENTLY RUNNING UNIVERSITY HOSPITAL HOWEVER ARE NOT PAYING/FEEDING THE STAFF. CAPACITY CURRENTLY LIMITED TO 85 BEDS DUE TO SHORTAGE OF MEDICAL SUPPLIES.

MY ASSESSMENT IS THAT HOSPITAL WILL NOT SURVIVE WITHOUT ASSISTANCE; THE STAFF WILL GO TO KIGALI WHERE THEY ARE PAID.

IT IS STRONGLY RECOMMENDED TO TAKE IMMEDIATE ACTION TOGETHER WITH UNREO, MINISTRY OF HEALTH, MINISTRY OF REHABILITATION, MINISTRY OF EDUCATION, UNDP, UNICEF TO PROVIDE SALARIES FOR PERSONNEL (12 DOCTORS, 50 OTHER STAFF). THIS IS VERY URGENT.

7. LOGISTICS:

DATE: 27 AUG 94

SUBJECT: DFC BRIEFING 27 AUG 94

1. Briefed DFC this loc, this date on op eff of this HQ. DFC indicated agreement with fol pts:

- a. this HQ needs a separate net to eff control Sectors 3 and 4. Current Force Comd Net is significantly congested and that, combined with present state of comms results in chaotic conditions. DO spends virtually all of his time working the means to the neglect of other matters. Further, Force Comd Net is presently undisciplined and this HQ would like to grip Sectors 3 and 4 properly. This HQ would then appear on Force Comd Net but quote subordinate unquote stns would not;
- b. this HQ needs a hel dedicated to it or, at least, to be the next pri for hels immediately after FC/DFC. This HQ was estb to facilitate eff Comd/Con of Sectors 3 and 4 by virtue of its proximity to units. In fact, eff Comd/Con req personal contact and a road trip to either HQ 4B or HQ 4C is the work of an entire day. This HQ should be capable of eff ln with all subordinate HQ's in a single day;

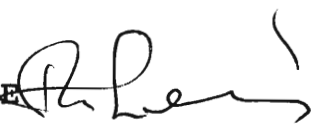

a significant amt of info is aval in sector 3 on the RPA and in Sector 4 on refugee situation and activities which is either being overlooked, incompletely gathered/reported, not verified, etc. and is certainly not being adequately/properly exploited. Understand that AusCon deployed with 3 man Int Sect (WO2, SSgt and one other). This HQ could obtain full value from such an asset particularly when coupled with the hel discussed above. It is requested that the Aus NCO's be posted this HQ as G2 cell;
- d. have yet to see UN Fd Svc rep or Air Ops Offr despite assurances that they would arr NLT 26 Aug. Greatest reqt is for Fd Svc Rep; and
- e. despite repeated requests there is precious little flow of info downward. For example, today was arranged around the visit of DCOS Ops in that schedules were re-arranged, etc. When no hel appeared we queried ETA and only then were advised that mission had been cancelled. Further, this HQ has req Force SITREPS and INFOSUMS as well as specific responses to specific questions: the former have not been received and the latter have been made aval by DFC when he visits rather than by Force HQ. It is not enough to act on our problems without advising us that action is occurring.

2. Additional requests not briefed to DFC but no less important for that are:
 - a. req for Sr DO and additional G3 DO. Latter is certainly req'd (and preferably 2) but could forego former if/if Aus info cell at 1C is recvd. In that case would move present G2 to Sr DO on permanent rather than part-time basis which is now the case; and
 - b. this HQ req additional word processing capability (eg - computer, photo-copier, etc.) and would appreciate access to certain amenities. To these ends, it is requested Force CClk (?) and Force Welfare Offr visit soonest.
3. Lastly, Force HQ appears to be directing activities in our Sectors without informing this HQ. Deployment of Airborne D&S pl to Sector 4 is one example which springs to mind: the fact that both the Brit Med/Engr gp and the Aus Fd Tmt Sect ignore us and work exclusively to their Contingent Comds is another. This HQ can hardly be expected to be resp for Sectors 3 and 4 if not even aware of Force activities in those Sectors let alone empowered to effect them. It is suggested that the axiom that responsibility and authority are indivisible be observed.
4. It is requested that you pursue the matters herein described and advise ASP.

SUBJECT: PERMANENT ACCN FOR ETHIO BATT HQ - CYANGUGU

1. Presently the Bn HQ of Ethio Batt is accommodated in tentage in Cyangugu. So also are majority of the troops in the battalion.
2. With the advent of the rainy season, it is considered that the continuous stay of troops in these tents will cause serious health problems and adversely affect the overall performance of the unit.
3. Presently a school complex has been located at Cyangugu. The facility is large enough and is considered suitable for use as a Bn HQ.
4. Consequently it is hereby requested that hasty action is taken to ensure that the school complex is acquired by UNAMIR for immediate occupation by Ethio Batt HQ.
5. It is further requested that without prejudice to its operational effectiveness, strenuous efforts be made to acquire suitable permanent accn for use by the various Coys in Ethio Batt.

SUBJECT: TACHQ CHIEF OF OPS VISIT REPORT - SECTOR 4A AND 4C

1. SECTOR 4A - GHA BAT: NTR.

2. SECTOR 4C - ETHIO BAT:

A. CROSSING POINT ROZZI 1: OPEN TO ZAIRE. A FEW REFUGEES ON RWANDA SIDE AND THEY WISH TO RETURN HOME. THEY ARE HOWEVER UNCERTAIN ABOUT EVENTS IN RWANDA AND ARE CONCERNED ABOUT RUMORS THAT VEHICLES CARRYING RETURNING PEOPLE ARE REPEATED STOPPED, SEARCHED AND REGISTERED AT RPA CHECKPOINTS OUTSIDE THE HPZ/SECTOR 4. MILOB REPORT THAT REFUGEES RETURNING FROM ZAIRE SIDE OF BORDER ARE REQUIRED TO CLEAR ZAIRIAN IMMIGRATION. UNABLE TO DETERMINE WHAT IF ANY PROBLEMS CLEARANCE ENTAILS BUT VERY FEW (100-200) REFUGEES HAVE ARRIVED ON RWANDA SIDE OF BORDER.

B. CROSSING POINT ROZZI 2: CROSSING POINT CLOSED ALTHOUGH ZAIRIAN AUTHORITES CLAIM THE CROSSING IS OPEN PERIODICALLY BUT DID NOT GIVE SCHEDULE. NO ONE ON ZAIRIAN SIDE WISHES TO RETURN TO RWANDA AND THERE WERE AN ESTIMATED 4000 - 5000 WAITING TO CROSS INTO ZAIRE. 4 HUMANITARIAN TRUCKS WAITED AT CROSSING POINT WHILE INTERPRETERS SPOKE WITH CROWD. NO ONE ELECTED TO RETURN.

C. REPORTS OF TRAINING CAMPS IN ZAIRE ARE NUMEROUS ALTHOUGH NO ONE HAS PHYSICALLY SEEN THESE CAMPS.

D. RUMOURS ARE CIRCULATING THAT PEOPLE IN ZAIRE WISHING TO RETURN TO RWANDA VIA ROZZI 2 ARE BEING KILLED.

E. STATUS OF ETHIO BAT:

(1) CO REPORTS TROOPS ARE NOT BEING HARASSED AND MILOB CLAIM NEVER TO HAVE HEARD RUMOURS THAT RGF/MILITIA WOULD ASSAULT ETHIO TROOPS.

(2) LANGUAGE IS A SIGNIFICANT PROBLEM AS VERY FEW IN ETHIO BAT SPEAK FRENCH AND ONLY A FEW SPEAK ENGLISH.

(3) BNHQ WILL MOVE FROM AIRFIELD INTO TOWN VICINITY OF ROAD JUNCTION GR793255. DATE OF MOVE UNKNOWN.

(4) UNTIL THIS VISIT, RADIO REMOTES IN BNHQ FROM RAD VAN WERE NOT BEING USED/MONITORED AND POSSIBLY BNHQ WAS NOT MANNED FROM TIME TO TIME. CDN SIGNALLER WILL NOW SIT IN BNHQ TO ENSURE RADIO NETS ARE MONITORED BUT CANNOT ENFORCE CONTINUOUS MANNING OF OPS CEN.

(5) BN COMD CLAIMS PROBLEM COMMUNICATING WITH COMPANIES DUE TO DISPERSION. HAS MADE LITTLE EFFORT TO ADDRESS PROBLEM INTERNALLY

39

AND APPEARS TO EXPECT FORCE SIGNALS TO ADDRESS. WAS TOLD INTERNAL COMMS WAS BN PROBLEM BUT ANTICIPATE NOTHING WILL BE DONE.

(6) FOLLOWING LOGISTICAL PROBLEMS/EQUIPMENT DEFICENCIES NOTED: (A) REQUIRE GENERATOR TO POWER HQ AT NEW LOCATION.

(B) DIESEL FUEL RESERVE LOW

(C) RATIONS LOW

(D) TROOPS DO NOT HAVE FLAK JACKETS.

3. RECOMMENDATIONS:

A. A COUNTER PROPAGANDA SHOULD BE MOUNTED BY EITHER UNAMIR HQ THROUGH UNMO OR OTHER HUMANITARIAN AGENCIES TO COUNTER FEARS THAT ALL RWANDESE REFUGEES RETURNING FROM EXILE IN ZAIRE WILL BE EITHER KILLED OR MOLESTED BY RPA.

B. INTERNATIONAL AGENCIES SHOULD INVESTIGATE RUMORS THAT THERE ARE MILITARY CAMPS IN ZAIRE TRAINING FORMER RGF AND MILITIA FOR A FUTURE ATTACK IN RWANDA.

C. ETHIOBATT HQ SHOULD MOVE TO A NEW BN LOCATION AS SOON AS POSSIBLE BECAUSE THE PRESENT LOCATION IS CONGESTED, NOISY AND UNHYGIENIC.

D. ETHIOBATT SHOULD IMPROVE THE INTER UNIT COMMUNICATION WITHIN ITS LOCATION. CDN TECHNICAL ASSISTANCE SHOULD BE SOUGHT.

E. UNAMIR LOG CELL SHOULD PROVIDE ETHIOBATT WITH:

(1) A GENERATOR AT NEW LOC.

(2) DIESEL FUEL (QUANTITY 62,000 LTRS).

(3) EIGHT (8) DAYS RATIONS.

(4) FLAK JACKETS (QUANTITY 800).

REF: TAC 005

SUBJECT: SITREP SECTORS 4C & 4B as at 221545 B Aug 94

DFC has just returned from Sectors 4C and 4B by Hel and reports fol observations:

1. In CYANGUGU, Fr forces had been providing Humanitarian Assistance to populace / refugees in form of food, water and electricity but this ceased on their departure. Further, NGO's are not active there but media is. Most strongly recommend that UNAMIR / NGO's undertake to provide at least same level of Humanitarian Assistance as did the Fr and that we do so immediately. Consequences of failing to do so include loss of UN credibility and resultant instability as well as obvious suffering.

2. Further, Ethiopian Bn in Sector 4C can do virtually nothing to reassure populace as troops speak neither Fr nor Eng. Strongly suggest immediate deployment of UNMO's from MALL to help overcome language shortcomings.

(14)

4. In Sector 4B, Fr Forces had also been supplying the Franco-African Bn. Their supplies will be exhausted NLT 26 Aug. UNAMIR cannot be seen to be incapable of supporting its own contingents let alone local supply ops to Sector 4B must begin forthwith.

Subject: Activation and ops of TACHQ

1. Order activating this HQ must be released by your HQ ASPO. Sector 4 units presently officially ignorant of TACHQ existence, purpose and relationship to them. However, I am not comfortable activating this HQ until comms are adequate to effect positive control.
2. Present state of comms as follows:
 - a. From TAC HQ to Bn's:
 - (i) HF working well but cannot speak directly to Comd / Ops staff of Bn's as Cdn rad sets not yet integrated into Bn HQ's as latter not yet truly established; nonetheless Comd / Ops staff can be fetched eventually;
 - (ii) VHF poor particularly to sectors 4B and 4C; RRB probably required;
 - (iii) INMARSAT working well but loc in rad sets so same problem as at 2. a. (i).

(7)

b. From TAC HQ to UNAMIR HQ:

- (a) HF working well but Duty Offrs don't respond:
Frequently have to tell rad op to fetch DO;
- (b) VHF Fair but same problem as at 2.b.(i);
- (c) INMARSAT - voice working well but instrument
at your end is loc in Sig Ops rather than
Force Ops so same problem as at 2.b.(i).
Fax not working direct for some technical
reason: rather it is routed via ~~NDOC~~ ^{NDOC} Ottawa

My major concern is with my ability to deal
directly between Ops staff this loc and Ops staff
your loc without delay or intermediaries.

3. Once comms problems are sorted this HQ should
be activated and to that end this HQ is attempting
to have Sector HQ's 4A, 4B and 4C ~~to~~ keep this HQ
in fold on all ops and not bypass direct to
Kigali.

4. I request a hel to tpt me to Sectors 4B
and 4C on 22 Aug 94 leaving this loc at
1000 hrs loc. LZ loc as ident previously.

5. This HQ has not yet recieved fol pers:

- (a) Air Ops Capt (vital);
- (b) Humanitarian Ops Capt (vital);

(6)

- (c) Civilian Pers Offr;
- (d) Snr DO ops;
- (e) DO ops; or
- (f) G4 ops.①

Pls despatch these pers imm ed.

6. For G4: He advised me that 18,000 litres of diesel had been deposited at Butare in response to this HQ's request for 400 litres/day for loc water sup gens. This HQ not aware of any such delivery.① Pls clarify.①

Subject: TACHQ MANNING - DUTIES AND SECURITY

1. The Headquarters and Signals element attached to TACHQ currently has 11 non-commissioned members performing signals duties, clerical, security and housekeeping/support functions. These duties consume 22 shifts per day spread amongst the 11 personnel and effectively means that each man is working a minimum of 12 hours per day, 7 days per week.
2. The signals and support workload will increase as the TACHQ becomes operational and will reach a point where the Signals element can no longer cope with all the duties.
3. It is requested that the TACHQ be provided with a six man security section to provide local defence, armed escorts and assist with housekeeping responsibilities.

Subject: TACHQ WATER SUPPLY

1. Currently this location has 11 x five gallon water cans to carry/store non-potable water for 31 people. Consequently two replenishment runs per day are required, with each run expending a minimum of 4 manhours and one vehicle.
2. Provision of non-potable water will reach a critical state shortly when the TACHQ attains its operating strength of 43 persons. It is therefore requested that:
 - a. a water bladder/tank be provided so that replenishment by bowser can be undertaken; or
 - b. 30 additional five gallon containers be provide for individual container replenishment

SUBJECT: INFRASTRUTURE RESTORATION - PROVISION OF FUEL

1. Senior UNMO in BUTARE has made repeated inquiries as to when UN will commence providing fuel to power municipal water pumps. Apparently during meeting between BUTARE Prefecteur and MGen DALLAIRE on 14 Aug 94, Prefecteur understood Commander to say that the UN would supply 400 litres of diesel per day to restore running water in the town. We are unaware of this "agreement" and cannot confirm particulars.
2. At this time, pumping station is inoperable however UNHCR mechanical engineer is assisting and plant maybe operable in a couple of days. It is requested that confirmation be provided soonest as to whether the UN will supply fuel for this purpose and any conditions for the supply. If approved, suggest arrangements be made now to deliver a three day supply for issue on a daily basis once water plant becomes functional.

SUBJECT: VEHICLE ALLOCATION - TACTICAL HEADQUARTERS

1. 1 CDHSR has insufficient vehicles to fulfil liaison duties by the staff at the Tactical Headquarters. As the role of this Headquarters hinges on the ability to establish personal communications with the local civil authority, Non Government Organizations and UN forces, an allocation of vehicles for liaison duties is vital.

2. The following is a proposed vehicle establishment and includes vehicles which may already be assigned against staff positions:

- a. DFC - staff car
- b. MA to DFC - mini bus
- c. Ops Officer - rover
- d. Ops Section - rover
- e. G4 Section - rover
- f. G1/Med Ops/Air Ops - rover
- g. Signals Section - HLVW, MLVW and Light Cargo/Utility

3. This is felt to be the minimum number of vehicles required for the Tactical Headquarters to properly fulfil its functions.
